ORIGINS OF JAPANESE WEALTH AND POWER

RECONCILING CONFUCIANISM AND CAPITALISM, 1830-1885

Springer This book focuses on the trans-Meiji Restoration story of the ideological transformation that made modern capitalism possible in Japan. To illustrate this transformation, the book looks at four key architects of Meiji Japan's capitalist institutions: Okubo Toshimichi, Godai Tomoatsu, Matsukata Masayoshi and Maeda Masana.

LONG WAY ROUND

Sphere 'A highly readable and spiritually uplifting book about a dream come true' Wanderlust 'Touching and memorable ... one for armchair travellers and bike freaks' Daily Mail From London to New York, Ewan and Charley chased their shadows through Europe, the Ukraine, Kazakhstan, Mongolia and Russia, across the Pacific to Alaska, then down through Canada and America. But as the miles slipped beneath the tyres of their big BMWs, their troubles started. Exhaustion, injury and accidents tested their strength. Treacherous roads, unpredictable weather and turbulent politics challenged their stamina. They were chased by paparazzi in Kazakhstan, courted by men with very large guns in the Ukraine, hassled by the police, and given bulls' testicles for supper by Mongolian nomads. And yet despite all these obstacles they managed to ride more than twenty thousand miles in four months, changing their lives forever in the process. As they travelled they documented their trip, taking photographs, and writing diaries by the campfire.

Long Way Round is the result of their adventures - a fascinating, frank and highly entertaining travel book about two friends riding round the world together and, against all the odds, realising their dream.

A FIRST COURSE IN ATMOSPHERIC RADIATION

Sundog Pub An textbook for advanced undergraduate and graduate atmospheric science and meteorology students. Although this book addresses a technically and mathematically demanding subject, the writing style is designed to be engaging and accessible for students requiring a basic foundation in atmospheric physics.

WHEN CHINA RULES THE WORLD

THE END OF THE WESTERN WORLD AND THE BIRTH OF A NEW GLOBAL ORDER: SECOND EDITION

Penguin Greatly revised and expanded, with a new afterword, this update to Martin Jacques's global bestseller is an essential guide to understanding a world increasingly shaped by Chinese power. Soon, China will rule the world. But in doing so, it will not become more Western. Since the first publication of *When China Rules the World*, the landscape of world power has shifted dramatically. In the three years since the first edition was published, *When China Rules the World* has proved to be a remarkably prescient book, transforming the nature of the debate on China. Now, in this greatly expanded and fully updated edition, boasting nearly 300 pages of new material, and backed up by the latest statistical data, Martin Jacques renews his assault on conventional thinking about China's ascendancy, showing how its impact will be as much political and cultural as economic, changing the world as we know it. First published in 2009 to widespread critical acclaim - and controversy - *When China Rules the World: The End of the Western World and the Birth of a New Global Order* has sold a quarter of a million copies, been translated into eleven languages, nominated for two major literary awards, and is the subject of an immensely popular TED talk.

LEARNING TO INDUSTRIALIZE

FROM GIVEN GROWTH TO POLICY-AIDED VALUE CREATION

Routledge This book proposes a new, pragmatic way of approaching economic development which features policy learning based on a comparison of international best policy practices. While the important role of government in promoting private sector development is being recognized, policy discussion often remains general without details as to what exactly to do and how to avoid common pitfalls. This book fills the gap by showing concrete policy contents, procedures, and organizations adopted in high-performing East Asian economies. Natural resources and foreign aid and investment can take a country to a certain income level, but growth stalls when given advantages are exhausted. Economies will be caught in middle income traps if growth impetus is not internally generated. Meanwhile, countries that have soared to high income introduced mindset, policies, and institutions that encouraged, or even forced, accumulation of human capital - skills, technology, and knowledge. How this can be done systematically is the main topic of policy learning. However, government should not randomly adopt what Singapore or Taiwan did in the past. A continued march to prosperity is possible only when policy makers acquire capability to formulate policy suitable for local context after studying a number of international experiences. Developing countries wanting to adopt effective industrial strategies but not knowing where to start will benefit greatly by the ideas and hands-on examples presented by the author. Students of development economics will find a new methodological perspective which can supplement the ongoing industrial policy debate. The book also gives an excellent account of national pride and pragmatism exhibited by officials in East Asia who produced remarkable economic growth, as well as serious effort by an African country to emulate this miracle.

