Tomorrow Sex Will Be Good Again

Women and Desire in the Age of Consent

Verso Books A provocative, elegantly written analysis of female desire, consent, and sexuality in the age of MeToo Women are in a bind. In the name of consent and empowerment, they must proclaim their desires clearly and confidently. Yet sex researchers suggest that women's desire is often slow to emerge. And men are keen to insist that they know what women—and their bodies—want. Meanwhile, sexual violence abounds. How can women, in this environment, possibly know what they want? And why do we expect them to? In this elegant, searching book—spanning science and popular culture; pornography and literature; debates on Me-Too, consent and feminism—Katherine Angel challenges our assumptions about women's desire. Why, she asks, should they be expected to know their desires? And how do we take sexual violence seriously, when not knowing what we want is key to both eroticism and personhood? In today's crucial moment of renewed attention to violence and power, Angel urges that we remake our thinking about sex, pleasure, and autonomy without any illusions about perfect self-knowledge. Only then will we fulfil Michel Foucault's teasing promise, in 1976, that "tomorrow sex will be good again."

Everything Forbidden

Harper Collins For summers Miranda Albright has watched—aghast, yet shamefully titillated—as her wicked neighbor Ethan Hamon, the notorious Earl of Rothschild, "entertained" a succession of lovers on the grounds of his estate. Now that her father has passed on, leaving behind a mountain of debt, Miranda must do the unthinkable. For Ethan has promised to sponsor her younger sisters, financially and socially, at a scandalously dear price: Miranda must offer herself to him completely for three full months, with no remorse and no restraints. Ninety days and nights of unbridled sensuality await her in the arms of a rogue who views her submission as no more than a grand erotic game. But neither Miranda nor Ethan realize that fire blazes behind her innocent blush. And once her passion is unleashed by his lips and his touch, it is the student who will school the teacher in the ways of forbidden pleasure . . . and love.

Countercultures and Popular Music

Routledge 'Counterculture' emerged as a term in the late 1960s and has been re-deployed in more recent decades in relation to other forms of cultural and socio-political phenomena. This volume provides an essential new academic scrutiny of the concept of 'counterculture' and a critical examination of the period and its heritage. Recent developments in sociological theory complicate and problematise theories developed in the 1960s, with digital technology, for example, providing an impetus for new understandings of counterculture. Music played a significant part in the way that the counterculture authored space in relation to articulations of community by providing a shared sense of collective identity. Not least, the heady mixture of genres provided a socio-cultural-political backdrop for distinctive musical practices and innovations which, in relation to counterculture ideology, provided a rich experiential setting in which different groups defined their relationship both to the local and international dimensions of the movement, so providing a sense of locality, community and collective identity.

Thought, Language, and Ontology

Essays in Memory of Hector-Neri Castañeda

Springer Science & Business Media The late Hector-Neri Castañeda, the Mahlon Powell Professor of Philosophy at Indiana University, and founding editor of *Noûs*, has deeply influenced current analytic philosophy with diverse contributions, including guise theory, the theory on indicators and quasi-indicators, and the proposition/practition theory. This volume collects 15 papers - for the most part previously unpublished - in ontology, philosophy of language, cognitive science and related areas by ex-students of Professor Castañeda, most of whom are now well-known researchers or even distinguished scholars. The authors share the conviction that Castañeda's work must continue to be explored and that his philosophical methodology must continue to be applied in an effort to further illuminate all the issues that he so deeply investigated. The topics covered by the contributions include intensional contexts, possible worlds, quasi-indicators, guise theory, property theory, Russell's substitutional theory of propositions, event theory, the adverbial theory of mental attitudes, existentialist ontology, and Plato's, Leibniz's, Kant's and Peirce's ontologies. An introduction by the editors relates all these themes to Castañeda's philosophical interests and methodology.

Dynamic Risk Factors

What role should they play in the explanation, assessment and rehabilitation of offenders?

Routledge Dynamic risk factors are the children of risk prediction. They were identified to help practitioners assess risk of recidivism and to set treatment targets likely to reduce reoffending. This resulted in the development of intervention programs designed to modify the characteristics of individuals and their environments associated with crime. The predictive nature of their legacy lies in their ability to provide reliable information about the likelihood of future reoffending. In this respect, dynamic risk factors are useful complements to static risk factors such as age, gender, and history of offending, and add incremental validity to recidivism prediction. Their treatment utility resides in the fact that practitioners increasingly rely on the identification of dynamic risk factors to direct correctional assessment and interventions. Thus, dynamic risk factors have a dual status. They are both useful predictors of reoffending and measures of risk status, and potential causes of reoffending, capable of serving an explanatory role as well as a predictive one. It is a simple and powerful conceptualization that has streamlined forensic and correctional research, program development, and the delivery of treatment. Despite its conceptual elegance we believe that the dual conceptualization of dynamic risk factors is problematic and these difficulties spill over into their role in assessment, assessment, treatment, and desistance contexts. In this publication, the nature and function of dynamic risk factors are investigated and their strengths and limitations identified. This book was originally published as a special issue of *Psychology, Crime and Law*.

