A NATION WORTH RANTING ABOUT

Anchor Canada Originally published: Toronto: Doubleday Canada, 2012.

RANTING AGAIN

Main Street Books Dennis Miller is back, and he is Ranting Again in this hilarious compendium of wit, wisdom, and righteous outrage. This is good news for all of us who fume at the country's lack of common sense, and seethe at the absurdity of the daily headlines. Setting his sights higher and wider than ever before, Dennis Miller is at the top of his game, unleashing his unique brand of scathing wit on anything and everything. Taking on such targets as illegal immigration, the sobriety movement, the American school system, and men who wear tight T-shirts even though they have big breasts, Miller proves that nobody is safe from his hilarious yet hard-hitting scrutiny. Showcasing Dennis Miller's trademark blend of wide-ranging allusions, thought-provoking insights, and outrageous opinions, Ranting Again is a brilliant collection that is his sharpest and funniest yet.

THE JOURNAL OF PROCEEDINGS AND ADDRESSES OF THE NATIONAL EDUCATIONAL ASSOCIATION

RANT

AN ORAL BIOGRAPHY OF BUSTER CASEY

Anchor Canada The provocative and mind-bending new novel from the bestselling author of *Fight Club* and *Haunted*. Rant takes the form of a (fictional) oral history of Buster "Rant" Casey, in which an assortment of friends, enemies, admirers, detractors, and relations have their say on this evil character, who may or may not be the most efficient serial killer of our time. Buster Casey was every small kid born in a small town, searching for real thrills in a world of video games and action/adventure movies. The high school rebel who always wins - and a childhood murderer? - Rant Casey escapes from his hometown of Middleton into the big city and becomes the leader of an urban demolition derby called Party Crashing, where, on designated nights, the participants recognize each other by dressing their cars with tin-can tails, "Just Married" toothpaste graffiti, and other refuse, then look for special markings in order to stalk and crash into each other. It's in this violent, late-night hunting game that Casey makes three friends. And after his spectacular death, these friends gather the testimony needed to build an oral history of his short life. Their collected anecdotes explore the charges that his saliva infected hundreds and caused a silent, urban plague of rabies . . . Expect hilarity and horror, and blazing insight into the desperate and surreal contemporary human condition as only Chuck Palahniuk can deliver it. He's the postmillennial Jonathan Swift, the man to watch to learn what's - uh-oh - coming next. Excerpt from RANT: Wallace Boyer (Car Salesman): Like most people, I didn't meet and talk to Rant Casey until after he was dead. That's how it works for most celebrities, after they croak their circle of close friends just explodes. A dead celebrity can't walk down the street without meeting a million best buddies they never met in real life. Dying was the best career move Jeff Dahmer and John Wayne Gacy ever made. . . . The way Rant Casey used to say it: Folks build a reputation by attacking you while you're alive-or praising you after you ain't.

TEACHING PALAHNIUK: THE TREASURES OF TRANSGRESSION IN THE AGE OF TRUMP AND BEYOND

Vernon Press While much has been written about Chuck Palahniuk and his body of work, next to nothing has been written about when, where and how it is necessary to teach

Palahniuk. This collection will reveal that teaching Palahniuk's work and the discursive dynamic of the classroom interactions create new opportunities for scholarship by both the faculty member and his or her students. Despite early critical success with 'Fight Club', 'Invisible Monsters', and 'Choke', Palahniuk's novels are increasingly dismissed for the very transgressive content that makes them essential pedagogical tools in the Age of Trump where "truth isn't truth," and tribalism is stoked with claims of "fake news". This collection aims to broaden the scholarship by examining under-represented and unrepresented works from his oeuvre and situating them in the context of their pedagogical implications. In both form and content, the transgressive nature of Palahniuk's work demands critical thought and reflection, capacities that are necessary for the preservation of a democratic society. Contributors take various approaches to address what students can learn about writing, literature, and society by reading and analyzing Palahniuk's texts. The collection will discuss the value of teaching Palahniuk, innovations and various disciplinary contexts for teaching his works, and reflections on some of those pedagogical opportunities. Through its multi-faceted discussion of Palahniuk and pedagogy, this collection will legitimize efforts to bring his work onto syllabi and into the classroom, where it can enhance student engagement, create new avenues for inter-disciplinary scholarship, and re-invigorate an expansion of the canon. It will also provide diverse frameworks for incorporating and interpreting Palahniuk's writing across disciplines. Finally, the collection will offer post-mortems from faculty members who have found the "guts" to teach Palahniuk and will offer insight into what students have gained and stand to gain from a more intensive Palahniuk pedagogy.

