THE FRENCH REVOLUTION

A HISTORY OF BATON ROUGE, 1699-1812

LSU Press On March 17, 1699, a group of French explorers under Pierre le Moyne, Sieur d'Iberville, were making their way up the Mississippi River from New Orleans when they spotted a red pole on a high bluff overlooking the river. The

pole marked the boundary between the hunting grounds of the Houma and the Bayagoula Indians, and the Frenchmen christened it le baton rouge. The name Baton Rouge has survived, despite several attempts to change it, and today it designates the capital of a state whose people, by 1812, had lived under four flags -- French, English, Spanish, and American. Despite its tiny size, the settlement at Baton Rouge was a strategic outpost on the Mississippi River, and a number of fierce contests were waged for its control. In fact, the only battle of the American Revolution fought in Louisiana took place at Baton Rouge in 1779. In *A History of Baton Rouge* Rose Meyers has gathered, evaluated, and set down the stories, legends, facts, and circumstances of the founding of Baton Rouge; its troubled history under the colonial governments of France, England, and Spain; and its eventual entry into the Union in 1812. Featured in the book are portraits of early civil and military leaders and maps dating back to the French colonial period.

THE SEINE WAS RED

PARIS, OCTOBER 1961

Toward the end of the Algerian war, the FLN, an Algerian nationalist party, organised a demonstration in Paris to oppose a curfew imposed upon Algerians in France. The protest was brutally suppressed by the Paris police. This incident provides an intimate look at the history of violence between France and Algeria.

STUDIO 3

'Studio 3' covers National Curriculum Levels 4-7. The magazine-style layout, with lots of photographs, makes every spread more engaging for pupils. Each unit has a grammar objective supported by activities and clear explanations. Includes support and preparation for pupils studying for FCSE.

THE RED BALLOON

Doubleday Books for Young Readers A small boy follows a red balloon as it drifts around Paris - sometimes just out of reach.

THE BLACK BOOK OF COMMUNISM

CRIMES, TERROR, REPRESSION

Harvard University Press Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

FRENCH IMMIGRANTS AND PIONEERS IN THE MAKING OF AMERICA

McFarland Americans have long had a rich if complicated relationship with France. They adore all things French, especially food and fashion. They visit the country and learn the language. Historically, Americans have also been quick to blame France at certain times of international crisis, and find fault with their handling of domestic issues. Despite ups and downs, the friendship between the countries remains very strong. The author explains the strength of Franco-American relations lies in the diplomatic ties that extend back to the founding of the United States, but more importantly, in the French DNA that is imprinted on American culture. The French were the first Europeans to settle the regions now known as Florida, Illinois, Minnesota, Iowa, Wisconsin, Missouri, Kansas and Arkansas--and Frenchman remained in Louisiana after the land was purchased by the United States. This book explores the effects that France has had on American culture, and why modern Americans of French descent are so fascinated by their ancestry.

FRENCH GRAMMAR DRILLS

McGraw Hill Professional Sharpen your French grammar with skill-building exercises If you want to be proficient in French, you eventually have to clear the bothersome hurdle of grammar. THE TIMES REGISTER OF EVENTS IN ...

QUEBEC 1759

THE BATTLE THAT WON CANADA

Bloomsbury Publishing What a scene!' wrote Horace Walpole. 'An army in the night dragging itself up a precipice by stumps of trees to assault a town and attack an enemy strongly entrenched and double in numbers!' In one short sharp exchange of fire Major-General James Wolfe's men tumbled the Marquis de Montcalm's French army into bloody ruin. Sir John Fortescue famously described it as the 'most perfect volley ever fired on a battlefield'. In this book Stuart Reid details how one of the British Army's consummate professionals literally beat the King's enemies before breakfast and in so doing decided the fate of a continent.

SOPHIE'S WORLD

A NOVEL ABOUT THE HISTORY OF PHILOSOPHY

Farrar, Straus and Giroux One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

AN INTRODUCTION TO LANGUAGE AND LINGUISTICS

Cambridge University Press This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full

coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.

EXPLORING THE INVISIBLE

ART, SCIENCE, AND THE SPIRITUAL - SECOND EDITION

Princeton University Press This sumptuous and stunningly illustrated book shows through words and images how directly, profoundly, and indisputably modern science has transformed modern art. Beginning in the mid-nineteenth century, a strange and exciting new world came into focus--a world of microorganisms in myriad shapes and colors, prehistoric fossils, bizarre undersea creatures, spectrums of light and sound, molecules of water, and atomic particles. Exploring the Invisible reveals that the world beyond the naked eye--made visible by advances in science--has been a major inspiration for artists ever since, influencing the subjects they choose as well as their techniques and modes of representation. Lynn Gamwell traces the evolution of abstract art through several waves, beginning with Romanticism. She shows how new windows into telescopic and microscopic realms--combined with the growing explanatory importance of mathematics and new definitions of beauty derived from science--broadly and profoundly influenced Western art. Art increasingly reflected our more complex understanding of reality through increasing abstraction. For example, a German physiologist's famous demonstration that color is not in the world but in the mind influenced Monet's revolutionary painting with light. As the first wave of enthusiasm for science crested, abstract art emerged in Brussels and Munich. By 1914, it could be found from Moscow to Paris. Throughout the book are beautiful images from both science and art--some well known, others rare--that reveal the scientific sources mined by Impressionist and Symbolist painters, Art Nouveau sculptors and architects, Cubists, and other nineteenth- and twentieth-century artists. With a foreword by astronomer Neil deGrasse Tyson, Exploring the Invisible appears in an age when both artists and scientists are exploring the deepest meanings of life, consciousness, and the universe.

