Beverly Osgood, Or, When the Great City is Awake

A Novel

Wake Up, City!

Little Bee Books In this beautifully illustrated picture book, one little girl and her father are on their way to school as the whole city wakes up around them! The gumdrop sun rises high in the cotton candy sky. A woman stretches. She starts to run. The city morning has begun! The city is still fast asleep when a young girl and her father leave the house. But slowly, little by little, light starts to creep up over the buildings, and the city starts to wake up. As they walk through the drowsy streets, a woman begins her morning jog, street sweepers clean up the roads, stores begin to open, and food deliveries are made to stores and restaurants. Join these two on their morning walk to school through the city in this beautifully illustrated picture book.

The Awakening Storm: A Graphic Novel (City of Dragons #1)

Scholastic Inc. Grace and her friends must protect a newly hatched dragon from mysterious evildoers. When Grace moves to Hong Kong with her mom and new stepdad, her biggest concern is making friends at her fancy new boarding school. But when a mysterious old woman gifts her a dragon egg during a field trip, Grace discovers that the wonderful stories of dragons she heard when she was a young girl might actually be real--especially when the egg hatches overnight. The dragon has immense powers that Grace has yet to understand. And that puts them both in danger from mysterious forces intent on abusing the dragon's power. And now it's up to Grace and her school friends to uncover the sinister plot threatening the entire city!

Good Morning, City

Farrar, Straus and Giroux (BYR) It's dark and quiet. The moon still glimmers in the sky. While the baker, the ferry boat captain, and the TV anchorman are busy at work, most people are cozily snuggled in bed. Then dawn's first light peeks through the tree branches. Wake up, city! There is much to be done in neighborhoods all across the metropolis. As the morning gets brighter, the city streets bustle with people ready to begin the day. **GOOD MORNING, CITY**, by morning news anchor Pat Kiernan, is sure to start the day off right.

Stay Awake

A Novel

[St. Martin's Press](#) A murder she doesn't remember committing. A killer she doesn't remember meeting. Megan Goldin's *Stay Awake* is an electrifying novel that proves memory can be deadly. Liv Reese wakes up in the back of a taxi with no idea where she is or how she got there. When she's dropped off at the door of her brownstone, a stranger answers—a stranger who claims to live in her apartment. She reaches for her phone to call for help, only to discover it's missing. In its place is a bloodstained knife. Her hands are covered in scribbled messages, like graffiti on her skin: **STAY AWAKE**. Two years ago, Liv was thriving as a successful writer for a trendy magazine. Now, she's lost and disoriented in a New York City that looks nothing like what she remembers. Catching a glimpse of the local news, she's horrified to see reports of a crime scene where the victim's blood has been used to scrawl a message across a window, similar to the message that's inked on her hands. What did she do last night? And why does she remember nothing from the past two years? Liv finds herself on the run for a crime she doesn't remember committing. But there's someone who does know exactly what she did, and they'll do anything to make her forget—permanently. A complex thriller that unfolds at a breakneck speed, *Stay Awake* will keep you up all night.

Horrid Tales of An Awaken Mind

[Babelcube Inc.](#) When the mind becomes thoughtless during the night, it's a sign that we are looking for something inexplicable to be around us. *Horrid Tales of an Awaken Mind* brings help for those who love thriller tales and stories that have a touch of mystery and horror in it. Read and surprise yourself with the most surprising and unique endings in each tale. Remember, you're still to be awoken, so open your mind. *Horrid Tales of an Awaken Mind* is a collection of tales by Donnezar Skedar A complete volume full of frightening stories to hold your attention down until the very end of each of them, where the horror dominates the paragraphs to make your mind imagine and create the most varied sorts of obscure elements. Those are tales that captivate not only for the author's creativity but also because it shows us that there will always be fear in the deepest places of our minds, beyond reasoning, no matter if it takes the shape of an animal, a ghost or even sometimes... death itself.

The Fourth Awakening

[Integration Press LLC](#) Penelope Drayton Spence made a choice years earlier, and picked marriage and family over a promising career as an investigative reporter. Now, divorced and with her children spread around the country, she is having second thoughts. A mysterious call from the Managing Editor of the Washington Post, offers her a second chance at big time journalism. He has a story so sensitive that the President of the United States personally asked the Post to leave it alone. With rumors of 30 top scientists missing and rich industrialist, Michael Walker, being held incommunicado in a prison typically used for terrorists, the story is too big to ignore. He quietly goes "off the grid" and turns to the only person he knows who is good enough to crack this story, his old college friend Penelope. The moment she picks up the phone her life is turned upside down and she soon finds herself traveling cross country with the most wanted man in America looking for information about the top secret "Hermes Project." On one level it is a straightforward suspense story with plenty of action, a healthy dose of humor and a pinch of sexual tension. On another it is a spiritual quest by a remarkable woman who meets an enlightened man the likes of which have never been seen in fiction before. Thanks to Michael Walker she gets a "do over" that allows her to go back and select the path not taken. Over the course of the story she gradually grows to understand Walker and the amazing spiritual powers he possesses. Penelope also becomes aware of the looming Fourth Awakening, and makes the chilling discovery that her reporting skills and ability to fight her personal demons may be the only thing that can save humanity.

Global Awakening

New Science and the 21st-Century Enlightenment

[Simon and Schuster](#) Shows how we must make deep changes to complete our paradigm shift from the old mechanistic worldview to the new organic worldview • Reveals the distinct stages of paradigm shifts through the ages, including the 18th-century Enlightenment and the critical stage of our current shift • Explains how the new organic worldview began with Goethe and Kant • Offers solutions for each of us to be able to realize and make the deep changes needed for global regeneration In *Global Awakening*, Michael Schacker shows that hidden within our global crises is a positive future for the planet. Sharing his 30 years of intensive research into the history of change as well as the evolution of consciousness and regenerative science, Schacker explains how our current shift from the old mechanistic worldview to a new organic worldview based on biological models follows the same pattern as other paradigm shifts across history, including the 18th-century Enlightenment and the American Revolution. He reveals the creative geniuses who have contributed to the birth of the organic worldview, beginning with Goethe, Kant, and Hahnemann. Exposing the scientific and social forces that drive paradigm shifts, he details the stages every paradigm shift progresses through: the early Enlightenment, the conservative backlash, the intensive phase, and the transformational phase leading to the Organic Shift. Explaining that we are currently in the throes of the paradigm flip, the critical last phase of our paradigm shift, Schacker shows how the mechanistic worldview is crumbling around us and nothing but a complete transformation in the way we think will keep us from the path of total self-destruction. Providing a map to overcome the allure of the simplistic mechanical model that has spawned countless unsustainable practices and problems--from global warming to intense economic disparities--the author offers concrete solutions showing how each of us can use our talents, skills, and time to make the deep changes needed for global regeneration.

The Awakening of Muslim Democracy

Religion, Modernity, and the State

Cambridge University Press **Why and how did Islam become such a political force in so many Muslim-majority countries? In this book, Jocelyne Cesari investigates the relationship between modernization, politics, and Islam in Muslim-majority countries such as Egypt, Iraq, Pakistan, Tunisia, and Turkey - countries that were founded by secular rulers and have since undergone secularized politics. Cesari argues that nation-building processes in these states have not created liberal democracies in the Western mold, but have instead spurred the politicization of Islam by turning it into a modern national ideology. Looking closely at examples of Islamic dominance in political modernization, this study provides a unique overview of the historical and political developments from the end of World War II to the Arab Spring that have made Islam the dominant force in the construction of the modern states, and discusses Islam's impact on emerging democracies in the contemporary Middle East.**
