ECOHUMANISM

Humanists are sometimes accused of being so focused on the human race that they ignore the environment and other species. This book is designed to address these criticisms. The contributors, all humanists in the naturalistic tradition, show that in fact humanism as a worldview has much to offer environmentalism. Since humanists are committed to working for a global community in which all humans can flourish, they are as concerned about ecological degradation as environmentalists. But in regard to what should be done about environmental problems, humanists do not hesitate to use the best scientific information and technology to reclaim the natural world while ensuring the welfare of all human beings. Humanists stress that science and technology must be used responsibly and that human beings must learn to give up destructive ideological fantasies, whether political or religious. The contributors are Vern L. Bullough, Gwen Whitehead Brewer, Richard Gilbert, Michael J. Kami, Gerald Larue, Timothy J. Madigan, Sarah Oelberg, Don Page, Howard B. Radest, Philip J. Regal, Andreas Rosenberg, Harvey Sarles, David Schafer, John M. Swomley, Robert B. Tapp, Michael Werner, and Carol Wintermute.

BREAM GIVES ME HICCUPS

& OTHER STORIES

Open Road + Grove/Atlantic The wildly inventive debut collection of stories by the Oscar-nominated star of The Social Network. "Hilarious . . . It's a hoot" (People, The Best New Books). Jesse Eisenberg, known for his iconic film roles, his regular pieces in the New Yorker and two critically acclaimed plays, proves himself "a deeply original comic voice" in these 28 stories" about the funniness, sadness, and strangeness of everyday life and they really made me laugh" (Roz Chast). Moving from contemporary LA to the dorm rooms of an American college to ancient Pompeii,

Eisenberg throws the reader into a universe of social misfits, reimagined scenes from history, and ridiculous overreactions; a college freshman forced to live with a roommate is stunned when one of her ramen packets goes missing ("She didn't have 'one' of my ramens. She had a chicken ramen."); Alexander Graham Bell has teething problems with his invention ("I've been calling Mabel all day, she doesn't pick up! Yes, of course I dialed the right number—2!"); and in the title story, a precocious and privileged nine-year-old boy finds himself in the uncomfortable position as an amateur restaurant critic. Featuring illustrations by award-winning cartoonist Jean Jillian, this "alphabet soup of sketches, riffs, and innovations" (Seattle Times) explores the various insanities of the modern world, "playfully bringing both familiar and wholly original scenarios to life" (Marie Claire). MACMILLAN/MCGRAW-HILL MATH

AN INTRODUCTION TO THIRD WORLD THEOLOGIES

Cambridge University Press The greatest change which has come about in Christian

theology over the last generation has been the explosion of contextual theologies in different parts of the world. This book provides an overview of the main trends and contributions to Christian thought of Third World theologies. It sets out the common context of these theologies in their experience of colonialism and western missions, and suggests that they have forged new ways of doing theology which are quite distinct from the theological traditions of the western world. With key contributions from experts in their fields on Latin America, India, East Asia, West and East Africa, Southern Africa and the Caribbean, this book situates Christian thought in the cultural and socio-political contexts of their respective regions, and demonstrates how Third World theologies are providing different perspectives on what it means to be a Christian in today's global world.

MIKHAIL BAKHTIN

THE DUVAKIN INTERVIEWS, 1973

Rutgers University Press Whenever Bakhtin, in his final decade, was queried about writing his memoirs, he shrugged it off. Unlike many of his Symbolist generation, Bakhtin was not fascinated by his own self-image. This reticence to tell his own story was the point of access for Viktor Duvakin, Mayakovsky scholar, fellow academic, and head of an oral history project, who in 1973 taped six interviews with Bakhtin over twelve hours. They remain our primary source of Bakhtin's personal views: on formative moments in his education and exile, his reaction to the Revolution, his impressions of political, intellectual, and theatrical figures during the first two decades of the twentieth century, and his non-conformist opinions on Russian and Soviet poets and musicians. Bakhtin's passion for poetic language and his insights into music also come as a surprise to readers of his essays on the novel. One remarkable thread running through the conversations is Bakhtin's love of poetry, masses of which he knew by heart in several languages. Mikhail Bakhtin: The Duvakin Interviews, 1973, translated and annotated here from the complete transcript of the tapes, offers a fuller, more flexible image of Bakhtin than we could have imagined beneath his now famous texts. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.