STRENGTHENING FORENSIC SCIENCE IN THE UNITED STATES

A PATH FORWARD

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

THE LIFE AND WORKS OF CHARLES LAMB: POEMS, PLAYS AND MISCELLANEOUS ESSAYS

RANT OF THE MAD MAN

iUniverse Charlie Greer let's it all hang out in this tell all book about the highs and lows of a struggling independent artist making his way through the topsy-turvy world of entertainment. Read along as Charlie burns every bridge he's ever crossed! A hilarious, "laugh out loud" must read!

SPORT AND CITIZENSHIP

Routledge Citizenship has become a widely significant and hotly contested academic concept. Though the term may seem obvious, citizenship carries a range of subtle social and political meanings. This volume explores citizenship as it relates to sport, on the micro and macro level of analysis and in a variety of geo-political contexts. Citizenship is a central organizing principle of international competition such as the Olympic Games. Furthermore, sport is used to teach, symbolize and perform citizenship. While related to national identity, citizenship pertains more precisely to how citizens are legally and politically recognized by the state and how citizens engage within the nation state. This volume traces the roots of discourses on citizenship before illustrating a variety of ways in which citizenship and sport impinge upon each other in contemporary contexts. This book was published as a special issue of Sport in Society.

AMERICA, BUT BETTER

THE CANADA PARTY MANIFESTO

Douglas & McIntyre A tongue-in-cheek look at how Canada can fix United States politics, including filling oil pipelines with maple syrup, moving Guantanamo Bay to the Arctic, and combining American English and Canadian English to form Super English.

RICK MERCER FINAL REPORT

Anchor Canada Rick Mercer can always be relied on to provoke a strong reaction--but what he said one fall day in 2017 truly shocked the nation. In a rant posted on social media, the great Canadian satirist announced loud and clear that the current, 15th season of the Rick Mercer Report--the nation's best-watched and best-loved comedy show--would be the last. After more than 250 episodes, 250 rants and countless miles spent travelling the length and breadth of Canada to do everything from bungee jumping with Rick Hansen to whale watching with Measha Brueggergosman, it was time to move on. What he will do next is still unknown, and Canada eagerly awaits future developments. But meanwhile, we have this book to keep us going. This volume brings together never-before-published rants from the last five seasons of the show, plus a selection of the very best rants from earlier years. And throughout the book, in a series of brilliant new essays, Rick shares his hilarious, moving and at times hair-raising memories from the past fifteen years. Remember when he and Jann Arden travelled by helicopter to a terrifying bat cave in a mountain? No--because that trip went so horribly wrong it never made it to the screen. Pierre Berton--what was really in that joint he rolled? (It wasn't oregano.) What catastrophe took place in Norman Jewison's bathroom? And can the show still go on when your director in charge is delirious from an allergic reaction? (Yes.) All this and more is revealed by Rick in some of his sharpest and funniest writing yet.

RANT. CHANT. CHISME.

Wings Press Rant. Chant. Chisme. is the debut collection of poetry by south Texas native Amalia Ortiz, featuring writing from the first decade of her career. Readers will get a taste of life on the border from the perspective of a young woman of color struggling to write herself into existence. These poems introduce a unique new transcultural feminist viewpoint as the poems call for social and political change along the borderlands. Ortiz, an award-winning performance poet known for her dynamic delivery style, relinquishes control of her writing to the reader, but not without first imparting the theatrical stage directions stated in the book's title, which commands readers to recite these poems aloud in a spoken word celebration exploring culture, music, and place while encouraging the reader to embrace diversity and find their own storytelling voice.

