The American Promise, Combined Volume A History of the United States Macmillan The American Promise is more teachable and memorable than any other U.S. survey text. The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories. The voices of hundreds of Americans - from Presidents to pipe fitters, and sharecroppers to suffragettes - animate the past and make concepts memorable. The past comes alive for students through dynamic special features and a stunning and distinctive visual program. Over 775 contemporaneous illustrations - more than any competing text - draw students into the text, and more than 180 full - color maps increase students' geographic literacy. A rich array of special features complements the narrative offering more points of departure for assignments and discussion. Longstanding favorites include Documenting the American Promise, Historical Questions, The Promise of Technology, and Beyond American's Borders, representing a key part of our effort to increase attention paid to the global context of American history. World History Patterns of Civilization A textbook history of the world focusing on the development of various civilizations. CA Te Am Anthem 2007 Mod Princeton Review AP U. S. This is the story of the monsters they discovered lurking in the wilds. Spring has sprung, and the Corps of Discovery is closing in on the Pacific! But new beginnings mean new horrors for Lewis and Clark, and out on the American plains, a sleeping beast has awoken! Collects MANIFEST DESTINY #37-42 Encyclopedia of Local History Rowman & Littlefield How is local history thought about? How should it be approached? Through brief, succinct notes and essay-length entries, the Encyclopedia of Local History presents ideas to consider, sources to use, historical fields and trends to explore. It also provides commentary on a number of subjects, including the everyday topics that most local historians encounter. A handy reference tool that no public historian's desk should be without! A More Perfect Union [kit].: A more perfect union : teachers edition Manifest Destiny Greenwood Essays, biographies, and primary documents make this an all-in-one resource on America's Westward Expansion. Coast-to-Coast Empire Manifest Destiny and the New Mexico Borderlands University of Oklahoma Press Following Zebulon Pike's expeditions in the early nineteenth century, U.S. expansionists focused their gaze on the Southwest. Explorers, traders, settlers, boundary adjudicators, railway surveyors, and the U.S. Army crossed into and through New Mexico, transforming it into a battleground for competing influences determined to control the region. Previous histories have treated the Santa Fe trade, the American occupation under Colonel Stephen W. Kearny, the antebellum Indian Wars, debates over slavery, the Pacific Railway, and the Confederate invasion during the Civil War as

separate events in New Mexico. In *Coast-to-Coast Empire*, William S. Kiser demonstrates instead that these developments were interconnected parts of a process by which the United States effected the political, economic, and ideological transformation of the region. New Mexico was an early proving ground for Manifest Destiny, the belief that U.S. possession of the entire North American continent was inevitable. Kiser shows that the federal government's military commitment to the territory stemmed from its importance to U.S. expansion. Americans wanted California, but in order to retain possession of it and realize its full economic and geopolitical potential, they needed New Mexico as a connecting thoroughfare in their nation-building project. The use of armed force to realize this claim fundamentally altered New Mexico and the Southwest. Soldiers marched into the territory at the onset of the Mexican-American War and occupied it continuously through the 1890s, leaving an indelible imprint on the region's social, cultural, political, judicial, and economic systems. By focusing on the activities of a standing army in a civilian setting, Kiser reshapes the history of the Southwest, underlining the role of the military not just in obtaining territory but in retaining it. *Manifest Destiny Vol. 2* Image Comics Lewis, Clark and the surviving members of their expedition continue westward across America, only to learn there is nowhere to run on a river. Collects *MANIFEST DESTINY #7-12*. *Military Review Manifest Destinies America's Westward Expansion and the Road to the Civil War* Vintage Princeton Review GED Test Prep 2021 Practice Tests + Review & Techniques + Online Features Princeton Review The GED (General Educational Development) tests provide hundreds of thousands of people each year with the opportunity to earn the equivalent of a high school diploma—it is still by far the most popular high school accreditation test in the United States. S. History Exam, 2016 Edition* Princeton Review Detailed advice for receiving better scores on

the U.S. History Exam. Includes two full-length practice tests with helpful tips to write better essays for the test. **An Indigenous Peoples' History of the United States** Beacon Press Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, **An Indigenous Peoples' History of the United States** is an essential resource providing historical threads that are crucial for understanding the present. In **An Indigenous Peoples' History of the United States**, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. **An Indigenous Peoples' History of the United States** is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature. **Teaching History with Film Strategies for Secondary Social Studies** Taylor & Francis Teaching History with Film provides a fresh, engaging, and clear overview of teaching with film to effectively enhance social studies instruction. Using cases of experienced teachers to illustrate accomplished history teaching through movies, this text provides pre- and in-service teachers with ideas for implementing film-based lessons in their own classrooms and offers a deeper understanding of the thorny issues involved in using film to teach history. The second edition is completely revised and updated including: two entirely new case studies; a new chapter focusing on using international film and incorporating a more global view in the classroom; and additional material on using film to tackle difficult and controversial issues; as well as updates to all of the cases. Each section of the book focuses on how teachers can effectively support the development of students' historical film literacy through topics such as using film to develop interpretive skills, to explore controversial issues, and to develop historical empathy. By developing the skills students need to think critically about the past or what they think they know about history, the lessons in this book illustrate how to harness the pedagogical power of film to provide the tools necessary for rigorous inquiry and democratic citizenship. Special features include: "Reflection on the Case," following each chapter, analyzing and discussing the strengths and limitations of the teacher's approach as well as providing strategies for using and choosing films specific to the educational outcome Sample unit outlines, descriptions of class texts and films, worksheets, essay questions, viewer guides, and exercises for the classroom throughout Discussion of the practical considerations facing classroom teachers, including juggling time restraints, issues of parental permission, and meeting standards **An Indigenous Peoples' History of the United States for Young People** Beacon Press 2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history. **Young Nation Develops (ENHANCED eBook)** Lorenz Educational Press A **Young Nation Develops** contains 12 full-color transparencies (print books) or PowerPoint slides (eBooks), 28 reproducible pages including five pages of test material, and a richly detailed teacher's guide. Among the topics covered in this volume are the Louisiana Purchase, the War of 1812, the Monroe Doctrine, the industrial revolution, and the expansion of the south. **Making America: A History of the United States** Cengage Learning Shaped with a clear political chronology, **MAKING AMERICA** reflects the variety of individual experiences and cultures that comprise American society. The book's clear and helpful presentation speaks directly to students, sparking their curiosity and inviting them to "do history" as well as read about it. For instructors whose classrooms mirror the diversity of today's college students, the strongly chronological narrative, together with visuals and an integrated program of learning and teaching aids, makes the historical content vivid and comprehensible to students at all levels of preparedness. Available in the following split options: **MAKING AMERICA, Seventh Edition (Chapters 1-29)**, ISBN: 978-1-285-19479-0; **Volume I: To 1877 (Chapters 1-15)**, ISBN: 978-1-285-19480-6; **Volume II: Since 1865 (Chapters 15-29)**, ISBN: 978-1-285-19481-3.
