## Postwar

# A History of Europe Since 1945

*Penguin* **Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year** “Impressive . . . Mr. Judt writes with enormous authority.” —The Wall Street Journal “Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history.” —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author

of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

## I Wish I'd Been There (R)

### Book Two: European History

*Anchor* **“What is the scene or incident in European history that you would like to have witnessed-and why?”** With lively and detailed accounts of some of the most dramatic events in history, some of our finest historical writers now turn their attention to Europe in this companion volume to *I Wish I'd Been There: Twenty Historians Bring to Life the Dramatic Events that Changed America*. Guided by peerless scholars such as Paul Kennedy, John Keegan, Ross King, Freeman Dyson, and Katherine Duncan-Jones, readers will be transported to the signing of Magna Carta, the Versailles Conference, the German surrender in WWII on Luneburg Heath, and other key turning points in the drama of European history. These essays encompass two millenia and an entire continent, addressing issues of politics, law, religion, peace and war, science and the arts, and social change, all telescoped into finely observed narratives. The result is an historical pageant of characters and episodes that will attract and delight all readers of history.

## European History For Dummies

*John Wiley & Sons* **The rich variety of Europe's history rolled into one thrilling account. This book takes you on a fascinating journey through the disasters, triumphs, people, power and politics that have shaped the Europe we know**

today - and you'll meet some incredible characters along the way! From Roman relics to Renaissance, World Wars and Eurovision, *European History For Dummies* packs in the facts alongside the fun and brings the past alive. Accompanied by access to a value-add timeline and 'Who's Who in European History' section on [dummies.com](http://dummies.com) This new edition contains an 8-page colour insert so you can see who, what, and where the ensuing historical action takes place.

## I Wish I'd Been There

# Twenty Great Moments in History by Twenty Great Historians

*Pan Macmillan* "What is the moment in history that you would like to have witnessed; and why?" This is the thought-provoking question that Theodore Rabb and Byron Hollinshead posed to 20 of our finest historians. Their answers can be found in this fascinating and thoroughly readable book, which trains a lens on crucial moments of our past and brings them to vivid life. Contributors include Tom Holland, John Elliott, John Julius Norwich, Margaret MacMillan and John Keegan and with these - and other - peerless scholars as their guides, readers will be transported to the death of Alexander the Great, Christmas 800CE when Charlemagne was crowned Holy Roman Emperor, Hannibal's legendary crossing of the Alps, Runnymede where King John was forced to sign Magna Carta, the Spanish Armada, the Battle of the Nile, Paris 1919, the German surrender in 1945 and the end of the First Gulf War. Imaginatively executed and vividly written, the result is a pageant of character and event that will attract and delight readers of history.

## The Athenaeum

# Mastering Modern European History

*Bloomsbury Publishing* **Mastering Modern European History** traces the development of Europe from the French Revolution to the present day. Political, diplomatic and socio-economic strands are woven together and supported by a wide range

of pictures, maps, graphs and questions. Documentary extracts are included throughout to encourage the reader to question the nature and value of various types of historical evidence. The second edition brings us fully up to the present day. Chapters on European Decolonisation, Communist Europe 1985-9, and European Unity and Discord have been added, and others have been substantially rewritten. An even wider range of illustrations and documentary source questions are included. The book is presented in a readable and well ordered format and is an ideal reference text for students.

## The School World

### A Monthly Magazine of Educational Work and Progress

### An Economic and Social History of Western Europe since 1945

*Routledge* This is the ideal companion text to **A Political History of Western Europe Since 1945**. It is an introductory survey which explains how western Europe built up its postwar prosperity and is moving towards continental integration. Themes treated include: the origins of the EC; consumerism; youth culture and protest; immigration; the oil crisis and its aftermath; and the contrasting experience and expectations of the Nordic world and the Mediterranean south. The book ends with the consequences of Soviet collapse. Designed for general history students, it assumes no formal knowledge of economics, and is notably accessible and user-friendly in its approach.

