## Desdemona, Lady Macbeth, and Cleopatra Tragic Women in Shakespeare's Plays

In 1616, William Shakespeare shuffled loose the mortal coil. In honor of his death four centuries ago, Ana Maribel de Moncada, Panamanian, professor of English at Panama's Universidad Especializada de las Américas (UDELAS) created Desdemona, Lady Macbeth, and Cleopatra: Tragic Women in Shakespeare's Plays, a literary analysis of three of Shakespeare's most compelling, complicated, and cherished characters. Using information and insight gleaned from the works of her peers and other Shakespearean experts, Ana Maribel's scholarly analysis of the importance of these three women as characters drew heavily upon the foundational works in which they appeared. The stories of Desdemona, the doomed wife of Othello; Lady Macbeth, the scheming queen from

Macbeth; and Cleopatra, the all-powerful but ultimately tragic queen caught between love, rivalry, and ambition in Antony and Cleopatra are well documented through movies, novels, plays, operas, television, songs, and more. To entice students and educators alike, Ana Maribel designed her work to inspire both scholarly and casual reflection, analysis, and discussion of the works of the most well-known and respected English-language playwright. From the richness of the original plays, the author harvested the extensive detail and profound imagery found in Shakespearean text. To best honor Shakespeare four hundred years after his death, Ana Maribel sought to inspire a global celebration and discussion of his work and its impact on language, theatre, and literature in all segments of human society.

## The Representation of Gender in Shakespeare's 'Macbeth' and 'Antony and Cleopatra'

GRIN Verlag Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: A, University of Edinburgh, course: Tragedy, History and Sovereignty in Late Medieval and Early Modern Poetry and Drama, 18 entries in the bibliography, language: English, comment: Building on the assumption that differences between the sexes in tragedy are defined through competing representations of heroism, this paper shall take a closer look at the representation of gender in two premodern tragedies, Shakespeare's Macbeth and Antony and Cleopatra. The aim of this paper shall be to provide a short introduction to (Shakespeare) feminist criticism, which will be supplemented with an overview of various notable instances of the representation of gender in these two works., abstract: Building on the assumption that differences between the sexes in tragedy are defined through competing representations of heroism, this paper shall take a closer look at the representation of gender in two premodern tragedies, Shakespeare's Macbeth and Antony and Cleopatra. # Antony and Cleopatra

Modern Library A magnificent drama of love and war, this riveting tragedy presents one of Shakespeare's greatest female characters—the seductive, cunning Egyptian queen Cleopatra. The Roman leader Mark Antony, a virtual prisoner of his passion for her, is a man torn between pleasure and virtue, between sensual indolence and duty . . . between an empire and love. Bold, rich, and splendid in its setting and emotions, Antony And Cleopatra ranks among Shakespeare's supreme achievements.

Understanding Shakespeare's Tragedies

Macbeth, Othello, Hamlet, Julius Caesar, Antony and Cleopatra

Createspace Independent Pub "Understanding Shakespeare's Tragedies" is primarily intended for undergraduate college students. Each tragedy is fully examined over three chapters to correspond to the three weeks of university lectures: Chapter 1: Lecture on Background and Act I, Chapter 2: Lecture on Acts II and III, Chapter 3: Lecture on Acts IV - V and on Key Issues. This book should prove

useful to students in the US as well as those living abroad. Many survey courses on Shakespeare in the United States and elsewhere may cover the plays at the rate of one a week. Such a pace could leave some students a little puzzled or confused about certain aspects of individual plays. Thus, this book would serve as an appropriate resource to fill in some of those gaps that may occur. A key word in the title is "understanding." The purpose of this book is to provide as thorough an understanding of each Shakespeare play as possible.

## Antony and Cleopatra

Yale University Press The Annotated Shakespeare series enables today's readers to understand and enjoy the plays of the world's greatest dramatist. Comprehensive on-page annotations assist with vocabulary, pronunciation, prosody, and alternative readings of phrases and lines in these handsome and affordable paperback editions. In no other play has Shakespeare created two such equally titanic personages as Rome's great soldier and statesman Mark Antony and the Egyptian Queen Cleopatra. The story of their irresistible attraction, their jealous quarrels and betrayals, and the effects on friends and subjects of their ruinous choices is a tale leading irretrievably to despair and defeat. Their suicides, however, strike us as a kind of triumph. Shakespeare stood at the height of his powers when he penned this great tragedy, one of the last he produced.

