Ducati 916

Updated & enlarged edition

Veloce Publishing Ltd The 916 spearheaded the Ducati revival of the 1990s. Introduced at the end of 1993, this product of Massimo Tamburini and the Cagiva Research Centre took the water-cooled four-valve engine of the 851, placing it in an evolutionary chassis with revolutionary styling. The 916 immediately set new standards of performance for twin-cylinder machines, epitomised by its unequalled success in the World Superbike Championship. This book will trace the conception and development of the four-valve Ducati from its first appearance at the Bol d'Or in 1986. By 1990 Raymond Roche gave Ducati their first World Superbike Championship, this being followed by Texan Doug Polen. Star British rider Carl Fogarty then took over the reins, and along with Troy Corser and Troy Bayliss dominated the World Superbike Championship from 1994 until 2001. Along with the factory racers, all the related four-valve models will be covered in depth, from the initial 851 and 888, to the 748, ST4 and 996. All the variants, including the Sport Production series, will be detailed, along with the rare and beautiful Supermono. This book is the definitive guide to these legendary Ducati models. Ian Falloon is one of the world's leading motorcycle historians. He has more than 40 years experience with motorcycles, spent 25 years writing for magazines around the world, and has written numerous books about motorcycles. He specialises in Italian marques such as Moto Guzzi, Laverda, MV Agusta, and of course, Ducati.

Ducati Desmodue Twins

The Essential Buyer's Guide

Veloce Publishing Ltd The Pantah Desmodue brought Ducati into the modern world of motorcycles. They were immediately more reliable than the earlier bevels, and established a blueprint that continues today. The proliferation of models is such that it can be difficult to determine the exact specification of an example. This book provides a guide to all of the individual models, their attributes and pitfalls, and what to look for when purchasing. When new, the Ducati Desmodue twins provided state-of-the-art handling and performance, and they still can.

Ducati Desmoquattro Performance Handbook

Ducati Bevel Twins 1971 to 1986

Authenticity & Restoration Guide

Veloce Publishing Ltd Ducati's classic 750, 860 900 and Mille bevel-drive twins from 1971-1986 are now among the most collectable bikes in the world. Although built in relatively small numbers, there are many individual model differences that can make their authentic restoration difficult. This book serves as a definitive guide to authenticity and gives hands-on restoration tips and guidance. -Detailed description of individual model differences -Restoration tips and guidance based on years of practical experience -Correct information for decal place-Guide to colours and paint codes -Advice on how to find the right motorcycle -Companion to the Bevel Twin books in the Bible series

The Red Baron's Ultimate Ducati Desmo Manual

Belt-Driven L-Twins 1979 to 2017

Veloce Publishing With the rhythm of their mechanical soul, and powerful twin heartbeat, Ducatis are motorcycles for true lovers of voluptuous Italian style and character. If you're passionate about your Ducati, wish to know your motorcycle in real depth, and keep it in perfect shape with the loving care she'll only receive from you, this is your book. This is a comprehensive service manual for you, and your Ducati, that will help you to perform all maintenance & repair operations in your own home workshop. From basic servicing to the most complex repair and adjustment operations, everything is covered. The bike range covered here goes from the first 1980 "Pantah" to the latest "Testastretta Evoluzione" models, and covers 30 years of Ducati models. Within these pages you will discover the secrets of your pride and joy, and be enabled to enjoy making repairs or carrying out maintenance in your workshop or garage.

Ducati Desmoquattro Twins

851, 888, 916, 996, 998, ST4 1988 to 2004

Veloce Publishing Ltd Having this book in your pocket is like having a real marque expert by your side. Benefit from the author's years of Desmoquattro ownership experience, learn how to spot a bad bike quickly, and how to assess a promising one like a professional. Get the right bike at the right price!

