Jazzybee Verlag Oakland county is peculiarly fortunate in the variety of her charms and riches, to which truth these pages bear witness. With her landscape beauties and sunny lakes, she is drawing thousands to her who seek restful homes and profitable investments. At the same time, her soil is fertile and invites the practical farmer, dairyman and horticulturist, while in the urban centers, the industrial and commercial interests have obtained a firm foothold and assure livelihood and profit to the citizen. No county in the state has better schools, and, as will be made plain in the progress of this history, in no section has woman had a more extended or elevating influence. In a word, Oakland is unexcelled as a home county; no more need be said to the good American, whether of native or foreign blood.
