Chichewa / Chinyanja - English // English - Chichewa / Chinyanja

VTR Publications The English language has acquired an important position in the societies of Central and Southern Africa, but for more than 15 million people in Malawi, Tanzania, Zambia, Mozambique, Botswana, Zimbabwe, and South Africa, Chinyanja or Chichewa has become the most important language of daily life. This edition has more than 43,000 entries from and into English.

English-Chichewa-Chinyanja Dictionary

Kachere Series There are more than fifteen million native speakers of Chichewa, or Chinyanja, in Malawi, and in parts of Zambia, Mozambique, Zimbabwe and South Africa; thus Chichewa is probably the most widely spoken African language across the regions of Southern and South-Central Africa, used extensively in the private and public spheres: in the family, schools, government, NGOs and media communications. This is the first authoritative, and most comprehensive dictionary of its kind, a notable scholarly endeavour, and with major practical applications. The dictionary grew from an ad-hoc missionary publication of Chichewa/English translations from the 1970s, but far exceeds the scope of any previous efforts to transcribe the Chichewa language, provide accurate English equivalents, and reach a popular audience. It is a 'live text', taking in native speakers' collections of Chichewa vocabulary, contemporary usage, as well as contributions from scholars in African languages; and it pays heed to the close interaction between Chichewa and English and how the languages influence one another when both are widely spoken. In Africa it aims to be the first popular Chichewa/English dictionary for all levels of language use; outside Africa, it is aimed at foreignvisitors and workers dealing with the Chichewa languages in professional and tourist capacities, in government and NGO communities, the media, academia and in specialist fields such as medicine, information technology and the law.

Decolonizing Arts-Based Methodologies

Researching the African Diaspora

BRILL Decolonizing Arts-Based Methodologies: Researching the Africa Diaspora introduces Ancestorology, a new interdisciplinary research methodology that juxtaposes Western cultural productions of history with the lived experiences of the African Diaspora.

Johannes Rebmann

A Servant of God in Africa Before the Rise of Western Colonialism

Wipf and Stock Publishers This book is the revised and enlarged second edition of a biography of the missionary and linguist Johannes Rebmann (1820-1876), a Christian from Germany who worked in 19th-century East Africa. Rebmann was deeply influenced by the Movement of Pietism in his homeland Württemberg. He was trained to be a missionary in Basel, Switzerland, for the Anglican Church Missionary Society (CMS). From its base in London the CMS sent him to the Muslim-ruled and slavery-ridden Mombasa area of present-day Kenya. There he stayed for 29 years before returning home to Gerlingen near Stuttgart, blind and sick, soon to die. Rebmann was a faithful witness of Christ in word and deed. He experienced a lot of suffering and opposition, but was instrumental in establishing the Church in East and Central Africa. His lexicographical work facilitated succeeding missionaries. He compiled vocabularies of the Swahili and N(y)ika languages. Together with Salimini, a slave captured near Lake Nyasa (now Lake Malawi) by the Swahili Arabs, he made a dictionary of the 'Kiniassa', an important language in Central Africa, which is now usually called Chichewa.

Tracing Language Movement in Africa

Oxford University Press The great diversity of ethnicities and languages in Africa encourages a vision of Africa as a fragmented continent, with language maps only perpetuating this vision by drawing discrete language groups. In reality, however, most people can communicate with most others within and across linguistic boundaries, even if not in languages taught or learned in schools. Many disciplines have looked carefully at language movement and change on the continent, but their lack of interaction has prevented the emergence of a cohesive picture of African languages. Tracing Language Movement in Africa gathers eighteen scholars together to offer a truly multidisciplinary representation of language in Africa, combining insights from history, archaeology, religion, linguistics, political science, and philosophy. The resulting volume illuminates commonalities and distinctions in these disciplines' understanding of language change and movement in Africa. The volume is empirical - aiming to represent language more accurately on the continent -- as well as theoretical. It identifies the theories that each discipline uses to make sense of language movement in Africa in plain terms and highlights the themes that cut across all disciplines: how scholars use data, understand boundaries, represent change, and conceptualize power. The volume is organized to reflect differing conceptions of language that arise from its discipline-specific contributions: that is, tendencies to study changes that consolidate language or those that splinter it, viewing languages as whole or in part. Each contribution includes a short explanation of a discipline's theoretical and methodological approaches to language movement and change to ensure that the chapters are accessible to non-specialists, followed by an illustrative empirical case study. This volume will inspire multidisciplinary conversations around the study of language change in Africa, opening new interdisciplinary dialogue and spurring scholars to adapt the questions, data, and method of other disciplines to the problems that animate their own fields.

