EBOOK: ESSENTIALS OF INVESTMENTS: GLOBAL EDITION

McGraw Hill Introducing... Essentials of Investments, 9th Global Edition, by Zvi Bodie, Alex Kane and Alan J. Marcus. We are pleased to present this Global Edition, which has been developed specifically to meet the needs of international Investment students. A market leader in the field, this text emphasizes asset allocation while presenting the practical applications of investment theory without unnecessary mathematical detail. The ninth edition includes new coverage on the roots and fallout from the recent financial crisis and provides increased content on the changes in market structure and trading technology. Enhancements to this new Global Edition include: - New 'On the market front' boxes highlight important investment concepts in real world situations across the globe, to promote student thinking without taking a full case study approach. Topics include short-selling in Europe & Asia, credit default swaps and the debt crisis in Greece and include examples from Commerzbank, JP Morgan, Facebook, Coca-Cola, Santander, The European Energy Exchange, plus many more! - Revised worked examples illustrate problems using both real and fictional scenarios from across the world to help students develop their problem solving skills. Regional examples include Hutchinson Whampoa (Asia), The Emirates Group (The Middle East) and KLM Royal Dutch Airlines (The Netherlands). - Revised end-of chapter material includes brand new global questions and global internet exercises that feature currencies, companies and scenarios from Europe, Middle East, Africa and Asia to increase engagement for international students. - Global Edition of Connect Plus Finance, McGraw-Hill's web-based assignment and assessment platform with eBook access, helps students learn faster, study more efficiently, and retain more knowledge. This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the US edition.

It demonstrates how all components fit together to form the coordinated activity set required of a successful nursing home administrator. Key Features: Formatted according to licensing examination and guidelines of the National Association of Boards of Examiners of Nursing Home Administrators New federal guidelines to surveyors New resident assessment instrument Updated figures and tables New life safety code inspection processes New ICDM-10 (International Classification of Diseases-Modified) Sub-set of federal forms included in appendices Web references to enable the reader to successfully navigate the nursing home administration field

BANK MANAGEMENT AND FINANCIAL SERVICES

THE FUNDAMENTALS OF MUNICIPAL BONDS

John Wiley & Sons The definitive new edition of the most trusted book on municipal bonds As of the end of 1998, municipal bonds, issued by state or local governments to finance public works programs, such as the building of schools, streets, and electrical grids, totaled almost \$1.5 trillion in outstanding debt, a number that has only increased over time. The market for these bonds is comprised of many types of professionals--investment bankers, underwriters, traders, analysts, attorneys, rating agencies, brokers, and regulators--who are paid interest and principal according to a fixed schedule. Intended for investment professionals interested in how US municipal bonds work, The Fundamentals of Municipal Bonds, Sixth Edition explains the bond contract and recent changes in this market, providing investors with the information and tools they need to make bonds reliable parts of their portfolios. The market is very different from when the fifth edition was published more than ten years ago, and this revision reasserts Fundamentals of Municipal Bonds as the preeminent text in the field Explores the basics of municipal securities, including the issuers, the primary market, and the secondary market Key areas, such as investing in bonds, credit analysis, interest rates, and regulatory and disclosure requirements, are covered in detail This revised edition includes appendixes, a glossary, and a list of financial products related to applying the fundamentals of municipal bonds An official book of the Securities Industry and Financial Markets Association (SIFMA) With today's financial market in recovery and still highly volatile, investors are looking for a safe and steady way to grow their money without having to invest in stocks. The bond market has always been a safe haven, although confusing new bonds and bond funds make it increasingly difficult for unfamiliar investors to decide on the most suitable fixed income investments.

CORPORATE GOVERNANCE AT THE CROSSROADS: A BOOK OF READINGS

McGraw-Hill/Irwin Corporate Governance at the Crossroads: A Book of Readings has both groundbreaking and recent articles on corporate governance. It is a perfect supplement and packaging item with McGraw-Hill/Irwin's many undergraduate or graduate corporate finance textbooks.

Richard d Irwin Publisher Description

INVESTMENTS

CORPORATE FINANCE

CORE PRINCIPLES & APPLICATIONS

Irwin Professional Pub Corporate Finance, by Ross, Westerfield, Jaffe and Jordan was written to convey the most important corporate finance concepts and applications as a level that is approachable to the widest possible audience. The concise format, managerial context and design, and student-friendly writing style are key attributes in this text. We took the best from RWJ Fundamentals and RWJ Corporate to create a book that fits an underserved need in the market. RWJ Core Principles strikes a balance by introducing and covering the essentials, while leaving more specialized topics to follow-up courses. This text distills the subject of corporate finance down to its core, while also maintaining a deciding modern approach. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool.

THE AMERICAN SUPREME COURT, SIXTH EDITION

University of Chicago Press For more than fifty years, Robert G. McCloskey's classic work on the Supreme Court's role in constructing the US Constitution has introduced generations of students to the workings of our nation's highest court. As in prior editions,

McCloskey's original text remains unchanged. In his historical interpretation, he argues that the strength of the Court has always been its sensitivity to the changing political scene, as well as its reluctance to stray too far from the main currents of public sentiment. In this new edition, Sanford Levinson extends McCloskey's magisterial treatment to address developments since the 2010 election, including the Supreme Court's decisions regarding the Defense of Marriage Act, the Affordable Care Act, and gay marriage. The best and most concise account of the Supreme Court and its place in American politics, McCloskey's wonderfully readable book is an essential guide to the past, present, and future prospects of this institution.

CASE STUDIES IN INTERNATIONAL ENTREPRENEURSHIP

MANAGING AND FINANCING VENTURES IN THE GLOBAL ECONOMY

Irwin Professional Pub "This collection of 29 cases is designed for instructors who want to bring real situations into their entrepreneurial finance or management courses. Each case speaks to students who are planning to start companies or join venture capital/private equity firms, investment banks, or multinational companies. Students will learn about entrepreneurial issues by comparing and contrasting opportunities, financing contexts, valuation approaches, and entrepreneurs in the US and other countries. These case studies present a broad, integrated approach to entrepreneurial ventures. They not only consider a wide range of business models, but also the people and relationships that make them work."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
