## The Spell Book of a Wicked Witch

## Magic Spells To Curse Your Enemies, Hex Your Ex, And Jinx The Jerks in Your Life

*Independently Published* **Sometimes the only way to get justice is to make it for yourself. Many modern witches believe that you should only use magic to bring positive energy into the world, and most spell books teach you those types of spells. This spell book is different. This spell book is wicked. There are times when you will be hurt by someone you loved, betrayed by someone you trusted, maligned by someone you thought was your friend. Times when the magic of light and love just will not do. Thalia Thorne is an experienced witch and falls firmly into the camp that knows that there is no such thing as "white magic" or "black magic". Magic is what you turn to when mundane methods have failed or just won't work. If you're not pushing back against those who would walk all over you, then you're just going to end up being a doormat. This spell book will teach you how to make your own justice and stand up for yourself. For example, you'll find: Agony of Acne Curse - to give someone a pimple Sour Break Up Spell - to end a relationship Banish Your Ex Hex - to drive them away forever Business Butcher Curse - to destroy a business Liar's Lamentation - to find out who has been spreading lies And over 50 other spells that use simple ingredients and provide step-by-step directions that a beginner can follow. The next time someone wrongs you, will you turn the other cheek? Or will you be wicked?**

## The Book of Shadows

## White, Red and Black Magic Spells

*Createspace Independent Publishing Platform* EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcaster. -Brittany Nightshade -Brittany Nightshade

## Black Magic Sanction

## Witch's Reign

*Createspace Independent Publishing Platform* "This main character has echoes of Rylee Adamson, yet still holds her own flare, the world building is unique and the book has some beautiful snarky humor that left me gobbling it up! The author has a deft hand at bringing bad ass women to life, I can't wait for book two!"~~ReviewerThe Witch's Reign...a land of unnatural hellish cold ruled over by the Ice Witch herself, who is in turn guarded by three creatures-Wolf, Bear, and Raven. Those lovely beasts derive their power directly from their mistress and just happen to kill any who cross their paths. To get THERE, you first must pass through the Dragon's Ground. Full of, you guessed it, dragons who for the record, also do not like trespassers. Sounds like a fun place to go, doesn't it? Yeah, not so much. You see the thing is my best friend, Darcy was sent with a team into the Witch's Reign to recover a powerful jewel that belongs to our mentor, and they are long overdue to come back. That leaves me, Zamira "Reckless" Wilson to go after my friend because no one else will. Somehow, I get saddled with a human-a male no less!-tagging along for the ride. A human that is as weak and useless as my shifting abilities. Throw in a weapon that might be trying to kill me, and a small dragon that has a penchant for Shakespearean insults, and you've got my life in a nutshell. May the sands of the desert swallow me whole because this is going to be a friggin bumpy ride.

## Cursed Britain

## A History of Witchcraft and Black Magic in Modern Times

*Yale University Press* The definitive history of how witchcraft and black magic have survived, through the modern era and into the present dayCursed Britain unveils the enduring power of witchcraft, curses and black magic in modern times. Few topics are so secretive or controversial. Yet, whether in the 1800s or the early 2000s, when disasters struck or personal misfortunes mounted, many Britons found themselves believing in things they had previously dismissed - dark supernatural forces. Historian Thomas Waters here explores the lives of cursed or bewitched people, along with the witches and witch-busters who helped and harmed them. Waters takes us on a fascinating journey from Scottish islands to the folklore-rich West Country, from the immense territories of the British Empire to metropolitan London. We learn why magic caters to deep-seated human needs but see how it can also be abused, and discover how witchcraft survives by evolving and changing. Along the way, we examine an array of remarkable beliefs and rituals, from traditional folk magic to diverse spiritualities originating in Africa and Asia. This is a tale of cynical quacks and sincere magical healers, depressed people and furious vigilantes, innocent victims and rogues who claimed to possess evil abilities. Their spellbinding stories raise important questions about the state's role in regulating radical spiritualities, the fragility of secularism and the true nature of magic.
