ACTIVISM IN THE DAYS OF MARTIAL LAW

GWANGJU UPRISING

THE REBELLION FOR DEMOCRACY IN SOUTH KOREA

Verso Books The essential account of the South Korean 1980 pro-democracy rebellion On 18th May 1980, student activists gathered in the South Korean city of Gwangju to protest the coup d'état and martial law government of General Chun Doo-hwan. The security forces responded with unmitigated violence, and over the next ten days hundreds of students, activists and citizens were arrested, tortured and murdered. The events of the uprising shaped over a decade of resistance to the repressive South Korean regime, and paved the way for the country's democratisation in the 1990s. The subject of right-wing conspiracy and controversy in South Korea, the texts of Gwangju Uprising survived in underground circulation and were recently republished. This fresh translation by Slin Jung of the original text, compiled from eye-witness testimonies, forms a gripping and full account of both the events of the uprising and the political situation which preceded and followed the violence of those days. With a preface by Hwang Sok-yong which situates the uprising in its longer-term local and international context. The resulting volume is an unrivalled account of the movement for democracy and freedom in South Korea in the tumultuous period of the 1980s dictatorship. A vital collection for those interested in East Asian contemporary history and the global struggle for democracy.

DOCUMENTA FIFTEEN HANDBOOK

Hatje Cantz Verlag Under the guiding principle of lumbung, the Indonesian collective ruangrupa is less concerned with individual works than with forms of collaborative working. As a reference work, companion, and innovative art guide, the Handbook offers orientation for these comprehensive processes; it is aimed at visitors to the Kassel exhibition as well as those interested in collective practice. All the protagonists at documenta fifteen and their work are presented by international authors who are familiar with the respective artistic practice and cultural context. Entitled "lumbung," the book introduces the mindset and cultural background of documenta fifteen illustrating the artistic work processes with numerous drawings. A chapter on Kassel presents and explains all the locations of the show, including the artists and collectives represented here.

THE REVOLUTION FALTERS

THE LEFT IN PHILIPPINE POLITICS AFTER 1986

Cornell University Press A detailed investigation of the contemporary Philippine Left, focusing on the political challenges and dilemmas that confronted activists following the disintegration of the Marcos regime and the reestablishment of electoral democracy under Corazon Aquino. The authors focus on such varied topics as peasant politics, urban social movements, purges and executions, and Marxist theory.

IRAN'S STRUGGLES FOR SOCIAL JUSTICE

ECONOMICS, AGENCY, JUSTICE, ACTIVISM

Springer This interdisciplinary volume offers a range of studies spanning the various historical, political, legal, and cultural features of social justice in Iran, and proposes that the present-day realities of life in Iran could not be farther from the promises of the Iranian Revolution. The ideals of social justice and participatory democracy that galvanized a resilient nation in 1979 have been abandoned as an avaricious ruling elite has privatized the economy, abandoned social programs and subsidy payments for the poor, and suppressed the struggles of women, workers, students, and minorities for equality. At its core, Iran's Struggles for Social Justice seeks to educate and to develop a new discourse on social justice in Iran.

MEMORY ACTIVISM

REIMAGINING THE PAST FOR THE FUTURE IN ISRAEL-PALESTINE

Vanderbilt University Press SAGE Memory Studies Journal & Memory Studies Association Outstanding First Book Award, Honorable Mention, 2019 Set in Israel in the first decade of the twenty-first century and based on long-term fieldwork, this rich ethnographic study offers an innovative analysis of the Israeli-Palestinian conflict. It explores practices of "memory activism" by three groups of Jewish-Israeli and Arab-Palestinian citizens--Zochrot, Autobiography of a City, and Baladna--showing how they appropriated the global model of truth and reconciliation while utilizing local cultural practices such as tours and testimonies. These activist efforts gave visibility to a silenced Palestinian history in order to come to terms with the conflict's origins and envision a new resolution for the future. This unique focus on memory as a weapon of the weak reveals a surprising shift in awareness of Palestinian suffering among the Jewish majority of Israeli society in a decade of escalating violence and polarization--albeit not without a backlash. Contested memories saturate this society. The 1948 war is remembered as both Independence Day by Israelis and al-Nakba ("the catastrophe") by Palestinians. The walking tour and survivor testimonies originally deployed by the state for national Zionist education that marginalized Palestinian citizens are now being appropriated by activists for tours of pre-state Palestinian villages and testimonies by refugees.