MODEL RULES OF PROFESSIONAL CONDUCT

American Bar Association The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions

look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

RANTS FROM THE HILL

ON PACKRATS, BOBCATS, WILDFIRES, CURMUDGEONS, A DRUNKEN MARY KAY LADY, AND OTHER ENCOUNTERS WITH THE WILD IN THE HIGH DESERT

Shambhala Publications "If Thoreau drank more whiskey and lived in the desert, he'd write like this."—High Country News Welcome to the land of wildfire, hypothermia, desiccation, and rattlers. The stark and inhospitable high-elevation landscape of Nevada's Great Basin Desert may not be an obvious (or easy) place to settle down, but for self-professed desert rat Michael Branch, it's home. Of course, living in such an unforgiving landscape gives one many things to rant about. Fortunately for us, Branch—humorist, environmentalist, and author of *Raising Wild*—is a prodigious ranter. From bees hiving in the walls of his house to owls trying to eat his daughters' cat—not to mention his eccentric neighbors—adventure, humor, and irreverence abound on Branch's small slice of the world, which he lovingly calls Ranting Hill.

THE NEW NATIONAL DICTIONARY, ENCYCLOPÆDIA AND ATLAS REVISED TO DATE ...

THE NATIONAL MARINE

I RANT, THEREFORE I AM

Crown Forum Once again there's good news for those of us who rage at the evening news, shake our heads at Washington's business-as-usual, or watch as politicians carom helplessly between political crises and sex scandals: Dennis Miller is back with his third installment of hilarious observations, *I Rant, Therefore I Am*. Dennis Miller first gained national acclaim as the wise-guy anchor of "Weekend Update" on "Saturday Night Live." When HBO premiered his weekly talk show in April 1994, both critics and fans enthusiastically agreed: "Dennis Miller Live" was the most refreshing talk show on television. The accolades have continued to pour in. In September 1994, Dennis and his staff won an Emmy Award for writing and have been regularly nominated since. When he takes the stage, the audience demands, "The rants, the rants, the rants," and once again, Dennis Miller delivers the goods. Fans of his smart, quirky, irreverent style of humor are in for another treat—this set of rants is even funnier than the last two rounds. Dennis Miller keeps on ranting in *I Rant, Therefore I Am*, and speaks his mind on topics like: MODELS—"How ironic that the most exquisite-looking people in the world should end up choosing the profession that requires them to spend all day by the phone waiting for the most hideous people to call them." COLLEGE—"I don't think you should have to pay back college loans unless you get a job in your field. Put some pressure on the school. If I can't pay my bills, I'm not paying yours." CONSUMERS—"You know how to tell when you've got a shopping problem? When the lights in the department store momentarily dim after they slide your credit card through the thing." FAITH—"I envy people who can just let go and totally commit. I, on the other hand, can't even hear the title of the show 'Touched by an Angel' without thinking that a professional baseball player is being sued for sexual harassment." ASTRONAUTS—"Anybody who would strap themselves onto a giant deodorant spray can, set off a series of explosions under their ass until they've been blasted into the icy vacuum of deep space, and then step outside to take a walk must have more balls than a twenty-four-hour Tokyo driving range."

THE HAPPY RANT

WANDERING TO AND FRO THROUGH SOME THINGS THAT DON'T MATTER ALL THAT MUCH (AND A FEW THAT REALLY DO)

Harvest House Publishers From the hive mind behind the popular Happy Rant podcast (Ted Kluck, Ronnie Martin, and Barnabas Piper) comes this cornucopia of humorous and thought-provoking critiques of Christian culture. Come for the good-natured cynicism. Stay for the enlightenment. Ted Kluck, Ronnie Martin and Barnabas Piper, hosts of the Happy Rant podcast, take their faith-based back-and-forth from the recording booth to the book page with this collection of insightful and often hilarious takedowns of pastor trends, personality tests, political engagement, and more. The Happy Rant crew have a lot of strong opinions, and occasionally they even agree with each other! Always candid and frequently compelling, Ted, Ronnie, and Barnabas tackle everything from the divisive, hot-button issues within the church to more lighthearted fare that reminds us never to take

ourselves too seriously. As entertaining as it is engaging, The Happy Rant will help you to think more critically about the world around you and enjoy a laugh or two (or maybe three) along the way.

