KEY=CHRISTIANS - SAWYER HADASSAH

NEW CHALLENGES FOR CHRISTIANS

FROM TEST TUBE BABIES TO EUTHANASIA

SPCK Theologians are involved in a wide variety of public committees concerned with ethical issues arising from modern science, and are still holding their own against critics such as Richard Dawkins. It is important that a wide range of people are aware of how to be responsibly involved in these discussions, and to avoid the knee-jerk reactions of fundamentalists.

TEST TUBE BABIES ... EUTHANASIA

WHO DECIDES? : STUDY GUIDE FOR ADULTS

A discussion-oriented course designed to help today's Christians explore and understand current medical research and practices, and to develop attitudes and actions that are in accord with God's will as revealed in the Scriptures.

THE ORIGINS OF ANGLICAN MORAL THEOLOGY

BRILL The Origins of Anglican Moral Theology shows how Anglican moral theology draws on Abelard, Aquinas, Scotus, Luther and Calvin. Perkins, Hooker, Sanderson and Taylor express its flowering from 1590 to 1670.

CHRISTIAN MARRIAGE AND SEXUALITY IN THE AFRICAN CONTEXT TODAY

LAP Lambert Academic Publishing Today marriage as a stable state are far gone. They are being threatened by modernity. Science has overtaken the world faith and reason are in perpetual conflict. These days people speak of sperm bank, test-tube babies, cloning, genetic engineering, euthanasia, abortion, same sex, condoms, pills, homosexuality, lesbianism, fornication, masturbation. All these threaten the institution of marriage. We can now draw a line between pro-lifers and pro-choice. The mothers wombs are no longer baby-friendly; it has become like a grave. The babies are an endangered species. Marriage has become a momentous act which is not taken seriously. Therefore marriage is in trouble today. Marriage is criticized left and right. Marriage is no longer seen as permanent. Marriage is undergoing an extraordinary transformation because of contemporary changes that are shaping human culture. It is the most elastic term to be used today because it embraces different expectations and life-styles. The two most important difference between African and western marriage are seen within two areas: The manner in which the marriage begins. Whether or not the ability to bear children is essential or is necessary. The book is a must read

RELIGION AND MEDICINE

A HISTORY OF THE ENCOUNTER BETWEEN HUMANITY'S TWO GREATEST INSTITUTIONS

Oxford University Press Though the current political climate might lead one to suspect that religion and medicine make for uncomfortable bedfellows, the two institutions have a long history of alliance. From religious healers and religious hospitals to religiously informed bioethics and research studies on the impact of religious and spiritual beliefs on physical and mental well-being, religion and medicine have encountered one another from antiquity through the present day. In Religion and Medicine, Dr. Jeff Levin outlines this longstanding history and the multifaceted interconnections between these two institutions. The first book to cover the full breadth of this subject, it documents religion-medicine alliances across religious traditions, throughout the world, and over the course of history. Levin summarizes a wide range of material in the most comprehensive introduction to this emerging field of scholarship to date.

A CHRISTIAN VIEW OF PHILOSOPHY AND CULTURE

Crossway Dr. Schaeffer was one of the 20th century's champions of reasoned faith, recognized internationally for his work on Christianity and culture. He and his wife, Edith, founded L'Abri Fellowship international study and discipleship centers. Though he died in 1984, his influence continues through his writings. This set contains all 22 of Schaeffer's books.

ONTOLOGIZED ETHICS

NEW ESSAYS IN AFRICAN META-ETHICS

Lexington Books Ontologized Ethics is a collection of essays in meta-ethics with an emphasis on philosophical discourse in the African context. It focuses primarily on the extent to which metaphysical beliefs may or may not justify moral beliefs, thereby revisiting the issue of the 'is-ought' relationship.

HOW TO BE A CHRISTIAN IN A BRAVE NEW WORLD

Zondervan Discusses implications of recent advances in biotechnology for Christians.

