## The Valley of Kashmir

### Kashmir and the British Raj 1847-1947

[Oxford University Press, USA](#) The conflict between India and Pakistan over Kashmir has not only blighted their relationship and destroyed the legendary tranquillity of the valley but has been and is a major threat to world peace. It is not sufficiently realised that the roots of this unhappy set of circumstances lies in the history of Kashmir as a princely state. It was the only such entity of significance during the British period where a largely Muslim population was ruled by a Hindu line of princes who were not generous or sympathetic in their attitudes. Relationships were strained between the British Raj and the Maharaja and between him and his subjects from the first, and they exploded into violence in the years of developing nationalism after World War I and particularly after partition. historians and general readers interested in British Imperial history and Indo-Pakistan history.

### Style Guide

[Hachette UK](#) This expanded twelfth edition of the bestselling guide to style is based on the Economist's own updated house style manual, and is an invaluable companion for everyone who wants to communicate with the clarity, style and precision for which the Economist is renowned. As the introduction says, 'clarity of writing usually follows clarity of thought.' The Economist Style Guide gives general advice on writing, points out common errors and clichés, offers guidance on consistent use of punctuation, abbreviations and capital letters, and contains an exhaustive range of reference material - covering everything from accountancy ratios and stock market indices to laws of nature and science. Some of the numerous useful rules and common mistakes pointed out in the guide include: \*Which informs, that defines. This is the house that Jack built. But: This house, which Jack built, is now falling down. Discreet means circumspect or prudent; discrete means separate or distinct. Remember that "Questions are never indiscreet. Answers sometimes are" (Oscar Wilde). Flaunt means display, flout means disdain. If you flout this distinction you will flaunt your ignorance Forgo means do without; forego means go before. Fortuitous means accidental, not fortunate or well-timed. Times: Take care. Three times more than X is four times as much as X. Full stops: Use plenty. They keep sentences short. This helps the reader.

## Modern South Asia

### History, Culture, Political Economy

[Routledge](#) The South Asian subcontinent is home to nearly a billion people and has been the site of fierce historical contestation. It is a panoply of languages and religions with a rich and complex history and culture. Drawing on the newest and most sophisticated historical research and scholarship in the field, Modern South Asia is written in an accessible style for all those with an intellectual curiosity about the region. After sketching the pre-modern history of the subcontinent, the book concentrates on the last three centuries from c.1700 to the present. Jointly written by two leading Indian and Pakistani historians, it offers a rare depth of historical understanding of the politics, cultures and economies that shape the lives of more than a fifth of humanity. In this comprehensive study, the authors debate and challenge the striking developments in contemporary South Asian history and historical writing. The book provides new insights into the structure and ideology of the British raj, the meaning of subaltern resistance, the refashioning of social relations along lines of caste, class, community and gender, the different strands of anti-colonial nationalism and the dynamics of decolonization. This book is a work of synthesis and interpretation covering the entire spectrum of modern South Asian history - social, economic and political. The authors offer an understanding of this strategically and economically vital part of the world.

## The God of Small Things

### A Novel

[Vintage Canada](#) The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

## Social Media and Democracy

### The State of the Field, Prospects for Reform

[Cambridge University Press](#) Over the last five years, widespread concern about the effects of social media on democracy has led to an explosion in research from different disciplines and corners of academia. This book is the first of its kind to take stock of this emerging multi-disciplinary field by synthesizing what we know, identifying what we do not know and obstacles to future research, and charting a course for the future inquiry. Chapters by leading scholars cover major topics - from disinformation to hate speech to political advertising - and situate recent developments in the context of key policy questions. In addition, the book canvasses existing reform proposals in order to address widely perceived threats that social media poses to democracy. This title is also available as Open Access on Cambridge Core.

## Global Trends 2030

### Alternative Worlds : a Publication of the National Intelligence Council

[U.S. Government Printing Office](#) This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

## Eager to Learn

### Educating Our Preschoolers

[National Academies Press](#) Clearly babies come into the world remarkably receptive to its wonders. Their alertness to sights, sounds, and even abstract concepts makes them inquisitive explorers--and learners--every waking minute. Well before formal schooling begins, children's early experiences lay the foundations for their later social behavior, emotional regulation, and literacy. Yet, for a variety of reasons, far too little attention is given to the quality of these crucial years. Outmoded theories, outdated facts, and undersized budgets all play a part in the uneven quality of early childhood programs throughout our country. What will it take to provide better early education and care for our children between the ages of two and five? Eager to Learn explores this crucial question, synthesizing the newest research findings on how young children learn and the impact of early learning. Key discoveries in how young children learn are reviewed in language accessible to parents as well as educators: findings about the interplay of biology and environment, variations in learning among individuals and children from different social and economic groups, and the importance of health, safety, nutrition and interpersonal warmth to early learning. Perhaps most significant, the book documents how very early in life learning really begins. Valuable conclusions and recommendations are presented in the areas of the teacher-child relationship, the organization and content of curriculum, meeting the needs of those children most at risk of school failure, teacher preparation, assessment of teaching and learning, and more. The book discusses: Evidence for competing theories, models, and approaches in the field and a hard look at some day-to-day practices and activities generally used in preschool. The role of the teacher, the importance of peer interactions, and other relationships in the child's life. Learning needs of minority children, children with disabilities, and other special groups. Approaches to assessing young children's learning for the purposes of policy decisions, diagnosis of educational difficulties, and instructional planning. Preparation and continuing development of teachers. Eager to Learn presents a comprehensive, coherent picture of early childhood learning, along with a clear path toward improving this important stage of life for all children.

