KEY=AND - LUCAS OROZCO

ETHICS FOR A-LEVEL

Open Book Publishers What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

GLOBAL HEALTH ETHICS

KEY ISSUES

This document assists policy-makers, health care providers and researchers to understand key concepts in health ethics and to identify basic ethical questions

surrounding health and health care. It illustrates the challenges of applying ethical principles to global public health and outlines practical strategies for dealing with those challenges. The document is divided into four main parts. The first part explores key concepts in health ethics and explains common terms, theories and principles. The second part examines the main challenges in the practice of health ethics from the perspective of global public health. These issues provide the reader with a concrete understanding of the various ethical obstacles that may arise in public health, health research, and the provision of health care services. The third part describes practical strategies for dealing with these challenges and the key actors involved in developing ethical frameworks. Finally, the fourth part explains why health ethics is important to WHO, and how WHO supports Member States in building capacity in health ethics.

ETHICAL DECISION MAKING IN SOCIAL WORK

Allyn & Bacon "This textbook is a valuable part of the learning process; it will help you to acquire the skills and knowledge you will need in an ever-changing global society. Your text will also help you to connect with the latest research and debates in the field; visit our accompanying website at www.abacon.com/socialwork. There you will find additional information or weblinks that will help you make the best use of what you have learned."--BOOK JACKET.

THE TELEOLOGICAL ETHICS OF FAKHR AL-DĪN AL-RĀZĪ

BRILL Using hitherto unstudied sources, this monograph provides a comprehensive interdisciplinary study of the ethical theory of al-Rāzī, one of the most complex and influential medieval philosophers and theologians. It reveals remarkable and previously unidentified aspects of ethical thought in Islam.

BUSINESS ETHICS

THE ETHICS OF CARE

PERSONAL, POLITICAL, AND GLOBAL

Oxford University Press on Demand An exploration of the moral theory examines the characteristics of the ethics of care, discussing the feminist roots of this moral approach, what is meant by "care," and the potential of the ethics of care for dealing with social issues.

TRUST IN GOVERNMENT ETHICS MEASURES IN OECD COUNTRIES

ETHICS MEASURES IN OECD COUNTRIES

OECD Publishing This book is unique source of comparative information on ethics management measures in governments of OECD countries.

NICOMACHEAN ETHICS

Courier Corporation Enduringly profound treatise, whose lasting effect on Western

philosophy continues to resonate. Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth.

MODERN MORAL PHILOSOPHY

Cambridge University Press Collection of original essays by leading researchers on current approaches to moral philosophy.

UTILITARIANISM

A THEORY OF JUSTICE

Harvard University Press Though the revised edition of A Theory of Justice, published in 1999, is the definitive statement of Rawls's view, so much of the extensive literature on Rawls's theory refers to the first edition. This reissue makes the first edition once again available for scholars and serious students of Rawls's work.

BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES

Cengage Learning This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business ethics programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

ETHICS AND THE CONDUCT OF BUSINESS

Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your

course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

AFTER VIRTUE

A&C Black Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

THE BLACKWELL GUIDE TO ETHICAL THEORY

John Wiley & Sons Building on the strengths of the highly successful first edition, the extensively updated *Blackwell Guide to Ethical Theory* presents a complete state-of-the-art survey, written by an international team of leading moral philosophers. A new edition of this successful and highly regarded *Guide*, now reorganized and updated with the addition of significant new material. Includes 21 essays written by an international team of leading philosophers. Extensive, substantive essays develop the main arguments of all the leading viewpoints in ethical theory. Essays new to this edition cover evolution and ethics, capability ethics, virtues and consequences, and the implausibility of virtue ethics.

THE MORAL LIMITS OF THE CRIMINAL LAW: VOLUME 3: HARM TO SELF

Oxford University Press, USA This volume tackles the riddles associated with the commonly proposed principle called 'legal paternalism'. It evaluates (and rejects) the principle that it can be right to impose coercion on a person 'for his own good', whatever his own wishes in the matter.

BUSINESS ETHICS - A PHILOSOPHICAL AND BEHAVIORAL APPROACH

Springer This textbook examines the extent to which moral values play a role as productive forces for the economy, and explores the effect of ethical and unethical behavior on the economy. It shows how ethics improves productivity in the economy, and provides specific ethics tools for practical application for students and managers. Stemming from an overall interdisciplinary approach, and combining recent research results from sciences such as economics, business administration, behavioral economics, philosophy, psychology and sociology, this textbook fills a gap in the literature on ethics in business. The book begins with the foundations of

business ethics by defining business ethics, delineating its objectives, and discussing the importance of business ethics for business, the economy and society. Next, it presents the ethical evaluation approaches to enable the reader to evaluate economic Behavior ethically. It then explores 'man in business', and deals with such issues as Behavior, motivation, ethical orientation, and the presence or absence of a sense of justice. Following this is a discussion of the rules of the market and of questions such as: Does the market economy promote ethical Behavior or is there a conflict of goals between ethics and market economy? Do companies have a social responsibility? The book concludes with an analysis of the importance of ethics for productivity in the enterprise and in the economy, and presents ethics tools as the instruments with which management can promote ethical Behavior of their employees. Following a textbook structure, the book first derives knowledge from scientific studies that is relevant for students, and then summarizes the results. It explains ethical assessment approaches, and then gives an ethical assessment of economic Behavior using case studies. It uses roleplaying and games to explain the Behavior of people in relation to ethics.

