**BIOGRAPHICAL AND HISTORICAL SOUVENIR FOR THE COUNTIES OF CLARK, CRAWFORD, HARRISON, FLOYD, JEFFERSON, JENNINGS, SCOTT, AND WASHINGTON, INDIANA**

---

Biographical and Historical Souvenir for the Counties of Clark, Crawford, Harrison, Floyd, Jefferson, Jennings, Scott and Washington, Indiana by John M. Gresham Company, first published in 1889, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.

**WICKED COLUMBUS, INDIANA**

---

Arcadia Publishing "Columbus's Unscrupulous Past... Dubbed the 'Athens of the Prairie' for its array of stunning modern architecture, Columbus still endured its share of unsavory citizens, crime-ridden neighborhoods and tales of woe. Many residents avoided the infamous slums of Smoky Row and Death Valley, while others gave in to the allure of Lillian "Toddie" Tull's famed house of ill repute on North Jackson Street. Two different father-and-son hoodlum partnerships, the McKinneys and the Bells, terrorized the area in the 1800s. And a brutal fistfight between a newspaper editor and the mayor sparked a scandal in 1877. Author Paul J. Hoffman guides the reader on a wild ride through the city's salacious side." -- back cover

**PROMINENT FAMILIES OF NEW YORK****BEING AN ACCOUNT IN BIOGRAPHICAL FORM OF INDIVIDUALS AND FAMILIES DISTINGUISHED AS REPRESENTATIVES OF THE SOCIAL, PROFESSIONAL AND CIVIC LIFE OF NEW YORK CITY****HOOSIERS AND THE AMERICAN STORY**

Indiana Historical Society A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America’s westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana’s stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

**A HISTORICAL SKETCH OF JOHNSON COUNTY, INDIANA****THE MAGNIFICENT 92 INDIANA COURTHOUSES**

Quarry Books ""During the last quarter of the nineteenth century, architects designed new courthouses all over Indiana, and a flurry of construction began. About 60 of Indiana's 92 courthouses were built in the nineteenth century, but the desire to construct capitols of grace and grandeur didn't die then: the years between 1900 and 1930 produced 23 more. By the 1970s, much of county government in Indiana was operating out of antiquated, crowded buildings. A few counties simply tore down the old structures and rebuilt with a

new kind of splendor in glass and steel; but most counties, while intent on building larger facilities, were determined to keep and restore the magnificence of the older courthouses."--BOOK JACKET. ""In words and photographs this book depicts the present courthouses of Indiana's 92 county seats."--BOOK JACKET.

#### **AN INTERVENTION MAPPING APPROACH**

---

John Wiley & Sons Planning Health Promotion Programs This thoroughly revised and updated third edition of Planning Health Promotion Programs provides a powerful, practical resource for the planning and development of health education and health promotion programs. At the heart of the book is a streamlined presentation of Intervention Mapping, a useful tool for the planning and development of effective programs. The steps and tasks of Intervention Mapping offer a framework for making and documenting decisions for influencing change in behavior and environmental conditions to promote health and to prevent or improve a health problem. Planning Health Promotion Programs gives health education and promotion professionals and researchers information on the latest advances in the field, updated examples and explanations, and new illustrative case studies. In addition, the book has been redesigned to be more teachable, practical, and practitioner-friendly.

#### **COLONELS IN BLUE—INDIANA, KENTUCKY AND TENNESSEE**

---

---

#### **A CIVIL WAR BIOGRAPHICAL DICTIONARY**

---

McFarland This biographical dictionary documents the Union army colonels who commanded regiments from Indiana, Kentucky and Tennessee. Entries are arranged first by state and then by regiment, and provide a biographical sketch of each colonel focusing on his Civil War service. Many of the colonels covered herein never rose above that rank, failing to win promotion to brigadier general or brevet brigadier general, and have therefore received very little scholarly attention prior to this work.

McFarland The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.
