56 Lectures - PAPERBACK

56 Lectures compiled and edited by Alexander Skobelev, containing Neville's insights into how spiritual law works behind the biblical language of symbolism in creating the life you desire rather than focusing on what you do not want. Neville Lancelot Goddard was a teacher and author from Barbados. He originally came to the United States to study drama, and became a dancer; but his study of metaphysics led him down a different path. Neville was different from other metaphysical teachers, in that he taught the Bible, but NOT as a book of history. He taught the Bible as an allegorical picture of the imaginal act. Alexander Skobelev has an interest in Neville's works, and studies the lectures before deciding that he would like a Chronology version of Neville's work so as to understand better. In the process he amassed a huge body of work, totalling 334 Lectures, compiling and created six volumes.

The Power of Imagination

The Neville Goddard Treasury

Penguin An anthology of the greatest writings of modern mystic, Neville Goddard, who has enthralled a new generation of readers with his simple but radical principle that your imagination is God. This broad-ranging anthology assembles the greatest works of Neville Goddard, who, writing under the sole name Neville, became one of the most

quietly seismic spiritual philosophers of the modern age. From the late 1930s until his death in 1972, Neville promulgated one basic, extraordinary idea, which he restated with freshness and verve in more than ten books and hundreds of lectures: The human imagination is the Jesus Christ of Scripture, and the world around you is the out-picturing of your emotionalized thoughts. Here is an unparalleled journey into the ideas and methods of a profoundly practical spiritual thinker whose vision of life can challenge your concept of what it means to be human. This volume features a rare personal portrait of Neville by journalist and philosopher Israel Regardie. Includes these classic works: Introduction: Neville: A Portrait by Israel Regardie (1947) Your Faith Is Your Fortune (1941) Freedom for All: A Practical Application of the Bible (1942) Feeling is the Secret (1944) Prayer: The Art of Believing (1945) The Search (1946) Out of this World: Thinking Fourth-Dimensionally (1949) The Power of Awareness (1952) Awakened Imagination (1954) Seedtime and Harvest: A Mystical View of the Scriptures (1956) The Law and the Promise (1961)

The Wonder Working Power of Imagination

1965 Lectures

Trafford Publishing If one is looking for answers to the meaning of life and how to make a happier, richer existence (e.g., relationships, finances, health), then Neville's teaching from personal experience, testimonies from students, and his amazing visions paralleling and explaining the mysteries of the Old and New Testament will answer those questions. Learn his techniques, unleash your power to create, believe in your imaginary acts, and no power in this world can stop the desired results from appearing in your world. It's the only creative power, one that everyone is operating moment to moment. Learning how to direct it deliberately is essential to producing loving, positive changes in one's life. These 1963 lectures also begin a nine-year odyssey of discovering the deepest meanings of six visions of the end that had unfolded in Neville (1959-1963). The visions are the signs that this long journey as limited man; the terrible opacity and contraction is over, that the purpose of human life has been completed; man has endured and overcome six thousand years of amnesia plus the fires of experience and has emerged victorious. He has been transformed by his inner being (I Am or God) back into the divinity he truly is and always was.

The Power of Awareness

Prabhat Prakashan The "Light" is consciousness. Consciousness is one, manifesting in legions of forms or levels of consciousness. There is no one that is not all that is, for consciousness, though expressed in an infinite series of levels, is not divisional. There is no real separation or gap in consciousness. I AM cannot be divided. I may conceive myself to be a rich man, a poor man, a beggar man or a thief, but the center of my being remains the same, regardless of the concept I hold of myself. At the center of manifestation, there is only one I AM manifesting in legions of forms or concepts of itself and "I am that I am".

CONTROL YOUR INNER CONVERSATIONS - Neville Goddard Lectures

The whole manifested world goes to show us what use we have made of God's gift. Receiving a gift does not mean that we are going to use it wisely, but we have the gift. Everyone has the gift; and the world simply reflects the use of that gift. In "The Merchant of Venice," Shakespeare puts these words into the mouth of Portia: "If to do were as easy as to know what were good to do, chapels had been churches and poor men's cottages princes palaces. It is a good divine who follows his own instructions. I can easier teach twenty what were good to be done than to be one of the twenty to follow my own teaching." So you and I have been given a gift. To what use have we put it? In a book written in the First Century, written at the time of our Gospel, -- it's called the Hermetica, and this is a translation by Walter Scott. It is a wonderful series of four volumes; and in this he says: "There are two gifts that God has given to man alone, and to no other mortal creature, and these two gifts are Mind and Speech. And the gifts of Mind and Speech are essential and identical with Immortality. If they are used rightly, man will not differ in any respect from the immortals; and when he quits the body, these two will be his guides and they will lead him into the troop of the gods and to the souls that have attained to bliss."

Be What You Wish

DIGITAL FIRE "You can change your future by changing your thinking." When you discover the creative power of imagination within yourself, you will boldly assert the supremacy of imagination and put all things in subjection to it. By our imagination, by our affirmations, we can change our world, we can change our future. If we strive passionately to embody a new and higher concept of ourselves, then all things will be at our service.