Ducati Desmoquattro Superbikes

Motorbooks Ducati stunned the world in 1988 when the struggling, small Italian firm unleashed its Desmoquattro -- 8-valve, desmodromic -- Superbike. The bike found success on the world's racetracks right from the start. Road-going versions soon carried that success to the general public, proving this design wasn't just another noisy prototype. The Superbikes -- 748, 851, 888, 916, and 996 -- are now Ducati's best-selling machines in the United States; and the Desmoquattro engine found its way into the company's more pedestrian series such as the Monster roadster and ST4 sport-tour. This is the comprehensive volume on Ducati's ultimate performance motorcycles and replaces the out-of-print Ducati Super Bikes: 851, 888, 916.

The Complete Book of Ducati Motorcycles

Every Model Since 1946

Motorbooks International From the single-cylinder bikes of the 1950s to the high-performance sportbikes of today, The Complete Book of Ducati Motorcycles showcases the entire spectrum of Ducati. Legendary Ducati motorcycles have something of a rags-to-riches story. This Italian motorcycle manufacturer began by selling motorized bicycles to impoverished residents of post-World War II Italy. Today, Ducati is the world's premier manufacturer of street motorcycles whose sales continue to rise year after year. Its svelte, hyper-accelerating motorcycles are two-wheeled wonders that are fluent in the language of speed. The Complete Book of Ducati Motorcycles traces the stunning chronology of the motorcycles dreamed up by Ducati, from the 1950s to present day. Laid out for the first time in encyclopedia form with gorgeous photography and insights from Ducati expert Ian Falloon, this book offers motorcycle enthusiasts a closer look at the craftsmanship, power, and beauty of these extraordinary motorcycles. The book features all of the motorcycles from Ducati's storied history, including the groundbreaking Desmodromic 750 Super Sport, the Mike Hailwood Replica, the Superbike-dominating 916, and the epic Panigale. From the street bikes that gave birth to the very notion of the modern superbike to the racing motorcycles that dominated tracks in Great Britain, Europe, and North America since the latter part of the twentieth century, The Complete Book of Ducati Motorcycles runs the full gamut of sportbikes. It's a collection that demands shelf space in the library of any true motorcycle collector or fan.

Long Way Down

An Epic Journey by Motorcycle from Scotland to South Africa

Simon and Schuster Eighteen countries. Five shock absorbers. Two bikers. One amazing adventure... After their fantastic trip round the world in 2004, fellow actors and bike fanatics Ewan McGregor and Charley Boorman couldn't shake the travel bug. Inspired by their UNICEF visits to Africa, they knew they had to go back and experience this extraordinary continent in more depth. And so they set off on their 15,000-mile journey with two new BMWs loaded up for the trip. Their route took them from John O'Groats at the northernmost tip of Scotland to Cape Agulhas on the southernmost tip of South Africa. Along the way they rode some of the toughest terrain in the world -- and met some of the friendliest people. They rode their bikes right up to the pyramids in Egypt and visited Luke Skywalker's house in Tunisia. They met people who had triumphed over terrifying experiences -- former childhood soldiers in Uganda and children living amidst the minefields of Ethiopia. They had a close encounter with a family of gorillas in Rwanda and were nearly trampled by a herd of elephants in Botswana. Riding through spectacular scenery, often in extreme temperatures, Ewan and Charley faced their hardest challenges yet. With their trademark humor and honesty they tell their story -- the drama, the dangers and sheer exhilaration of riding together again, through a continent filled with magic and wonder.

The Ducati Monster Bible

Veloce Publishing Ltd Dramatically styled, minimalist in stature, yet bristling with innovative engineering, the 900 Monster created a new niche market. This book provides a guide through the maze of Monsters produced over the past 18 years.

Ducati 916 & 996

916, 916SP, 916SPS, Biposto, 955, 955SP, 955 Corsa, 991, 996SPS, 996 R

Brooklands Books Limited The first 916 arrived in November 1993 when Ducati's reputation was probably at its lowest ebb. The renaissance of Ducati can be credited to the 916's stunning combination of power and style created by Massimo Tamburini. Models include 916, 916 SP, 916 SPS, Biposto, 955, 955 SP, 955 Corsa, 996, 996 SPS, 996 R. Articles include road and comparison tests, a technical report and a buying guide which gives a comprehensive appreciation of this wonderful Italian motorcycle.
