#### **WORLD WAR I: BACKGROUND AND CAUSES GR. 5-8**

---

Classroom Complete Press **\*\*This is the chapter slice "Background and Causes Gr. 5-8" from the full lesson plan "World War I"\*\*. Visit the Great War and discover why it's been called the first man-made conflict in history. From 1914 to 1918, our resource explores the reality of a war fought on a global scale. Get to know nationalism, imperialism and militarism while examining the many causes of the war. Recognize how tension in Europe can erupt into major conflict after the assassination of Archduke Franz Ferdinand. Become familiar with the Triple Alliance and the Triple Entente before being transported to the battle of the Somme. Learn of the events that caused the U.S. to enter the war, from the sinking of the Lusitania to a decoded plan to attack the mainland. Discover President Woodrow Wilson's Fourteen Point peace program presented to Congress. Find out how the industrial era affected the weapons and methods of warfare used during the war. Finally, see how the Treaty of Versailles changed the geographic makeup of Europe. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included.**

### **SKY BOYS: HOW THEY BUILT THE EMPIRE STATE BUILDING**

---

Schwartz & Wade **This Boston Globe-Horn Book Honor Book and ALA-ALSC Notable Children's Book provides a riveting brick-by-brick account of how one of the most amazing accomplishments in American architecture came to be. It's 1930 and times are tough for Pop and his son. But look! On the corner of 34th Street and 5th Avenue, a building straight and simple as a pencil is being built in record time. Hundreds of men are leveling, shoveling, hauling. They're hoisting 60,000 tons of steel, stacking 10 million bricks, eating lunch in the clouds. And when they cut ribbon and the crowds rush in, the boy and his father will be among the first to zoom up to the top of the tallest building in the world and see all of Manhattan spread at their feet.**

---

### **THE SECRET HISTORY OF THE SACKLER DYNASTY**

---

Doubleday **NATIONAL BOOK CRITICS CIRCLE NOMINEE • A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER • A grand, devastating portrait of three generations of the Sackler family, famed for their philanthropy, whose fortune was built by Valium and whose reputation was destroyed by OxyContin. From the prize-winning and bestselling author of Say Nothing The history of the Sackler dynasty is rife with drama—baroque personal lives; bitter disputes over estates; fistfights in boardrooms; glittering art collections; Machiavellian courtroom maneuvers; and the calculated use of money to burnish reputations and crush the less powerful. The Sackler name has adorned the walls of many storied institutions—Harvard, the Metropolitan Museum of Art, Oxford, the Louvre. They are one of the richest families in the world, known for their lavish donations to the arts and the sciences. The source of the family fortune was vague, however, until it emerged that the Sacklers were responsible for making and marketing a blockbuster painkiller**

that was the catalyst for the opioid crisis. *Empire of Pain* begins with the story of three doctor brothers, Raymond, Mortimer and the incalculably energetic Arthur, who weathered the poverty of the Great Depression and appalling anti-Semitism. Working at a barbaric mental institution, Arthur saw a better way and conducted groundbreaking research into drug treatments. He also had a genius for marketing, especially for pharmaceuticals, and bought a small ad firm. Arthur devised the marketing for Valium, and built the first great Sackler fortune. He purchased a drug manufacturer, Purdue Frederick, which would be run by Raymond and Mortimer. The brothers began collecting art, and wives, and grand residences in exotic locales. Their children and grandchildren grew up in luxury. Forty years later, Raymond's son Richard ran the family-owned Purdue. The template Arthur Sackler created to sell Valium—co-opting doctors, influencing the FDA, downplaying the drug's addictiveness—was employed to launch a far more potent product: OxyContin. The drug went on to generate some thirty-five billion dollars in revenue, and to launch a public health crisis in which hundreds of thousands would die. This is the saga of three generations of a single family and the mark they would leave on the world, a tale that moves from the bustling streets of early twentieth-century Brooklyn to the seaside palaces of Greenwich, Connecticut, and Cap d'Antibes to the corridors of power in Washington, D.C. *Empire of Pain* chronicles the multiple investigations of the Sacklers and their company, and the scorched-earth legal tactics that the family has used to evade accountability. *Empire of Pain* is a masterpiece of narrative reporting and writing, exhaustively documented and ferociously compelling. It is a portrait of the excesses of America's second Gilded Age, a study of impunity among the super elite and a relentless investigation of the naked greed and indifference to human suffering that built one of the world's great fortunes.

### **THE LIMITS OF EMPIRE: EUROPEAN IMPERIAL FORMATIONS IN EARLY MODERN WORLD HISTORY**

---

---

### **ESSAYS IN HONOR OF GEOFFREY PARKER**

---

Routledge This volume, published in honor of historian Geoffrey Parker, explores the working of European empires in a global perspective, focusing on one of the most important themes of Parker's work: the limits of empire, which is to say, the centrifugal forces - sacral, dynastic, military, diplomatic, geographical, informational - that plagued imperial formations in the early modern period (1500-1800). During this time of wrenching technological, demographic, climatic, and economic change, empires had to struggle with new religious movements, incipient nationalisms, new sea routes, new military technologies, and an evolving state system with complex new rules of diplomacy. Engaging with a host of current debates, the chapters in this book break away from conventional historical conceptions of empire as an essentially western phenomenon with clear demarcation lines between the colonizer and the colonized. These are replaced here by much more fluid and subtle conceptions that highlight complex interplays between coalitions of rulers and ruled. In so doing, the volume builds upon recent work that increasingly suggests that empires simply could not exist without the consent of their imperial subjects, or at least significant groups of them. This was as true for the British Raj as it was for imperial China or Russia. Whilst the thirteen chapters in this book focus on a number of geographic regions and adopt different approaches, each shares a focus on, and interest in, the working of empires and the ways that imperial formations dealt with - or failed to deal with - the challenges that beset them. Taken together, they reflect a new phase in the evolving historiography of empire. They also reflect the scholarly contributions of the dedicatee, Geoffrey Parker, whose life and work are discussed in the introductory chapters and, we're proud to say, in a delightful chapter by Parker himself, an autobiographical reflection that closes the book.