WHERE DID THE REVOLUTION GO?

CONTENTIOUS POLITICS AND THE QUALITY OF DEMOCRACY

Cambridge University Press *Where Did the Revolution Go?* considers the apparent disappearance of the large social movements that have contributed to democratization. Revived by recent events of the Arab Spring, this question is once again paramount. Is the disappearance real, given the focus of mass media and scholarship on electoral processes and 'normal politics'? Does it always happen, or only under certain circumstances? Are those who struggled for change destined to be disappointed by the slow pace of transformation? Which mechanisms are activated and deactivated during the rise and fall of democratization? This volume addresses these questions through empirical analysis based on quantitative and qualitative methods (including oral history) of cases in two waves of democratization: Central Eastern European cases in 1989 as well as cases in the Middle East and Mediterranean region in 2011.

STUDENT ACTIVISM IN ASIA

BETWEEN PROTEST AND POWERLESSNESS

U of Minnesota Press Since World War II, students in East and Southeast Asia have led protest movements that toppled authoritarian regimes in countries such as Indonesia, South Korea, and Thailand. Elsewhere in the region, student protests have shaken regimes until they were brutally suppressed--most famously in China's Tiananmen Square and in Burma. But despite their significance, these movements have received only a fraction of the notice that has been given to American and European student protests of the 1960s and 1970s. The first book in decades to redress this neglect, *Student Activism in Asia* tells the story of student protest movements across Asia. Taking an interdisciplinary, comparative approach, the contributors examine ten countries, focusing on those where student protests have been particularly fierce and consequential: China, Japan, Hong Kong, Taiwan, South Korea, Indonesia, Burma, Malaysia, Thailand, and the Philippines. They explore similarities and differences among student movements in these countries, paying special attention to the influence of four factors: higher education systems, students' collective identities, students' relationships with ruling regimes, and transnational flows of activist ideas and inspirations. The authors include leading specialists on student activism in each of the countries investigated. Together, these experts provide a rich picture of an important tradition of political protest that has ebbed and flowed but has left indelible marks on Asia's sociopolitical landscape. Contributors: Patricio N. Abinales, U of Hawaii, Manoa; Prajak Kongkirati, Thammasat U, Thailand; Win Min, Vahu Development Institute; Stephan Ortmann, City U of Hong Kong; Mi Park, Dalhousie U, Canada; Patricia G. DISSIDENT LEGACIES OF SAMIZDAT SOCIAL MEDIA ACTIVISM

UNLICENSED PRINT CULTURE IN POLAND 1976-1990

Routledge This book tells the story of the dissident imaginary of samizdat activists, the political culture they created, and the pivotal role that culture had in sustaining the resilience of the oppositional movement in Poland between 1976 and 1990. This unlicensed print culture has been seen as one of the most emblematic social worlds of dissent. Since the Cold War, the audacity of harnessing obsolete print technology known as samizdat to break the modern monopoly of information of the party-state has fascinated many, yet this book looks beyond the Cold War frame to reappraise its historical novelty and significance. What made that culture resilient and rewarding, this book argues, was the correspondence between certain set of ideas and media practices: namely, the form of samizdat social media, which both embodied and projected the prefigurative philosophy of political action, asserting that small forms of collective agency can have a transformative effect on public life here and now, and are uniquely capable of achieving a democratic new beginning. This prefigurative vision of the transition from communism had a fundamental impact on the broader oppositional movement. Yet, while both the rise of Solidarity and the breakthrough of 1989 seemed to do justice to that vision, both pivotal moments found samizdat social media activists making history that was not to their liking. Back in the day, their estrangement was overshadowed by the main axis of contention between the society and the state. Foregrounding the internal controversies they protagonized, this book adds nuance to our understanding of the broader legacy of dissent and its relevance for the networked protests of today.

