HOW WE FIGHT FOR OUR LIVES

A MEMOIR

[Simon & Schuster](#) From award-winning poet Saeed Jones, *How We Fight for Our Lives*—winner of the Kirkus Prize and the Stonewall Book Award—is a “moving, bracingly honest memoir” (*The New York Times Book Review*) written at the crossroads of sex, race, and power. One of the best books of the year as selected by *The New York Times*; *The Washington Post*; NPR; *Time*; *The New Yorker*; *O, The Oprah Magazine*; *Harper's Bazaar*; *Elle*; *BuzzFeed*; *Goodreads*; and many more. “People don't just happen,” writes Saeed Jones. “We sacrifice former versions of ourselves. We sacrifice the people who dared to raise us. The ‘I’ it seems doesn't exist until we are able to say, ‘I am no longer yours.’” Haunted and haunting, *How We Fight for Our Lives* is a stunning coming-of-age memoir about a young, black, gay man from the South as he fights to carve out a place for himself, within his family, within his country, within his own hopes, desires, and fears. Through a series of vignettes that chart a course across the American landscape, Jones draws readers into his boyhood and adolescence—into tumultuous relationships with his family, into passing flings with lovers, friends, and strangers. Each piece builds into a larger examination of race and queerness, power and vulnerability, love and grief: a portrait of what we all do for one another—and to one another—as we fight to become ourselves. An award-winning poet, Jones has developed a style that's as beautiful as it is powerful—a voice that's by turns a river, a blues, and a nightscape set ablaze. *How We Fight for Our Lives* is a one-of-a-kind memoir and a book that cements Saeed Jones as an essential writer for our time.

FIGHTING FOR LIFE

[New York Review of Books](#) An “engaging and . . . thought-provoking” memoir of battling public health crises in early 20th-century New York City—from the pioneering female physician and children's health advocate who ‘caught’ Typhoid Mary (*The New York Times*) New York's Lower East Side was said to be the most densely populated square mile on earth in the 1890s. Health inspectors called the neighborhood “the suicide ward.” Diarrhea epidemics raged each summer, killing thousands of children. Sweatshop babies with smallpox and typhus dozed in garment heaps destined for fashionable shops. Desperate mothers paced the streets to soothe their feverish children and white mourning cloths hung from every building. A third of the children living there died before their fifth birthday. By 1911, the child death rate had fallen sharply and *The New York Times* hailed the city as the healthiest on earth. In this witty and highly personal autobiography, public health crusader Dr. S. Josephine Baker explains how this transformation was achieved. By the time she retired in 1923, Baker was famous worldwide for saving the lives of 90,000 children. The programs she developed, many still in use today, have saved the lives of millions more. She fought for women's suffrage, toured Russia in the 1930s, and captured “Typhoid” Mary Mallon, twice. She was also an astute observer of her times, and *Fighting for Life* is one of the most honest, compassionate memoirs of American medicine ever written.

YOU CAN FIGHT FOR YOUR LIFE

EMOTIONAL FACTORS IN THE TREATMENT OF CANCER

[Rowman & Littlefield](#) The reason why clinical science has not solved the riddle of cancer may not lie totally within the realm of the laboratory. It may lie in part in the mind and emotions of the patient. After two decades of research and psychotherapeutic work with cancer patients, Lawrence LeShan offers new evidence and startling insights into why some individuals get cancer while others do not—and why some are able to fight successfully for their lives while others rapidly succumb to the disease. Dr. LeShan has accumulated strong evidence that the mind can make the body receptive to cancer—and that the mind is also capable of fighting back. This is a book of hope. For while cancer kills, it can also be killed. *You Can Fight For Your Life* is a major humanistic work by an author with a passionate commitment to life.

FIGHTING FOR LIFE AND JUSTICE

Happy to survive my disabilities, helping others say no to drugs, and earning the nickname from my family, The Crusader for justice. Mom calls me the one-man wrecking crew against corruption. Sad--- losing everything my parents and I worked for due to friends of corrupt elected officials in law and judicial system lying about me. Natural disasters. Some people get help, but corruption there is no help. Serious--- being mistreated by friends and family members of some corrupt, dishonest elected officials. With our signs in our front yard, we are changing some bad attitude toward us and people's minds about me and Mom. Lighthearted--- making good out of any bad situation and never giving up, learning to cope with mistreatment and abuse. We never let things get us down. We know God has plans for us. Teens and adults of all ages and races. Color is skin deep, people are people, and we all bleed red blood. My hope is to move out of Georgia and be able to help my mother enjoy her last days. She's seventy-five. I love her with all my heart. I'm hoping the book will be a huge success.

THE CORONAVIRUS: A DANCE WITH THE DEVIL

[Post Hill Press](#) "I CAN'T BREATHE!" These were the last words of more than a half-million people in America who contracted the deadly Coronavirus. Ironically, they were also among the last words of Mr. George Floyd, an African-American man murdered by Derek Chauvin, a white police officer who knelt on Mr. Floyd's neck for eight minutes and forty-six seconds. Was it merely a coincidence that these same words were uttered in both instances? Was there a connection on some deeper, abstract level that should have served as a wake-up call for the United States of America? In 2020, two deadly viruses swept the nation: a new virus known as "COVID-19" and one centuries-old virus called "Racism." The Fight of My Life: The Coronavirus: A Dance with the Devil is an inspirational tale of one man's fight and path to victory over two invisible and deadly enemies.

