THE COUNTRY ROAD THROUGH THE BOOK OF MATTHEW

WestBow Press Born out of desire to do mission with people on social media, The Country Road through the Book of Matthew is a

collection of short devotionals from The Country Road Facebook page that Mike Lovett authored and maintains. These daily devotionals were designed to take the reader methodically through the book of Matthew, challenging them to concentrate on small sections of Scripture in their study and prayer time. This book is not a theological treatise but rather a work of simple observations designed to spur the reader to deeper spiritual introspection. The Country Road through the Book of Matthew is just that, a road that travels through the entirety of Matthew with stops along the way where the reader can pause and explore on their own. Desiring to live out Paul's admonition to Timothy that all Scripture is inspired by God and useful to us, Mike keeps the reader on the road in hopes that each day will bring new growth in their relationship with Christ as they read about His birth, life, ministry, death, and resurrection. The Country Road through the Book of Matthew is designed to engage the reader, not with the author of the book, but with the Author of life. So bring your Bible, and your pencil, and your desire to improve your relationship with Jesus as we prepare for our journey, out on the country road!

PROMOTING READING FOR PLEASURE IN THE PRIMARY SCHOOL

SAGE Winner of the UKLA Author Award 2009:UKLA 'Lockwood has written a useful, supportive book which will help teachers and librarians...He describes the background and summarises the research and then proposes thoroughly practical programmes' - Carousel 'Michael Lockwood has produced an excellent, practical overview and analysis of what works in the primary school to promote reading for pleasure....Lockwood's work is grounded and valuable to those who need it most - teachers in the classroom working hard to engender a love of reading' - English Drama Media 'This book is first class. It puts the matter very clearly and succinctly, and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra, but the very heart and essence of what reading is about. It also gives readers plenty of ideas for carrying the principle into the classroom, and for justifying it...This is an excellent piece of work, which I hope will find a place on every staffroom bookshelf.' - Philip Pullman English primary school children are less likely to read for pleasure than their counterparts in many other countries. This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it. Drawing on the author's own research project in order to identify good practice in promoting reading for enjoyment, the book presents specific activities which teachers can use to develop their own whole school and classroom practice, enabling them to put the fun back into reading. Each chapter features case-study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies, book clubs, library loyalty cards, school book evenings and quizzes. There is also an extensive, annotated list of print and internet-based resources. Topics covered include: - Becoming a reading for pleasure

school - Promoting a love of reading in the early years - Developing reading enjoyment in the later primary years - Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading.