EROS PLUS MASSACRE

AN INTRODUCTION TO THE JAPANESE NEW WAVE CINEMA

Indiana University Press The decade of the 1960s encompassed a "New Wave" of films whose makers were rebels, challenging cinematic traditions and the culture at large. The films of the New Wave in Japan have, until now, been largely overlooked. *Eros plus Massacre* (taking its title from a 1969 Yoshida Yoshihige film) is the first major study devoted to the examination and explanation of Japanese New Wave film. Desser organizes his volume around the defining motifs of the New Wave. Chapters examine in depth such themes as youth, identity, sexuality, and women, as they are revealed in the Japanese film of the sixties. Desser's research in Japanese film archives, his interviews with major figures of the movement, and his keen insight into Japanese culture combine to offer a solid and balanced analysis of films by Oshima, Shinoda, Imamura, Yoshida, Suzuki, and others.

TIANANMEN MOON

INSIDE THE CHINESE STUDENT UPRISING OF 1989

Rowman & Littlefield This compelling book, now in a thoroughly revised and expanded anniversary edition, provides a vivid first-hand account of the student demonstrations and violent crackdown in Tiananmen Square in 1989. Uniquely placed as a Western observer drawn into active participation through Chinese friends in the uprising, Philip J. Cunningham offers a remarkable day-by-day account of Beijing students desperately trying to secure the most coveted political real estate in China in the face of ever-more daunting government countermoves. He brings to life the story of the demonstrations, from the tentative early marches to the huge outpouring of support, from the hunger strikes and jostling for influence among student leaders, to the senseless bloody crackdown. This remarkable testament to a searing Beijing spring that changed China forever serves witness to the rise and fall of an uprising, capturing the plaintive and lyrical beauty of a dream that endures and continues to haunt the country today.

ROUTLEDGE HANDBOOK OF THE CONTEMPORARY PHILIPPINES

Routledge The Philippines is a fascinating example of a "poor country democracy" where issues of economic development and poverty, political participation and stability, as well as ethnicity and migration are crucial. The Routledge Handbook of the Contemporary Philippines provides a comprehensive overview of the current political, economic, social, and cultural issues of the country. The Handbook is divided into the following four sections concentrating on a different aspect of the Philippines: domestic politics; foreign relations; economics and social policy; cultures and movements. In terms of domestic politics, chapters discuss clientelism, bossism, dynasties, pork barrel and corruption as well as institutions - the presidency, congress, the judiciary, the civil service, political parties, and civilian-military relations. The Philippines is confronted with many overseas challenges, with the foreign relations section focused on the country's relationship with China, Japan, and the USA as well as assessing the impact of the Filipino diaspora community around the world. Regarding economics and social policy, authors examine industrial policy, capital flight, microfinance, technocracy, economic nationalism, poverty, social welfare programs, and livelihoods. The final section on Philippine cultures and movements highlights issues of customs, gender, religion, and nationalism while also examining various social and political forces - the peasantry, the middle class, indigenous peoples, NGOs, the left, trade unionism, the women's movement, and major insurgencies. Written by leading experts in the field, the Handbook provides students, scholars, and policymakers of Southeast Asia with an interdisciplinary resource on the evolving politics, society, and economics of the Philippines.

DANCE IN CHAINS

POLITICAL IMPRISONMENT IN THE MODERN WORLD

Oxford University Press States around the world imprison people for their beliefs or politically-motivated actions. Oppositional movements of all stripes celebrate their comrades behind bars. Yet they are more than symbols of repression and human rights. *Dance in Chains* examines the experiences of

political prisoners themselves in order to understand who they are, what they do, and why it matters. This is the first book to trace the history of modern political imprisonment from its origins in the mid-nineteenth century. The letters, diaries, and memoirs of political prisoners, as well as the records of regime policies, relate the contest in the prison cell to political conflicts between regime and opposition. Padraic Kenney draws on examples from regimes ranging from communist and fascist to colonial and democratic, including Ireland, the United Kingdom, Poland, and South Africa. They include the Fenian Brotherhood, imprisoned in England and Ireland in the 1860s, and their successors during the Irish War of Independence and the Northern Ireland Troubles; Afrikaners suspected of treason during the Boer War; socialists fighting for Polish freedom in the Russian Empire, and then Communists denouncing "bourgeois" rule in newly-independent Poland; the opponents of apartheid South Africa and stalinist Poland; and those imprisoned by the United States in Guantanamo Bay detention camp today. Some prisons are well-known; in others, inmates suffered in obscurity. Through self-organization, education, and actions ranging from solitary non-cooperation to mass hunger strikes, these prisoners transform their incarceration and counter states' efforts to control them. While considering the international movements that have sought to publicize the plight of political prisoners, *Dance in Chains* examines the actions of the prisoners themselves to find universal answers to questions about the meaning and purpose of their imprisonment.

