Do you need a guide for consumers to help explain the process to you? And ask yourself - do you really want to take on the insurance company and their lawyers - especially without educating yourself on the claims process here in Georgia? Are you an attorney who is looking to expand your practice to help injured victims and their families injured in car wreck cases? Do you know enough about the personal injury claim process to zealously and ethically represent them? "The Authority On Personal Injury Claims In Georgia: The Definitive Guide For Injured Victims And Their Lawyers In Car Accident Cases" was written by Gary Martin Hays, a personal injury attorney with over 24 years of experience handling car accident claims in Georgia. A former insurance defense lawyer, he now only represents injured victims and their families. Since starting his own firm in 1993, he has helped over 29,000 clients recover over \$250,000 million dollars. In this handbook, Hays provides you a peek behind the curtain to see how his law firm successfully represents his clients. Topics include: * Car Wreck Facts & Myths * The Scene Of The Crash * Investigating the Wreck * Property Damage: Total Losses, to Repairs, to Diminished Value * Your Injuries * Medical Treatment For Your Injuries * Medical Bills: Med-Pay Coverage, Health Insurance, and The Uninsured * The 3 Things You Must Prove To Recover On Your Personal Injury Claim * "What Is My Case Worth?" * Do I Take On the Insurance Company And Their Lawyers By Myself? * How Do I Find The Right Lawyer? * The DEMAND Process - How To Tell The Insurance Company What Your Case Is Worth! * Liens And Subrogation Claims: Who Will Claim They Are Entitled To Some (Or Maybe ALL Of Your Settlement) * Legal Deadlines * Litigation: Do You File Suit On Your Case? The book also contains a presentation that Mr. Hays gave to other attorneys at a continuing education seminar for lawyers regarding diminished value claims in Georgia - a secret that is literally saving the insurance industry millions of dollars each year - money that should be going to Georgia's consumers. In addition, FREE bonus chapters from three (3) of his previous books that he co-authored are included: * "3 Secrets The Insurance Company Doesn't Want You To Know About Your Personal Injury Claim" * "The Mourning After: Helping Families Cope After A Drunk Driving Wreck" * "I Will Make A Difference!" **Report The Army Lawyer Report Kiplinger's Personal Finance** The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. **Awards - Third Division, National Railroad Adjustment Board Spanish-American War Claims Hearings Kiplinger's Personal Finance** The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. **Railroad Work Rules Dispute Hearings Before the Committee on Commerce, United States Senate, Eighty-ninth Congress, First Session on the Administration of Public Law 88-108** Pt. 1: Committee Serial No. 89-45. In 2005 (the latest year data are available), total national health expenditures rose 7.9 percent - more than three times the rate of inflation. Nearly 50 million Americans are uninsured for healthcare. According to Insurance Information Institute projections, the average annual expenditure for auto insurance in 2006 was \$851. Millions of drivers have no auto insurance. The average expenditure for homeowners insurance was \$729, according to a February 2007 report by the National Association of Insurance Commissioners (NAIC). Insurance takes a huge bite out of the average American's monthly budget, and as stated above, many Americans simply forgo insurance because they consider it out of reach. Shopping for insurance requires more effort than many people want to devote to it. They simply grab the first price they come across or accept routine rate increases when it is important to compare not only the price but also coverage and exclusions among carriers. In this easy to read and comprehensive new book you will learn hundreds of ways to secure and or reduce your health, automobile, life, and home insurance costs. If you do not have or cannot afford insurance, we will show you how to get it at a price you can afford. The Internet and technology have opened up a great new way to search for low cost insurance services; we will give you the Web sites, tell you what to look for and to look out for. There is a great deal you can do right now to cut insurance costs. For example, did you know that installing a theft tracking device in your car can save you up to 35% on your auto insurance and that your credit history can dramatically affect your auto insurance premium. Recent studies have shown that more than 90% of insurers use credit information to create an "insurance risk score", which they then use as a factor to determine your insurance rate. Add a simple home security system to monitor your home, and your insurance rates may be discounted up to 30%, depending upon where you live. Your insurance could end up costing you more if you choose to make monthly payments rather than pay the entire premium annually. Notify your agent if you retire, your children go to school, or you start working from home (when you are not travelling as much your rates will go down). Have you stopped smoking? Lost weight? Started exercising? All of these efforts can have a dramatic effect on your insurance rates. Insurance topics covered in this book are How Insurance Works, Insurance Company Rating, National and Local Firms, Auto, Health, and Disability Insurance, along with work sheets and forms to assist you in your search for the best coverage at the lowest price. **The Law of Personal Injuries and Incidentally Damage to Property by Railway Trains Based on the Statutes and Decisions of the Supreme Court and of the Court of Appeals of Georgia Tort Law** Cengage Learning Engaging and easy-to-read, TORT LAW, Sixth Edition teaches students the academic and practical principles of tort law needed for a successful career as a paralegal. Here's just a small sample of what you'll discover the minute you start flipping through Brisk Justice ... * The two keys to a successful outcome in any court case (and no, hiring an attorney is not one of them). page 7 * Simple steps you can take to make the judge's life easier (helping the judge understand your case can make a huge difference in your favor). * How to rip apart your opponent's case (all perfectly legal ... \$300 an hour attorneys do it every day). pages 58-60 * Five good reasons why you might want to settle out of court. (Hint: Even if you win the court battle, you could lose the war in other ways.) Read pages 96-99 to avoid making a big mistake! * The one thing you must never do in a court case (guaranteed ... if you miss this little detail, you'll go down in flames). (Make sure you read this or you won't have a legal leg to stand on.) pages 62 and 69 * If you've been wronged you'll need to write a "demand letter" to the yellow dog. On pages 104-113 I show you how to write a legal and effective demand letter ... even if you flunked your creative writing course. I also show you how to write a killer response if you receive a demand letter. I include real samples. Way better than fill-in-the-blanks. * Why even a written contract is no guarantee you've got a winning case (it's a simple matter of law you need to know now!). If you're lucky, you'll be able to settle your differences the old fashioned way . with a handshake and an apology. Maybe it'll cost you a few bucks in the process. That's a BIG maybe. If you're not up for the challenge, you could lose your shirt ... as well as your pride and your dignity. There's only one winner in a court battle.
