**New York's Bravest Knopf Books for Young Readers In the 1840s, there was a real vounteer firefighter named Mose Humphreys whose bravery was reknown throughout New York City. Plays about him began being performed on Broadway in 1848 and over the years his strength and heroics took on larger-than-life proportions, much like those of Paul Bunyan. Mary Pope Osborne has honed down the legends about him to a brief, dramatic, sometimes comical, but ultimately moving text of picture book length. Steve Johnson and Lou Fancher's stunning paintings capture this 8-foot-tall superhero rushing into burning buildings, saving babies and bankers, and wolfing down the feasts bestowed upon him by the grateful citizens of old New York-until the one big hotel fire after which he was never seen again. The author has included a historical note about the origins of this tall tale, and the book is dedicated to the 343 New York City firefighters who gave their lives to save others on September 11, 2001. Mary Pope Osborne included a longer, different version of this legend in her distinguished collection American Tall Tales. New York's Bravest Eight Decades of Photographs from the Daily News powerHouse Books A history of the New York City Fire Department from the 1920s to the tragedy of September 11, 2001. New York's Bravest Their Lives on the Line Fdny New York's Bravest! Firefight The Century-Long Battle to Integrate New York's Bravest St. Martin's Press In 1919, when Wesley Williams became a New York City firefighter, he stepped into a world that was 100% white and predominantly Irish. As far as this city knew, black men in the Fire Department of New York (FDNY) tended horses. Nearly a century later, many things in the FDNY had changed—but not the scarcity of blacks. New York had about 300 black firefighters—roughly 3 percent of the 11,000 New York firefighters in a city of two million African Americans. That made the FDNY a true aberration**

compared to all the other uniformed departments, like the NYPD. Decades earlier, women and blacks had sued over its hiring practices and won. But the FDNY never took permanent steps to eradicate the inequities, which led to a courtroom show-down between New York City's billionaire Mayor, Mike Bloomberg, and a determined group of black activist firefighters. It was not until 2014 that the city settled the \$98 million lawsuit. At the center of this book are stories of courage—about firefighters risking their lives in the line of duty but also risking their livelihood by battling an unjust system. Among them: FDNY Captain Paul Washington, a second generation black firefighter, who spent his multi-decade career fighting to get minorities on the job. He faced an insular culture made up of relatives who never saw their own inclusion as favoritism. Based on author Ginger Adams Otis' years of on the ground reporting, *Firefight* is an exciting blend of the high-octane energy of firefighting and critical Civil Rights history. Into the Smoke with New York's Bravest Into the Smoke is a work of photojournalism and traces Tom Barry's career as a firefighter--spanning parts of four decades in FDNY--along with the forty-year effort of noted freelance photographer Michael Dick. The era covered in this book is best known in the fire service on the east coast of the United States as the War Years, the urban decay and social unrest that started in the 1960s and persisted, continually fed by arson for profit, into the 1990s. Firefighting is a truckie blindly crawling down a smoke-filled hallway, searching for victims, hoping to find them before the fire does. It is an engine operator, calling on the last ounce of strength and pushing deeper into the apartment to extinguish the fire in the rear bedroom and beat the "Red Devil" one more time. Fellowship of the firefighter Fantasies from childhood intertwine with the terror of impending death, the pain of disfigurement, the joys of success, and the comradeship and respect of their peers. Many of the fires depicted in this book predate OSHA personal protective equipment (PPE) requirements. This period was a fertile stage for innovation and development of firefighting techniques and equipment. The Firefighting Buff's Guide to New York City The Five Borough, Five Alarm Reference to the Second Homes of New York's Bravest iUniverse For the past 10 years, Joseph Natale Schneiderman has visited 55 firehouses in the grand City of New York. He is a "Buff", or someone who visited firehouses in their spare time (it also meant once that someone rode with them if they so chose!). So, come with him, on his 5-borough journey to these 55 firehouses, as you learn about the history of the firehouses and fire engines, firefighters, and his personal experiences. You'll also see plenty of non-firefighting related things to do, like restaurants and other points of interest in the area of his visits! From "Fire Under the Bridge" (Engine 205/Ladder 118, Brooklyn) to "The Cuckoo's Nest" (Engine 89/Ladder 50, The Bronx), to the "Corona Tigers" (Engine 289/Ladder 138, Queens) to the "Pride of Midtown" (Engine 54/Ladder 4/Battalion 9, Manhattan), and finally to the "Splendor in the Grass" (Engine 154, Staten Island), it's a 5 alarm journey that no buff, firefighter, or New York City fan will want to miss! So grab a Metrocard (you're takin'