The Cultural Life of James Bond

The release of *No Time To Die* in 2020 heralds the arrival of the twenty-fifth installment in the James Bond film series. Since the release of *Dr. No* in 1962, the cinematic James Bond has expedited the transformation of Ian Fleming's literary creation into an icon of western popular culture that has captivated audiences across the globe by transcending barriers of ideology, nation, empire, gender, race, ethnicity, and generation. *The Cultural Life of James Bond: Specters of 007* untangles the seemingly perpetual allure of the Bond phenomenon by looking at the non-canonical texts and contexts that encompass the cultural life of James Bond. Chronicling the evolution of the British secret agent over half a century of political, social, and cultural permutations, the fifteen chapters examine the Bond-brand beyond the film series and across media platforms while understanding these ancillary texts and contexts as sites of negotiation with the Eon franchise.

Sweet Captivity

Julia Sykes A dark romance from USA Today bestselling author Julia Sykes I don't like to be touched. I'm the hacker-geek-goddess of the FBI. When I'm hiding behind my screen, I'm a safe distance from everyone; isolated, powerful. No man has ever touched me, but when I'm captured by Colombian drug lord Andrés Moreno, I no longer have the right to refuse. He's scarred and scary, and his cruel brother Cristian has tasked him with breaking me. I try to fight, but I can't escape his strong arms and harsh discipline. He demands that I accept his touch, and my virgin body can't help but respond to his masterful manipulations. The longer I remain trapped with him, the more I come to suspect that I'm not the only captive in his brother's home. Andrés' scars go deeper than the wicked furrows carved into his flesh, his pain reflected in the dark demands he imposes upon me. His obsession is twisted and wrong, but maybe I'm twisted, too. Do I want to be rescued from him? Or is he the one who truly needs saving? Keywords: dark romance, capture fantasy, antihero, kidnapping, romantic suspense, standalone

Alone

Sourcebooks, Inc. This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...

Queer Italia: Same-Sex Desire in Italian Literature and Film

Springer *Queer Italia* gathers essays on Italian literature and film, medieval to modern. The volume's chronological organization reflects its intention to define a queer tradition in Italian culture. While fully cognizant of the theoretical risks inherent in trans-historicizing sexuality, the contributors to this volume share an interest in probing the multi-form

dynamics of sexual desires in Italian texts through the centuries. The volume aims not to promote the mistaken notion of a single homosexuality through history. Rather, these essays together upset and undo the equally misguided assumption of an omnipresent heterosexuality through time by uncovering the various, complex workings of desire in texts from all periods. Somewhat paradoxically, a kind of queer canon results. These essays open a much-needed critical space in the Italian tradition wherein fixed definitions of sexual identity collapse. *Queer Italia* is the first and only work of its kind in Italian criticism. As such, it will be of interest to a wide audience of Italianists, medieval to modern, and queer cultural theorists.

Queering Translation, Translating the Queer Theory, Practice, Activism

Routledge This groundbreaking work is the first full book-length publication to critically engage in the emerging field of research on the queer aspects of translation and interpreting studies. The volume presents a variety of theoretical and disciplinary perspectives through fifteen contributions from both established and up-and-coming scholars in the field to demonstrate the interconnectedness between translation and queer aspects of sex, gender, and identity. The book begins with the editors' introduction to the state of the field, providing an overview of both current and developing lines of research, and builds on this foundation to look at this research more closely, grouped around three different sections: Queer Theorizing of Translation; Case Studies of Queer Translations and Translators; and Queer Activism and Translation. This interdisciplinary approach seeks to not only shed light on this promising field of research but also to promote cross fertilization between these disciplines towards further exploring the intersections between queer studies and translation studies, making this volume key reading for students and scholars interested in translation studies, queer studies, politics, and activism, and gender and sexuality studies.

The Diary of a Submissive

Michael Joseph Sophie Morgan is an independent woman in her thirties with a successful journalism career. Intelligent, witty and sarcastic, she could be the girl next door. Except that Sophie is a submissive; in the bedroom she likes to relinquish her power and personal freedom to a dominant man for their mutual pleasure. In the wake of *Fifty Shades of Grey*, here is a memoir that offers the real story of what it means to be a submissive, following Sophie's story as she progresses from her early erotic experiences through to experimenting with her newfound, awakened sexuality. From the endorphin rush of her first spanking right through to punishments the likes of which she couldn't begin to imagine, she explains in frank and explicit fashion the road she travels. But it isn't until she meets James that her boundaries are really pushed. As her relationship with him travels into darker and darker places the question becomes- where will it end? Can she reconcile her sexuality with the rest of her life and is it possible for the perfect man to also be perfectly cruel? Racy, controversial, but always warm, fun and astoundingly honest this is a fascinating and thought provoking look at a seemingly paradoxical side to human nature and sexuality that no man or woman will be able to put down.