RANT OF A RETAILER

TRUE STORIES FROM A RETAIL MANAGER

Createspace Independent Publishing Platform Rant of a Retailer outlines the true-life adventures of Macy May Marcus, a seasoned department store manager, complete with insane customers, worse employees, and one horrendous boss. This is a non-fiction humor book on the trials and the (mild) triumphs of working in retail. According to The Wall Street Journal, roughly one of every 10 Americans is employed in the retail sector. This means 30 million of you readers will be able to relate to Macy's stories of agonized fitting room explosions and the horrors of the holidays. All stories are 100% true: every crazy, silly, disastrous, bumbling, lunatic story comes straight from the linoleum-covered racetrack of a major big-box retail store. With Chapters like, "Crazy Customers Make It All Worthwhile", "Returns, or Seriously? You're Really Returning This?", or "Loss Prevention, or Don't Steal! (But if You Do, You Won't Get Caught)", plus a bonus chapter on how to actually get what you want from bored, burnt-out, unmotivated retail employees. This is a laugh-out-loud, must-have manual for anyone who works - or shops - retail!

DEMOCRATIZATION AND THE MEDIA

Routledge Mass communications media play a potentially crucial role both in democratization and in ensuring democracy's survival. The essays in this volume analyse differing aspects of the complex relationship between the media and democracy in a diverse range of national contexts.

WHAT'S WRONG WITH CHINA

John Wiley & Sons What's Wrong with China is the most cogent, insightful and penetrating examination I have read on the paradoxes and self-deceptions of Modern China, written by someone who has lived in the country and dealt with it day to day for decades. This book will be hated by the commissars, because it is a triumph of analysis and good sense. —PAUL THEROUX I sure wish I'd read this book before heading to China—or Chinatown, for that matter. China runs on an entirely different operating system—both commercial and personal. Midler's clear, clever analysis and illuminating, often hilarious tales foster not only understanding but respect. —MARY ROACH From the Back Cover What's Wrong with China is the widely anticipated follow-up to Paul Midler's Poorly Made in China, an exposé of China manufacturing practices. Applying a wider lens in this account, he reveals many of the deep problems affecting Chinese society as a whole. Once again, Midler delivers the goods by rejecting commonly held notions, breaking down old myths, and providing fresh explanations of lesser-understood cultural phenomena.

POLK'S MEDICAL REGISTER AND DIRECTORY OF THE UNITED STATES AND CANADA

LIFE DURING A NATION'S DEATH

AuthorHouse As the American way of life ground to its ultimate demise, people continued to live their lives, or the lives handed to them, by circumstance and fate. Most, like Kirby Taylor, were simply unconcerned and had never put more than a cursory thought towards the world around them. Now that the end was in sight, they simply switched gears to, "So, what do you want me to do about it?" Nancy Shepherd and others like her had spent their lives fighting what they thought was the good fight, only to realize in the end that it was that unyielding, uncompromising attitude which was part and parcel to blame. Some, like Rick Kyle, who had always lived on the edge, now realized that there were new opportunities rising out of the chaos of those end days. They simply switched gears and pressed on to what appeared to be even greater rewards. Finally, there were the Shelia Vonsteins, embittered by disrupted lives and careers, who were obliged to take whatever crumbs they could. They would try to make the best of their lives while at the same time being forever fish out of water. Does the human spirit triumph in the worst of times? Sometimes it does, and sometimes it is merely crushed under foot. Our children and grandchildren will ultimately find out.
