Incredible Tretchikoff

Life of an Artist and Adventurer

Art / Books 'Engaging ... gripping ... more than a biography' — Independent (SA) 'Fascinating story of an outsider ... excellent' — The Witness (SA) 'Full of facts' — Sunday Times (SA) 'Gorelik has produced a book that gathers together a wealth of information, raising interesting points on many quite contentious issues' — De Arte 'Enthralling ... highly recommended' — Historical Novel Society 'This book is highly recommended' — Dimitri Tretchikoff Vladimir Tretchikoff's Chinese Girl is one of the most famous images of all time. Known as the 'Green Lady', it has been reproduced countless times, appearing everywhere from mugs and T-shirts to pop videos and blockbuster films. Tretchikoff lived a life as colourful as his instantly recognizable paintings. Born to a deeply religious Siberian family, he fought poverty, tragedy, captivity and near death to become one of the most celebrated artists of his time. Loathed by the critics yet loved by the public, he defied misfortune and a dismissive art establishment to enjoy phenomenal success in Britain, South Africa, Canada and the United States. Coinciding with the centenary of his birth, Incredible Tretchikoff tells the enthralling story of this flamboyant artist from his humble beginnings to the spectacular highs and lows of his later career. We hear thrilling accounts of his early years as a Russian orphan in Manchuria and his efforts to make his way as a young man in a strange land. In Singapore in the 1930s, he was accepted into the social elite and his art became talk of the town. Meanwhile, he secretly worked for the British Ministry of Information producing anti-Axis propaganda. But his high living was brought to an abrupt end by the war. He was nearly killed when the Japanese sank the boat on which he was trying to escape; taken prisoner, he was forced to use his artistic skills for the enemy. Accused by his captors of being a spy, he somehow survived, and was eventually reunited with his wife and daughter in Cape Town after the war. Within years, through sheer determination and despite the hostility of the local art community, Tretchikoff had become South Africa's best-selling artist and his fame had spread across the globe. With the pace and suspense of a novel, Incredible Tretchikoff matches the drama of its subject's extraordinary life. It reveals the adventures that lie behind his most famous pictures, while presenting recently uncovered information and previously unseen photographs. This fascinating and gripping book is a fitting record of one of the most popular and controversial painters of the twentieth century.

The Duke of Wellington, Kidnapped!

The Incredible True Story of the Art Heist That Shocked a Nation

Catapult In 1961, a thief broke into the National Gallery in London and committed the most sensational art heist in British history. He stole the museum's much prized painting, *The Duke of Wellington* by Francisco Goya. Despite unprecedented international attention and an unflagging investigation, the case was not solved for four years, and even then, only because the culprit came forward voluntarily. Kempton Bunton, an elderly gentleman, claimed he executed the theft armed with only a toy gun, a disguise purchased for five shillings, and a getaway car inadvertently provided by a drunkard. Shortly after turning himself in, Bunton also invoked language in an obscure law to maintain his innocence, despite the confession. He did not allege that the confession was false, but rather that stealing the painting did not constitute a crime because he intended to return it. On account of this improbable defense strategy, the story took another twist, resulting in a bizarre courtroom drama and extraordinary verdict. Over fifty years later, Alan Hirsch decided to explore the facts behind this historic case and uncovered shocking new evidence that both solved the crime and deepened the mystery.

Alebrijes Colouring Book 4

Incredible and Fantastic Strange Creatures

Welcome to the magical world of Alebrijes. Alebrijes are legendary, brightly coloured, imaginary creatures which take elements from many different animals, such as cats, fish, dragons, and dogs with bird's feet and bat's wings. Alebrijes were first created by Pedro Linares López, an artist from Mexico. The story begins as far back as 1936 when Linares fell terribly ill and while falling in and out of consciousness he dreamed many incredible, amazing dreams. In these dreams, he found himself walking in a forest, and came across some strange, fantastic creatures that kept chanting, "alebrije, alebrije, alebrije". In Spanish, "alebrijes" is pronounced "al - ay - bree - hez". Pedro was very lucky and made a miraculous recovery. When he became strong and healthy again, he decided to bring the creatures he met in his dream to life in paintings and sculptures. The original sculptures of alebrijes were made of paper mache, clay and carved wood, brightly painted by hand in all shapes and sizes. Alebrijes are fun, and in this Alebrijes colouring book 4 of the series, there are 40

new exciting original alebrijes designs and texture backgrounds for you to colour at your leisure. Once you've coloured all of the alebrijes in this book, you could even try to dream new ones, and make imaginary alebrijes of your own! The illustrations on this book are inspired by original Mexican alebrijes shapes, patterns and textures in order to keep them true to the original alebrijes style. Levels of difficulty may vary on each design.
