You have found the easiest simple chord songbook for guitar and piano on the planet! Unlike traditional songbooks, this book includes simple rhythm slash marks to help you follow along and change chords easily in the right place. The great news is that you don't have to be able to read music to successfully play these songs easily and you never have to turn a page to play the full song! This songbook is perfect for performing or playing your favorite songs with simple chords with easy-to-follow rhythms. I spent many years searching for the best chord charts while preparing for weekly worship services, but I became frustrated with because most charts published seem inaccurate to the real life song (the way that the artist would actually play the song on stage). Also, many charts include unnecessary chords that get in the way and make it hard for most musicians to actually sound good playing the song. That is why I have written these simple, accurate, and easy-to-play charts. Using my charts, you can play these great songs with 4 simple modern chord shapes on guitar or piano. My simple one-page charts will help you play with ease and help you put more focus on what really matters... worshiping God! With this book, you can Strum and Play along on guitar or piano with my YouTube videos for every song at www.worshiptheking.com/playandsingAll picked from the Top CCLI reports from worship teams across the country. STRUM IT UP!

SOPRANO UKULELE PIECES IN ORFF STYLE

Ukuleles are a beautiful addition to elementary music classrooms. By playing ukuleles, students learn about chord progressions, develop vocabulary, and accompany vocal and instrumental melodies. The ukulele's timbre supports the child's voice, often allowing students to hear and sing harmony more accurately with ukulele accompaniment. Such experiences promote independent musicianship; many students purchase their own ukulele and enjoy playing at home, even beyond their elementary years. As with recorder instruction, we believe ukuleles should be integrated with other classroom instruments, and in this book, you find orchestrations with barred instruments, unpitched percussion, and recorder. Some lessons include creative movement and improvisation. Keep in mind these lessons may span several class sessions. As music teachers, we strive to be lifelong learners. We encourage you to branch out, pick up a uke, and STRUM IT UP!

GUITAR NOTES

Carolrhoda Lab™ On odd days, Tripp uses a school practice room to let loose on a borrowed guitar. Eyes closed, strumming that beat-up instrument, Tripp escapes to a world where only the music matters. On even days, Lyla Marks uses the same practice room. To Tripp, she's trying to become even more perfect—she's already a straight-A student and an award-winning cellist. But when Lyla begins leaving notes for him in between the strings of the guitar, his life intersects with hers in a way he never expected. What starts as a series of snippy notes quickly blossoms into the sharing of interests and secrets and dreams, and the forging of a very unlikely friendship. Challenging each other to write songs, they begin to connect, even though circumstances threaten to tear them apart. From beloved author Mary Amato comes a YA novel of wit and wisdom, both heartfelt and heartbreaking, about the power of music and the unexpected chords that draw us together.

THE UKULELE SONGBOOK

SHANTIES AND SONGS OF THE SEA

Thomas Balinger *The Ukulele Songbook Shanties & Songs of the Sea* Far-away oceans, perilous storms, bold explorers, bloodthirsty pirates and treasures hidden on mysterious islands - but likewise the hopes and the fears of friends, lovers and families left back home on dry land - have made for fascinating and evocative stories since the day men caught a glimpse of the deep blue sea. But there's more to the ocean's fascination than just stories and myths. It also spawned its very own kind of music: the Shanties - songs of the wind and the waves, of hard work on the seven seas, of romantic buccaneers and brutal skippers harrying their crews to the marrow. All songs in musical notation with chord symbols plus melody TAB - you don't have to read music to start playing right away! Whether you want to pick the melody, strum the chords or just need the complete lyrics: you'll find everything you need on these pages. And if you don't know how to play a particular chord, don't worry: each song features easy-to-read chord diagrams, too.