Createspace Independent Publishing Platform Neville Lancelot Goddard was born on 19 February 1905 in St. Michael, Barbados in the British West Indies, the fourth child in a family of nine boys and one girl. He came to the United States on board the S.S. Vasari to study drama at the age of seventeen (September 1922) and whilst touring with his dance company in England he developed an interest in metaphysics. On his return he gave up the entertainment industry to devote his full attention to the study of spiritual and mystical matters. Neville studied with a mentor, Abdullah, learning Hebrew, the Kabbalah, and the hidden symbolic meaning of Scripture. After travelling extensively throughout the United States, Neville eventually made his home in Los Angeles where, in the 1950s, he gave a series of talks on television and radio, and for many years lectured regularly to capacity audiences at the Wilshire Ebell Theater In the 1960s and early 1970s, he confined most of his lectures to Los Angeles, New York, and San Francisco. He discussed his doctrine, referred to as "The Law," on television in the Los Angeles area, saying, "Learn how to use your imaginal power, lovingly, on behalf of others, for Man is moving into a world where everything is subject to his imaginal power." Assumptions Harden Into Facts

The Book

The study of this book, with its detailed exposition of consciousness and the operation of the law of assumption, is the master key to the conscious attainment of your highest destiny. This very day start your new life. Make believe . . . great wonders are possible.

The Creative Use of Imagination

Phoemixx Classics Ebooks The Creative Use of Imagination Neville Goddard - The purpose of these talks is to bring about a psychological change in you, the individual. Humanity, understood psychologically, is an infinite series of levels of awareness and you, individually, are what you are according to where you are in the series. Consciousness is the only reality, and where you are conscious of being psychologically, determines the circumstances of your life. The ancients knew this great truth, but our modern teachers have yet to discover it. There is only one substance in the world. Our scientists call it energy while scripture defines it as consciousness. We are told that the universe was caused by water, but if this is true, then it could not evolve into anything but water. But if the basic substance is energy (or consciousness), it can be made to manifest itself as iron, steel, and wood, to name but a few. Man, seeing a variety of forms, thinks of numberless substances, but what is seen is only a change in the arrangement of the same basic substance - consciousness.

Five Lessons

GENERAL PRESS Neville delivered these lectures in Los Angeles in 1948. In this unparalleled master class, Neville Goddard provides his most direct, exquisitely clear lessons on using your mind to create the life you want. In 1948 the modern mystic Neville Goddard presented a series of lessons in Los Angeles that many have come to regard as the teacher's clearest, most penetrating explanation of his methods of mental creativity. In them, Neville explains why your mental images and feelings determine your future. He provides his most direct, exquisitely clear method on how to explore the divine nature of your mind and use it to create the life you want. Preserving his words exactly as those original students heard them, the five lessons are: 1. Consciousness Is the Only Reality 2. Assumptions Harden into Fact 3. Thinking Fourth-Dimensionally 4. No One to Change but Self 5. Remain Faithful to Your Idea

The Secret of Imagining

GENERAL PRESS Tonight's subject is "The Secret of Imagining." In almost every particular (situation) is the world about us different from what we think it. Why, then, should we be so incredulous? Life calls on us to believe not less, but more. The Secret of Imagining is the greatest of all problems, to the solution of which every one should aspire, for supreme power, supreme wisdom, supreme delight lie in the solution of this mystery.

A Lesson in Scripture

Createspace Independent Publishing Platform THIS LECTURE TITLED, "A DIVINE EVENT," BY NEVILLE GODDARD IS APPROXIMATELY A 24 PAGE BOOK (PAPERBACK 5X8) "The story of Jesus is a persistent assumption." This is true in every aspect of your life. You want to be rich? That's the story of Jesus, which is a persistent assumption in the conviction that "I am rich," for unless you believe that "I am rich" you die in your sins and continue to claim "I am

poor." You want to be known? Then persistently assume: "I am known." Want to be healthy? "I am healthy!" Regardless of what you want to be, you must declare you already are it and persist in that assumption. An assumption is an act of faith, and without faith it is impossible to please God. Your reasoning mind may deny wealth. Your senses deny it too, but if you have faith you will dare to assume wealth, thereby becoming the man you want to be. "Neville may eventually be recognized as one of the world's great mystics." -Joseph Murphy, author of *The Power of Your Subconscious Mind* "A popular speaker on metaphysical themes from the late '30s until his death in 1972, Neville authored ten books in which he captured the sheer logic of creative mind principles. His work has impacted me in a very profound way; in fact, he's been a great mentor to me in the past few years." -Dr. Wayne Dyer in *Wishes Fulfilled* "Neville may be the positive-thinking movement's most radical and subtly influential voice." -Mitch Horowitz, *Time.com* "Of all the metaphysical systems with which I am acquainted, Neville's is the most magical." -Israel Regardie "The words of spiritual teacher Neville Goddard retain their power to electrify... Neville captured the sheer logic of creative mind principles as perhaps no other figure of his era." -*Science of Mind* magazine

Neville Goddard's Interpretation of Scripture

Unlocking The Secrets of The Bible

From the introduction. Neville Goddard's *Interpretation of Scripture* is a compilation from Neville's 10 books and a few of his lectures. In my opinion Neville decoded the Bible in such a light that the truth can finally be known. Many who enjoy the old familiar verses of Scripture are discouraged when they themselves try to read the Bible as they would any other book because, quite excusably, they do not understand that the Bible is written in the language of symbolism. Not knowing that all of its characters are personifications of the laws and functions of mind; that the Bible is psychology rather than history, they puzzle their brains over it for a while and then give up. It is all too mystifying. To understand the significance of its imagery, the reader of the Bible must be imaginatively awake. - Neville Goddard Hardcover Edition
