The Cold War at Home

The Red Scare in Pennsylvania, 1945-1960

UNC Press Books One of the most significant industrial states in the country, with a powerful radical tradition, Pennsylvania was, by the early 1950s, the scene of some of the fiercest anti-Communist activism in the United States. Philip Jenkins examines the political and social impact of the Cold War across the state, tracing the Red Scare's reverberations in party politics, the labor movement, ethnic organizations, schools and universities, and religious organizations. Among Jenkins's most provocative findings is the revelation that, although their absolute numbers were not large, Communists were very well positioned in crucial Pennsylvania regions and constituencies, particularly in labor unions, the educational system, and major ethnic organizations. Instead of focusing on Pennsylvania's right-wing politicians (the sort represented nationally by Senator Joseph McCarthy), Jenkins emphasizes the anti-Communist activities of liberal politicians, labor leaders, and ethnic community figures who were terrified of Communist encroachments on their respective power bases. He also stresses the deep roots of the state's militant anti-Communism, which can be traced back at least into the 1930s.

The Americans at Home

Pen-and-ink Sketches of American Men, Manners, and Institutions

On Gold Mountain

The One Hundred Year Odyssey of My Chinese-American Family

Vintage When she was a girl, Lisa See spent summers in the cool, dark recesses of her family's antiques store in Los Angeles' Chinatown. There, her grandmother and great-aunt told her intriguing, colourful stories about their family's past - stories of missionaries, concubines, tong wars, glamorous nightclubs, and the determined struggle to triumph over racist laws and discrimination. They spoke of how Lisa's great-great-grandfather emigrated from his Chinese village to the United States, and how his son followed him. As an adult, See spent five years collecting the details of her family's remarkable history. She interviewed nearly one hundred relatives and pored over documents at the National Archives, the immigration office, and in countless attics, basements, and closets for the intimate nuances of her ancestors' lives. The result is a vivid, sweeping family portrait that is at once particular and universal, telling the story not only of one family, but of the Chinese people in America - and of America itself, a country that both welcomes and reviles its immigrants like no other culture in the world.

Albion's Seed

Four British Folkways in America

Oxford University Press This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

The American Journey

McGraw-Hill/Glencoe

US Foreign Policy After The Cold War

University of Pittsburgh Pre The cold war came to a grinding halt during the astounding developments of 1989-1991. The Berlin Wall fell, Eastern European countries freed themselves from Soviet domination, and the Soviet Union itself disintegrated after witnessing a failed coup presumably aimed at restoring a communist dictatorship. Suddenly the "evil empire" was no more, and U.S. foreign policy was forever changed. This volume explores the revisions to a variety of bureaucratic institutions and policy areas in the wake of these political upheavals.

Voices from the Harlem Renaissance

Peffer's memoir describes the development of Populism, the political maneuverings and campaign practices of the People's Party, the effect of the famous silver movement on the critical election of 1896, and the behind-the-scenes conflict that ultimately led to the dissolution of America's last great third party.

To The Person Sitting In Darkness

"To the Person Sitting in Darkness" is an essay by American author Mark Twain published in the North American Review in February 1901. It is a satire exposing imperialism as revealed in the Boxer Uprising and its aftermath, the Boer War, and the Philippine-American War expressing his anti-Imperialist views. It mentions the historical figures Emilio Aguinaldo, William McKinley, Joseph Chamberlain, William Scott Ament and others, and fueled the Twain-Ament indemnities controversy.

The History of the Standard Oil Company

Operation Overflight

Potomac Books, Inc. In this new edition of his classic 1970 memoir about the notorious U-2 incident, pilot Francis Gary Powers reveals the full story of what actually happened in the most sensational espionage case in Cold War history. After surviving the shoot-down of his reconnaissance plane and his capture on May 1, 1960, Powers endured sixty-one days of rigorous interrogation by the KGB, a public trial, a conviction for espionage, and the start of a ten-year sentence. After nearly two years, the U.S. government obtained his release from prison in a dramatic exchange for convicted Soviet spy Rudolph Abel. The narrative is a tremendously exciting suspense story about a man who was labeled a traitor by many of his countrymen but who emerged a Cold War hero.

The Power of Nonviolent Resistance

Selected Writings

Penguin In time for the one hundred and fiftieth anniversary of his birth, a specially curated collection of Mahatma Gandhi's writings on nonviolent resistance and activism. A Penguin Classic The year 2019 marks the 150th anniversary of Mohandas Karamchand (Mahatma) Gandhi's birth, and Penguin Classics presents a short but comprehensive selection of text by Gandhi that speaks to non-violent civil disobedience and activism. In excerpts drawn from his books, letters, and essays--including from Hind Swaraj, Satyagraha in South Africa, Yeravda Mandir, Ashram Observances in Action, his readings of Thoreau and Tolstoy, and his essays on the life of Socrates--the reader observes the power and eloquence in which Gandhi expressed his views on non-violent resistance, which have inspired activists from the U.S. Civil Rights movement and around the world. The Power of Nonviolent Resistance includes a new introduction and suggestions for further exploration by renowned Gandhi scholar Tridip Suhrud, which gives context to the time of Gandhi's writings while placing them firmly into the present-day political climate, inspiring a new generation of activists to follow the civil rights hero's teachings and practices.

The Fall of a President

Never in American political history has there been so momentous a reversal of fortunes as that of Richard Nixon. How did it happen? What is this man's legacy to us all? These are among the questions explored by the staff of the Washington Post in the most penetrating examination of Nixon the man and the Nixon years ever put together. It is a story that begins with a small boy in a California town dreaming of distant places and golden opportunities. It is a story that climaxes with a man who achieved his dreams, yet more than anyone else was the instrument of their destruction. Richard Nixon, the people around him, and the controversies that have swirled throughout his entire career are brilliantly illuminated here. This is unforgettable human drama, and essential reading for all Americans.