Jim is grateful for his friend's support as he struggles with buried emotions and dark wartime memories. Laura Mulvey 'Visual Pleasure and Narrative Cinema' 1975

Koenig Books Since it first appeared in *Screen* in 1975, Laura Mulvey's essay "Visual Pleasure and Narrative Cinema" has been an enduring point of reference for artists, filmmakers, writers and theorists. Mulvey's compelling polemical analysis of visual pleasure has provoked and encouraged others to take positions, challenge preconceived ideas and produce new works that owe their possibility to the generative qualities of this key essay. In this book, the celebrated New York-based video artist Rachel Rose (born 1986) has produced an innovative work that extends and adds to the essay's frame of reference. Drawing on 18th- and 19th-century fairy tales, and observing how their flat narratives matched the flatness of their depictions, Rose created collages that connect these pre-cinematic illustrations to what Mulvey describes in her essay--cinema flattening sexuality into visuality.

Cosima

"Cosima" tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including "Reeds in the Wind," and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italice Press.

Aayan would do anything to protect Syed, even if he doesn't understand how Syed could hurt someone he loves. He could never hurt Garrett. He only wants to take care of him—love him, serve him, cherish him. And maybe torture him. Just a little. Garrett probably shouldn't be dating his client's brother. Right? And what's the use in a confirmed sub dating a guy who doesn't want to be a Dom anyway? The important thing is to get Syed cleared of the discriminatory murder charge he's facing. Aayan is a distraction. But for the first time in the three lonely years since Garrett's husband died, he's feeling hope, ambition, and desire. Can he give up the pain he craves to find the love he needs? As Syed's trial date looms, Aayan and Garrett explore what a BDSM relationship means for them, and what they mean to each other.

Unstoppable

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.

The GMO Deception

What You Need to Know about the Food, Corporations, and Government Agencies Putting Our Families and Our Environment at Risk

Simon and Schuster Seventy-five percent of processed foods on supermarket shelves—from soda to soup, crackers to condiments—contain genetically engineered ingredients. The long-term effects of these foods on human health and ecology are still unknown, and public concern has been steadily intensifying. This new book from the Council for Responsible Genetics gathers the best, most thought-provoking essays by the leading scientists, science writers, and public health advocates. Collectively, they address such questions as: Are GM foods safe and healthy for us? Will GM food really solve world hunger? Who really controls the power structure of food production? Are GM foods ecologically safe and sustainable? Why is it so difficult to get GM foods labeled in the US? What kinds of regulations and policies should be instituted? How is seed biodiversity, of lack thereof, affecting developing countries? Should animals be genetically modified for food? How are other countries handling GM crops? Ultimately, this definitive book encourages us to think about the social, environmental, and moral ramifications of where this particular branch of biotechnology is taking us, and what we should do about it.

Unmastered

A Book on Desire, Most Difficult to Tell

Macmillan "An examination of the paradox at the core of female sexuality argues that public-life requirements often directly contrast with intimate desires, drawing on the author's academic studies to explore the oppositional aspects of dominance versus submission, liberation versus dependence and masculinity versus femininity."

Love and Its Critics

Saint Philip Street Press "This book is a history of love and the challenge love offers to the laws and customs of its times and places, as told through poetry from the Song of Songs to John Milton's *Paradise Lost*. It is also an account of the critical reception afforded to such literature, and the ways in which criticism has attempted to stifle this challenge. Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called *fin'amor*: love as an end in itself, mutual and freely chosen even in the face of social, religious, or political retribution. Neither eros nor agape, neither exclusively of the body, nor solely of the spirit, this love is a middle path. Alongside this tradition has grown a critical movement that employs a 'hermeneutics of suspicion', in Paul Ricoeur's phrase, to claim that passionate love poetry is not what it seems, and should be properly understood as worship of God, subordination to Empire, or an entanglement with the structures of language itself - in short, the very things it resists. The book engages with some of the seminal literature of the Western canon, including the Bible, the poetry of Ovid, and works by English authors such as William Shakespeare and John Donne, and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature. Lively and enjoyable in its style, it attempts to restore a sense of pleasure to the reading of poetry, and to puncture critical insistence that literature must be outwitted. It will be of value to professional, graduate, and advanced undergraduate scholars of literature, and to the educated general reader interested in treatments of love in poetry throughout history."
