This book will provide a baseline on which readers can develop their knowledge and understanding of the law relating to medicines.

## Blackstone's Guide to the Equality Act 2010

*OUP Oxford* The Equality Act 2010 was an extremely significant reform of UK discrimination law, consolidating the existing complex mass of statutory provisions into one statute. The Act brought new rights against discrimination and imposed new duties on employers, service providers and public authorities, and also introduced a new socio-economic duty on public authorities to reduce the inequalities of outcome which result from socio-economic disadvantage. It defined nine protected characteristics: age, disability, combined grounds, gender reassignment, marriage and civil partnership, race, religion or belief, sex, and sexual orientation. Much more is now known about the Equality Act in practice; amendments have been made to the Act itself (such as those made as a consequence of insurance premium and gender cases in the European Court of Justice) and statutory guidance to the Act has been produced. Case law on the new provisions is also starting to appear. This fully revised edition of Blackstone's Guide to the Equality Act 2010 covers all recent developments and clearly and concisely explains the intricacies of the Equality Act. Combining the full text of the Act, as amended, with narrative from an expert team, the book is an invaluable resource for all who encounter the evolving legislation. The Blackstone's Guide Series delivers concise and accessible books covering the latest legislative changes and amendments. Published soon after enactment, they offer expert commentary by leading names on the extent, scope, and effects of the legislation, plus a full copy of the Act itself. They offer a cost-effective solution to key information needs and are the perfect companion for any practitioner needing to get up to speed with the latest changes.

## William Blackstone

## Law and Letters in the Eighteenth Century

*OUP Oxford* Lawyer, judge, politician, poet, teacher, and architect, William Blackstone was a major figure in eighteenth century public life. Over his varied and brilliant career he made profound contributions to English politics, law, education, and culture through involvements in legal practice, Parliament, and the University of Oxford. Throughout he also remained engaged in his society's literary and spiritual life. Despite the breadth and influence of his work, Blackstone the man remains little known and poorly understood, the lack of engagement with his public and private life standing in stark contrast to the scale of his influence, particularly on the development and teaching of the law. Blackstone's 'Commentaries on the Laws of England' remains the most celebrated and influential text in the Anglo-American common-law tradition. This great book has inevitably overshadowed its author, while the dispersal of his personal and professional papers further complicates the task of understanding the man behind the work. The lack of a thorough account of Blackstone's life has fuelled controversy surrounding his intellectual background and political views. Was he the deeply reactionary conservative painted by Bentham, or rather a committed reformer and early champion of human rights? The present biography makes full use of a considerable body of new evidence that has emerged in recent years to shed light on the life, work, and times of this neglected figure in English and American history. Exploring Blackstone's family upbringing and private life, his political activities and ideology, his religious outlook, and championing of the enlightenment, this book weaves together the threads of an extraordinary mind and career.

# Blackstone's Handbook for Policing Students 2013

*OUP Oxford* Blackstone's Handbook for Policing Students 2013 has been developed from the best-selling Blackstone's Student Police Officer Handbook to reflect the multitude of avenues into the police force now open to future police officers, from pre-entry courses to PCSOs and Specials. Designed specifically to meet the new requirements of police training, this book is a must-have for those embarking on a career in the police. Parts of initial police training common to all new entrants are easily identified and there are specific chapters on qualification structures and training and assessment, meeting the needs of students whether you are entering policing through pre-entry schemes or through an alternative qualification route. This new structure means it is possible for students to omit certain Parts of the Handbook whilst still meeting the mandatory requirements of the revised IPLDP Diploma in Policing. Divided into six parts, representing key stages in your progression from pre-entry programmes (where appropriate) in Parts 1 and 2, to initial training and then confirmation, the Handbook leads you through the topics, covering theory, discussion and practice while developing skills of analysis, problem solving and forms of reasoning. Coupled with a comprehensive and accessible style, the book ensures you have the knowledge and understanding necessary to undertake independent patrol in a professional and competent manner. Key topics covered include Stop, Search, and Entry; Alcohol and Drug Offences; Sexual Offences; Interviewing; and Intelligence. Blackstone's Handbook for Policing Students 2013 is essential reading whether you are taking a pre-entry course or the IPLDP Diploma in Policing, looking to move on from your role as a PCSO or Special, or are involved within the security and law enforcement sector.

