#### THE POWER OF KNOWING WHAT YOU DON'T KNOW

---

Penguin #1 New York Times Bestseller "THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I've never felt so hopeful about what I don't know." —Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The bestselling author of *Give and Take* and *Originals* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

### **REVEALING THE END OF THE AGE**

---

*Felix Wantang* We all live in a world where virtually every spiritual struggle is practically beyond our control. While some of us will die instantly without the opportunity to consciously sense death beforehand, others on the other hand will have the opportunity to know well in advance that death is around the corner. Regardless of which group you eventually find yourself, the truth is that every life on earth will one day without notice suddenly come to an end followed by a swift judgment with no excuses whatsoever. Do you know your final destination? When the disciples asked Jesus about the End of the Age, he said to them, "No one knows about that day or hour, not even the angels in heaven, nor the Son, but only the Father." Matthew 24:36. But in this book and for the first time in human history, Jesus discloses a unique breathtaking code in the Language of Heaven that reveals the only clue to the End of the Age. God's spiritual principle of life for humanity on earth is, "All about Him" because He wants us to make Him the priority of our lives. But on judgment day, when you appear before Jesus Christ, that will all change because God's spiritual principle of life for humanity will become, "All about you". You either have Jesus Christ to enter God's Paradise in Heaven or you don't. What makes your life a supernatural success is where you effectively go from this world; not where you came from or what you did on earth at the expense of salvation. No eyes have ever seen, no ears have ever heard, and no human mind can fathom what God is about to unleash on earth through the second coming of His son. This book will give you all the supernatural Biblical spiritual details you need to prepare yourself for what the Bible described as "The Final Hour." The time is at hand; Jesus loves you. This book is Volume 3 of "Face to Face Meetings with Jesus Christ". Apart from him, we can do nothing.

## **THE BOOK OF QUESTIONS**

---

### **REVISED AND UPDATED**

---

*Workman Publishing Company* The phenomenon returns! Originally published in 1987, *The Book of Questions*, a *New York Times* bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

### PREPARING FOR GOD'S PARADISE

---

*Felix Wantang* One common attribute we all share as humans is the fact that whenever there is an important future event, we always make necessary preparations in anticipation of an outcome from the event. We do this with childbirth, graduation from school, marriage, vacation, and death. But when it comes to the second visit of Jesus Christ leading to the End of the Age, we seem to care less about the need for some serious preparations. Before death, we will all come to a point in life when we subconsciously without notice start to briefly analyze our path; where we came from, where we are, and where we honestly think we are going after death. After this unprecedented brief moment, our next step is largely determined by the analysis obtained from the pause. That you accepted Jesus Christ as the son of God is not enough to save you from hell; you must repent and live by God's law to enter His Paradise in Heaven. Anybody can believe in Jesus Christ; but not everybody can live for Jesus Christ. God made you for a specific unique supernatural divine purpose beyond your imaginable dreams. This book will guide you, restore you, energize you, and move you to that place where you seriously start to prepare to have your salvation completely sealed through him as you successfully live to please God through Jesus Christ. This book is a sequel to "Face to Face Meetings with Jesus Christ".

### TEN REASONS WE'RE WRONG ABOUT THE WORLD--AND WHY THINGS ARE BETTER THAN YOU THINK

---

*Flatiron Books* *INSTANT NEW YORK TIMES BESTSELLER* "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - *Bill Gates* "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But *Factfulness* does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —*Melinda Gates* "*Factfulness* by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - *Former U.S. President Barack Obama* *Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In *Factfulness*, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, *Factfulness* is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.*

### MY LOVE IS BLIND (2017 EDITION - PDF)

*Asiapac Books Pte Ltd* "Perhaps I will write about my own life as a blind person," Choon Guan said. "I'll entitle it *My Love is Blind*. The word blind will embrace your name, Lin." His big eyes widened and lit up, sparkling and full of tenderness. His lips moved in a

soundless whisper: "My Love is Lin." Tan Guan Heng lost his sight at the age of 28. In his first novel, he paints a nostalgic picture of Singapore on the brink of independence. With biting honesty and ironic humour, this novel brings to life the world of the blind and their sighted helpers. More than twenty years after its first publication in 1995, *My Love is Blind* has retained its enduring appeal as one of Singapore's most extraordinary and memorable novels. Asiapac Books is pleased to launch a special edition of this groundbreaking novel, updated with an epilogue and a new foreword by Dr. Tommy Koh, and an afterword by literary critic, Gwee Li Sui.