CONTEST, SEXUALITY, AND CONSCIOUSNESS

[Cornell University Press](#) What accounts for the popularity of the macho image, the fanaticism of sports enthusiasts, and the perennial appeal of Don Quixote's ineffectual struggles? In *Fighting for Life*, Walter J. Ong addresses these and related questions, offering insight into the role of competition in human existence. Focusing on the ways in which human life is affected by contest, Ong argues that the male agonistic drive finds an outlet in games as divergent as football and chess. Demonstrating the importance of contest in biological evolution and in the growth of consciousness out of the unconscious, Ong also shows how adversary procedure has affected social, linguistic, and intellectual history. He discusses shifting patterns of contest in such arenas as spectator sports, politics, business, academia, and religion. Human beings' internalization of agonistic drives, he concludes, can foster the deeper discovery of the self and of distinctively human freedom.

A PRISONER'S STORY OF REDEMPTION

[Robinson](#) 'The next round in Billy's fight is pain-racked, frank and reflective . . . an inspiring piece from a man who's been to hell and back and has the scars to prove it' JOE COLE 'Brutally honest, dark and disturbing. A book that tells of the reality of drugs and a failing prison system' NEIL SAMWORTH, author of *Strangeways: A Prison Officer's Story* 'His life may have had many ups and downs, but Billy is a wonderful example of never giving up' JAMES ENGLISH 'A true story of forgiveness, not only learning to forgive others but also learning to forgive yourself. An incredibly emotional story about an incredible man who's had an incredible journey' LIAM HARRISON 'This time I am telling the story of my life both before prison in Thailand and what followed once I was back in the United Kingdom, my cancer diagnosis, more prison time and, finally, redemption. I am trying to understand aspects of my childhood that had a role in my eventual downward spiral into addiction, pain, misery and loss' BILLY MOORE Billy Moore spent three years in Klong Prem prison in Thailand, popularly known as the 'Bangkok Hilton', where he witnessed acts of extreme violence and sexual assault. Eventually he found purpose through taking part in Muay Thai boxing tournaments in jail. Here, he found 'a wall of human community' amongst the elite boxers and regained his sobriety. He was granted early release by the King of Thailand having excelled as a Muay Thai boxer in inter-prison tournaments. But back in the UK and a decade later - with his demons resurfacing - Billy's past caught up with him. He was caught and convicted of a burglary and was despatched to HMP Walton under then home secretary Theresa May's three-strikes rule. Billy has spent almost twenty-two years in various prisons, but since then, he has not only survived cancer, but also gone on to become a powerful advocate of boxing and anti-knife crime initiatives in the Liverpool area, training young boxers. A Prayer Before Dawn was made into a film directed by Jean-Stéphane Sauvaire and starring Joe Cole, of *Peaky Blinders*' fame. The film premiered at the Cannes Film Festival in 2017, but by the time it went on general release, Billy was back in prison in the UK. In this follow-up to Billy's first international bestseller, an autobiography set largely in Thailand's infamous prison system, Billy sets out to explore his experience of childhood abuse that would lead to a life of drug addiction and near-constant incarceration. After Billy's sentence in Klong Prem prison was commuted as a result of his extraordinary success as a Muay Thai boxer, he returned to the UK. In this vividly told story, Liverpudlian Billy contrasts his first-hand experience of one of the cruellest prison systems in the world with his experience of UK prisons. The result is, in part, a shocking exposé of the inadequacy of care and the lack of humanity in British prisons. But Billy's story is mainly one of rehabilitation, recovery and redemption. Rich in detail, honesty and humour, his book is a fast-paced, unputdownable read which shows how the human spirit can endure and eventually thrive.

But as effortless as McGregor's heroics seem, his journey was far from smooth. Just another teenager trading martial arts techniques with his friends, he chased a pipe dream with little promise of reward. No one guessed he would become the biggest pay-per-view attraction in the world. This is not another tale of an athlete born exceptional and groomed for success. It is about how one young man, through bloody-minded determination and indomitable spirit, changed the whole game.

Once upon a time on the eastside of Detroit was a kid who dared to dream much bigger than his circumstances. Born to a mother with limited education and a father he barely knew, it wasn't long before he realized just what the world thought of people like him. Being a young black male in the '90s made him a target of hate and an assumed statistic in the eyes of many. For years he would walk that path carved out for him. What no one counted on is that when that kid was thrown into the streets with the wolves he would take every scar, every battle, every war, every win, and every loss and use it all to fuel the engine that would drive him out of dangerous and cutthroat life of crime and into a world of fiction writing. *The Fight of My Life* book is not a rags to riches story, but a journey of street life, self-discovery, divine intervention, and purpose. When God saves you from yourself and your enemies too many times to count, at some point you have to bow to His mercy and tell the world of His greatness. This ride is not for the weak, and when it over my only hope is that I've inspired someone to change.
