TWELVE YEARS A SLAVE

Prabhat Prakashan **"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt**

ANIMATION: A WORLD HISTORY

VOLUME III: CONTEMPORARY TIMES

CRC Press **A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, *Animation: A World***

History encompasses the history of animation production on every continent over the span of three centuries. Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history. Key Features Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

ACROSS THAT BRIDGE

LIFE LESSONS AND A VISION FOR CHANGE

Hachette Books Winner of the NAACP Image Award for Outstanding Literary Work/Biography. In *Across That Bridge*, Congressman John Lewis draws from his experience as a prominent leader of the Civil Rights Movement to offer timeless wisdom, poignant recollections, and powerful principles for anyone interested in challenging injustices and inspiring real change toward a freer, more peaceful society. The Civil Rights Movement gave rise to the protest culture we know today, and the experiences of leaders like Congressman Lewis, a close confidant to Martin Luther King, Jr., have never been more relevant. Despite more than forty arrests, physical attacks, and serious injuries, John Lewis has remained a devoted advocate of the discipline and philosophy of nonviolence. Now, in an era in which the protest culture he helped forge has resurfaced as a force for change, Lewis' insights have never been more relevant. In this heartfelt book, Lewis explores the contributions that each generation must make to achieve change.

VOLUME II: THE BIRTH OF A STYLE - THE THREE MARKETS

CRC Press A continuation of 1994's groundbreaking *Cartoons*, Giannalberto Bendazzi's *Animation: A World History* is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa,

Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand, never before investigated, and elsewhere unavailable information, **Animation: A World History** encompasses the history of animation production on every continent over the span of three centuries. Volume II delves into the decades following the Golden Age, an uncertain time when television series were overshadowing feature films, art was heavily influenced by the Cold War, and new technologies began to emerge that threatened the traditional methods of animation. Take part in the turmoil of the 1950s through 90s as American animation began to lose its momentum and the advent of television created a global interest in the art form. With a wealth of new research, hundreds of photographs and film stills, and an easy-to-navigate organization, this book is essential reading for all serious students of animation history. **Key Features** Over 200 high quality head shots and film stills to add visual reference to your research **Detailed information** on hundreds of never-before researched animators and films **Coverage** of animation from more than 90 countries and every major region of the world **Chronological and geographical organization** for quick access to the information you're looking for

BEAUTIFUL: THE LIFE OF HEDY LAMARR

Macmillan **The Surprising Story of Hedy Lamarr, "The Most Beautiful Girl in the World"** As a teenage actress in 1920s Austria, performing on the stage and in film in light comedies and musicals, Hedy Kiesler, with her exotic beauty, was heralded across Europe by her mentor, Max Reinhardt. However, it was her nude scene, and surprising dramatic ability, in *Ecstasy* that made her a star. *Ecstasy's* notoriety followed her for the rest of her life. She married one of Austria's most successful and wealthy munitions barons, giving up her career for what seemed at first a fairy-tale existence. Instead, as war clouds loomed in the mid-1930s, Hedy discovered that she was trapped in a loveless marriage to a controlling, ruthless man who befriended Mussolini, sold armaments to Hitler, yet hid his own Jewish heritage to become an "honorary Aryan." She fled her husband and escaped to Hollywood, where M-G-M changed her name to Hedy Lamarr and she became one of film's most glamorous stars. She worked with such renowned directors as King Vidor, Victor Fleming, and Cecil B. DeMille, and appeared opposite such respected actors as Clark Gable, Spencer Tracy, John Garfield, and James Stewart. But as her career waned, her personal problems and legal wranglings cast lingering shadows over her former image. It wasn't until decades later that the world was stunned to learn of her unexpected role as the inventor of a technology that has become an essential part of everything from military weaponry to cell phones—proof

that Hedy Lamarr was far more than merely Delilah to Victor Mature's Samson. She demonstrated a creativity and an intelligence she had always possessed. Stephen Michael Shearer's in-depth and meticulously researched biography, written with the cooperation of Hedy's children, intimate friends, and colleagues, separates the truths from the rumors, the facts from the fables, about Hedy Lamarr, to reveal the life and character of one of classic Hollywood's most beautiful and remarkable women.