## Legal Aspects of Occupational Therapy

*John Wiley & Sons* Since publication of the original edition in 1996, this book has established itself as an essential text for occupational therapists. It offers an understanding of the law relating to their practice, but is written to be accessible for those who have no prior legal knowledge. The text provides valuable information for occupational therapists employed in health and social services, as well as the law relevant to private practitioners. The book includes chapters on all the main client groups and presents the relevant specialist law. Students and teachers of occupational therapy will find the chapters on professional registration, education, training and research of particular interest. The third edition has been substantially revised to cover significant changes in legislation since the previous version. There is also a brand new chapter on the subject of death and dying. Legal Aspects of Occupational Therapy remains a key resource for the occupational therapy student, practitioner and service manager.

This compact and portable resource has been specifically designed to meet the reference needs of police officers while out on patrol. The book clearly explains and interprets the relevant legislation and powers of arrest, points to prove, practical considerations and related cases. Easy to access and navigate, the Handbook covers over 100 common offences in the areas of general crime, assaults, drugs, sexual offences, public disorder, licensing, and road traffic. It is written in a concise and accessible style, with a clearly structured format and handy icons to aid consultation. It covers a wide range of common offences and clearly explains and interprets the relevant legislation. At a glance you can access everything you need to make a quick, informed decision in a host of everyday policing situations. The fourth edition is fully updated and revised to cover all relevant changes in legislation, including the Criminal Evidence (Witness Anonymity) Act 2008, Forced Marriage (Civil Protection) Act 2007, Road Safety Act 2006, Finance Act 2008, Criminal Justice and Immigration Act 2008 and the Serious Crime Act 2007. The book also includes updates to the Anti-social Behavior Act 2003, Mental Health Act 2007, and Traffic Fixed Penalty Notices (TFPNs), and provides updated guidance on the reclassification of Cannabis, Proceeds of Crime confiscation, animal welfare powers, and the standardization of PCSOs' powers. The book is accompanied by a useful companion website with quarterly updates to ensure content is up-to-date. The Blackstone's Police Operational Handbook: Practice & Procedure is designed to complement the law covered in Volume 1 by offering guidance on good practice in core policing areas. Aimed at junior patrol officers, student officers and trainee detectives, it draws together practical advice across a wide range of police duties, along with extracts and explanations of official policy and guidance from ACPO, the National Policing Improvement Agency and the National Center for Policing Excellence. The Handbook provides guidance on a structured approach to police work based on established national principles and practices and is divided into four parts: Evidence Management, which offers advice on the capture and handling of evidence with chapters on crime scene management, disclosure, witness and victim management and court procedure; Knowledge-based Policing, which outlines the National Intelligence Model, the Police Code of Conduct, ACPO values, human rights, planning and risk management and dealing with the media; Neighborhood Policing, which covers the principles and team structures, partnerships, problem-solving techniques and crime prevention; and Protective Services Policing which looks at the role of the first responder in major incident response, major crime, and civil contingencies. Commentary is accompanied with features such as boxed examples, checklists, diagrams, practical tips and flow-charts, to aid reader's grasp of the issues.

## Equality

## The New Legal Framework

*Bloomsbury Publishing* The Equality Act 2010 is a major landmark in the long struggle for equal rights. This book tells the story of how and why it came to be enacted, what it means, what changes it can bring about in British society, and - no less important - what the Act will not do. The Act is the outcome of over 13 years of research, public debate and campaigning, starting with the publication of Equality: A New Framework. Report of the Independent Review of the Enforcement of UK Anti-Discrimination Legislation by Bob Hepple, Mary Coussey and Tufyal Choudhury (Hart Publishing, 2000). The aim of this book is to examine the aims and structure of the new legal framework and to assess the Act against goals of reform set by the earlier review: harmonising and extending the law on status equality; widening the areas of unlawful conduct; changing organisational policy and behaviour including positive duties to advance equality; and improving enforcement of the law. The book will be essential reading for anyone who wants to understand the Act and the wider context of equality law, including students of law and social sciences, human rights activists and lawyers, as well as the general reader.
