Islamic Philosophy from Its Origin to the Present

Philosophy in the Land of Prophecy

[State University of New York Press](#) A comprehensive overview of the Islamic philosophical tradition. **Islamic Philosophy from Its Origin to the Present** offers a comprehensive overview of Islamic philosophy from the ninth century to the present day. As Seyyed Hossein Nasr attests, within this tradition, philosophizing is done in a world in which prophecy is the central reality of life—a reality related not only to the realms of action and ethics but also to the realm of knowledge. Comparisons with Jewish and Christian philosophies highlight the relation between reason and revelation, that is, philosophy and religion. Nasr presents Islamic philosophy in relation to the Islamic tradition as a whole, but always treats this philosophy as philosophy, not simply as intellectual history. In addition to chapters dealing with the general historical development of Islamic philosophy, several chapters are devoted to later and mostly unknown philosophers. The work also pays particular attention to the Persian tradition. Nasr stresses that the Islamic tradition is a living tradition with significance for the contemporary Islamic world and its relationship with the West. In providing this seminal introduction to a tradition little-understood in the West, Nasr also shows readers that Islamic philosophy has much to offer the contemporary world as a whole. Seyyed Hossein Nasr is University Professor of Islamic Studies at The George Washington University. He is the author and editor of many books, including *Islam: Religion, History, and Civilization*.

Theophany

A Biblical Theology of God's Appearing

[Crossway](#) “A theologically rich, spiritually edifying exploration of all that the Bible says about an awe-striking reality.” —Dennis Johnson Each time God appears to his people throughout the Bible—in the form of a thunderstorm, a man, a warrior, a chariot, etc.—he comes to a specific person for a specific purpose. And each of these temporary appearances— called theophanies—helps us to better understand who he is, anticipating his climactic, permanent self-revelation in the incarnation of Christ. Describing the various accounts of God's visible presence from Genesis to Revelation, theologian Vern S. Poythress helps us consider more deeply what they reveal about who God is and how he dwells with us today.

Ancient Mesopotamian Religion and Mythology

Selected Essays

[Mohr Siebeck](#) The late W.G. Lambert (1926-2011) was one of the foremost Assyriologists of the latter part of the twentieth century. His principle legacy is a large number of superb critical editions of Babylonian literary compositions. Many of the texts he edited were on religious and mythological subjects. He will always be remembered as the editor of the Babylonian Job (Ludlul bel nemeqi, also known as the Poem of the Righteous Sufferer), the Babylonian Flood Story (Atra-hasis) and the Babylonian Creation Epic (Enuma elish). The present book is a collection of twenty-three essays Lambert published between the years 1958 and 2004. These endure not only as the legacy of one of the greatest authorities on ancient Mesopotamian religion and mythology, but also because each makes statements of considerable validity and importance. As such, many are milestones in the fields of Mesopotamian religion and mythology.

Survivor

Alive in Mum's Loving Arms

[Createspace Independent Publishing Platform](#) In this collection of three powerful stories, Daniel Kumbon, in his typically straightforward way, addresses the role of women in Papua New Guinea, a role that has come under immense pressure as a result of profound social change. The immediate cause of this had little to do with women themselves but followed the disintegration of the acculturation of young men to a robust and ethical regime of tribal and clan behaviour. As men's traditional positions of warrior and hunter declined in the face of modernity, so did much of their self-esteem and optimism. Papua New Guinea's women continue to bear much of the brunt of this dysfunctional change.

The Peace Corps in Micronesia

The Septuagint and Messianism

[Peeters Publishers](#) The question of the extent to which the Septuagint reflects an evolution in messianic belief in comparison with the Masoretic Text has come into prominence in recent years, and in view of the role played by messianism in Jewish belief of the late Second Temple period and in early Christianity it seemed very appropriate that "The Septuagint and Messianism" should be chosen as the theme of the 2004 Colloquium Biblicum Lovaniense. This volume contains the papers given at the Colloquium, which are concerned both with methodological issues and with the interpretation of specific texts (in practice the majority of the texts in the Septuagint for which a messianic interpretation has been claimed). The papers are very far from all reflecting the same approach, and it has frequently happened that the same texts have been treated by different contributors from very different viewpoints. But the fact such different viewpoints are expressed is a proper reflection of the complexity of the issues involved in the question of the extent of messianic belief in the Septuagint, and of the fact that the question requires a nuanced answer. It is in any case hoped that the varied approaches reflected in the papers will serve to make clear the underlying reasons for the differences between those who take a "minimalist" and those who take a "maximalist" view on the subject of the Septuagint and Messianism.

