Trafford Publishing A hilarious documented account of a three-year journey through Hollywood, promoting the modern day Michelangelo to the elusive celebrity, in the cultural vacuum known to the outside world as LA.

Saved by a Vampire

Stacy Claflin **Vampires. Witches. Werewolves. Betrayal.** Ziamara nearly died, but a distantly-related vampire put a stop to that. After training to live safely among humans, she returns to her hometown of Delphic Cove to settle into her afterlife. Things are as normal as can be, until a pack of werewolves try to tear her limb from limb. She survives the assault but returns home to find her house destroyed. Her grandmother is missing, and the only ones who can help her are the very werewolves who threatened her afterlife! Neither Ziamara nor the wolves are excited to work together, but one member of the pack has caught her eye. At a time when the new vampire needs to focus, the only thing she can think about is him. When Ziamara and the pack get closer to the truth about her grandmother's disappearance, they find something more ancient, powerful, and deadly than they ever imagined... *Saved by a Vampire* is a standalone novel in the Transformed saga, a series of young adult paranormal romance novels. If you like feisty vampires, enchanting werewolves, dystopian post-war settings, and pulse-pounding thrillers, then you'll love Stacy Claflin's latest twist on the typical vampire and werewolf tale.

Spectras Arise Omnibus: Box Set

Tammy Salyer **A SOLDIER'S CONTRACT NEVER TERMINATES.** In a few hundred years, the Algol system becomes humanity's new home. The question is: Is it a better one? **CONTRACT OF DEFIANCE, CONTRACT OF BETRAYAL, and CONTRACT OF WAR** follow former Corpsmember Aly Erikson and her crew of anti-Admin smugglers through ever-escalating life-and-death adventures and the trials of a living on the side of liberty and freedom—whether they agree with the law or not. Most are no strangers to fighting and dissent, but more than anything, they want to spend their lives flying under the radar without control or interference from the system's central government, The Political and Capital Administration of the Advanced Worlds, aka, the Admin. But the Admin's greed-drenched dualism of power and corruption has other plans, and throughout the series, Aly and her crew are reminded of one lesson time and again: when all other options run out, never let go of your gun. **INCLUDES BONUS PREQUEL NOVELLA: CONVICTION TRUSTING OTHERS IS YOUR FIRST MISTAKE.** If Tech Sergeant Erikson plans to survive another day, she'll have to give up everything: her identity, her rank, her beloved Corps, and most of all, her so-called honor. Haunted by the ghosts of outclassed and outgunned rebels her squad was ordered to eliminate, Erikson struggles to maintain her military bearing—until even that is ripped away in an act of domestic terrorism that sends her on the run on a hostile planet. Her turn to be outclassed and outgunned, under attack from the scavengers who plague the system, and out of options, she and two more Corps survivors must find a way to trust each other or their chances for survival are less than zero. And for one of them, chances can be improved with one simple act: betrayal. In this prequel to the popular Spectras Arise Trilogy, readers get an intimate look into the events that led Aly and David Erikson on their path from decorated and dedicated soldiers to black-market arms smugglers, and ultimately, to rebels against the Political and Capital Administration of the Advanced Worlds. What people saying about the Spectras Arise Series "A fast-paced and fun sci-fi space adventure with a great protagonist... starts with a running gun fight and doesn't let up until the explosive conclusion." "Top Notch SciFi Read!" "I'm torn between wanting to savor every exciting moment of this gorgeously written series or binge-read to find out what happens next." "Thrilling, Roller-Coaster Ride of Military Sci-Fi Adventure" "Contains the kind of action that makes it hard to turn off the light and go to sleep."

The Wrong Answer Faster

The Inside Story of Making the Machine that Trades Trillions

John Wiley & Sons The fascinating story behind the machines that trade trillions of dollars every day "A Bildungsroman, one jacket blurb calls this book—and sure, it's a traditional coming-of-age tale. But the story itself is anything but conventional. The pleasures of the book lie in the story of their bumpy path to success." Canadian Business In 1968, Michael Goodkin is about to graduate from Columbia University. While his classmates interview for jobs, he daydreams of seeing the world as a man of independent means. Noticing that there are no computers on Wall Street and drawing on his experiences as a failed teenage investor and successful gambler, he has an epiphany: since no one knows the right price for anything, the only way to beat the market is to make a computer that comes up with the wrong answer faster than the professionals. And thus begins a journey that takes this provincial Midwesterner from nearly broke to opulent Park Avenue. *The Wrong Answer Faster* is the story of unintended consequences: how a technique originally created to minimize market risk spiraled into a multi-trillion dollar game with unparalleled risks. Having founded and sold a firm that changed the world, Goodkin left New York to travel and play backgammon—only to return to found another groundbreaking firm, Numerix, a software company that substituted computational physics for econometrics to better manage derivative risk. The story of the computerization of Wall Street by the man at the helm Packed with keen insights, based almost entirely on poker, backgammon and game theory Goodkin's unique insight to the markets is that everyone has the wrong answers The solution is not to try to beat the market but to come up with the wrong answers faster The epic tale of the untold story how one man with a great idea decided not to play the market but to revolutionize the financial world for generations to come by creating the most ground breaking tool for market players since the ticker tape.