But you can also use this book along with the four hours of recordings included in the Living Language Complete French: The Basics compact disc package, which also includes a handy learner's dictionary. This comprehensive coursebook includes: •40 step-by-step lessons •Practical vocabulary and authentic everyday usage •Simple explanations and plenty of examples •Supplemental sections, including e-mail and internet resources •A comprehensive grammar reference section

THE CAMBRIDGE COMPANION TO MEDIEVAL WOMEN'S WRITING

Cambridge University Press The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of

Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.

CHILDREN OF CAMBODIA'S KILLING FIELDS

MEMOIRS BY SURVIVORS

Yale University Press Publisher Fact Sheet This extraordinary collection of eyewitness accounts by Cambodian survivors of Pol Pot's genocidal Khmer Rouge regime in the 1970s offers searing testimony to an era of brutality, brainwashing, betrayals, starvation, & gruesome executions.

DESIRING THE KINGDOM (CULTURAL LITURGIES)

WORSHIP, WORLDVIEW, AND CULTURAL FORMATION

Baker Academic Malls, stadiums, and universities are actually liturgical structures that influence and shape our thoughts and affections. Humans--as Augustine noted--are "desiring agents," full of longings and passions; in brief, we are what we love. James K. A. Smith focuses on the themes of liturgy and desire in *Desiring the Kingdom*, the first book in what will be a three-volume set on the theology of culture. He redirects our yearnings to focus on the greatest good: God. Ultimately, Smith seeks to re-vision education through the process and practice of worship. Students of philosophy, theology, worldview, and culture will welcome *Desiring the Kingdom*, as will those involved in ministry and other interested readers.

THE THREAT OF PANDEMIC INFLUENZA

ARE WE READY? WORKSHOP SUMMARY

National Academies Press Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other

countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

A GENTLEMAN IN MOSCOW

A NOVEL

Penguin The mega-bestseller with more than 2 million readers, soon to be a Showtime/Paramount series starring Ewan McGregor as Count Alexander Rostov From the #1 New York Times-bestselling author of The Lincoln Highway and Rules of Civility, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

POP-UP CARDS

OVER 50 DESIGNS FOR CARDS THAT FOLD, FLAP, SPIN, AND SLIDE

Shambhala Publications A card is an even more special gift when it's made by hand, and the cards in this book make the giving even more fun through designs that pop up, move, and spin. The charm and whimsy of these cards will elevate any occasion. From children's birthday cards with wheels that spin to get-well wishes revealed with the pull of a tab and gift boxes that magically take shape when the card is opened, the cards in this book are sure to please. With

over fifty designs for a range of occasions—from birthdays, baby announcements, and get-well wishes to Easter, Halloween, and Christmas—there’s sure to be something for everyone in this book. Each project is presented through beautifully styled photographs, clear step-by-step instructions, detailed diagrams, and templates. Even those new to working with paper will be able to make the whimsical and elegant designs in this book. Make the cards in this book and give your friends and family a keepsake they will treasure.

THE IMMORALIST

Vintage First published in 1902 and immediately assailed for its themes of omnisexual abandon and perverse aestheticism, *The Immoralist* is the novel that launced André Gide's reputation as one of France's most audacious literary stylists, a groundbreaking work that opens the door onto a universe of unfettered impulse whose possibilities still seem exhilarating and shocking. Gide's protagonist is the frail, scholarly Michel, who shortly after his wedding nearly dies of tuberculosis. He recovers only through the ministrations of his wife, Marceline, and his sudden, ruthless determination to live a life unencumbered by God or values. What ensues is a wild flight into the realm of the senses that culminates in a remote outpost in the Sahara--where Michel's hunger for new experiences at any cost bears lethal consequences. *The Immoralist* is a book with the power of an erotic fever dream--lush, prophetic, and eerily seductive.

OUTLIERS

THE STORY OF SUCCESS

Penguin UK From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software

billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. Outliers will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer 'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

THE ADULT LEARNER

THE DEFINITIVE CLASSIC IN ADULT EDUCATION AND HUMAN RESOURCE DEVELOPMENT

Routledge How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of The Adult Learner has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of The Adult Learner will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

THE LIFE OF NAPOLEON

MUSLIMS AND CITIZENS

ISLAM, POLITICS, AND THE FRENCH REVOLUTION

Yale University Press A groundbreaking study of the role of Muslims in eighteenth-century France “This elegant, braided history of Muslims and French citizenship is urgently needed. It will be a ‘must read’ for students of the French Revolution and anyone interested in modern France.”— Carla Hesse, University of California, Berkeley From the beginning, French revolutionaries imagined their transformation as a universal one that must include Muslims, Europe’s most immediate neighbors. They believed in a world in which Muslims could and would be French citizens, but they disagreed violently about how to implement their visions of universalism and accommodate religious and social difference. Muslims, too, saw an opportunity, particularly as European powers turned against the new French Republic, leaving the Muslim polities of the Middle East and North Africa as France’s only friends in the region. In *Muslims and Citizens*, Coller examines how Muslims came to participate in the political struggles of the revolution and how revolutionaries used Muslims in France and beyond as a test case for their ideals. In his final chapter, Coller reveals how the French Revolution’s fascination with the Muslim world paved the way to Napoleon’s disastrous invasion of Egypt in 1798.

¡AVANCEMOS!

Transports students beyond the classroom on an exciting journey through the diverse Spanish-speaking world. The perfect blend of culture, instruction and interaction enables and motivates students to succeed. Units are built around countries and cities. Relevant instruction is based on multi-tiered differentiation in presentation, practice, and assessments.