## The United States and India

### The Dimensions of Influence

[Greenwood](#) Palmer reviews the course of the relationship between the United States and India, especially since the early 1970s, with particular attention to who influenced whom, in what ways, how, why, and with what results. This book is part of a Praeger series, "Studies of Influence in International Relations." The author considers the troubles of 1971 and the "tilt toward Pakistan," the impact of U.S. global and regional priorities upon bilateral relations, economic trade and aid, security concerns and conflicts, nuclear power developments, and person-to-person Indo-American encounters. The study focuses on the 1970s and 1980s, years of more differences and disagreements than of cooperation, thereby giving a somewhat distorted picture of the overall relationship. ISBN 0-03-069556-2 : \$29.95.

## Kundalini

### The Energy of the Depths

[SUNY Press](#) Kundalini's power lies dormant in humans until it is awakened. The awakened Kundalini expresses the primal divine impulse and ultimately joins the individual with the divine. The development of the book parallels the development of the Kundalini within. Part One exposes the awakening and unfolding of the Kundalini; Part Two describes the piercing of the energy centers and the stages of ascent through the body; and Part Three examines Kundalini's relation to sexual expression. The book provides a deep understanding of Tantra and of the underlying purpose of Tantracism. The author carefully considers the Caryakrama practices of sexual expression as a means of awakening and controlling Kundalini. Silburn draws together passages from the Trika, Krama, and Kaula systems ranging through Abhinavagupta and Lalla and provides both translation and commentary for them. Chapters on the Chakras, the Nadis, and on mantras further elucidate the topic and lead to a forceful conclusion: Kundalini is the source of ultimate human knowledge and power.

## People, Taxation, and Trade in Mughal India

[Oxford University Press, USA](#) This comprehensive collection of essays by one of the most well-known historians of Mughal history is based on strong empirical grounding and primary sources. Integrating statistical analysis with socio-economic history, Shireen Moosvi contributes to our understanding of a range of subjects relating to the medieval Indian economy. The book discusses five themes that deal with the economic experience of people as well as the states. The collection has a wide range which includes analysis of varied regions such as Deccan, Surat, Kashmir apart from the Mughal north India. It discusses economy and administration in the lifetimes of three Mughal Emperors Akbar, Shahjahan, and Aurangzeb. The volume discusses crucial aspects of Mughal domains which hardly many historians have analysed systematically. These essays deal with population and settlement patterns, political problems and their economic linkages, work patterns and their relation with gender, provincial and imperial administration and finance.

## World Wildlife Crime Report 2020

## Trafficking in Protected Species

**UN** The report presents the latest assessment of global trends in wildlife crime. It includes discussions on illicit rosewood, ivory, rhino horn, pangolin scales, live reptiles, tigers and other big cats, and European eel. The COVID-19 (coronavirus) pandemic has highlighted that wildlife crime is a threat not only to the environment and biodiversity, but also to human health, economic development and security. Zoonotic diseases - those caused by pathogens that spread from animals to humans - represent up to 75% of all emerging infectious diseases. Trafficked wild species and the resulting products offered for human consumption, by definition, escape any hygiene or sanitary control, and therefore pose even greater risks of infection.

## Global Voices

## Culture and Identity in the Teaching of English

**National Council of Teachers** This book presents essays that reflect the dialogue and the spirit of conversation of the 1990 International Federation for the Teaching of English (IFTE) Conference in Auckland, New Zealand. The book begins with some of the impressions of the IFTE conference held by the classroom teachers, school administrators, writers, and scholars who attended it. Language diversity in the classroom is the focus of several essays in the second part of the book. Each essay in the second part of the book is followed by a response. The pairing of essays continues in the third section of the book, where issues such as who controls curricula and who sets the standards for curricula are addressed. The third part of the book also discusses national curriculum movements in New Zealand and the United Kingdom; English as a Second Language pedagogies; and international underpinnings of the whole language movement. The initial essay in each set is a response to a paper presented at the conference; the second is the original presenter's reply to the author of the first essay. The fourth part of the book presents essays about the history and future of IFTE conferences, looking forward especially to the 1995 conference to be held in New York City. (RS)
