**Houses in Victorian Novels A Semiotic Approach The Life and Opinions of Zacharias Lichter** *New York Review of Books* A new translation of the only novel by lauded Romanian literary critic Matei Călinescu An NYRB Classics Original Ugly, unkempt, a haunter of low dives who begs for a living and lives on the street, Zacharias Lichter exists for all that in a state of unlikely rapture. After being engulfed by a divine flame as a teenager, Zacharias has devoted his days to doing nothing at all—apart, that is, from composing the odd poem he immediately throws away and consorting with a handful of stray friends: Poldy, for example, the catatonic alcoholic whom Zacharias considers a brilliant philosopher, or another more vigorous barfly whose prolific output of pornographic verses has won him the nickname of the Poet. Zacharias is a kind of holy fool, but one whose foolery calls in question both social convention and conventional wisdom. He is as much skeptic as ecstatic, affirming above all the truth of perplexity. This of course is what makes him a permanent outrage to the powers that be, be they reactionary or revolutionary, and to all other self-appointed champions of morality who are blind to their own absurdity. The only thing that scares Zacharias is that all-purpose servant of conformity, the psychiatrist. This Romanian classic, originally published under the brutally dictatorial Ceaușescu regime, whose censors initially let it pass because they couldn't make head or tail of it, is as delicious and telling an assault on the modern world order as ever. **Petishism Pets and Their People in the Western World** The author discusses the neurotic cultism by an enormous number of American people whose obsessive love for their animal pets has become unhealthy. **The Napoleon of Notting Hill** Chesterton's first novel is set in London in 1984, eighty years in the future, where political indifference has swept over the land, and a new King jokingly decrees a revival of medieval heraldry throughout London. The ruse is taken seriously by the title character, Adam Wayne, who aims to fight to the finish to defend Notting Hill. At once humorous and absorbing, it is a fine example of Chesterton's first-rate storytelling. **Das Buch Paragranum Die Gründe Der Arznei: Philosophie + Astronomie + Alchimie, Der Dritte Grund Medicinae + Der Vierte Grund Der Arznei, Welcher Ist Wesenheit** Paracelsus (1493-1541), war ein Arzt, Alchemist, Astrologe, Mystiker, Laientheologe und Philosoph. Das Wissen und Wirken des Paracelsus gilt als überaus umfassend. Seine Heilungserfolge waren legendär, trugen ihm aber auch erbitterte Gegnerschaft durch etablierte Mediziner und Apotheker ein, zusätzlich verschärft durch die oft beißende Kritik seitens des Paracelsus an der vorherrschenden Lehrmeinung der Humoralpathologie nach Galen und der bloßen Bücherweisheit damaliger medizinischer Gelehrter. Paracelsus hinterließ zahlreiche deutschsprachige Aufzeichnungen und Bücher medizinischen, astrologischen, philosophischen und theologischen Inhalts, die größtenteils erst nach seinem Tod gedruckt wurden. Aus dem Buch: "Wenn nun der Mensch in seiner Zusammensetzung in jeder Hinsicht betrachtet werden soll, so wisset erstlich zu erkennen, wie ihr die corpora des Firmaments im Leibe des Mikrokosmos nach ihrer Statt verstehen sollt. Denn die astra im Leibe haben ihre Eigenschaft, Art, Wesen, Natur, Lauf. Stand, Teil gleich den äußeren, allein in der Form von jenen unterschieden, das ist: in der Substanz. Denn so wie es im Aether ist, so ist es im Mikrokosmos, und in der Natur sind beide ein Ding und ein Wesen." Inhalt: - Vorrede durch Doctorem Theophrastum - Der erste Traktat, von der Philosophia - Der zweite Traktat, von der Astronomia - Alchimia, der dritte Grund medicinae - Der vierte Grund der Arznei, welcher ist Wesenheit **Transfigured Autumn Selections from the German of George Trakl The Theological Review Kurt Hahn** *Springer Science & Business Media* Kurt Hahn had a huge influence on the fields of outdoor and experiential learning, adventure education and, not least, badge schemes (Gordonstoun, Moray, and County Badges; and Duke of Edinburgh Award) throughout the world. This book provides a detailed historical account, centred on Hahn and the movement which surrounded him, of the early development of adventure education up to 1944. This includes an examination of themes present throughout Hahn's educational endeavours. It looks at Hahn's founding of Salem School (Germany) in 1920 and then Gordonstoun School (Scotland) in 1934. At both of these fee-paying schools activities such as sailing and hill-walking, often through expeditions lasting more than one day, played a prominent role in the education of the students. At Gordonstoun Hahn expanded his educational ventures, through the use of badge schemes, to include young people from the surrounding district who were not students at his school. Hahn expanded his badge schemes, firstly across the county in which Gordonstoun was situated, Morayshire, and then across Britain. The Outward Bound Sea School was founded by Hahn and Lawrence Holt, a ship-owner, at Aberdovey (Wales) in October 1941. It was a training centre