## Night Pleasures

*St. Martin's Paperbacks* Dear Reader, Have you ever wanted to know what it's like to be immortal? To journey through the night stalking the evil that preys on humans? To have unlimited wealth, unlimited power? That is my existence, and it is dark and dangerous. I play hero to thousands, but am known to none. And I love every minutes of it. Or so I thought until one night when I woke up handcuffed to my worst nightmare: a conservative woman in a button-down shirt. Or in Amanda's case, one buttoned all the way up to her chin. She's smart, sexy, witty, and wants nothing to do with the paranormal--in other words, me. My attraction to Amanda Devereaux goes against everything I stand for. Not to mention the last time I fell in love it cost me not only my human life, but also my very soul. Yet every time I look at her, I find myself wanting to try again. Wanting to believe that love and loyalty do exist. Even more disturbing, I find myself wondering if there's any way a woman like Amanda can love a man whose battle scars run deep, and whose heart was damaged by a betrayal so savage that he's not sure it will ever beat again. ## Southern Hunting in Black and White

## Nature, History, and Ritual in a Carolina Community

*Princeton University Press* **For many Southern men living in or close to rural landscapes, hunting is a passion. But it is not a timeless activity in a cultural void. Whether pursuers of fox or raccoon, deer or rabbits, quail or dove, Southern hunters reveal for Stuart Marks complex patterns of male bonding, social status, and relationships with nature. Marks, who has written two outstanding books on hunting in Africa, was born and has long**

lived in the South. Examining Southern hunting from frontier times through the antebellum era to the present day, he shows it to be a litmus test of rural identity. "Drawing on the latest anthropological theory, statistical sources, extensive interviews, and historical research, [Marks] has crafted a multifaceted account of Southern hunting. Relations of race, property, gender, and region appear in fresh guises in this innovative and intriguing study. The portrayal of the contemporary state of hunting is especially interesting, revealing both the continuities with the past and the new pressures on the sport."--Virginia Quarterly Review

### To 'Joy My Freedom

### Southern Black Women's Lives and Labors After the Civil War

*Harvard University Press* **As the Civil War drew to a close, newly emancipated black women workers made their way to Atlanta--the economic hub of the newly emerging urban and industrial south--in order to build an independent and free life on the rubble of their enslaved past. In an original and dramatic work of scholarship, Tera Hunter traces their lives in the postbellum era and reveals the centrality of their labors to the African-American struggle for freedom and justice. Household laborers and washerwomen were constrained by their employers' domestic worlds but constructed their own world of work, play, negotiation, resistance, and community organization. Hunter follows African-American working women**

from their newfound optimism and hope at the end of the Civil War to their struggles as free domestic laborers in the homes of their former masters. We witness their drive as they build neighborhoods and networks and their energy as they enjoy leisure hours in dance halls and clubs. We learn of their militance and the way they resisted efforts to keep them economically depressed and medically victimized. Finally, we understand the despair and defeat provoked by Jim Crow laws and segregation and how they spurred large numbers of black laboring women to migrate north. Hunter weaves a rich and diverse tapestry of the culture and experience of black women workers in the post-Civil War south. Through anecdote and data, analysis and interpretation, she manages to penetrate African-American life and labor and to reveal the centrality of women at the inception--and at the heart--of the new south.

### Hunter's Horn

Michigan State University Press is proud to announce the re-release of Harriette Simpson Arnow's 1949 novel *Hunter's Horn*, a work that Joyce Carol Oates called "our most unpretentious American masterpiece." In *Hunter's Horn*, Arnow has written the quintessential account of Kentucky hill people—the quintessential novel of Southern Appalachian farmers,

foxhunters, foxhounds, women, and children. New York Times reviewer Hirschel Brickell declared that Arnow "writes...as effortlessly as a bird sings, and the warmth, beauty, the sadness and the ache of life itself are not even once absent from her pages." Arnow writes about Kentucky in the way that William Faulkner writes about Mississippi, that Flannery O'Connor writes about Georgia, or that Willa Cather writes about Nebraska—with studied realism, with landscapes and characters that take on mythic proportions, with humor, and with memorable and remarkable attention to details of the human heart that motivate literature.
