# The New SAT Essay

## A Complete Writing Guide

Createspace Independent Publishing Platform New! I now have a 4 part video series available on YouTube that can be used as a companion to this book. When you're on YouTube, just search "Test Prep Spot Elizabeth" to find the videos. My name is Elizabeth and I'm the creator of The Test Prep Spot. I'm also a private tutor for high achieving students preparing for the SAT. Additionally and most importantly, I'm a special education teacher in a public school working with students who have learning and language challenges. The more I tutored, the more concerned I became about my special education students. They would need more supportive materials in order to understand what's covered on the SAT. They would also need simplified, explicit instruction in content and strategy. So, I made my own study guides and The New SAT Essay Writing Guide is my answer to this problem. Inside the guide, you will find step-by-step instructions that take you from start to finish. This book provides a formula (or template or plan) for writing the New SAT Essay. I begin by analyzing the prompt and tell you exactly the kind of essay you're expected to write. Then, I teach you about the most common persuasive devices used on published sample and practice essay questions. Next, I break down a passage and identify each persuasive device that's used by the author. Then, I examine three effective example essays (based on just one passage) to show you how to use the formula. The example essays are even color-coded to help with understanding the formula. Finally, the guide ends with a reproducible template, which is extremely helpful for organizing thoughts and learning this writing process. Who should use this guide? I truly believe it can help everyone, but it can be especially beneficial for students who need explicit, step-by-step instructions and formulas to be successful writers. ## Pwn the Sat Essay Guide

Createspace Independent Publishing Platform Say no to gimmicks. There's a rampant belief in the world of test prep that the SAT essay can be beaten with a few little tricks. This is unfortunate for two reasons. First, it isn't true. Second, it compels students to spend their SAT prep time memorizing hackneyed essay templates, rather than working to become better, more persuasive writers. PWN the SAT: Essay Guide is aimed at high-achieving students who understand that the surest way to receive a high SAT essay score is to produce a thoughtful and convincing essay. This book will help you develop strong rhetorical skills that will not only deliver high SAT essay scores, but also continue to pay dividends in college and beyond. In this book you'll learn: How the SAT essay is scored and how that should inform your writing How your essay score will influence your overall SAT writing score A step-by-step process for picking a position, outlining, and writing your essay The DOs and DON'Ts of essay writing How it all comes together via critiques of

sample essays written by real students As an added bonus, since vocabulary is such an important part of SAT prep, the text is sprinkled with bold-font vocab words for easy lookup. Cool, right? I know.

# Hacking the New SAT Essay

## An Accessible and Repeatable Guide for Any Level

Written by a seasoned SAT tutor and Ivy League graduate, this manual offers a detailed set of tips and tricks for the new SAT Essay section. First introduced for the 2016 exam, the new essay format features much more rigidity and standardization than the previous essay, where students had much more freedom. Because the new format is so restricting, it is much easier to hack and achieve a high score consistently, provided the student knows what he or she is doing. The flip side is that it is much easier to receive a terrible score if the student does not. This guidebook offers an easily repeatable formula for producing essays that graders will have no choice but to score highly, even for weaker writers. While other prep materials often retail for outrageous sums and generally ignore the essay section, this guide lays out the most crucial tips for maximizing your score with minimal investment of both time and money. Included in the guide book:- detailed information on the correct approach to preparing for and executing the essay- a template that is both easy to understand and reproduce, and will apply to ANY essay passage the exam throws at you- a breakdown of how you are scored and what the graders will be thinking about- a useful appendix containing "money" words you can use every time- sample essays written by me, a longtime SAT tutor, you won't find anywhere else
