Home Tree Home

Principles of Treehouse Construction and Other Tall Tales

Penguin Remember the view from atop a tree? You could survey the landscape like a monarch, escape your parents' watchful eye, and let your imagination run wild. Well, just because you've grown up, it doesn't mean you can't enjoy the sense of liberation a tree provides. Here is the most comprehensive guide ever to building your own castle in the air, be it a simple child's playhouse or an adult's cozy retreat with all the modern conveniences, including electricity. Peter Nelson, the nation's foremost authority on treehouses, tells you everything you need to know about designing and building the house that's right for you and your family. He gives you information on site selection (why some trees provide better homes than others), safety issues, tree care, advice on styles and materials, and other essential rules of thumb that will save time and money. Nelson walks you through the construction of four actual projects: a children's playhouse, a vacation home, an office, and a full-time residence. Whether you'd like to build your children a safe and fun place to play and dream, or you're contemplating your own retreat from the drudgeries of earthbound living, this practical, wildly fanciful guide will show you how to make your tree fantasies come true.

His family's future depends on whether or not he passes this perilous test. His mother has dedicated herself to making sure that no aspect of his training is overlooked . . . but fate has a way of disturbing even the most carefully laid plans. Two young boys. Better Homes and Gardens Decorating Book

How to Plan Colors and Furnishings That Reflect the Personality of Your Family

Houghton Mifflin Harcourt **Take a walk down memory lane with this 1950s decorating classic, re-released for a whole new generation The year is 1956. America is a mere decade past World War II. Richard Nixon is next in command to President Dwight Eisenhower, the Dow Jones soars above 500, and Norma Jean Mortenson legally changes her name to Marilyn Monroe. Two words described the decade, as John Updike wrote in the short story "When Everyone Was Pregnant": Fear and gratitude. And during this boom period, grateful young families thrilled to find themselves homeowners after the uncertainty of the Great Depression followed by a second Great War. Those empty rooms needed filling in order to make the house a home, and homeowners turned to the iconic Better Homes and Gardens brand. Better Homes and Gardens Decorating Book, the first edition of a title that would spawn ten editions over the years, became the new home bible for injecting class, style (and the occasional misguided cowboy wallpaper) into American homes. While exploring numerous styles, the main theme of the book is the on-trend mid-century modern sensibility, a style as appropriate today as it was six decades ago when the book was initially released. Filled with hundreds of full-color period photos, dozens of adorable illustrations, and decorating tips and tricks that are both helpful and nostalgic, the book remains a fun classic. With this welcome hardcover release, reproduced exactly as it looked and read in the 1950s, everything old is new again.**

If We Make It Home

A Novel of Faith and Survival in the Oregon Wilderness

Kregel Publications **When four college friends graduated from the University of Northwest Oregon, their lives stretched before them, full of promise and vows to stay connected. But life has a way of derailing well-laid plans. Now they haven't spoken in twenty-five years. But against all odds, three of them have found themselves back in the same place--at their alma mater, wondering how they got there. When they discover their fourth friend, Hope, has died, Jenna, Ireland, and Vicky decide to embark on a wilderness adventure to honor her memory--and for secret reasons of their own. Jenna wants to show her husband that she's more than a helpless, overweight, middle-aged empty nester. Ireland wants to get back to the nature she loves and hide from the charges being pressed against her. And Vicky wants to show she cares for something besides her ministry--and put off the disaster waiting at home for as long as possible. They never bargained for the dangers they face in an unforgiving wilderness. Now they'll have to work together if they hope to make it home alive. While the three women fight to survive the elements, their toughest battles may be with themselves.**

Break the Cycle of Unhealthy Eating Habits with Lasting Spiritual Satisfaction

Thomas Nelson ***I'll Start Again Monday is a newly revised and condensed version of Lysa's bestseller Made to Crave.* Have healthy eating plans left you feeling defeated? Based on her bestseller Made to Crave, Lysa TerKeurst offers a new perspective to all those stuck in the cycle of losing weight and then gaining it back, equipping you with the deeper spiritual and emotional motivation you need to make lasting changes. So often we characterize our food cravings as bad, especially when dieting has made us feel even more disappointed and discouraged. But the reality is we were made to crave. We just need to realize God created us to crave more of Him instead of misplacing that craving by overindulging in physical pleasures and unhealthy choices that will never truly satisfy. In the midst of her own personal struggle with this, New York Times bestselling author Lysa TerKeurst invites us to embrace a new outlook that leads to enduring change. In this newly revised and condensed version of Made to Crave, Lysa encourages you to: Break the cycle of "I'll start again Monday" and start taking steps toward consistency that lasts Stop agonizing over numbers on the scale and make peace with your body Replace rationalizations that lead to failure with wisdom that leads to victory Reach your healthy goals and grow closer to God through the process This is not a "how-to" book. This is not the latest and greatest dieting plan. This is the necessary resource to use alongside whatever healthy lifestyle plan you choose that will help you find your "want to" and lead to a spiritual satisfaction that goes far beyond the physical.**

Real Estate

A Family Business

In a memoir that is as much heart as it is real estate, Nelson B. Leenhouts takes us from the life-changing loss of his father when he was a boy to the floor of the New York Stock Exchange. Through lessons learned from his mother, and a business partnership with his twin brother, Norman, that spanned nearly 50 years, Nelson has built more than just successful companies; he has built companies rooted in kindness and integrity. Nelson, the embodiment of the American Dream, delivers his rags-to-riches story with humor and honesty. *Real Estate: A Family Business* offers lessons specific to the real estate world, particularly those looking at venturing into affordable housing, while also offering advice applicable to anyone building their own business. With the same sincerity and directness he brought to real estate, Nelson gives an inside look into what he would have done differently and the keys to his success. More than anything else, Nelson reminds us of the importance of family by building on what his mother taught him, growing with his brother, and leaving more for the next generation.

New Treehouses of the World

Abrams Since the publication of Treehouses of the World, the community of treehouse builders has grown tremendously, and many more innovative treehouses have been built around the world. The Children's House

Random House Australia A love song to the idea of families in all their mysteries and complexities, their different configurations and the hope that creates them. Marina and her husband, Jacob, were each born on a kibbutz in Israel. They meet years later at a university in California, when Jacob is a successful psychiatrist with a young son, Ben, from a disastrous marriage. The family moves to a brownstone in Harlem, formerly a convent inhabited by elderly nuns. Outside the house one day Marina encounters Constance, a young refugee from Rwanda, and her toddler, Gabriel. Unmoored and devastated, Constance and Gabriel quickly come to depend on Marina; and her bond with the little boy intensifies.

The pure, blinding love that it is possible to feel for children not our own is the thread that weaves through *The Children's House*. When Marina learns some disturbing news about her long-disappeared mother, Gizela, she leaves New York in search of the loose ends of her life. As Christmas nears, her tight-knit, loving family, along with Constance and Gabriel, join Marina in her mother's former home, with a startling consequence, an act that will transform all of their lives forever. Alice Nelson skilfully weaves together these shared stories about the terrible things humans are capable of into a beautifully told, hope-filled novel exploring the profound consolations that we can find in each other.
