## **VARIATION ACROSS SPEECH AND WRITING**

---

Cambridge University Press Similarities and differences between speech and writing have been the subject of innumerable studies, but until now there has been no attempt to provide a unified linguistic analysis of the whole range of spoken and written registers in English. In this widely acclaimed empirical study, Douglas Biber uses computational techniques to analyse the linguistic characteristics of twenty three spoken and written genres, enabling identification of the basic, underlying dimensions of variation in English. In *Variation Across Speech and Writing*, six dimensions of variation are identified through a factor analysis, on the basis of linguistic co-occurrence patterns. The resulting model of variation provides for the description of the distinctive linguistic characteristics of any spoken or written text and demonstrates the ways in which the polarization of speech and writing has been misleading, and thus enables reconciliation of the contradictory conclusions reached in previous research.

## **IN PRAISE OF SLOW**

### **HOW A WORLDWIDE MOVEMENT IS CHALLENGING THE CULT OF SPEED**

---

Vintage Canada In the tradition of such trailblazing books as *No Logo* and *The Tipping Point*, *In Praise of Slow* heralds a growing international movement of people dedicated to slowing down the pace of our contemporary times and enjoying a richer, fuller life as a result. These days, almost everyone complains about the hectic pace of their lives. We live in a world where speed rules and everyone is under pressure to go faster. But when speed is king, anyone or anything that gets in our way, that slows us down, becomes an enemy. Thanks to speed, we are living in the age of rage. Carl Honore has discovered a movement that is quickly working its way into the mainstream. Groups of people are developing a recipe for living better in a fast-paced, modern environment by striving for a new balance between fast and slow. In an entertaining and hands-on investigation of this new movement, Honore takes us from a Tantric sex workshop in a trendy neighbourhood in London, England to Bra, Italy, the home of the Slow Food, Slow Cities and Slow Sex movements. He examines how we can continue to live productive lives by embracing the tenets of the slow movement. A challenging take on the cult of speed, as well as a corrective look at how we can approach our lives with new understanding, *In Praise of Slow* uncovers a movement whose time has come.

Random House Canada Professor Richard Wiseman offers many quick and practical ways to improve your life gleaned from today's cutting edge-science, and in the process gives a psychologist's myth-busting response to the self-help movement. Whether you're looking to be more decisive in your life, to find a new job, or simply to be happier, the chances are that this book has the answers you need. increase anxiety and reduce creativity. Here, psychologist Richard Wiseman exposes these modern-day mind myths and presents a fresh approach to change that helps people achieve their aims and ambitions in minutes not months. From mood to memory, persuasion to procrastination, resilience to relationships, Wiseman outlines the research supporting this new science of rapid change and describes how these quirky techniques can be incorporated into everyday life. • Find out why putting a pencil between your teeth instantly makes you feel happier • Discover why even thinking about going to the gym can help you keep in shape • Learn how putting just one thing in your wallet will improve the chance of it being returned if lost • Discover why writing down your goals is more effective than visualizing them • Find out why retail therapy doesn't work to improve mood and what does

## **A WAVE**

---

## **POEMS**

---

Open Road Media One of Ashbery's most acclaimed and beloved collections since *Self-Portrait in a Convex Mirror*, filled with his signature wit and generous intelligence The poems in John Ashbery's award-winning 1984 collection *A Wave* address the impermanence of language, the nature of mortality, and the fluidity of consciousness—matters of life and death that in other hands might run the risk of sentimentality. For John Ashbery, however, these considerations provide an opportunity to display his prodigious poetic gifts: the unerring ear for our evolving modern language and its ever-expanding universe of meanings, the fierce eye trained on glimmers underwater, and the wry humor that runs through observations both surprising and familiar. As the poem "The Path to the White Moon" has it, "We know what is coming, that we are moving / Dangerously and gracefully / Toward the resolution of time /

*Blurred but alive with many separate meanings / Inside this conversation." The long title poem of A Wave, which closes the book, is considered one of Ashbery's most distinguished works, praised by critic Helen Vendler for its "genius for a free and accurate American rendition of very elusive inner feelings, and especially for transitive states between feelings." Winner of both the Lenore Marshall Poetry Prize and the Bollingen Prize, this book is one to be read, reread, and remembered.*

### **A NOVEL**

*Vintage Praised on both sides of the Atlantic as well as in the author's native Uganda, Moses Isegawa's first novel Abyssinian Chronicles was a "big, transcendently ambitious book" (Boston Globe) that "blasts open the tidy borders of the conventional novel and redraws the literary map to reveal a whole new world" (Elle). In Snakepit, Isegawa returns to the surreal, brutalizing landscapes of his homeland during the time of dictator Idi Amin, when interlocking webs of emotional cruelty kept tyrants gratified and servants cooperative, a land where no one—not husbands or wives, parents or lovers—is ever safe from the implacable desires of men in power. Men like General Bazooka, who rues the day he hired Cambridge-educated Bat Katanga as his "Bureaucrat Two"—a man too good at his job—and places in his midst (and his bed) a seductive operative named Victoria, whose mission and motives are anything but simple. Ambitious and acquisitive, more than a little arrogant, Katanga finds himself steadily boxed in by events spiraling madly out of control, where deception, extortion, and murder are just so many cards to be played.*