DRACULA IN VISUAL MEDIA

FILM, TELEVISION, COMIC BOOK AND ELECTRONIC GAME APPEARANCES, 1921-2010

McFarland This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

OBITUARY RECORD

THAT WINTER

Dufour Editions Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

BOSS RULE IN SOUTH TEXAS

THE PROGRESSIVE ERA

University of Texas Press **Four men played leading roles in the political drama that unfolded in South Texas during the first decades of this century:** • James B. Wells, who ruled as boss of Cameron County and served as leading conservative spokesman of the Democratic Party in Texas; • Archer (Archie) Parr, whose ruthless tactics and misuse of public funds in Duval County established him as one of the most notoriously corrupt politicians in Texas history; • Manuel Guerra, Mexican American rancher and merchant whose domination of Starr County mirrored the rule of his Anglo counterparts in the border region; • John Nance Garner, who served the interests of these bosses of South Texas as he set forth on the road that would lead him to the United States vice-presidency. **Evan Anders' Boss Rule in South Texas** tells the story of these men and the county rings they shaped in South Texas during the Progressive Era. Power was the byword of the bosses of the Lower Rio Grande Valley, and Anders explores the sources of that power. These politicians did not shirk from using corrupt and even violent means to attain their goals, but Anders demonstrates that their keen sensitivity to the needs of their diverse constituency was key to

their long-term success. Patronage and other political services were their lifeblood, and the allies gained by these ranged from developers and businessmen to ranchers and Mexican Americans, wealthy and poor. Besides examining the workings of the Democratic machines of four South Texas counties, Anders explores the role of the Hispanic populace in shaping the politics of the border region, the economic development of the Lower Rio Grande Valley and its political repercussions, the emergence and nature of progressive movements at both local and state levels, and the part played by the Texas Rangers in supporting bossism in South Texas.

OXFORD AND THE EVANGELICAL SUCCESSION

Christian Focus These are the stories of five key ministers of the 18th and 19th centuries who changed the whole spirit of the Church of England - and whose influence is still seen today. People today are frantically searching for security and are increasingly not finding it in a material philosophy where other people dictate to us. A church that hopes to transform this society needs to look to those who were enabled to perform the same task in a similar era. Each one of these men was associated with Oxford whilst proving their mettle as spiritual leaders. Each one kept alive and added to the passionate flame of a remarkable line of influential church leaders. No lesser authority than J. C. Ryle placed George Whitefield (1714-1770) as the foremost Christian leader of the 18th century. He, in turn, passed the torch to John Newton (1725-1807). Newton was as a spiritual father to Thomas Scott (1747-1821) and Richard Cecil (1748-1810) and they in turn were the spiritual guides to Daniel Wilson (1778-1858). Wilson launched a missionary emphasis still seen today in Oxford churches. What this book helps us understand is that the situation that prevailed when these men influenced their society is similar to that of today. If we want to change the world then their stories could inspire us to do just that. Sir Marcus Loane has also written *Cambridge and the Evangelical Succession* (ISBN 987-1-84550-244-7).

CAMBRIDGE AND THE EVANGELICAL SUCCESSION

Christian Focus These are the stories of four key ministers of the 18th and 19th centuries who changed the whole spirit of the Church of England - and whose influence is still seen today. Each one of these men was associated with Cambridge University. William Grimshaw (1708-1763) Christ's College,

was a friend of John Wesley who was one of the first leaders of the 18th century revival. He frequently had 1200 worshippers at his church in Haworth (most outside the building!). Even the modern day Poet Laureate, Ted Hughes, felt his influence. John Berridge (1716-1793) Clare College was influenced by Grimshaw and became known as the 'Pedlar of the Gospel' after refusing to obey his Bishop who said he should NOT be preaching to the people in the fields. Henry Venn (1725-1797) Queen's College was also a leader in the Evangelical Revival and the 'spiritual father' of the Clapham Sect of Social reformers, which included William Wilberforce's campaign against slavery. He was also the mentor to Charles Simeon* (1759-1836) Kings College, a founder of the Church Missionary Society and a key consultant for the East India Company on their choice of chaplains, one of whom was his curate. Sir Marcus Loane has also written Oxford and the Evangelical Succession (ISBN 978-1-84550-245-4).

INSIDE THE SPACE SHIPS

Pickle Partners Publishing What has happened to George Adamski since he wrote the famous incidents in *Flying Saucers Have Landed*? Since the memorable November 20, 1952, when he first made personal contact with a man from another world? Since December 13, 1952 when he was able to make photographs within 100 feet of the same saucer that had brought his original visitor? *Inside The Space Ships* is Adamski's own story of what has happened to him since then. It begins with his first meeting, a few months later, with a second man from another world—his first meeting with one who speaks to him. This second visitor brings him to a Venusian Scout (flying saucer) and this, in turn, brings him to a mother ship. Later he is conveyed in both a Saturnian Scout and a Saturnian mother ship. Adamski tells us what transpires in these space craft and what the men and women from other worlds have told him. Adamski's photographs of flying saucers, originally published in *Flying Saucers Have Landed*, have since become world-famous as other witnesses in other parts of the world have succeeded in taking photographs identical with his. Now, however, in *Inside The Space Ships*, Adamski gives us 16 photographs and illustrations, no longer of Scouts (flying saucers) mostly, but of the great space ships from which they are launched. The main group of these photographs was taken in April, 1955, and neither the photographs nor a description of them has ever been published before.
