Collecting Gadgets & Games from the 1950s-90s

Pen and Sword A nostalgic celebration of collectible treasures through the decades. Daniel Blythe takes a trip down memory lane with his first book for Remember When, focusing on toys, games, and gadgets from our youth; from Simon to the ZX Spectrum, from the Walkman to the boom box, from the Batmobile to James Bond's Aston Martin and the TARDIS. From gadgets everyone had to those they desired to own, this is the book on big boys' toys and their value. Whilst firms such as Sony focus on toys of the future, the latest Playstations and XBoxes, the author looks at the forgotten gadgets, the early MP3 players and radio sets and shows how to turn them into ready-money or future collectibles. He also reveals what makes a future collectible and discovers which action heroes are better than others when it comes to the collectibles world.

Digital versus Non-Digital Reference

Ask a Librarian Online and Offline

[Routledge](#) Compare and contrast library reference models and more consumer-oriented models! *Digital versus Non-Digital Reference: Ask A Librarian Online and Offline* analyzes the quality of commercial Ask A Librarian (AskA) and tutorial services and how they compare to traditional library services. Edited by Jessamyn West—proprietor of librarian.net and the "hippest ex-librarian on the Web" according to Wired magazine—the book looks at library models and more consumer-oriented models, examining a variety of services that range from Ask Jeeves® and Google Answers™ to your own reference desk and Web e-mail reference forms. Academic librarians and information specialists share their experiences—good and bad—in starting, assessing, or ending AskA services and in working with collaborative reference tools and outsourcing reference services, and discuss the highs and lows of dealing with individual online services. *Digital versus Non-Digital Reference: Ask A Librarian Online and Offline* chronicles the experiences and interactions of librarians with digital reference, including case studies, how-to guides, and philosophical essays. The book's contributors discuss their concerns about using the Internet as not only a reference tool but as a reference medium that most libraries find inevitable to some degree. Topics include the political ramifications of offsite or outsourced reference, the truth behind the assertion that "it's all available online," cultural and/or language barriers to text-based reference services, and patrons' experiences with reference tools, from a librarian's perspective. *Digital versus Non-Digital Reference: Ask A Librarian Online and Offline* addresses: policy, staffing and technology for telephone reference services e-mail reference in public libraries the University of Michigan's Internet Public Library archivists and remote users in the digital age success and failure with commercial AskA programs the history of Q and A NJ, New Jersey's virtual reference service multilingual chat reference systems the ongoing debate over the value of digital reference the case for nonintrusive reference *Digital versus Non-Digital Reference: Ask A Librarian Online and Offline* is an invaluable resource for practitioners and academics on the appropriate assessment, technologies, and methods for successfully creating and operating human-mediated, Internet-based information services.

Jeopardy! and Philosophy

What is Knowledge in the Form of a Question?

[Open Court](#) Since its debut in 1964, *Jeopardy!* has been one of America's favorite and longest-running daytime quiz shows. It turns the question-answer format of traditional quiz shows on its head and requires contestants to pose correct questions to answers in selected categories. While mining information and facts from Alchemy to Zoology, *Jeopardy!* is a uniquely intellectual, erudite, and challenging daytime television program. Far beyond entertaining its fans with nail-biting contests of knowledge, memory, and speed, it all but requires them to participate. Few people watch *Jeopardy!* without pressing an invisible button and blurting out questions to their TV screen. Because of this personal and intellectual investment, most *Jeopardy!* fans are devout. Watching the show is valued as a daily ritual in which genuine intellectual skill and encyclopedic knowledge (as opposed to thin Hollywood depictions such as those in *Big Bang Theory* or *Rain Man*) are not only respected and placed in the spotlight, but also rewarded with national prestige and prize winnings. Champion Ken Jennings (who contributes to this volume) has won over three million dollars and remained champion seventy-four times. For those who embrace *Jeopardy!* as an intellectual oasis in the arid desert of popular culture, it is the geeks who shall inherit the earth. *Jeopardy!*'s celebration of intellect and forward-thinking is well recognized throughout popular culture and among all age groups. Ken Jennings, Chuck Forrest, and other all-time champions are near celebrities, while the show itself regularly reaches out through special tournaments to different segments of American culture, such as actors and musicians (*Celebrity Jeopardy!*), high-school and college students (*Teen Tournament* and *College Championship Jeopardy!*) and senior citizens (*Senior Tournament Jeopardy!*). Still, despite its widespread respect and, some might complain, smug self-respect, neither the show nor its fans take themselves too seriously. Jokes about host Alex Trebek's hair and famous parodies of *Jeopardy!* on *Saturday Night Live* are as familiar as *Weird Al Yankovic's* MTV-mainstay "I Lost on *Jeopardy!*" (to the tune of "Our Love's in *Jeopardy!*"): Don't know what I was thinkin' of, I guess I just wasn't too bright. Well, I sure hope I do better Next weekend on *The Price Is Right*.