The New Statesman

Alan S. Milward and Contemporary European History

Collected Academic Reviews

*Routledge* Alan S. Milward was a renowned historian of contemporary Europe. In addition to his books, as well as articles and chapters in edited books, he also wrote nearly 250 book reviews and review articles, some in French and German, which were published in journals world-wide. Taken together they reveal a remarkable degree of theoretical consistency in his approach to understanding the history of Europe since the French Revolution. This book brings

together these previously unexamined pieces of historical analysis in order to trace and shed light on key intellectual debates taking place in the second half of the 20th century. Many of these discussions continue to influence us today, such as the role of Germany in Europe, the economic, social and political foundations of European integration, the European rescue of the nation-state, the reasons for launching the single currency, the conditions for retaining the allegiance of European citizens to the notions of nation and supra-nation, and ultimately the issue of democratic governance in a global environment. In bringing together these reviews and review articles, the book provides an introduction to the main scholarly achievements of Milward, in his own words. Fernando Guirao and Frances M.B. Lynch provide an introduction to the volume, which both guides the reader through many of the academic debates embedded within the text while underlining their contemporary relevance. By introducing and bringing together this hitherto overlooked treasure trove of historical analysis, this book maps a close itinerary of some of the most salient intellectual debates of the second half of the 20th century and beyond. This unique volume will be of great interest to scholars of economic history, European history and historiography.

## Report

# History and politics in late Carolingian and Ottonian Europe

## The Chronicle of Regino of Prüm and Adalbert of Magdeburg

*Manchester University Press* **Abbot Regino of Prüm (d.915) was the last great historian of the Carolingian Empire, which spanned around a million square kilometres of continental western Europe during the eighth and ninth centuries. His Chronicle is the essential account of the empire's collapse, while its brief continuation by Adalbert, archbishop of Magdeburg, is one of the key accounts of the rise to power of the Ottonians, the first great German dynasty. Both texts**

are here translated into English for the first time. Regino's lively and anecdotal style will appeal to a variety of audiences, and this book is aimed at professional researchers, non-specialists and undergraduates alike. A substantial introduction provides both basic orientation and an original scholarly interpretation of the text, while readers are helped along by a detailed footnote commentary. Alongside other Carolingian texts translated in this series, the book will open up the later ninth and earlier tenth centuries to undergraduates and others engaged in the study of this increasingly popular period.

## The Routledge History of Women in Early Modern Europe

*Routledge* **The Routledge History of Women in Early Modern Europe is a comprehensive and ground-breaking survey of the lives of women in early-modern Europe between 1450 and 1750. Covering a period of dramatic political and cultural change, the book challenges the current contours and chronologies of European history by observing them through the lens of female experience. The collaborative research of this book covers four themes: the affective world; practical knowledge for life; politics and religion; arts, science and humanities. These themes are interwoven through the chapters, which encompass all areas of women's lives: sexuality, emotions, health and wellbeing, educational attainment, litigation and the practical and leisured application of knowledge, skills and artistry from medicine to theology. The intellectual lives of women, through reading and writing, and their spirituality and engagement with the material world, are also explored. So too is the sheer energy of female work, including farming and manufacture, skilled craft and artwork, theatrical work and scientific enquiry. The Routledge History of Women in Early Modern Europe revises the chronological and ideological parameters of early-modern European history by opening the reader's eyes to an exciting age of female productivity, social engagement and political activism across European and transatlantic boundaries. It is essential reading for students and researchers of early-modern history, the history of women and gender studies.**

## The Dawn of Everything

## A New History of Humanity

*Farrar, Straus and Giroux* **INSTANT NEW YORK TIMES BESTSELLER** A dramatically new understanding of human history, challenging our most fundamental assumptions about social evolution—from the development of agriculture and cities to the origins of the state, democracy, and inequality—and revealing new possibilities for human emancipation. For generations, our remote ancestors have been cast as primitive and childlike—either free and equal innocents, or thuggish and warlike. Civilization, we are told, could be achieved only by sacrificing those original freedoms or, alternatively, by taming our baser instincts. David Graeber and David Wengrow show how such theories first emerged in the eighteenth century as a conservative reaction to powerful critiques of European society posed by Indigenous observers and intellectuals. Revisiting this encounter has startling implications for how we make sense of human history today, including the origins of farming, property, cities, democracy, slavery, and civilization itself. Drawing on pathbreaking research in archaeology and anthropology, the authors show how history becomes a far more interesting place once we learn to throw off our conceptual shackles and perceive what's really there. If humans did not spend 95

percent of their evolutionary past in tiny bands of hunter-gatherers, what were they doing all that time? If agriculture, and cities, did not mean a plunge into hierarchy and domination, then what kinds of social and economic organization did they lead to? The answers are often unexpected, and suggest that the course of human history may be less set in stone, and more full of playful, hopeful possibilities, than we tend to assume. *The Dawn of Everything* fundamentally transforms our understanding of the human past and offers a path toward imagining new forms of freedom, new ways of organizing society. This is a monumental book of formidable intellectual range, animated by curiosity, moral vision, and a faith in the power of direct action. Includes Black-and-White Illustrations