THE ETHICAL SPIRIT OF EU LAW

Springer This open access book seeks to identify the ethical spirit of European Union (EU) law, a context in which we can observe a trend towards increasing references to the terms 'ethics' and 'morality'. This aspect is all the more important because EU law is now affecting more and more areas of national law, including such sensitive ones as the patentability of human life. Especially when unethical behaviour produces legal consequences, the frequent lack of clearly defined concepts remains a challenge, particularly against the background of the principle of legal certainty. This raises the question to which extent the content of these references is determined and whether it is possible to identify an ethical spirit of EU law. Answering that question, in turn, entails addressing the following questions: In references to ethics concerning EU law, can we identify references to a particular theory of practical philosophy at all; and, if so, to one or more normative ethical theories (deontology, consequentialism, or virtue ethics)? Further, should these non-legal concepts be imported in an unaltered way ("absolute approach"), or be adapted to the legal context ("relative approach")? This book explores the different layers of EU law (primary law, agreements, secondary law, and tertiary law), including the role of ethics in EU lawmaking and in EU case law, as well as the implementation of relevant EU directives in selected Member States. In addition to the above-mentioned normative philosophical lens, the book also analyzes the findings from the legal lens of EU integration, i.e., especially EU values, human rights and the cornerstone of human dignity.

DEMOCRACY AND EDUCATION

AN INTRODUCTION TO THE PHILOSOPHY OF EDUCATION,

John Dewey's Democracy and Education addresses the challenge of providing quality public education in a democratic society. In this classic work Dewey calls for the

complete renewal of public education, arguing for the fusion of vocational and contemplative studies in education and for the necessity of universal education for the advancement of self and society. First published in 1916, Democracy and Education is regarded as the seminal work on public education by one of the most important scholars of the century.

BUSINESS ETHICS AND VALUES

INDIVIDUAL, CORPORATE AND INTERNATIONAL PERSPECTIVES

Pearson Education "Business Ethics and Values" introduces students to the complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professor of Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

FUNDAMENTAL PRINCIPLES OF THE METAPHYSICS OF ETHICS

THE METHODS OF ETHICS

Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures,

errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

THEORY OF ETHICS

BASIC METHODS OF POLICY ANALYSIS AND PLANNING -- PEARSON ETEXT

Routledge Updated in its 3rd edition, Basic Methods of Policy Analysis and Planning presents quickly applied methods for analyzing and resolving planning and policy issues at state, regional, and urban levels. Divided into two parts, Methods which presents quick methods in nine chapters and is organized around the steps in the policy analysis process, and Cases which presents seven policy cases, ranging in degree of complexity, the text provides readers with the resources they need for effective policy planning and analysis. Quantitative and qualitative methods are systematically combined to address policy dilemmas and urban planning problems. Readers and analysts utilizing this text gain comprehensive skills and background needed to impact public policy.

PHILOSOPHICAL FOUNDATIONS OF MEDICAL LAW

Oxford University Press, USA With advances in personalised medicine, the field of medical law is being challenged and transformed. The nature of the doctor-patient relationship is shifting as patients simultaneously become consumers. The regulation of emerging technologies is being thrown into question, and we face new challenges in the context of global pandemics. This volume identifies significant questions and issues underlying the philosophy of medical law. It brings together leading philosophers, legal theorists, and medical specialists to discuss these questions in two parts. The first part deals with key foundational theories, and the second addresses a variety of topical issues, including euthanasia, abortion, and medical privacy. The wide range of perspectives and topics on offer provide a vital introduction to the philosophical underpinnings of medical law.

THE SPLENDOR OF TRUTH

USCCB Publishing Pope John Paul II proclaims a sense of urgency in challenging moral darkness with the light of truth.

THE ETHICS OF ALTRUISM

Routledge 'The chief problem of human life', wrote Auguste Comte, 'is the subordination of egoism to altruism.' This collection examines the nature and value of altruism as a moral virtue, restoring it to its proper place at the centre of our moral and political thinking. The first five essays in the collection explore the relationship between altruism and other moral concepts such as self-interest, autonomy, community and impartiality. The five essays in the second part show how altruism is invoked in practical moral problems, including aid to developing

countries, the market for human body parts, multiculturalism and the politics of recognition, and medical ethics. Through these discussions, the central role of altruism in moral thinking is brought into sharper focus.