# "You Have Witchcraft in Your Lips"

## Sensory Witchcraft in Shakespeare's Antony and Cleopatra and Macbeth

Scholarship on witches and witchcraft within Shakespeare's plays has been a popular subject for many scholars. But one of Shakespeare's most famous characters has not yet been integrated into this scholarship: Cleopatra from Antony and Cleopatra. Although scholars have often noted her "witchiness," none have argued for an interpretation of Cleopatra as a witch. This is because traditional definitions of witchcraft have not been able to include Cleopatra. In comparison, Lady Macbeth from Macbeth has often been cited as the fourth witch in the play. But this interpretation relies upon examining Lady Macbeth's perceived masculinity, which subsequently also makes her the most reviled in the play. Both Lady Macbeth and Cleopatra are powerful female characters who have witch-like qualities. They are seductive and intimidating and consider their own passions first and foremost. Using the tools within the domestic sphere and their own feminine wiles, the power of witchcraft allowed women to move from affairs of the household to affairs of the state. Shakespeare was clearly interested in the connection between female power and witchcraft. He was not afraid to utilize this feminine power for dramatic purposes, but also recognized its chaotic potential, thus ensuring those endowed with such power must perish or fail. In this thesis, I will explore the historical depiction of the power of witchcraft in conjunction with the senses, arguing that Cleopatra and Lady Macbeth's manipulation of the senses can be interpreted as witchcraft. This form of witchcraft, which I will refer to as sensory witchcraft, stems from the characters' innate feminine qualities rather than the taking on of masculine qualities.

## Shakespeare's Tragedy of Antony and Cleopatra

## Edited, With Notes (Classic Reprint)

Forgotten Books Excerpt from Shakespeare's Tragedy of Antony and Cleopatra: Edited, With Notes Similar study in the case of Antony. In the nature of Antony, as in the nature of Macbeth, there is a moral fault or flaw, which circumstances discover, and which in the end works his destruction. In each play the pathos is of the same kind - it lies in the gradual severing of a man, through the lust of power or through the lust of pleasure, from his better self. By the Side of Antony, as by Macbeth's side, there stood a terrible force, in the form of a woman, whose function it was to realize and ripen the unorganized and undeveloped evil of his soul. Antony's Sin was an inordinate passion for enjoyment at the expense of Roman virtue and manly energy; a prodigality of heart, a superb egoism of pleasure. After a brief interval, Shakespeare went on to apply his imagination to the investigating of another form of egoism - not the egoism of self-diffusion, but of self-concentration. As Antony betrays himself and his cause through his sin of indulgence and laxity, so Coriolanus does violence to his own soul and to his country through his sin of haughtiness, rigidity, and inordinate pride. Thus an ethical tendency connects these two plays, which are also connected in point of time; while Cleopatra, although historically a continuation of Caesar, stands separated from it, both in the chronological order of Shakespeare's plays and in the logical order assigned by successive developments of the conscience, the intellect, and the imagination of the dramatist. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. ## Antony and Cleopatra

Graphic Arts Books Antony and Cleopatra (1607) is a tragedy by William Shakespeare. Inspired by Thomas North's translation of Plutarch's Lives—a series of biographies on influential figures of the ancient world—Shakespeare wrote Antony and Cleopatra sometime between 1599 and 1601. Often considered a sequel of sorts to his earlier play Julius Caesar, Antony and Cleopatra has served as source material for countless film and television adaptations. "Let Rome in Tiber melt, and the wide arch / Of the ranged empire fall! Here is my space." For his wit and wordplay alone, William Shakespeare is often considered the greatest writer to ever work in the English language. Where he truly triumphs, however, is in his ability to portray complex human emotions, how these emotions contribute to relationships, and how these relationships interact with politics, culture, and religion. As the Roman Republic faces threats both foreign and domestic, Mark Antony—a triumvir alongside Lepidus and Octavius—abandons his duties to remain in Alexandria with his lover, Queen Cleopatra of Egypt. When the demands of state become impossible to ignore any longer, he returns to Rome. There, he is encouraged to marry Octavia, the sister of his fellow ruler. At the risk of rupturing their fragile relationship, he consents, enraging Cleopatra. As conflict with Octavius forces Antony out of the triumvirate, he returns to his lover to rule over Egypt. But Rome and revenge are never too far away. With a beautifully designed cover and professionally typeset manuscript, this edition of William Shakespeare's Antony and Cleopatra is a classic of English literature reimagined for modern readers.