where students could go for four week courses and it followed the badge scheme syllabus. During this period Hahn's educational vision was one of those that influenced the Norwood Report and consequently the 1944 Education Act in terms of outdoor activities. This act provided the framework within which Outdoor Centres were set up by Local Education Authorities in the UK. This book looks at the various contexts, which came together through Hahn, and which help the reader understand his actions: German educational practice; Hahn's and Prince Max's (owner of Salem School) experiences of the First World War and its aftermath and the need to educate people to speak out and act upon their convictions; Hahn's and Prince Max's inclusive agenda; British educational practice; the Second World War; and Hahn's expansionist aims. Kurt Hahn was one of the field's greatest advocates and this book provides a detailed historical examination of his work and brings light to the complex tapestry of events which led to the rise and development of adventure education. **On Learning Golf A Valuable Guide to Better Golf** *Knopf* The War & Peace of golf. Since Homer first sang the wrath of Achilles and the ancient Sumerians set down their tales of Gilgamesh, warriors, soldiers, and fighters have fascinated us; they are a part of every culture, every literary tradition, every genre. All Quiet on the Western Front, From Here to Eternity, and The Red Badge of Courage have become part of our literary canon, taught in classrooms all around the country and the world. Our contributors make up an all-star lineup of award-winning and bestselling writers, representing a dozen different publishers and as many genres. We asked each of them for the same thing—a story about a warrior. Some chose to write in the genre they're best known for. Some decided to try something different. You will find warriors of every shape, size, and color in these pages, warriors from every epoch of human history, from yesterday and today and tomorrow, and from worlds that never were. Some of the stories will make you sad, some will make you laugh, and many will keep you on the edge of your seat." Something happened in the reign of the Emperor Constantine that transformed both politics and religion in Europe, and anyone who seeks to understand modern Christianity must analyze this transformation and its consequences. The reign of Constantine is remembered as the victory of Christianity over the Roman Empire; the subtitle of the book indicates a more ominous assessment: ""the triumph of ideology."" Through a careful analysis of the sources, Dr. Kee argues that Constantine was not in fact a Christian and that the sign in which he conquered was not the cross of Christ but a political symbol of his own making. However, that is only the beginning of the story. For Constantine, religion was part of an imperial strategy, and the second part of this book shows just what that strategy was. Here is the development which marks a transition to a further stage, the way in which by using Christianity for his own ends, Constantine transformed it into something completely different. Constantine, Dr. Kee argues, along with his biographer and panegyrist Eusebius, succeeded in replacing the norms of Christ and the early church with the norms of imperial ideology. Why it has been previously thought that Constantine was a Christian is not because what he believed was Christian, but because what he believed came to be called Christian. And that represents ""the triumph of ideology."" **The Golden Fool (The Tawny Man Trilogy, Book 2)** *HarperCollins UK* 'Fantasy as it ought to be written' George R.R. Martin The second book in Robin Hobb's thrilling fantasy series returns readers to the Six Duchies and the magical world of the Fitz and the Fool. **The Air He Breathes** I was warned about Tristan Cole. "Stay away from him," people said. "He's cruel." "He's cold." "He's damaged." It's easy to judge a man because of his past. To look at Tristan and see a monster. But I couldn't do that. I had to accept the wreckage that lived inside of him because it also lived inside of me. We were both empty. We were both looking for something else. Something more. We both wanted to put together the shattered pieces of our yesterdays. Then perhaps we could finally remember how to breathe. **Constantine History, Historiography and Legend** *Routledge* Constantine examines the reign of Constantine, the first Christian

emperor and the founder of Constantinople. From a variety of angles: historical, historiographical and mythical. The volume examines the circumstances of Constantine's reign and the historical problems surrounding them, the varied accounts of Constantine's life and the plethora of popular medieval legends surrounding the reign, to reveal the different visions and representations of the emperor from saint and patron of the Western church to imperial prototype. *Constantine: History, Historiography and Legend* presents a comprehensive and arresting study of this important and controversial emperor. **Early Christian Latin Literature Readings from the Ancient Texts** [Ares Pub](#) **Linguistic Survey of India**
