RHETORICAL GRAMMAR

GRAMMATICAL CHOICES, RHETORICAL EFFECTS

Longman Publishing Group Rhetorical Grammar encourages writers to recognize and use the structural and stylistic choices available to them and to understand the rhetorical effects those choices can have on their readers. Rhetorical Grammar is a writer's grammar - a text that presents grammar as a rhetorical tool, avoiding the do's and don'ts so long associated with the study of grammar. It reveals to student writers the system of grammar that they know subconsciously and encourages them to use that knowledge to understand their choices as writers and the effects of those choices on their readers. Besides providing key strategies for revision, Rhetorical Grammar presents systematic discussions of reader expectation, sentence rhythm and cohesion, subordination and coordination, punctuation, modifiers, diction, and other principles. Studying grammar from this rhetorical point of view defines the study of

language as an intellectual exercise designed to open up students' minds to the versatility, beauty, and possibilities of language.

In addition to the groundbreaking design, The DK Handbook provides the content that students need. The handbook also presents grammar and documentation (MLA, APA, CMS and CSE) in new ways that makes the material more accessible, including unique "pattern pages" that help students grasp principles visually. With strong attention to the rhetorical situation, a visual presentation of the writing process, and usability tested grammar, research and documentation coverage, The DK Handbook offers all the standard material expected in a handbook, but presents it in a revolutionary format motivates students to use their handbook -- and helps them become better writers and researchers."--Publisher's website.