The Answer?

Edwards In December of 1972, the crew of Apollo 17 rose up from the cold and lonely surface of the moon, leaving behind the dream and legacy of mankind's apparent destiny of breaching the final frontier of manned space exploration. It was an abrupt end to what seemed to be a new period in the evolution of our species. In all the time that has passed, neither America nor any other country has dared to forge a path back to the moon or beyond. Why? Why is it we are perfectly content to remain trapped here to the confines of redundant orbits and experiments around our own planet, when we have the means to journey ever outward and accomplish so much more? It is a question we have all asked at one time or another in our lives, either silently or aloud, and the answer given is never the one that satisfies. Suspicion always lingers. *The Answer?* provides an end to that suspicion, giving us insight into a black ops mission to the moon in April of 1973 after NASA astronomer Dr. Harry Sheldon and his daughter, Angelica, witnessed the apparent crash of an alien spacecraft on the moon from their observatory in Colorado. News of this incident explodes through the ranks of the Air Force, NASA and even the CIA as a plan quickly forms to beat the Soviets to the moon in an effort to secure whatever evidence and alien technology might exist in its wake. What follows next is the gathering of heroes in the form of three reserve Apollo astronauts and a secret launch from a Caribbean USAF facility to the far side of the moon, all orchestrated by CIA Special Agent-in-Charge Mary Ellen Coley. It is there that astronauts Hollanbach and Reese encounter much more than anyone could anticipate...from the discovery of the craft and what appears to be the amassing of an interstellar army set to invade our planet, the sacrifice one man must make on the moon to keep his crewmate and the mission alive, to Agent Coley's mounting of a daring rescue attempt alongside unsuspecting allies to leave no man behind in this tale of suspense, action, romance, and even more secrets that will finally quell the rumors and suspicions of why no one has ever gone back and provide the world with an answer to the question of the moon once and for all.

The Montes' Tale

Dog Ear Publishing A story of Monte, a tiny squirrel monkey, and his friend Jack are captured by men involved in the illegal selling of endangered species on the black market. The pair escape their captors at the destination on Catalina Island. Evading re-capture, they travel from Avalon to the backside of the island, stumbling into the center of a Ceremonial Indian Gathering. Jack is re-taken prisoner by Joaquin, an evil medicine man who is the Keeper of the Badlands. Receiving a Warriors' blessing from the chief of the tribe, Montes' mission is to rescue Jack. Through the process of gaining the knowledge necessary to achieve this, Monte meets many others; those in the waters around and on Catalina Island, the children who were lost at sea that now inhabit Fantasy World, and some individuals living in San Pedro, California. The story progresses through Montes' escapades, including his face-off with Joaquin in the waters between Catalina and the Mainland. As a young boy, born and raised in San Pedro, California, the Port of Los Angeles, I was fascinated by the landmass of Catalina Island. A mere 26 miles from home, yet it wasn't until I was 26 that I finally arrived. Today I still live near water, but far from my beloved ocean. The ocean and Santa Catalina Island has always drawn me. After my visit, and several additional trips, my curiosity was more than satisfied. It gives me great pleasure to present the one-on one journey into the Montes' Tale."

Keeper of the Sacred Scroll

iUniverse The world is chaotic, especially if you're unfortunate enough to be born a Nouban, a member of an alien race that faces constant persecution while living on Earth. For Sapphira Jacobine Pham, called Jake, life is unusually cruel—she's tasked with finding the heir to her king's throne, and the only clue of finding this important heir is the sacred scroll she's supposed to guard. Once upon a time, Jake herself was the heir, but now she must find a replacement. Although she find hints of another possible person to take the throne, Jake keeps running into problems—whether it's her rivals or her brothers, she seems to be a trouble magnet. She's distracted further when a handsome, well-meaning male of another alien race called Eurans lands in Jake's lap in a situation that seems too good to be true. Of course, when things seem brightest, there's always someone who demands the light be put out. Now only time will tell whether Jake escapes danger long enough to bring about peace. In this fantasy novel, a young member of an alien race living among humans sets out on a mission to find the next heir to the throne of her people.