In this book the author shows it is very evident from Scripture that women are, and always have been, very much involved in the plan and purposes of God in the earth. Women have been the instruments of God in the past, and He still uses them today to accomplish His ministry to a lost and dying world. This book will examine the lives of many of the women found in Scripture, considering the special characteristics which caused them to be recorded in the Bible's sacred pages.

### **IMPROVING MENTAL HEALTH IN OUR SCHOOLS**

---

Crown House Publishing Ltd In *This Much I Know about Mind Over Matter* John Tomsett addresses, with refreshing honesty, the growing problem of the mental health issues experienced by children and young people, offering up a plan for averting a mental health crisis in our schools. Tomsett interweaves his formative and professional experience with strategies for addressing students' mental health issues and insights from his interviews with high profile thinkers on the subject including Professor Tanya Byron, Natasha Devon, Norman Lamb, Tom Bennett, Claire Fox and Dr Ken McLaughlin. The book is replete with truths about the state of children's mental wellbeing, about creating a school culture where everyone can thrive and about living in the shadow of his mother's manic depression. With his typical mixture of experience, wisdom and research-based evidence, Tomsett explains how he manages the pressure of modern day state school headship in a climate where you are only as good as your last set of examination results, a pressure which acutely affects staff and students too. He outlines his strategies for mitigating this pressure and turning the tide of students' mental health problems. The autobiographical narrative modulates between self-effacing humour and heart-wrenching stories of his mother's life, blighted by mental illness. His professional reflections are a wisdom-filled blend of evidence-based policy and decades of experience in teaching and school leadership. Tomsett writes with genuine humility. His prose is beautiful in its seeming simplicity. When you pick up one of his books you will find you have read the first fifty pages before you have even noticed: surely the hallmark of truly great writing. Topics covered include: the real state of the nation's mental health, the perfect storm that is precipitating a mental health crisis in schools, the problems of loose terminology - what do we really mean when we talk about a mental health epidemic? - and poor understanding of mental health problems and mental illness, the disparity between mental and physical health in public discourse, treatment and funding, beginning the conversation about mental health, the philosophical and psychological principles underpinning the debate, strategies to support students in managing their own mental health better, resilience, growth mindset, mindfulness, grit, failure and mistakes, coping with pressure, York's school wellbeing workers project, evidence-based strategies that have worked in Huntington School, metacognitive strategies for improving exam performance, interviews with professionals in the field, the reality of living with a parent with a serious mental illness, self-concept and achievement, perfectionism, the relationship between academic rigour and therapeutic education and, significantly, what the research says, what the experts say and what Tomsett's experience says about averting a mental health crisis in schools. Suitable for teachers, leaders and anyone with an interest in mental health in schools.

### **THINK AND GROW RICH**

---

### **THE LANDMARK BESTSELLER NOW REVISED AND UPDATED FOR THE 21ST CENTURY**

---

*Penguin Think and Grow Rich has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers.*

*Life Mode On is a revolutionary approach to living a better life with technology and our personal devices, from digital lifestyle expert Dr Joanne Orlando. These are no quick fixes; these are real, practical solutions for long-term fulfilment in our increasingly digital world. If you somehow find yourself sending emails from the dinner table, staying up late to online shop while binge-watching another series, waking up during the night to scroll social media, and always pressing 'ignore' on your screen time app, you are not alone. Technology is no longer something we simply possess or use; it's part of who we are. And that is not something that we necessarily can - or want to - change. But our transition into living with computers, smartphones and other devices has been fast, messy and unplanned. The exact technology that can make us smarter, happier, more organised and more connected is instead causing us stress and distraction, and highly competent people are struggling to feel in control. Dr Jo helps people all over the world to understand their technology use and make it better. From showing how we can better set up our devices (like we'd set up our kitchens) to revealing the 'dark patterns' that websites use to keep us clicking, Dr Jo helps us to understand and reset our digital habits, whether they be in our homes, workplaces or relationships. Life Mode On is just not a technology book - it's a life book.*

Felix Wantang All proceeds from this book go to charity. The most important component of God's plan for humanity was the gift of His one and only son on the cross for the sins of the world. As Christians, the systematic approach we use to present this gift to the sinful world will determine the effectiveness of our role as followers of Jesus Christ. It is very easy to tell someone that Jesus died for the sins of the world but how do you bring them to that place where they can effectively see Jesus as a personal gift designed to save their soul? This book will help you understand God's unique gift and bring you to that place where you can see the world through the eyes of Jesus Christ.
