The Vanishing Half

A Novel

*Penguin #1 NEW YORK TIMES BESTSELLER ONE OF BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR NAMED A BEST BOOK OF 2020 BY THE NEW YORK TIMES * THE WASHINGTON POST * NPR * PEOPLE * TIME MAGAZINE* VANITY FAIR * GLAMOUR 2021 WOMEN'S PRIZE FINALIST "Bennett's tone and style recalls James Baldwin and Jacqueline Woodson, but it's especially reminiscent of Toni Morrison's 1970 debut novel, The Bluest Eye." —Kiley Reid, Wall Street Journal "A story of absolute, universal timelessness ...For any era, it's an accomplished, affecting novel. For this moment, it's piercing, subtly wending its way toward questions about who we are and who we want to be..." – Entertainment Weekly From The New York Times bestselling author of The Mothers, a stunning new novel about twin sisters, inseparable as children, who ultimately choose to live in two very different worlds, one black and one white. The Vignes twin sisters will always be identical. But after growing up together in a small, southern black community and running away at age sixteen, it's not just the shape of their daily lives that is different as adults, it's everything: their families, their communities, their racial identities. Many years later, one sister lives with her black daughter in the same southern town she once tried to escape. The other secretly passes for white, and her white husband knows nothing of her past. Still, even separated by so many miles and just as many lies, the fates of the twins remain intertwined. What will happen to the next generation, when their own daughters' storylines intersect? Weaving together multiple strands and generations of this family, from the Deep South to California, from the 1950s to the 1990s, Brit Bennett produces a story that is at once a riveting, emotional family story and a brilliant exploration of the American history of passing. Looking well beyond issues of race, The Vanishing Half considers the lasting influence of the past as it shapes a person's decisions, desires, and expectations, and explores some of the multiple reasons and realms in which people sometimes feel pulled to live as something other than their origins. As with her New York Times bestselling debut The Mothers, Brit Bennett offers an engrossing page-turner about family and relationships that is immersive and provocative, compassionate and wise.*

Great Circle

A novel

Vintage NEW YORK TIMES BESTSELLER • A TODAY SHOW #ReadWithJenna BOOK CLUB PICK • WOMEN'S PRIZE FOR FICTION NOMINEE • The unforgettable story of a daredevil female aviator determined to chart her own course in life, at any cost: an "epic trip—through Prohibition and World War II, from Montana to London to present-day Hollywood—and you'll relish every minute" (People). After being rescued as infants from a sinking ocean liner in 1914, Marian and Jamie Graves are raised by their dissolute uncle in Missoula, Montana. There--after encountering a pair of barnstorming pilots passing through town in beat-up biplanes--Marian commences her lifelong love affair with flight. At fourteen she drops out of school and finds an unexpected and dangerous patron in a wealthy bootlegger who provides a plane and subsidizes her lessons, an arrangement that will haunt her for the rest of her life, even as it allows her to fulfill her destiny: circumnavigating the globe by flying over the North and South Poles. A century later, Hadley Baxter is cast to play Marian in a film that centers on Marian's disappearance in Antarctica. Vibrant, canny, disgusted with the claustrophobia of Hollywood, Hadley is eager to redefine herself after a

romantic film franchise has imprisoned her in the grip of cult celebrity. Her immersion into the character of Marian unfolds, thrillingly, alongside Marian's own story, as the two women's fates--and their hunger for self-determination in vastly different geographies and times--collide. Epic and emotional, meticulously researched and gloriously told, *Great Circle* is a monumental work of art, and a tremendous leap forward for the prodigiously gifted Maggie Shipstead.

The Templeton Twins Have an Idea

Book One

Chronicle Books This special edition of The Templeton Twins Have an Idea: Book One also includes a sneak preview of The Templeton Twins Make a Scene: Book Two and a Q&A with the author. Suppose there were 12-year-old twins, a boy and girl named John and Abigail Templeton. Let's say John was pragmatic and played the drums, and Abigail was theoretical and solved cryptic crosswords. Now suppose their father was a brilliant, if sometimes confused, inventor. And suppose that another set of twins—adults—named Dean D. Dean and Dan D. Dean, kidnapped the Templeton twins and their ridiculous dog in order to get their father to turn over one of his genius (sort of) inventions. Yes, I said kidnapped. Wouldn't it be fun to read about that? Oh please. It would so. Luckily for you, this is just the first in a series perfect for boys and girls who are smart, clever, and funny (just like the twins), and enjoy reading adventurous stories (who doesn't?!).

