The New Shorter Oxford English Dictionary on Historical Principles Oxford University Press *The New Shorter Oxford English Dictionary is the most significant dictionary of the decade. Freshly abridged from the acclaimed Second Edition of the Oxford English Dictionary, it represents the ultimate authority*

on contemporary and historical English, next to the OED itself. Incorporating a wealth of newly researched material, it includes all the key features of the OED in just two volumes, making it the top-of-the-range Oxford dictionary for everyday use. Both current and historical English are covered in its 220,000 entries, including such neologisms as *dweeb*, *sellathon*, *masculist*, and *winterim*. Its 500,000 definitions are illustrated with 87,000 quotations from 10,000 authors, each showing precisely how a word has been used over the centuries. New 'contributors' range from Stephen King to Keri Hulme, Doris Lessing to Seamus Heaney. Each entry provides a wealth of information, including history and meaning, pronunciation, etymology, definitions, variant spellings, irregular inflections, quotations, idiomatic phrases and combinations, and a precise record of a word's use. No other general dictionary can provide access to such a comprehensive account of the English language. * All the key features of the OED in just two volumes * Covers English from 1700 to today * 220,000 entries and over 500,000 definitions * 87,000 illustrative quotations from 10,000 authors * Four million words of text * Thousands of rare words, as well as the very latest vocabulary * Up-to-date pronunciation systems * Generous coverage of English around the world

Shorter Oxford English Dictionary On Historical Principles : A-M. Vol. 1 Shorter Oxford English Dictionary The Fifth Edition of the Shorter Oxford English Dictionary is a complete update of the most authoritative reference work for current and historical English, and is based on the 20 volume Oxford English Dictionary. This special combination book and CD-ROM set allows you to obtain the maximum benefits from the text. The Fifth Edition provides more than half a million definitions, and incorporates over 3,000 new words and meanings, together with many new illustrative quotations from modern authors (for example, J.K. Rowling, Helen Fielding, John Grisham, and Yann Martel). In total there are over 83,000 illustrative quotations from 7,000 authors. There is extensive coverage of scientific and technical English as well as English from around the world. The Dictionary is written on historical principles: entries show the historical development of words by listing meanings chronologically and giving datings for the first use of each sense. All major words used in English after 1700, as well as vocabulary from Shakespeare, Milton, Spenser, and the King James Bible, are included; many rare and obsolete words are also defined. In addition, the CD-ROM offers a new, modern and accessible entry

N - Z 2 The Compact Oxford English Dictionary Complete Text Words of the World A Global History of the Oxford English Dictionary Cambridge University Press *Most people think of the Oxford English Dictionary (OED) as a distinctly British product. Begun in England 150 years ago, it took more than 60 years to complete and, when it was finally finished in 1928, the British prime minister heralded it as a 'national treasure'. It maintained this image throughout the twentieth century, and in 2006 the English public voted it an 'Icon of England', alongside Marmite, Buckingham Palace and the bowler hat. However, this book shows that the dictionary is not as 'British' as we all thought. The linguist and lexicographer, Sarah Ogilvie, combines her insider knowledge and experience with impeccable research to show that the OED is in fact an international product in both its content and its making. She examines the policies and practices of the various editors, applies qualitative and quantitative analysis, and finds new OED archival materials in the form of letters, reports and proofs. She demonstrates that the OED, in its use of readers from all over the world and its coverage of World English, is in*

fact a global text. **Oxford Dictionary of Word Origins Oxford University Press** Contains alphabetically arranged entries that explore the origin, evolution, and social history of over three thousand English language words. **The Shorter Oxford English Dictionary The Concise Oxford Dictionary of Current English (Classic Reprint) Forgotten Books** Excerpt from The Concise Oxford Dictionary of Current English Again, of the many thousands of old or new scientific and technical terms that have a limited currency some are carried by accident into the main stream of the language and become known temporarily or permanently, vaguely or precisely, to all ordinarily well-informed members of the modern newspaper-reading public. For the purposes of a dictionary that is not to be bulky and yet is to give a fuller treatment than is usual in dictionaries of its size to the undoubtedly current words forming the staple of the language, selection among these intruders is a difficult but very necessary task. The most that can be hoped for is that every one conversant with any special vocabulary may consider us, though sadly deficient on his subject, fairly copious on others the meaning of many learned words that have been omitted as having no pretence to general currency may easily be gathered by reference first to the stem, which is often the subject of an article, or to another word of which the stem is clearly the same, and secondly to the suffix. In another class of words and senses the test of currency has led us to diverge in the opposite direction from the practice usual in dictionaries of this size if we give fewer scientific and technical terms, we admit colloquial, facetious, slang, and vulgar expressions with freedom, merely attaching a cautionary label when a well established usage of this kind is omitted, it is not because we consider it beneath the dignity of lexicography to record it, but because, not being recorded in the dictionaries from which our word-list is necessarily compiled, it has escaped our notice we have not, however, consulted slang dictionaries nor made any attempt at completeness in this respect. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. **The Compact Oxford English Dictionary Complete Text Reproduced Micrographically Oxford University Press** The standard dictionary of the English language micrographically printed in one volume **Pocket Oxford English Dictionary Oxford University Press** "Based on the New Oxford dictionary of English"--Preface. **Pocket Oxford English Dictionary Oxford University Press, USA** This is a reissue of the ninth edition of the world's longest-established and best-selling pocket English dictionary. It is one of the new generation Oxford dictionaries derived from the database of the highly-acclaimed New Oxford Dictionary of English and is particularly user friendly with its elegant open design, with different elements starting on new lines. It offers excellent coverage of English as an international language, the defining style is straightforward and non-technical, and thousands of examples illustrate idiomatic usage. All irregular noun, verb, and adjectival

inflections are spelled out in full, while guidance on grammar and good usage is provided by in-text notes. Additional features include Wordbuilder boxes giving information on related words and thematic tables on subjects such as countries, chemical elements, and nationalities. This title replaces ISBN: 0-19-861334-2.

Oxford Dictionary of English. 355 000

Stichwörter, Redewendungen und Erklärungen. OXFORD University Press

The New Oxford Dictionary of English was first published in 1998 and quickly established itself as the foremost single-volume authority on the English language.

This is a major new edition, now without the New in the title, but with all the features that brought world-wide acclaim to the first publication. The Oxford Dictionary of English is at the forefront of language research, focusing on English as it is used today, informed by the most up-to-date evidence and the latest research from the

Oxford English Corpus. The dictionary is unique in that it places the central and most frequent meanings of each word first, followed by secondary and technical senses, slang, idioms, and historical and archaic senses. There are over 500 boxed usage notes, giving guidance on all aspects of the language and backed up by extensive analysis of 100s of millions of words of real English. Featuring 355,000 words,

phrases, and definitions, this dictionary offers the most comprehensive coverage of English as it is actually used in the twenty-first century. There is also a brand-new set of appendices, covering topics including countries, heads of state, and chemical elements.