MEDICAL ETHICS

AN INTRODUCTION

Twenty Third Publications Issues like abortion, AIDS, test-tube babies, conscience, euthanasia, etc, are increasingly becoming issues of public debate, and lay person and professional alike are expected to express an opinion. This book explores these issues and others in a way which is readily understood by both professional and lay person. Technical language is avoided, and where different approaches to an issue exist, each is outlined and the reader is left to decide among them.-from back cover.

ESV STUDY BIBLE

Crossway The ESV Study Bible was created to help people understand the Bible in a deeper way. Combining the best and most recent evangelical Christian scholarship with the highly regarded ESV text, it is the most comprehensive study Bible ever published. The ESV Study Bible features more than 2,750 pages of extensive, accessible Bible resources, including completely new notes, full-color maps, illustrations, charts, timelines, and articles created by an outstanding team of 93 evangelical Christian scholars and teachers. In

addition to the 757,000 words of the ESV Bible itself, the notes and resources of the ESV Study Bible comprise an additional 1.1 million words of insightful explanation and teaching-equivalent to a 20-volume Bible resource library all contained in one volume. (Please note this edition does not come with free access to the Online ESV Study Bible resources.)

MORAL MATTERS

ETHICAL ISSUES IN MEDICINE AND THE LIFE SCIENCES

Discussion of key medical ethical issues of this decade: abortion (medical and surgical) test tube babies, waste of resources, euthanasia, AIDS, violence, homosexuality, gene scares, nicotine and other drugs, diets, lying and fraud research among others.

CHRISTIAN BIOETHICS

A GUIDE FOR PASTORS, HEALTH CARE PROFESSIONALS, AND FAMILIES

B&H Publishing Group Living in an era of highly technical medicine is comforting and sometimes confusing. How should Christians make life and death decisions? How do we move from an ancient text like the Bible to twenty-first-century questions about organ transplantation, stem-cell research, and human cloning? What kind of care do we owe one another at the end of life? Is euthanasia a Christian option? Using a dialogue format, an ethicist and physician talk about how to think about thorny ethical issues. Combining their backgrounds in medicine and theology, they deal with real-life moral questions in an accessible way. C. Ben Mitchell and D. Joy Riley let readers eavesdrop on their conversation about the training of doctors, the interpretation of the Bible, and controversial issues like abortion, assisted-suicide, genetic engineering, and in vitro fertilization. The book examines these topics under three general headings: the taking of life, the making of life, and the faking of life. Christian Bioethics is a guidebook for pastors, health care professionals and families—anyone facing difficult decisions about health care.

MY REVISION NOTES CCEA GCSE RELIGIOUS STUDIES: AN INTRODUCTION TO CHRISTIAN ETHICS

Hodder Education Target success in CCEA GCSE Religious Studies with this proven formula for effective, structured revision. Key content coverage is combined with exam-style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. With My Revision Notes, every student can:

- Plan and manage a successful revision programme using the topic-by-topic planner
- Consolidate subject knowledge by working through clear and focused content coverage
- Ensure you understand Church teachings on every topic
- Test understanding and identify areas for improvement with regular exam-style tasks

and answers - Improve exam technique through practice questions, sample answers and guidance

