## NAUI Master Scuba Diver Instructor Guide

### Scuba Diving

**Human Kinetics** The best-selling authoritative resource returns updated and better than ever. *Scuba Diving, Fifth Edition*, is the most up-to-date resource for experiencing secure, satisfying dives. Packed with full-color photographs and detailed diving instruction, this is the ideal companion for recreational divers, diving instructors, and students. Veteran instructor Dennis Graver shares the latest research, science, and recommendations as well as nearly 40 years of diving experience. He demystifies complex topics such as gas laws and the physics and physiology of scuba. You'll also learn these skills: • Equalize pressure in the sinuses, ears, and mask. • Follow boat diving and buddy check procedures. • Master the nuances of dive planning and decompression so that every dive is safe and enjoyable. • Choose, use, and maintain scuba equipment. • Safely enjoy the underwater environment, including aquatic wildlife. • Prevent or manage underwater emergencies and hazards. In this new edition you'll find Application of Knowledge (AOK) questions and answers. For the first time, you'll be able to apply the information and guidelines to real-world scuba problems, making you better prepared for those unexpected situations you might encounter. Whether you are a beginning or intermediate diver or diving instructor, make sure you have all the bases covered before you go underwater. *Scuba Diving* will ensure a safe, successful, and rewarding dive every time you take the plunge.

An Overview

Scuba Confidential

An Insider's Guide to Becoming a Better Diver

**Sandsmedia via PublishDrive** Scuba Confidential is a unique book packed full of valuable tips and expert advice, giving you unprecedented access to the secrets of dive professionals and technical divers. With Scuba Confidential, you will learn how to master skills and techniques that will make you a more confident, capable and safe diver. It offers an informed, balanced view on some of scuba diving's most contentious issues like going solo, deep diving and rebreathers and includes a comprehensive analysis of how diving accidents happen and how to make sure you do not become a statistic. Scuba Confidential also gives you valuable insights on a vast range of topics such as what it is like to do a cave diving course, how to make sure you buy the right equipment, what to consider when choosing an instructor, things even the pros get wrong and where to find the best diving in the world. This is candid, no-nonsense practical advice from a professional who has been involved over the last three decades with virtually every aspect of the sport. Have you ever wondered? How to look as comfortable in the water as the professionals do? What it is like to dive inside shipwrecks? Which training courses are most worthwhile? If you would make a good technical diver? If you should be considering a rebreather? How you can improve your diving skills? How you can reduce your air consumption? Why diving accidents happen and how to prevent them? Whether you might sometimes actually be safer solo diving? How to dive deep safely? Or How muck diving can possibly be any fun? Scuba Confidential has the answers to these questions and many more.

Student Manual & Workbook for Safer Cave Diving

Hiding on the Bottom

**Lulu.com** Paperback edition. Over the course of two years, author James Rosemond, with the aid of a newfound dive buddy named Scotty, explores Carteret County, the bottom of the ocean, and himself. This book is a humorous recounting of their misadventures above and below the surface, diving and hunting for flounder, while mildly stretching the recreational dive rules. Transitioning through a self imposed "mid life" crisis by "Hiding on the Bottom," the author realizes that life is more than work, adventure being just beyond the door step. Scotty, with his bizarre wisdom, helps him understand what is important, finding life's little pleasures and adventures along the way, always recognizing the humor in every situation. After reading the preview, which is the first part of Chapter One, if you want to read more before ordering the book, click on the James Rosemond link at the top of the page and then download the entire content of Chapter One for free.