One Thousand Questions and Answers on Jewels of Knowledge and Trivia

[Xlibris Corporation](#) The following are questions on important subjects intended to help people use their memory in order to retrieve information on subjects they know such as History, Geography, Religion, Science and more trivia and curiosity questions will also be included. This project will be divided into ten chapters with 100 questions for each chapter. The questions represent the first part of the book. The second part of the book includes the answers. Unlike in the *Jeopardy Show*, which is designed for a new champions, this project is for everyone. No one is required to gamble or play for money. No one is required to pull hair in order to find answers which may not always be so important or indispensable for everyone in real life. It is intended to entertain and to enrich knowledge. Some questions may pertain to one or more subjects or chapters. For example, questions on the Patriarch Abraham, could be found in the chapter on ancient history as well as in the chapter on the Bible. Questions on quotes may pertain to ancient history and scriptures as well as in contemporary writers/scientists. The questions and statements given here are of public domain and are not questions or statements uniquely or specifically made by any educational institution. However, credit is given when due. The answers will be given at the end of the book, so people can use their memory and knowledge before they look for the answer. The author has consulted and researched dozens of books and hundreds of internet sources as written in his bibliography. Some of the answers may be found in books he had previously published, namely *The Bible*, *The Power of the Word* (and in between the lines); *The Quran and Biblical Origins*; *One Family, Four Cultures and Four Continents*;

Whose God is it Anyway?; Love and Romance in the Bible. Those books can be viewed at the following sites: www.amazon.com, www.asherauthor.com, www.xlibris.com and www.lulu.com (click on authors name) The purpose of this work is to have people enjoy daily a few moments of fun. The contents are not in any chronological order. This is not a fiction or drama book that needs to be finished at the end of the day. This will not only be fun to test ones knowledge, but also an excellent tool to sharpen and refresh the mind on different fields of knowledge. In sum, is it important to state that rediscovering old and new facts and data can lead to a certain happiness and personal satisfaction. Knowledge on diverse subjects can help in achieving better self-confidence and self-expression and, overall, a better quality of life for all people. This project has something for everyone. The questions and answers will undoubtedly satisfy readers of all walks of life and of most age groups. Facts, data and world events become so complex that this project. Finally, this project has been inspired by personal experience as it is explained at the end of this book under the title References and Bibliography.

Brainiac

Adventures in the Curious, Competitive, Compulsive World of Trivia Buffs

[Villard](#) **NATIONAL BESTSELLER** • A witty, charming, and engaging dive into trivia's colorful history, from America's highest-earning game show contestant of all time "Insightful, informative, and written with a strong dose of humor and humility. . . . I loved this book."—Will Shortz, crossword editor, The New York Times Ken Jennings is trivia's undisputed king—and as he traces his rise from anonymous computer programmer to nerd folk icon, he explores his newly conquered kingdom: the world of trivia itself. Trivia, he has found, is centuries older than his childhood obsession with it. Whisking us from the coffeehouses of seventeenth-century London to the Internet age, Jennings chronicles the ups and downs of the trivia fad: the quiz book explosion of the Jazz Age; the rise, fall, and rise again of TV quiz shows; the nostalgic campus trivia of the 1960s; and the 1980s, when Trivial Pursuit® again made it fashionable to be a know-it-all. Jennings also investigates the shadowy demimonde of today's trivia subculture, guiding us on a tour of trivia across America. He goes head-to-head with the blowhards and diehards of the college quiz-bowl circuit, the slightly soused faithful of the Boston pub trivia scene, and the raucous participants in the annual Q&A marathon in Stevens Point, Wisconsin, "The World's Largest Trivia Contest." And, of course, he takes us behind the scenes of his improbable 75-game run on Jeopardy! But above all, Brainiac is a love letter to the useless fact. (Who knew that there's a crater on Venus named after Laura Ingalls Wilder? Ken Jennings, that's who.) Engaging and erudite, Brainiac is an irresistible celebration of nostalgia, curiosity, and geeky obsession—in a word, trivia.