Programming Hive

"O'Reilly Media, Inc." Need to move a relational database application to Hadoop? This comprehensive guide introduces you to Apache Hive, Hadoop's data warehouse infrastructure. You'll quickly learn how to use Hive's SQL dialect—HiveQL—to summarize, query, and analyze large datasets stored in Hadoop's distributed filesystem. This example-driven guide shows you how to set up and configure Hive in your environment, provides a detailed overview of Hadoop and MapReduce, and demonstrates how Hive works within the Hadoop ecosystem. You'll also find real-world case studies that describe how companies have used Hive to solve unique problems involving petabytes of data. Use Hive to create, alter, and drop databases, tables, views, functions, and indexes Customize data formats and storage options, from files to external databases Load and extract data from tables—and use queries, grouping, filtering, joining, and other conventional query methods Gain best practices for creating user defined functions (UDFs) Learn Hive patterns you should use and anti-patterns you should avoid Integrate Hive with other data processing programs Use storage handlers for NoSQL databases and other datastores Learn the pros and cons of running Hive on Amazon's Elastic MapReduce

Cockpit Confidential

Everything You Need to Know About Air Travel: Questions, Answers, and Reflections

Sourcebooks, Inc. A New York Times bestseller For millions of people, travel by air is a confounding, uncomfortable, and even fearful experience. Patrick Smith, airline pilot and author of the popular website www.askthepilot.com, separates fact from fallacy and tells you everything you need to know: • How planes fly, and a revealing look at the men and women who fly them • Straight talk on turbulence, pilot training, and safety. • The real story on delays, congestion, and the dysfunction of the modern airport • The myths and misconceptions of cabin air and cockpit automation • Terrorism in perspective, and a provocative look at security • Airfares, seating woes, and the pitfalls of airline customer service • The colors and cultures of the airlines we love to hate COCKPIT CONFIDENTIAL covers not only the nuts and bolts of flying, but the grand theater of air travel, from airport architecture to inflight service to the excitement of travel abroad. It's a thoughtful, funny, at times deeply personal look into the strange and misunderstood world of commercial flying. "Patrick Smith is extraordinarily knowledgeable about modern aviation...the ideal seatmate, a companion, writer and explorer." —Boston Globe "Anyone remotely afraid of flying should read this book, as should anyone who appreciates good writing and great information." —The New York Times, on ASK THE PILOT.

Candy Ever After

Jo Raven "Candy, why is your bed so big?" "... to fit my two boyfriends when we snuggle together at night." Only that's my father asking, staring at the bed in question. Oops. So yeah. Unruly Jethro and cocky Joel are now officially my boyfriends. My Candy Boys. I moved in with them, and I expected things to be tense, awkward. I was wrong. This feels so right, and well, hot. These boys are SO hot. But with college starting, Jethro returning to work at the bookshop, and Joel planning to start his own business, everything's shifting. Not to forget the fact that Joel still hasn't confronted his parents about our relationship, that Jethro is still recovering from his dad's brutal attack, and that I feel insecure, well... Wait a sec. Insecure? Come on, Candy. That's BS. These boys love you. Yeah, I know. The boys and me, we're solid. However, doubt still lingers. I mean, Joel's parents hate each other. Jethro's dad killed his mom, for chrissakes—and my mom has acquired a sudden interest in sex toys and escort services. So I wonder if true love really exists. Love that doesn't fade over time. You know, the kind that withstands nightmares and bad jokes, unwashed dishes in the sink and lack of lube. Yeah, that happened. These boys own me. They're sweet, sexy and caring—but will they break my heart, or is this our happily ever after?

The Bridge To Caracas

Volume one of The King Trilogy

Stephen Douglass Jim Servito shatters the hopes and aspirations of star-crossed lovers, Mike King and Karen Taylor, while simultaneously engineering a grand theft ranking as one of the largest and most audacious in Canadian and U.S. history. Cynical and remorselessly ruthless, he possesses a brilliant criminal mind, has enormous contempt for the law, police, governments, and the system in which they function. He assumes rules are for fools, and takes sadistic pleasure in breaking them. Using The Peace Bridge as his fulcrum, he steals \$325,000,000 from the U.S. and Canadian governments, steals enormous quantities of gasoline by illegally installing valves in Golden National's Buffalo refinery, then murders everyone who can implicate him.

One Sinful Night

Zebra Books Scandals Are Forever At sixteen, Vivienne Montgomery was utterly unprepared for the scandal that erupted when Aidan Kavanaugh abruptly left Galway for London, abandoning Vivienne to her ruined reputation. Ten years later, Vivienne has a new life, far from those who know of her past--until she and Aidan are both invited to a weeklong house party. Aidan Kavanaugh never forgot the magical summer he and Vivienne shared, or the betrayal he felt on finding her in another man's arms. Since leaving Ireland, Aidan has embraced his duties as Earl of Whitlock, including impending marriage to a young lady who will be the perfect wife in every way but one: she is not Vivienne. . . Days and nights in close quarters quickly erode Vivienne and Aidan's reserve, leading to breathless trysts that are as passionate as they are dangerous. For others are determined to keep them apart. And if one week is not enough to undo ten years of mistrust, Vivienne will lose her reputation--and her heart--all over again. . . Praise for Kaitlin O'Riley and *Secrets of a Duchess* "A well-written, lively romance!" --Kat Martin, New York Times bestselling author "A talented author. . .O'Riley's plot twists add. . .freshness to the genre."--Romantic Times