subways), an FDNY shirt, and a camera, and get out here and buff! Fire Department, City of New York Turner Publishing Company Traces the history of FDNY from 1865-2000, with 2000-2002 update. The Bravest Man in the World Simon & Schuster/Paula Wiseman Books From master storyteller Patricia Polacco comes the tragic and beautiful story inspired by Wallace Hartley—the musician who played with his band to calm the passengers of the Titanic as the ship sank. One afternoon, Jonathan Harker Weeks didn't feel like practicing the piano. So his grandfather decided to tell him a story to show how much of an impact music can have. When he was a child growing up poor in Ireland, his mother made sure he learned to play the fiddle, despite their challenges. After his mother passed away and he was on his own, Jonathan's grandfather fell asleep hiding in a mail sack and was taken to a ship. When he woke up, he realized he was on the Titanic on its maiden voyage, and it was there that he met Wallace Hartley and Mrs. Weeks, a kind man and woman who took him in. Then one night, the majestic ship hit an iceberg. He and Mrs. Weeks were put on a lifeboat—and Mr. Hartley and his band bravely continued to play to calm the crew and passengers. The story of Wallace Hartley is true and he is known throughout the world as a hero. The New York Times bestselling author and illustrator of The Keeping Quilt Patricia Polacco offers this stunning and heartbreaking picture book to celebrate the memory and bravery of a single man who used the power of music to comfort thousands of people during a catastrophic situation. Brave, Not Perfect Fear Less, Fail More, and Live Bolder International Bestseller Wall Street Journal Bestseller USA Today Bestseller LA Times Bestseller Publishers Weekly Bestseller In a book inspired by her popular TED talk, New York Times bestselling author Reshma Saujani empowers women to embrace imperfection and bravery. Imagine if you lived without the fear of not being good enough. If you didn't care how your life looked on Instagram, or worry about what total strangers thought of you. Imagine if you could let go of the guilt, and stop beating yourself up for tiny mistakes. What if, in every decision you faced, you took the bolder path? Too many of us feel crushed under the weight of our own expectations. We run ourselves ragged trying to please everyone, all the time. We lose sleep ruminating about whether we may have offended someone, pass up opportunities that take us out of our comfort zones, and avoid rejection at all costs. There's a reason we act this way, Reshma says. As girls, we were taught to play it safe. Well-meaning parents and teachers praised us for being quiet and polite, urged us to be careful so we didn't get hurt, and steered us to activities at which we could shine. As a

result, we grew up to be women who are afraid to fail. It's time to stop letting our fears drown out our dreams and narrow our world, along with our chance at happiness. By choosing bravery over perfection, we can find the power to claim our voice, to leave behind what makes us unhappy, and go for the things we genuinely, passionately want. Perfection may set us on a path that feels safe, but bravery leads us to the one we're authentically meant to follow. In *Brave, Not Perfect*, Reshma shares powerful insights and practices to help us let go of our need for perfection and make bravery a lifelong habit. By being brave, not perfect, we can all become the authors of our biggest, boldest, and most joyful life.

**Dare to Lead Brave Work. Tough Conversations. Whole Hearts. Random House #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're**

scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 500 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

Firefight The Century-Long Battle to Integrate New York's Bravest Macmillan As police and fire departments still struggle with integration across the US, the powerful story of the black men who fought for a place in the FDNY The Bravest Battle The Twenty-eight Days of the Warsaw Ghetto Uprising Da Capo In October 1940 Nazis forced all the Jews in the Polish city of Warsaw to live in the cramped squalor of a small ghetto. Despite the starvation and disease that claimed 50,000 lives per year, the Jews were not dying swiftly enough to suit Heinrich Himmler, who ordered in 1942 that the Warsaw Ghetto be dismantled and the 450,000 inhabitants be deported to the gas chambers at Treblinka. On April 19, 1943, the first day of Passover, two thousand German troops, singing confidently, marched into the ghetto to round up the remnant of remaining Jews. Suddenly, a fifteen-year-old girl tossed a grenade in their midst. Within minutes the German army had been routed. The Warsaw Ghetto Uprising had begun. This is the first full-scale, step-by-step account of the climactic twenty-eight-day struggle of the poorly armed Jews against their Nazi exterminators. The Bravest Battle took more than two years to write and involved interviewing more than 500 people, including most of the surviving fighters. This moving history cannot be matched for its authenticity and drama. The Bravest Battle is a testament to the Warsaw Jews, who fought for survival with dignity and courage. They are the New York City Fire Department, ordinary men who put themselves on the line every day to save lives, and this is a chronicle of their early history. Birth of the Bravest traces the history of New York firefighting from the earliest days of the city when it was part of the Dutch settlement of New Amsterdam to the end of the nineteenth century when new innovations in firefighting technology began to make their appearance. Along the way are many tales of heroism and bravery, including accounts of the disastrous fire of 1811, the great conflagration of 1835, the awful fire of 1845, and many other signature events in New York City's history. Birth of the Bravest also documents the history of firefighting itself, the birth and evolution of fire companies (both "volunteer and paid"), legislated fire regulations, the development of new equipment to aid the bravest in their mission, and the birth of fire insurance. Birth of the Bravest also tracks individual exploits of great heroism, on the job and off, as many members went off to serve in the Civil War. A seminal part of New York City history, the chronicle of the evolution of the Fire Department is an informative tribute to the men who are New York City's Bravest. But in 1923, a chance hearing of an aria from *Madame Butterfly* sparked a passion for opera in the sisters that led to the formation of friendships with some of Europe's leading singers and their network, many of them Jewish. As the Nazis rose to power, Ida and Louise began working with the opera world's insiders to save members of the community from persecution and death. Through ingenuity, thrift and bottomless goodwill, the sisters eluded the suspicion of the Nazis and helped secure safe passage for dozens of refugees. No one would have predicted such daring lives for Ida and Louise Cook - but that underestimation is exactly how they were able to save lives. First published in 1950, Ida's memoir of the adventures she and Louise shared remains as fresh, vital and entertaining as the woman who wrote it, and is a moving testament to the extraordinary acts of courage by two everyday heroes. **The Bravest Worrier** **Badges of the Bravest** A Pictorial History of Fire Departments in New York City Turner Publishing Company This fascinating pictorial history chronicles the vibrant development of the largest and most colorful fire service in the country -- the Fire Department of New York (FDNY).