Baseball Players of the 1950s

A Biographical Dictionary of All 1,560 Major Leaguers

[McFarland](#) The playing and post-playing careers of all 1,560 players who appeared in a major league box score between 1950 and 1959—the "golden age," many say—are profiled in this exhaustive work. From Aaron to Zverink: this treasure-trove of anecdotes, many gathered from personal interviews, is full of historical facts, controversy, and trivia. Readers will be reminded, that Milwaukee Braves pitcher Humberto Robinson was asked by a gambler to fix a game against the Phillies (he refused), Joe Adcock chased Giants pitcher Ruben Gomez around the field with a bat, Bob Turley reached the top of the corporate ladder after his playing days, Casey Wise became an orthodontist, Bobby Brown became a heart surgeon and president of the AL, and that Chuck Connors became an actor. All of this and much more can be found here.

It analyses the minutiae of the moment when people actively appropriate media for their own purposes in different fashions.

Let The Music Play: New Notes For Trivia

[BookLocker.com](#) This book describes a new and exciting variant of trivia games. Rather than just having a mundane question and answer session, this book will introduce you to multi-dimensional "techno-trivia". This technique uses your smart phone, music and blue tooth technology to give musical clues that may help the audience to achieve the correct trivia answer in a more exciting way. This approach can help both the novice and more experienced, and often brilliant, trivia aficionado. Using this system, the question is asked and while everyone contemplates the answer, a song is played. The song's title, the song's artist and even the song's lyrics can be clues leading to the answer. If you don't immediately know the answer, this analysis of the song can help. This produces a multichannel approach that is more complex and entertaining than the commonplace and more ordinary contest. This "techno-trivia" can be played by large groups, small groups, and even individuals. It is a more perfect game that can be played anytime, for example: during a beach trip paralyzed by rain, dinner parties with your friends, or during any future 'lock-down' of society!

Cold War Journalism

Between Cold Reception and Common Ground

Springer Nature This book explores Cold War journalism and journalists as threat, representing 'enemy' systems and ideologies. The book also examines Cold War aspirations of forging transnational journalistic connections across the Iron Curtain as well as finding common journalistic ground within the East and West blocs. The book shines a critical light on overly idealistic visions for that journalistic common ground, drawing on primary archival source material to investigate journalists and reporting work, journalistic content and journalistic venues during the Cold War era. This is not a book about traditional war correspondence - rather, it is about the rhetorical battles and the ideological fronts that have shaped and continue to shape our world. By fully understanding how journalism and journalists have intersected with hostile barriers and divisions in the past, we can have a more nuanced understanding of the current global media environment.

Truth and Consequences

Game Shows in Fiction and Film

[Univ. Press of Mississippi](#) Although nearly every other television form or genre has undergone a massive critical and popular reassessment or resurgence in the past twenty years, the game show's reputation has remained both remarkably stagnant and remarkably low. Scholarship on game shows concerns itself primarily with the history and aesthetics of the form, and few works assess the influence the format has had on American society or how the aesthetics and rhythms of contemporary life model themselves on the aesthetics and rhythms of game shows. In *Truth and Consequences: Game Shows in Fiction and Film*, author Mike Miley seeks to broaden the conversation about game shows by studying how they are represented in fiction and film. Writers and filmmakers find the game show to be the ideal metaphor for life in a media-saturated era, from selfhood to love to family to state power. The book is divided into "rounds," each chapter looking at different themes that books and movies explore via the game show. By studying over two dozen works of fiction and film—bestsellers, blockbusters, disasters, modern legends, forgotten gems, award winners, self-published curios, and everything in between—*Truth and Consequences* argues that game shows offer a deeper understanding of modern-day America, a land of high-stakes spectacle where a game-show host can become president of the United States.