Child and Adolescent Development

An expanded focus on public health in Africa

Juta and Company Ltd Global public health has improved vastly during the past 25 years, and especially in the survival of infants and young children. However, many of these children, particularly in Africa, continue to live in poverty and in unhealthy, unsupportive environments, and will not be able to meet their developmental potential. In other words, they will survive but not thrive. The UN's Sustainable Development Goals (SDGs) stress sustainable development, not just survival and disease reduction, and the Global Strategy for Women's, Children's and Adolescents' Health proposes a Survive (end preventable deaths), Thrive (ensure health and wellbeing) and Transform (expand enabling environments) agenda. For children to thrive they must make good developmental progress from birth until the end of adolescence. Addressing the social determinants of developmental problems, this volume offers a broad, contextualised understanding of the factors that impact on children and adolescents in Africa. Unlike other works on the subject it is Africa-wide in its scope, with case studies in Ethiopia, Kenya, Malawi, Nigeria, Rwanda and South Africa. Covering mental health as well as physical and social development, it looks at policies and practice, culture and priorities for research, identifying challenges and proposing solutions.

Mission in Malawi: Essays in Honour of Klaus Fiedler

African Books Collective The first four essays in Mission in Malawi reassess the meaning, nature and place of mission in a postmodern world. Subsequent essays examine various issues that missionaries and the Church in Malawi have and continue to struggle with. These range from the problem of administering church discipline, the challenge of Bible translation, the question of how to deal with corruption in the corridors of power to the challenges of dealing with initiation rites, HIV/AIDS, patriarchy, gender inequality, the exercise of the Church's prophetic role, lack of contextualized theology, and the difficult task of creating an inclusive church and society. The last three essays are an attempt to describe a contextual theology appropriate for the African church, construct a theology for Malawi and project a future for mission in Malawi in the context of a changing world. These essays offer a rare window into the life and struggles of the Malawian Church even as it faces the postmodern future. The essays are not only informative but also challenging and thought-provoking. Scholars, students and other readers who share an interest in mission and the life of the Church in Malawi will find this collection of essays indispensable in the many years to come.

Chichewa 101 - Learn Chichewa in 101 Bite-Sized Lessons

FREE Chichewa 101 Dictionary included within the book! So you want to learn Chichewa: to make a trip to Malawi more interesting, to impress a partner or friend or 'just because'? If you want a book that breaks the learning down into easy bite-sized steps, look no further - you've just found your book! This is the most straight-forward Chichewa learning book written by a native bilingual speaker. Like many Malawians that grow up in Blantyre or Lilongwe, Heather grew up speaking English and Chichewa simultaneously. She wanted to teach her English husband some Chichewa but couldn't find a book that broke the language down into simple lessons. They were all a little dull and far too complex. Learning should be fun! So Heather took matters into her own hands: she created her own series of lessons for her husband. They shared them on YouTube and, based on the response, they decided to organise them into a nifty little book - enter, Chichewa 101. So you can hear how the words are actually said, get the audio book too. Spare just 30 minutes per day and you'll complete the series and master the basics in just over three months. Please visit Chichewa101.com.

New Explorations in Chinese Theoretical Syntax

Studies in honor of Yen-Hui Audrey Li

John Benjamins Publishing Company This volume brings together 19 cutting edge studies written by some of the most prominent linguists working on Chinese formal syntax, as a Festschrift volume dedicated to Yen-Hui Audrey Li. The contributions to the volume address a wide range of issues currently developing in the field of Chinese syntax, grouped into five thematic sections on the structure of lexical and functional projections, modal verb syntax, syntax-semantics interactions, the syntax and interpretation of particles, and the acquisition of syntactic structures. With its rich descriptive content sourced from different varieties of Chinese, and its theoretical orientation and analyses, the book provides an important new resource both for researchers with a primary interest in Chinese and other linguists interested in discovering how properties of Chinese can inform the analysis of other languages.