RED REVOLUTION

INSIDE THE PHILIPPINE GUERRILLA MOVEMENT

Routledge This book is about the Communist Party of the Philippines (CPP) and its guerrilla army. Its objective is to offer the reader a close-up look and analysis of the revolution and serves as a case study of the inner workings of one of the most successful communist revolutionary movements.

MILITARY, STATE AND SOCIETY IN PAKISTAN

Springer This book offers a comprehensive study of the dynamics of civil-military relations in Pakistan. It asks how and why the Pakistan military has acquired such a salience in the polity and how it continues to influence decision-making on foreign and security policies and key domestic political, social and economic issues. It also examines the changes within the military, the impact of these changes on its disposition towards the state and society, and the implications for peace and security in nuclearized South Asia.

A TIME TO RISE

COLLECTIVE MEMOIRS OF THE UNION OF DEMOCRATIC FILIPINOS (KDP)

University of Washington Press A Time to Rise is an intimate look into the workings of the KDP, the only revolutionary organization that emerged in the Filipino American community during the politically turbulent 1970s and 80s. Overcoming cultural and class differences, members of the KDP banded together in a single national organization to mobilize their community into civil rights and antiwar movements in the United States and in the fight for democracy and national liberation in the Philippines and elsewhere. These personal accounts document recruitment, organizing, and training in the KDP. More than two-thirds of the stories are by women, reflecting the powerful role they played in the organization and its leadership. Also included are chapters on the struggle for justice for murdered KDP and union leaders Silme Domingo and Gene Viernes. These memoirs offer political insights and inspiring examples of personal courage that will resonate today.

TAIWAN SINCE MARTIAL LAW

SOCIETY, CULTURE, POLITICS, ECONOMY

Shung Ye Museum, (Ecai) Uc Berkeley & Ntu Press Co-published by Shung Ye Museum of Formosan Aborigines, University of California, Berkeley & National Taiwan University Press. Taiwan Since Martial Law epitomizes the reinvigoration of cultural pluralism, which characterizes the dynamic processes of democratized Taiwan. With the lifting of martial law in 1987, people have awakened to their respective cultural identities and contributed to a sociopolitical renaissance strengthening the island's sense of national destiny and commitment to self-determination. Nineteen chapters highlight Taiwan's social and cultural diversity and the complexities of its politics and economy. The preface by Bo Tedards depicts the avenues of Taiwan's democratization with his 'trajectories' of political alternatives. The opening chapter by the editor David Blundell traces his personal experiences during the martial law transition and his reflections on an emerging Taiwan "sense of place." Pro-democracy activists organized to demand free elections, human rights, respect for local heritages, and environmental sustainability.

THOUGHT CRIME

IDEOLOGY AND STATE POWER IN INTERWAR JAPAN

Duke University Press In Thought Crime Max M. Ward explores the Japanese state's efforts to suppress political radicalism in the 1920s and 1930s. Ward traces the evolution of an antiradical law called the Peace Preservation Law, from its initial application to suppress communism and anticolonial nationalism—what authorities deemed thought crime—to its expansion into an elaborate system to reform and ideologically convert thousands of thought criminals throughout the Japanese Empire. To enforce the law, the government enlisted a number of nonstate actors, who included monks, family members, and community leaders. Throughout, Ward illuminates the complex processes through which the law articulated imperial ideology and how this ideology was transformed and disseminated through the law's application over its twenty-year history. In so doing, he shows how the Peace Preservation Law provides a window into understanding how modern states develop ideological apparatuses to subject their respective populations.