AN INTRODUCTION TO JAPANESE SOCIETY

Cambridge University Press Essential reading for students of Japanese society, *An Introduction to Japanese Society* now enters its third edition. Here, internationally renowned scholar, Yoshio Sugimoto, writes a sophisticated, yet highly readable and lucid text, using both English and Japanese sources to update and expand upon his original narrative. The book challenges the traditional notion that Japan comprises a uniform culture, and draws attention to its subcultural diversity and class competition. Covering all aspects of Japanese society, it includes chapters on class, geographical and generational variation, work, education, gender, minorities, popular culture and the establishment. This new edition features sections on: Japan's cultural capitalism; the decline of the conventional Japanese management model; the rise of the 'socially divided society' thesis; changes of government; the spread of manga, animation and Japan's popular culture overseas; and the expansion of civil society in Japan.

PROJECT FINANCE IN THEORY AND PRACTICE

DESIGNING, STRUCTURING, AND FINANCING PRIVATE AND PUBLIC PROJECTS

Academic Press This book presents comprehensive coverage of project finance in Europe and North America. The **Second Edition** features two new case studies, all new pedagogical supplements including end-of-chapter questions and answers, and insights into the recent market downturn. The author provides a complete description of the ways a project finance deal can be organized - from industrial, legal, and financial standpoints - and the alternatives available for funding it. After reviewing recent advances in project finance theory, he provides illustrations and case studies. At key points Gatti brings in other project finance experts who share their specialized knowledge on the legal issues and the role of advisors in project finance deals. Forward by William Megginson, Professor and Rainbolt Chair in Finance,

Price College of Business, The University of Oklahoma Comprehensive coverage of theory and practice of project finance as it is practiced today in Europe and North America Website contains interactive spreadsheets so that readers can input data and run and compare various scenarios, including up to the minute treatment of the cutting-edge areas of PPPs and the new problems raised by Basel II related to credit risk measurement

INTERNATIONAL CORPORATE FINANCE, + WEBSITE

VALUE CREATION WITH CURRENCY DERIVATIVES IN GLOBAL CAPITAL MARKETS

John Wiley & Sons A thorough introduction to corporate finance from a renowned professor of finance and banking As globalization redefines the field of corporate finance, international and domestic finance have become almost inseparably intertwined. It's increasingly difficult to understand what is happening in capital markets without a firm grasp of currency markets, the investment strategies of sovereign wealth funds, carry trade, and foreign exchange derivatives products. International Corporate Finance offers thorough coverage of the international monetary climate, including Islamic finance, Asian banking, and cross-border mergers and acquisitions. Additionally, the book offers keen insight on global capital markets, equity markets, and bond markets, as well as foreign exchange risk management and how to forecast exchange rates. Offers a comprehensive discussion of the current state of international corporate finance Provides simple rules and pragmatic answers to key managerial questions and issues Includes case studies and real-world decision-making situations For anyone who wants to understand how finance works in today's hyper-connected global economy, International Corporate Finance is an insightful, practical guide to this complex subject.

A MODERN HISTORY OF JAPAN

FROM TOKUGAWA TIMES TO THE PRESENT

Oxford University Press, USA A Modern History of Japan: From Tokugawa Times to the Present, Second Edition, paints a richly nuanced and strikingly original portrait of the last two centuries of Japanese history. It takes students from the days of the shogunate--the feudal overlordship of the Tokugawa family--through the modernizing revolution launched by midlevel samurai in the late nineteenth century; the adoption of Western hairstyles, clothing, and military organization; and the nation's first experiments with mass democracy after World War I. Author Andrew Gordon offers the finest synthesis to date of Japan's passage through militarism, World War II, the American occupation, and the subsequent economic rollercoaster. The true ingenuity and value of Gordon's approach lies in his close attention to the non-elite layers of society. Here students will see the influence of outside ideas, products, and culture on home life, labor unions, political parties, gender relations, and popular entertainment. The book examines Japan's struggles to define the meaning of its modernization, from villages and urban neighborhoods, to factory floors and middle managers' offices, to the imperial court. Most importantly, it illuminates the interconnectedness of Japanese developments with world history, demonstrating how Japan's historical passage represents a variation of a process experienced by many nations and showing how the Japanese narrative forms one part of the interwoven fabric of modern history. This second edition incorporates increased coverage of both Japan's role within East Asia--particularly with China, Korea, and Manchuria--as well as expanded discussions of cultural and intellectual history. With a sustained focus on setting modern Japan in a comparative and global context, A Modern History of Japan, Second Edition, is ideal for undergraduate courses in modern Japanese history, Japanese politics, Japanese society, or Japanese culture.