RELIGIOUS CRISIS AND CIVIC TRANSFORMATION

HOW CONFLICTS OVER GENDER AND SEXUALITY CHANGED THE WEST GERMAN CATHOLIC CHURCH

Brandeis University Press This book offers a fresh interpretation of the connection between the West German Catholic Church and post-1950s political debates on women's reproductive rights and the protection of life in West Germany. According to Tichenor, Catholic women in West Germany, influenced by the culture of consumption, the sexual revolution, Vatican II reforms, and feminism, sought to renegotiate their relationship with the Church. They demanded a more active role in Church ministries and challenged the Church's hierarchical and gendered view of marriage and condemnation of artificial contraception. When the Church refused to compromise, women left en masse. In response, the Church slowly stitched together a new identity for a postsecular age, employing an elaborate nuptial symbolism to justify its stance on celibacy, women's ordination, artificial contraception, abortion, and reproductive technologies. Additionally, the Church returned to a radical interventionist agenda that embraced issue-specific alliances with political parties other than the Christian parties. In her conclusion, Tichenor notes more recent setbacks to the German Catholic Church, including disappointment with the reactionary German Pope Benedict XVI and his failure in 2010 to address over 250 allegations of sexual abuse at twenty-two of Germany's twenty-seven dioceses. How the Church will renew itself in the twenty-first century remains unclear. This closely observed case study, which bridges religious, political, legal, and women's history, will interest scholars and students of twentieth-century European religious history, modern Germany, and the intersection of Catholic Church practice and women's issues.

CHRISTIAN VALUES

THEORY AND PRACTICE IN CHRISTIAN ETHICS TODAY

Bloomsbury Publishing An exciting introduction to the theory and practice of Christian ethics in the contemporary world.

ISSUES FACING CHRISTIANS TODAY

4TH EDITION

Zondervan Terrorism. Same-sex marriage. Debt cancellation. The AIDS pandemic. These are just some of the critical contemporary

issues addressed in this book. *Issues Facing Christians Today* helps thinking Christians sift through and respond to a sweeping array of complex and pressing topics. Thoroughly revised and updated by Roy McCloughry and fully endorsed by John Stott, this fourth edition continues a two-decades-plus legacy of bringing important current issues under the lens of biblically informed thinking. Combining a keen global awareness with a gift for penetrating analysis, the authors examine such vital topics as: Pluralism and Christian witness Cohabitation, environmentalism, and ecological stewardship War and peace Abortion and euthanasia And much more. An entirely new chapter on bio-engineering has been contributed by Professor John Wyatt of University College London. Including a study guide, *Issues Facing Christians Today* is essential reading for Christians who wish to engage our culture with insight, passion, and faith, knowing that the gospel is as relevant and deeply needed today as at any time in history. As the culture wars continue, this book will remain a critical contribution, helping to define Christian social and ethical thinking in the years ahead.

GCSE RELIGIOUS STUDIES: TRUTH, SPIRITUALITY & CONTEMPORARY I

Folens Limited This textbook covers the GCSE Religious Studies course for AQA 'B' -- Truth, Spirituality & Contemporary Issues.

TEST TUBE BABIES

A CHRISTIAN VIEW : PAPERS FROM THE CONFERENCE IN VITRO FERTILISATION AND THE QUALITY OF LIFE

THE CONTRACEPTION DECEPTION: CATHOLIC TEACHING ON BIRTH CONTROL

Emmaus Road Publishing *The Contraception Deception: Catholic Teaching on Birth Control* by author Patrick Coffin is a comprehensive assessment of the Church's sexual ethic. In this expanded revised edition of *Sex Au Naturel: What It is and Why It's Good for Your Marriage*, Coffin demonstrates how the rejection of *Humanae Vitae* impacts more than just our national birthrates. With relevant insight into the development and reception of Paul VI's landmark 1968 encyclical, Coffin explains why *Humanae Vitae* is more timely than ever. In *The Contraception Deception*, you'll learn where exactly the Bible teaches against birth control, the differences between contraception and natural family planning (hint: they're more profound than you think), why other reproductive technologies fall short of God's vision for marriage and family, and—most importantly—how to rely on the ever-present grace of God rather than your own strength in faithfully following this challenging, life-giving aspect of Christian discipleship.

DISCOVERY

PHILOSOPHY & ETHICS FOR OCR GCSE RELIGIOUS STUDIES

Nelson Thornes A stand-alone textbook covering one of the most popular areas of study for RE GCSE. This is currently the only full and short course text book endorsed for OCR's 2001 specification B paper (1931/1031).

HEALTH CARE IN CRISIS

A BIOETHICAL PERSPECTIVE

Consists of papers and reports presented during the First National Bioethical Conference, held at the University of New South Wales, Aug. 22-23, 1981.