The Autoimmune Wellness Handbook

A DIY Guide to Living Well with Chronic Illness

Rodale The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

Amplified Bible, eBook

Zondervan When Your Knowledge of the Original Languages of the Bible Is Limited and You Don't Want to Lose Anything in the Translation If you want to get all the rich nuances and shades of meaning of the original Bible languages, the Amplified Bible is for you. No knowledge of Greek or Hebrew is required-just a desire to know all that God says in his Word. With its unique system of brackets, parentheses and italics, the Amplified Bible defines and expands key words and phrases right in the text. Verse by verse, the full meaning of Scripture unfolds as you read. And this Bible features other study aids as

[well to help you clearly understand God's Word: - Footnotes-provide concise historical and archaeological information and devotional insights, plus hundreds of references to select sources and authors. - Book Introductions-tell you about the book's author, background, purpose, and themes. - Concordance-helps you find the location of verses \(25,000 entries\). - Bibliography and Glossary-give you a handy list of the sources cited in the study notes and the most frequent amplifications in the text.](#)

Dictionary of Jamaican English

University of West Indies Press [The method and plan of this dictionary of Jamaican English are basically the same as those of the Oxford English Dictionary, but oral sources have been extensively tapped in addition to detailed coverage of literature published in or about Jamaica since 1655. It contains information about the Caribbean and its dialects, and about Creole languages and general linguistic processes. Entries give the pronunciation, part-of-speech and usage of labels, spelling variants, etymologies and dated citations, as well as definitions. Systematic indexing indicates the extent to which the lexis is shared with other Caribbean countries.](#)

Christ in Song Hymnal

The Pink Line

Journeys Across the World's Queer Frontiers

Farrar, Straus and Giroux [One of TIME's 100 Must-Read Books of 2020. Longlisted for the 2021 Rathbones Folio Prize. "\[Mark\] Gevisser is clear-eyed and wise enough to have a sharp sense of how tough the struggle has been, and how hard it will be now for those who have not succeeded in finding shelter from prejudice." --Colm Tóibín, The Guardian A groundbreaking look at how the issues of sexuality and gender identity divide and unite the world today More than seven years in the making, Mark Gevisser's The Pink Line: Journeys Across the World's Queer Frontiers is an exploration of how the conversation around sexual orientation and gender identity has come to divide—and describe—the world in an entirely new way over the first two decades of the twenty-first century. No social movement has brought change so quickly and with such dramatically mixed results. While same-sex marriage and gender transition are celebrated in some parts of the world, laws are being strengthened to criminalize homosexuality and gender nonconformity in others. As new globalized queer identities are adopted by people across the world—thanks to the digital revolution—fresh culture wars have emerged. A new Pink Line, Gevisser argues, has been drawn across the globe, and he takes readers to its frontiers. Between sensitive and sometimes startling profiles of the queer folk he's encountered along the Pink Line, Gevisser offers sharp analytical chapters exploring identity politics, religion, gender ideology, capitalism, human rights, moral panics, geopolitics, and what he calls "the new transgender culture wars." His subjects include a Ugandan refugee in flight to Canada, a trans woman fighting for custody of her child in Moscow, a lesbian couple campaigning for marriage equality in Mexico, genderqueer high schoolers coming of age in Michigan, a gay Israeli-Palestinian couple searching for common ground, and a community of kothis—"women's hearts in men's bodies"—who run a temple in an Indian fishing village. What results is a moving and multifaceted picture of the world today, and the queer people defining it. Eye-opening, heartfelt, expertly researched, and compellingly narrated, The Pink Line is a monumental—and urgent—journey of unprecedented scope into twenty-first-century identity, seen through the border posts along the world's new LGBTQ+ frontiers.](#)

Unbroken

A World War II Story of Survival, Resilience, and Redemption

Random House Trade Paperbacks [#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But](#)

when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of The Immortal Life of Henrietta Lacks

Collins Robert French Dictionary

Mad in America

Bad Science, Bad Medicine, and the Enduring Mistreatment of the Mentally Ill

Basic Books Schizophrenics in the United States currently fare worse than patients in the world's poorest countries. In Mad in America, medical journalist Robert Whitaker argues that modern treatments for the severely mentally ill are just old medicine in new bottles, and that we as a society are deeply deluded about their efficacy. The widespread use of lobotomies in the 1920s and 1930s gave way in the 1950s to electroshock and a wave of new drugs. In what is perhaps Whitaker's most damning revelation, Mad in America examines how drug companies in the 1980s and 1990s skewed their studies to prove that new antipsychotic drugs were more effective than the old, while keeping patients in the dark about dangerous side effects. A haunting, deeply compassionate book—now revised with a new introduction—Mad in America raises important questions about our obligations to the mad, the meaning of “insanity,” and what we value most about the human mind.