JAPAN AND BRITAIN AFTER 1859

CREATING CULTURAL BRIDGES

Routledge In the years following Japan's long period of self-imposed isolation from the world, Japan developed a new relationship with the West, and especially with Britain, where relations grew to be particularly close. The Japanese, embarrassed by their perceived comparative backwardness, looked to the West to learn modern industrial techniques, including the design and engineering skills which underpinned them. At the same time, taking great pride in their own culture, they exhibited and sold high quality products of traditional Japanese craftsmanship in the West, stimulating a thirst for, and appreciation of, Japanese arts and crafts. This book examines the two-way bridge-building cultural exchange which took place between Japan and Britain in the years after 1859 and into the early years of the twentieth century. Topics covered include architecture, industrial design, prints, painting and photographs, together with a consideration of Japanese government policy, the Japan-Britain Exhibition of 1910, and commercial spin-offs. In addition, there are case studies of key individuals who were particularly influential in fostering British-Japanese cultural bridges in this period.

HOUSING AND SOCIAL TRANSITION IN JAPAN

Routledge Bringing together a number of perspectives on the Japanese housing system, Housing and Social Transition in Japan provides a comprehensive, challenging and theoretically developed account of the dynamic role of the housing system during a period of unprecedented social and economic change in one of the most enigmatic social, political, and economic systems of the modern world. While Japan demonstrates many of the characteristics of some western housing and social systems, including mass homeownership and consumption-based lifestyles, extensive economic growth and rapid urban modernization has been achieved in balance with traditional social values and the maintenance of the family system. Helpfully divided into three sections, Housing and Social Transition in Japan:

explores the dynamics of the development of the housing system in post-war Japan deals with social issues related to housing in terms of social aging, family relations, gender and inequality addresses the Japanese housing system and social change in relation to comparative and theoretical frameworks. As well as providing challenges and insights for the academic community at large, this book also provides a good introduction to the study of Japan and its housing, economic, social and welfare system generally.

THE WHITE MAN'S BURDEN

WHY THE WEST'S EFFORTS TO AID THE REST HAVE DONE SO MUCH ILL AND SO LITTLE GOOD

[Penguin](#) Argues that western foreign aid efforts have done little to stem global poverty, citing how such organizations as the International Monetary Fund and the World Bank are not held accountable for ineffective practices that the author believes intrude into the inner workings of other countries. By the author of *The Elusive Quest for Growth*. 60,000 first printing.

ZONDERVAN NIV STUDY BIBLE

LOOSE-LEAF EDITION

[Hendrickson Publishers](#) Setting the standard for a whole new level of study Over 6 million readers have made Zondervan's *The NIV Study Bible* #1 in the Christian marketplace. Now by special arrangement, this outstanding resource is available from Hendrickson in versatile loose-leaf format. Offering the maximum number of study helps in one place, it features extra wide margins so readers can make their own notes. And because it's a snap to add pages wherever needed-or transfer them to any standard 3- or 5- ring notebook-it's a tremendously versatile tool for teachers and serious students of Scripture.

CITIES, AUTONOMY, AND DECENTRALIZATION IN JAPAN

[Routledge](#) Adding a new perspective to the current literature on decentralization in Japan, *Cities, Autonomy and Decentralization in Japan*, approaches the subject from an urban studies and planning approach. The essays in the collection present a cogent compilation of case studies focusing on the past, present and future of decentralization in Japan. These include small scale development in the fields such as citizen participation (machizukuri), urban form and architecture, disaster prevention and conservation of monuments. The contributors suggest that new trends are emerging after the bursting of Japan's economic bubble and assess them in the context of the country's larger socio-political system. This in-depth analysis of the development outside of Japan provides a valuable addition to students of Urban, Asian and Japanese Studies.