BIOETHICS YEARBOOK

THEOLOGICAL DEVELOPMENTS IN BIOETHICS: 1990-1992

Springer Science & Business Media As the field of bioethics has matured, increasing attention is being paid to how bioethical issues are treated in different moral and religious traditions and in different regions of the world. It is often difficult, however, to obtain

accurate information about these matters. The Bioethics Yearbook series provides interested parties with analyses of how such issues as new reproductive techniques, abortion, maternal-fetal conflicts, care of seriously ill newborns, consent, confidentiality, equitable access, cost-containment, withholding and withdrawing treatment, active euthanasia, the definition of death, and organ transplantation are being discussed in different religious traditions and regions. Volume Three discusses theological developments from 1990--1992 in Anglican, Baptist, Buddhist, Catholic, Continental Protestant, Eastern Orthodox, Hindu, Jewish, Latter-Day Saint, Lutheran, Methodist, Muslim, and Presbyterian traditions. Volume Four will continue coverage of official governmental and medical society policies on these topics throughout the world.

LIFE IN A TEST-TUBE

MEDICAL AND ETHICAL ISSUES FACING SOCIETY TODAY

Adelaide, S. Aust. : Lutheran Publishing House

NOT THE CROSS, BUT THE CRUCIFIED

AN ESSAY IN SOTERIOLOGY

Peeters Publishers Herman-Emiel Mertens is Professor of Dogmatic Theology at the Faculty of Theology of the Catholic University of Leuven, since 1969.

TRANSCULTURAL MEDICINE

DEALING WITH PATIENTS FROM DIFFERENT CULTURES

Springer Science & Business Media WHY WE MUST PRACTISE TRANSCULTURAL MEDICINE Health professionals and GPs should concern themselves with ethnicity, religion and culture as much as with the age, sex and social class of their patients. Transcultural medicine is the knowledge of medical and communication encounters between a doctor or health worker of one ethnic group and a patient of another. It embraces the physical, psychological and social aspects of care as well as the scientific aspects of culture, religion and ethnicity without getting involved in the politics of segregation or integration. English general practitioners and health professionals tend to regard everyone as English, and to assume that all patients have similar needs. Would that it were as simple as that! For economic reasons - based on supply and demand - the mass migration of working populations from the new Commonwealth countries, along with their dependent relatives (including their parents) to Britain took place during one decade - the 1960s. Broadly speaking, the workers were in their thirties and forties, and their dependent parents were in their fifties and sixties. All these will, of course, be 30 years older in the 1990s.

POPE JOHN PAUL II'S AMERICAN JOURNEY, 1987: THE VISIT

INIS NEWSLETTER

A QUARTERLY JOURNAL OF THE INDONESIAN-NETHERLANDS COOPERATION IN ISLAMIC STUDIES

ENCYCLOPEDIA OF MODERN JEWISH CULTURE

Routledge The Companion to Jewish Culture - From the Eighteenth Century to the Present was first published in 1989. It is a single-volume encyclopedia containing biographical and topic entries ranging from 200 to 1000 word each.

GOOD CARE, PAINFUL CHOICE

MEDICAL ETHICS FOR ORDINARY PEOPLE

Paulist Press "Good Care, Painful Choices surveys the ethical decisions that must be made by ordinary people who deal with medicine today - ranging from beginning-life issues such as test-tube babies and surrogate motherhood to end-of-life issues such as advance directives, patient refusal of treatment, and physician-assisted suicide. This third edition gives special attention to partial-birth abortion and to recent discoveries in genetics involving stem cells, cloning, and eugenics." "The strength of the book comes from its foundation in basic moral principles that stress personhood, moral decision making, and conscience. Decidedly Christian, the book gives special emphasis to the Roman Catholic tradition. It will be welcomed by Catholics, by Christians of all denominations, and by anyone interested in a careful overview of contemporary medical ethics."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