THE RISE AND FALL OF COMMUNISM

Doubleday Canada Published to coincide with the twentieth anniversary of the fall of the Berlin Wall — a definitive and ground-breaking account of the revolutionary ideology that changed the modern world. The inexorable rise of Communism was the most momentous political phenomenon of the first half of the twentieth century. Its demise in Europe and its decline elsewhere have produced the most profound political changes of the last few decades. In this illuminating book, based on forty years of study and a wealth of new sources, Archie Brown provides a comprehensive history as well as an original and highly readable analysis of an ideology that has shaped the world and still rules over a fifth of humanity. A compelling new work from an internationally renowned specialist, The Rise and Fall of Communism promises to be the definitive study of the most remarkable political and human story of our times.

A PRISONER OF MARTIAL LAW

POLAND, 1981-1982

Houghton Mifflin Harcourt P "This prison diary of a young activist from Gdansk -- Jan Mur is a pseudonym -- is pretty much what one would expect, but that doesn't mean that it's without interest. Interned on December 13, 1981, when martial law was declared and Solidarity crushed, Mur reflects in his experiences the curious nature of the suppression and its response. During the day of the 12th, the Solidarity leadership, meeting in Gdansk, was aware of threatening movements by the Polish security forces (ZOMO), yet nothing was done collectively. Mur, leaving the meeting, wondered whether or not to go home; in the end he did, and was arrested there. The highly organized and sophisticated Solidarity collapsed overnight. In prison, Mur's cell quickly filled with people he knew: union activists, a journalist, workers, an engineer, a teacher. The realization that they would not be soon released dawned slowly. We hear of the prison camp routines that filled their time: seeing how far they can go with their guards; picking and choosing issues over which to create a fuss; creating a prison postal system, complete with stamps. The internees worry about their families -- one gets married in prison -- and try to fight off depression, just as any prisoners would. What makes them different is the discussions they hold, a continuation of Solidarity's debates over tactics, only now with the edge of recrimination: how did we get here? what should we have done? who is to blame? A major division is over KOR (Committee to Defend the Workers), whose leaders -- Jacek Kuron, Adam Michnik -- were of an older generation, and provided important direction for Solidarity's early organizing; yet some younger Solidarity activists blamed KOR for impeding Solidarity's development as a trade union. (These younger members are more closely tied to the Church; they experience some disillusionment with the Polish Church's hierarchy during their internment, but attach ever greater importance to the Pope.) The other hero is Lech Walesa. While Walesa's leadership decisions come up for some criticism, his steadfast determination to put the collective interest above his own, and of those closest to him, makes him a truly beloved leader. He is always Lech here. It's this record of the debates, above all, that makes Mur's diaries a distinct contribution to the expanding literature on Solidarity."--Kirkus

WHY TAIWAN MATTERS

SMALL ISLAND, GLOBAL POWERHOUSE

Rowman & Littlefield Now in an updated paperback edition, Why Taiwan Matters offers a comprehensive but compact introduction to a country that exercises a role in the world far greater than its tiny size would indicate. Leading expert Shelley Rigger explains how Taiwan became such a key global player, highlighting economic and political breakthroughs so impressive they have been called "miracles." She links these accomplishments to Taiwan's determined society, vibrant culture, and unique history. Drawing on arts, economics, politics, and international relations, Rigger explores Taiwan's

importance to China, the United States, and the world. Considering where Taiwan may be headed in its wary standoff with China, she traces how the focus of Taiwan's domestic politics has shifted to a Taiwan-centered strategy. All readers interested in Asia and international affairs will find this an accessible and entertaining overview, replete with human interest stories and colorful examples of daily life in Taiwan.

UNTRANQUIL RECOLLECTIONS

THE YEARS OF FULFILMENT

SAGE Publications India The book brings together Rehman Sobhan's personal story situated within the historical events of Bangladesh, from its birth as East Pakistan to its evolution as an independent, democratic state. UNTRANQUIL RECOLLECTIONS: The Years of Fulfilment is a memoir of Rehman Sobhan, a prominent economist and public intellectual who played an active role in the Bangladeshi national movement of the 1960s. It is a narration of events by the author who lived through extraordinary phases in the histories of India, Pakistan and Bangladesh and the impact they had on him. His story relates to the life and perspectives of an individual born into a family of relative privilege and educated at elite schools. Later on, his life moved on to a different trajectory from its intended path and he eventually came to be involved in the political struggles that culminated in the emergence of an independent Bangladesh.