The Gospel According to Matthew

Authorized King James Version

Canongate U.S. The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

Decolonizing Psychology

Globalization, Social Justice, and Indian Youth Identities

Oxford University Press In recent years, the news media has directed a significant amount of attention to the effect of globalization on the second most populous nation in the world: India. With the emergence of new economic opportunities and the influx of foreign popular culture and commodities, India has experienced an enormous sea of change in the last few decades. In *Decolonizing Psychology: Globalization, Social Justice, and Indian Youth Identities*, author Sunil Bhatia focuses on the psychological tensions that these changes have brought upon Indian youth today. Drawing on dozens of interviews, Bhatia offers readers a compelling glimpse and analysis of how these youth populations are engaging with the emerging presence of globalization in their day-to-day lives. As Bhatia explains, young Indians use the term 'world class selves' as a way to identify and describe the ways in which globalization has strengthened their standing in the world. By frequenting urban cafes and bars, watching American television and cinema, traveling abroad, and regularly consuming foreign commodities, Indian youth absorb the westernized culture and view themselves as peers to their western counterparts. At the same time, however, these young Indians proudly hold onto their homeland's traditions governing family and religious values. With remarkable clarity and nuance, Bhatia sheds an important light on the universalizing power and the colonizing dimensions of Euro-American psychology. By integrating insights from postcolonial, narrative, and cultural psychologies to explore how Euro-American scientific psychology became the standard approach, Bhatia reminds readers of whose stories are not being told, what knowledge is not being considered, and whose lives are not included in the central understanding of psychology today.

Service of the Engine

Pharmaceuticals, Moralities, and Sex in a Malawian Fishing Village

Aksant Academic Pub Service of the Engine is a common local Chichewa-English expression in the Malawian fishing village where the author did her fieldwork. It refers to the practice of taking various pills--known locally as Ciba--in order to prevent and cure diseases associated with sex. This study explores the sensitive interface between the use of pharmaceuticals, available through an extensive informal distribution system, and self-treatment of sex-related diseases. The author examines morally sensitive situations in which men and women opt for Ciba, and evaluates its efficacy, or effectiveness. The discussion not only covers physical and metaphorical aspects of efficacy, but also the possible social and moral effects of medication. It offers a fresh and empirically grounded perspective on the links between efficacy, sex-related diseases and moralities. Birgitte Bruun graduated from the Institute of Anthropology, University of Copenhagen, Denmark and is currently working with reproductive health projects for United Nations Population Fund (UNFPA) in Jakarta, Indonesia.

What Does the Bible Really Teach?.

Biblical theology and doctrines of Jehovah's Witnesses.

Oxford English-English-Malay Dictionary

Oxford University Press, USA

You Belong Here

Bookbaby While swimming one day, Layla mermaid notices paper littering her home, the ocean. She collects the paper and finds a recycling bin nearby to take care of it. To Layla's surprise, trash continues to appear in her home each day. Layla comes up with a clever way to collect all the trash and dispose of it where it belongs. This environmental book teaches children the affect that our lifestyle has on the ocean and sea life while promoting the positive impact that we can have on our home. It is everyone's responsibility to put things where they belong.

Connected Learning

How Adults with Limited Formal Education Learn

Wipf and Stock Publishers How does the world's oral majority--adults with limited formal education (ALFE)--really prefer to learn? Few pause long enough to ask those who eschew print. The result of scholarly research and prolonged immersion in the Cambodian culture, Connected Learning exposes the truth about orality--the shame associated with limited formal education; the unfortunate misnomer that is orality; the place of spirituality, grace, and hope; and the obvious but overlooked learning preferences. ALFE have different ways of learning and knowing, a different epistemology and culture from print learners, even though we all begin alike. The choice is not between Ong's orality or literacy, but between learning from people or from print. Dr. Thigpen, a veteran cross-cultural worker, shares remedies for the hegemony and inequities unwittingly fostered by the literate minority. In a dominant culture where learning from people is prime, how can educators with a preference for print adapt? Providing an important tool in the Learning Quadrants diagram, Connected Learning advises teaching to the quadrant and calls for seven necessary shifts in teaching. Anyone versed in orality will admit these findings have "global implications and applications" (Steffen). The reader who heeds will positively impact a huge portion of humanity.