The Paradox Twins

The Paradox Twins is a copyright infringing biographical collage that exists on the Internet, pieced together by an unknown auteur. Named for the famous thought experiment, it concerns estranged twin brothers who reunite at their father's funeral to discover they no longer look alike. Haunted by the past (and possibly the future), they move into their father's house to settle his affairs, only to reignite old rivalries and uncover long-hidden secrets, most of which involve the young woman who lives next door. An epistolary work comprised of excerpts from various memoirs, novels, screenplay adaptations, and documents of public record, The Paradox Twins is an experimental, sci-fi ghost story about the scariest, most unknowable quantity there is—family. PRAISE FOR THE PARADOX TWINS "Chaplinsky takes a famous physics paradox and brings it back down to earth, using it to rethink the ways in which families relate and interrelate and disintegrate. A collage that assembles itself into a sneaky whole in which it's not always easy to tell what the truth is." -Brian Evenson, author of Song For the Unraveling of the World "As confirmed by The Paradox Twins, Joshua Chaplinsky is one of a handful of American novelists creating the literature of

the future: dazzling, original and subversive." -Steve Erickson, author of Zeroville and Shadowbahn "Like a coy, uncanny hybrid of J.G. Ballard and John Carpenter, the Oulipo and the Bizarro, The Paradox Twins is an engrossing and digressive trip through birth and back, stuffed from end to end with mystic weirdness and meta-gags with style to spare." -Blake Butler, author of Alice Knott and 300,000,000

Geek Love

A Novel

Vintage National Book Award finalist Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities (with the help of amphetamine, arsenic, and radioisotopes). Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family's most precious—and dangerous—asset. As the Binewskis take their

act across the backwaters of the U.S., inspiring fanatical devotion and murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, Geek Love throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Reign of Terror

How the 9/11 Era Destabilized America and Produced Trump

Penguin A New York Times Critics' Top Book of 2021 "An impressive combination of diligence and verve, deploying Ackerman's deep stores of knowledge as a national security journalist to full effect. The result is a narrative of the last 20 years that is upsetting, discerning and brilliantly argued." —The New York Times "One of the most illuminating books to come out of the Trump era." —New York Magazine An examination of the profound impact that the War on Terror had in pushing American politics and society in an authoritarian direction For an entire generation, at home

and abroad, the United States has waged an endless conflict known as the War on Terror. In addition to multiple ground wars, the era pioneered drone strikes and industrial-scale digital surveillance; weakened the rule of law through indefinite detentions; sanctioned torture; and manipulated the truth about it all. These conflicts have yielded neither peace nor victory, but they have transformed America. What began as the persecution of Muslims and immigrants has become a normalized feature of American politics and national security, expanding the possibilities for applying similar or worse measures against other targets at home, as the summer of 2020 showed. A politically divided and economically destabilized country turned the War on Terror into a cultural—and then a tribal—struggle. It began on the ideological frontiers of the Republican Party before expanding to conquer the GOP, often with the acquiescence of the Democratic Party. Today's nativist resurgence walked through a door opened by the 9/11 era. And that door remains open. Reign of Terror shows how these developments created an opportunity for American authoritarianism and gave rise to Donald Trump. It shows that Barack Obama squandered an opportunity to dismantle the War on Terror after killing Osama bin Laden. By the end of his tenure, the war had metastasized into a bitter, broader cultural struggle in search of a demagogue like Trump to lead it. Reign of Terror is a pathbreaking and definitive union of journalism and intellectual history with the power to transform how America understands its national security policies and their catastrophic impact on civic life.

Statistics

Pearson College Division "Democracy"; everyone claims to understand what it stands for. And yet, through the eyes of an immigrant, there appears to be a lack of understanding among Americans that is ground for major concern. As an outsider, living on the inside, it is obvious that many Americans don't understand the impact they personally have on the long term future of this nation. Every vote and action has several areas of impact. Physically, mentally, emotionally as well as on a spiritual level each and every one of us create nationwide patterns, influencing the path this country will follow. "Help, there is a Communist running for President" is for anyone wondering where this country is going, and how they can influence the outcome.
