In this new, easy-to-read format, recent and developed concepts are introduced in a non-specialist context, intended **Data Interpretation & Data Sufficiency** Arihant Publications India limited **Parentology Everything You Wanted to Know about the Science of Raising Children but Were Too Exhausted to Ask** Simon and Schuster An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time. **India: The Future is Now** SCB Distributors India: The Future is Now is an inspiring vision of India, by her young parliamentarians. In her Booker Prize-winning novel, The God of Small Things, Arundhati Roy turned a compassionate but unrelenting eye on one family in India. Now she lavishes the same acrobatic language and fierce humanity on the future of her beloved country. In this spirited polemic, Roy dares to take on two of the great illusions of India's progress: the massive dam projects that were supposed to haul this sprawling subcontinent into the modern age--but which instead have displaced untold millions--and the detonation of India's first nuclear bomb, with all its attendant Faustian bargains. Merging her inimitable voice with a great moral outrage and imaginative sweep, Roy peels away the mask of democracy and prosperity to show the true costs hidden beneath. For those who have been mesmerized by her vision of India, here is a sketch, traced in fire, of its topsy-turvy society, where the lives of the many are sacrificed for the comforts of the few. From the Trade Paperback edition. **Accounting and Finance for Bankers For JAIIB and Diploma in Banking & Finance Examination** Ramesh Publishing House JAIIB and DB&F (Diploma in Banking & Finance) Examination is conducted by Indian Institute of Banking and Finance (IIBF) in May and November every year. As the year 2019 has just marked its presence, we are delighted to announce that ADDA 247 is launching 'A Complete Book of Puzzles & Seating Arrangement' Second Edition. Puzzles are an important part of Reasoning Section, the one that you cannot escape from. It is the topic that dominates the Reasoning Section of all sorts of banking exams. So many other miscellaneous topics too are now being asked in the form of puzzles. The number of questions being asked on puzzles ranges from 60 to 65 percent of the total number of questions in the Reasoning Section. So it is now very obvious that the strategy of ignoring questions based on puzzles, thereby solving other questions won't be working anymore as neglecting questions on puzzles can risk the likelihood of you clearing the sectional cut off or scoring satisfactory marks in the Reasoning Section. It is already known to all the aspirants that Puzzles & Seating Arrangement form the most important part of the Reasoning Section as they carry the highest weightage among the other topics. So, considering all the significance that these portions carry, this book would provide all the necessary help and guidance in clearing the given sections smoothly. **Educart CBSE Maths Standard Sample Question Papers For Class 10 (For March 2020 Exam) Strictly based on 20th September 2019 CBSE Sample Paper** Educart NEW VERSION: Available now based on the 20th September 2019 CBSE Sample Paper. Drawing on his wide-ranging experience, Every Vote Counts presents a riveting account of how the daunting task of conducting the largest electoral exercise in the world is undertaken. The challenges before the Election Commission are many: How does one conduct free and fair elections when a large percentage of our lawmakers are law-breakers? Is the model code of conduct effective? How does one hold elections in Maoist-affected constituencies, or for that matter in the strife-torn state of Jammu and Kashmir? How reliable are electronic voting machines? Is it possible to implement compulsory voting? Will simultaneous elections to the Lok Sabha and state assemblies make things any easier? Every Vote Counts is a fascinating, informative account that gives us a kaleidoscopic view of how the electoral machinery works in the world's largest democracy. With the 2019 elections just round the corner, this is a book that every concerned and interested Indian might want to read. **General English for All Competitive Examinations** Arihant Publications India limited English is globally recognized language for cross-border business communication.
