Barry Farm-Hillsdale in Anacostia: A Historic African American Community

Arcadia Publishing Barry Farm-Hillsdale was created under the auspices of the Freedmen's Bureau in 1867 in what was then the outskirts of the nation's capital. Residents built churches and schools, and the community became successful. In the 1940s, youth from the community courageously desegregated the Anacostia Pool, and Barry Farm Dwellings was built to house war workers. In the 1950s, community parents joined the fight to desegregate schools in Washington, D.C., as local leaders fought off plans to redevelop the area. Both the women and the youth of Barry Farm Dwellings, then public housing, were at the forefront of the fight to improve their lives and those of their neighbors in the 1960s, but community identity was being subsumed into the larger Anacostia neighborhood. Curator and historian Alcione M. Amos tells these little-remembered stories.

Frederick Douglass in Washington, D.C.
The Lion of Anacostia

Arcadia Publishing “Reconstruct[s] Douglass’s life in the nation’s capital, both at home and in the halls of power, in ways that no other biographer has done” (Leigh Fought, author of Women in the World of Frederick Douglass). The remarkable journey of Frederick Douglass from fugitive slave to famed orator and author is well recorded. Yet little has been written about Douglass’s final years in Washington, DC. Journalist John Muller explores how Douglass spent the last eighteen years of his life professionally and personally in his home, Cedar Hill, in Anacostia. The ever-active Douglass was involved in local politics, from aiding in the early formation of Howard University to editing a groundbreaking newspaper to serving as marshal of the District. During this time, his wife of forty-four years, Anna Murray, passed away, and eighteen months later, he married Helen Pitts, a white woman. Unapologetic for his controversial

marriage, Douglass continued his unabashed advocacy for the rights of African Americans and women and his belief in American exceptionalism. Through meticulous research, Muller has created a fresh and intimate portrait of Frederick Douglass of Anacostia. Includes photos! “Muller’s book connects Douglass to the city and neighborhood the way no other project has yet been able to . . . you’re able to re-imagine the man and re-consider the possibilities of the place he once lived.” —Martin Austeruhle, DCist