MANAGING BUSINESS ETHICS

STRAIGHT TALK ABOUT HOW TO DO IT RIGHT

John Wiley & Sons TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in *Managing Business Ethics: Straight Talk about How to Do It Right*, 7th Edition. In this new edition, the dynamic author team of Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and promote ethical behavior in their organization. *Managing Business Ethics* is the perfect text to prepare students for a range of roles in the business world--managers across business functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

ARGUMENTATION AND DEBATE

Cengage Learning Widely praised, *ARGUMENTATION AND DEBATE*, 13E, uses a clear, concise, and engaging presentation that makes even complex material easy for students to understand. The authors have adapted the text over the years to match changing practices in debate and teaching while preserving classical and conventional approaches to learning debate. This edition retains its rhetorical roots with a flexible tone open to a diverse array of debate styles that is appropriate in the contemporary context. It values the importance of inclusion and sensitivity to differences of culture, gender, orientation, class and other factors as they impact communicative choices and argumentation. The authors have a preference for team topic evidence-based policy debate; however, the text strives to offer viable tools for a wide range of readers interested in improving their critical thinking for reasoned decision making. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

AGING AND SELF-REALIZATION

CULTURAL NARRATIVES ABOUT LATER LIFE

transcript Verlag Dominant cultural narratives about later life dismiss the value senior citizens hold for society. In her cultural-philosophical critique, Hanne Laceulle outlines counter narratives that acknowledge both potentials and vulnerabilities of later life. She draws on the rich philosophical tradition of thought about self-realization and explores the significance of ethical concepts essential to the process of growing old such as autonomy, authenticity and virtue. These counter narratives

aim to support older individuals in their search for a meaningful age identity, while they make society recognize its senior members as valued participants and moral agents of their own lives.

THE ETHICS OF RESEARCH INVOLVING ANIMALS

A report of the Nuffield Council on Bioethics working party investigating the ethical issues of research involving animals.

CONSUMER MORAL LEADERSHIP

BRILL This book shares a collection of novel ways to re-conceptualize and envision the moral imperatives of consumption, thereby providing invigorating insights for future dialogue and intellectual and social action. It privileges a consumer moral leadership imperative, which augments the conventional management imperatives of sustainability, ethics, simplicity and environmental integrity.

WHY BE MORAL?

Walter de Gruyter GmbH & Co KG What reasons do we have to be moral, and are these reasons more compelling than the reasons we have to pursue non-moral projects? Ever since the Sophists first raised this question, it has been a focal point of debate. Why be Moral? is a collection of new essays on this fundamental philosophical problem, written by an international team of leading scholars in the field.

CASE HISTORIES IN BUSINESS ETHICS

Routledge Case Histories in Business Ethics illustrates and extends the role of case histories in the teaching and study of business ethics. Typically, case histories are used to illustrate assertions or arguments, or to stimulate debate about an issue within business ethics. This volume examines that role, illustrating the link between case histories and mo

HUMILIATION, DEGRADATION, DEHUMANIZATION

HUMAN DIGNITY VIOLATED

Springer Science & Business Media Degradation, dehumanization, instrumentalization, humiliation, and nonrecognition – these concepts point to ways in which we understand human beings to be violated in their dignity. Violations of human dignity are brought about by concrete practices and conditions; some commonly acknowledged, such as torture and rape, and others more contested, such as poverty and exclusion. This volume collates reflections on such concepts and a range of practices, deepening our understanding of human dignity and its violation, bringing to the surface interrelationships and commonalities, and pointing to the values that are thereby shown to be in danger. In presenting a streamlined discussion from a negative perspective, complemented by conclusions for a positive account of human dignity, the book is at once a contribution to the body of literature on what dignity is and how it should be protected as well as constituting an

alternative, fresh and focused perspective relevant to this significant recurring debate. As the concept of human dignity itself crosses disciplinary boundaries, this is mirrored in the unique range of perspectives brought by the book's European and American contributors - in philosophy and ethics, law, human rights, literature, cultural studies and interdisciplinary research. This volume will be of interest to social and moral philosophers, legal and human rights theorists, practitioners and students.

CRITIQUE OF JUDGMENT

Courier Corporation Kant's attempt to establish the principles behind the faculty of judgment remains one of the most important works on human reason. This third of the philosopher's three Critiques forms the very basis of modern aesthetics.

AN INTRODUCTION TO THE PRINCIPLES OF MORALS AND LEGISLATION

PRINTED IN THE YEAR 1780, AND NOW FIRST PUBLISHED

PROFESSIONALISM IN THE INFORMATION AND COMMUNICATION TECHNOLOGY INDUSTRY

ANU E Press Professionalism is arguably more important in some occupations than in others. It is vital in some because of the life and death decisions that must be made, for example in medicine. In others the rapidly changing nature of the occupation makes efficient regulation difficult and so the professional behaviour of the practitioners is central to the good functioning of that occupation. The core idea behind this book is that Information and Communication Technology (ICT) is changing so quickly that professional behaviour of its practitioners is vital because regulation will always lag behind.

ECONOMICS AND ETHICS OF PRIVATE PROPERTY

Ludwig von Mises Institute

ARISTOTLE'S LEGAL THEORY

THE POLITICS OF NOMOS

Cambridge University Press This book offers a systematic exposition of Aristotle's legal thought and account of the relationship between law and politics.