Abraham on Trial

The Social Legacy of Biblical Myth

[Princeton University Press](#) Abraham on Trial questions the foundations of faith that have made a virtue out of the willingness to sacrifice a child. Through his desire to obey God at all costs, even if it meant sacrificing his son, Abraham became the definitive model of faith for the major world religions of Judaism, Christianity, and Islam. In this bold look at the legacy of this biblical and qur'anic story, Carol Delaney explores how the sacrifice rather than the protection of children became the focus of faith, to the point where the abuse and betrayal of children has today become widespread and sometimes institutionalized. Her strikingly original analysis also offers a new perspective on what unites and divides the peoples of the sibling religions derived from Abraham and, implicitly, a way to overcome the increasing violence among them. Delaney critically examines evidence from Jewish, Christian, and Muslim interpretations, from archaeology and Freudian theory, as well as a recent trial in which a father sacrificed his child in obedience to God's voice, and shows how the meaning of Abraham's story is bound up with a specific notion of fatherhood. The preeminence of the father (which is part of the meaning of the name Abraham) comes from the still operative theory of procreation in which men transmit life by means of their "seed," an image that encapsulates the generative, creative power that symbolically allies men with God. The communities of faith argue interminably about who is the true seed of Abraham, who can claim the patrimony, but until now, no one has asked what is this seed. Kinship and origin myths, the cultural construction of fatherhood and motherhood, suspicions of actual child sacrifices in ancient times, and a revisiting of Freud's Oedipus complex all contribute to Delaney's remarkably rich discussion. She shows how the story of Abraham legitimates a hierarchical structure of authority, a specific form of family, definitions of gender, and the value of obedience that have become the bedrock of society. The question she leaves us with is whether we should perpetuate this story and the lessons it teaches.

Fighting for a Voice

The Inside Story of PNG Attitude and the Crocodile Prize

[Createspace Independent Publishing Platform](#) For most Australians Papua New Guinea is a mysterious place somewhere north of Cape York and roughly between Bali in Indonesia and the resorts in Fiji, Vanuatu and New Caledonia in the South Pacific. As a place it sits at the bottom of their consciousness. Papua New Guineans, on the other hand, know a lot about Australia. Many of their goods and media come from there and the big companies exploiting their resources are often Australian. There are, however, a small band of Australians who worked or served in Papua New Guinea before independence in 1975. For these people it sits permanently and warmly in their memory and consciousness. For them and for many Papua New Guineans it is an enduring mystery why the two nations, so physically close together and with a shared history, don't have a much stronger relationship. That relationship is the focus of this short history. It details the attempts by some of those Australians and Papua New Guineans to broaden and expand the relationship. It is still a work in progress but the story of PNG Attitude and the Crocodile Prize points to what is possible when the right people get together to make things happen.

Babylonian Creation Myths

[Penn State Press](#) For much of the last half of the twentieth century, W. G. Lambert devoted much of his research energy and effort to the study of Babylonian texts dealing with Mesopotamian ideas regarding creation, including especially Enuma Elish. This volume, which appears almost exactly 2 years after Lambert's death, distills a lifetime of learning by the world's foremost expert on these texts. Lambert provides a full transliteration and translation of the 7 tablets of Enuma Elish, based on the known exemplars, as well as coverage of a number of other texts that bear on, or are thought to bear on, Mesopotamian notions of the origin of the world, mankind, and the gods. New editions of seventeen additional "creation tales" are provided, including "Enmesharra's Defeat," "Enki and Ninmah," "The Slaying of Labbu," and "The Theogony of Dunnu." Lambert pays special attention, of course, to the connection of the main epic, Enuma Elish, with the rise and place of Marduk in the Babylonian pantheon. He traces the development of this deity's origin and rise to prominence and elaborates the relationship of this text, and the others discussed, to the religious and political climate Babylonia. The volume includes 70 plates (primarily hand-copies of the various exemplars of Enuma Elish) and extensive indexes.

I Can See My Country Clearly Now

Memoirs of a Papua New Guinean Traveller

[Createspace Independent Publishing Platform](#) I saw my country clearly like Neil Armstrong saw the earth in the cosmos on that first trip to the moon. PNG was caught like a butterfly in a spider's web struggling to free itself from the claws of modernization, deep-rooted corruption, poor governance and environmental devastation. I heard deep mourning in my country over the deaths of loved ones-the victims of AIDS, tribal war, cold blooded murders, motor vehicle accidents and lifestyle diseases. While the first kiaps and missionaries to my country still lived to be over 80 years - educated elites were dying young - in the prime of their lives. Why? I also heard the sound of women in distress from physical harm - rape, torture, sorcery-related killings, sexual abuse, exploitation, inequality, stigma and discrimination. Why?
