THE FIRST GOSPEL

AN INTRODUCTION TO Q

Wipf and Stock Publishers **The first gospel was not one of the four canonical gospels. It was probably Q, an early collection of Jesus' sayings used by Matthew and Luke to create their gospels. Q does not mention Jesus' death and resurrection, and it contains no birth or childhood stories. In Q, Jesus is pictured as a prophetic sage. The First Gospel provides a comprehensive introduction to the Q hypothesis. The author reviews and augments the arguments for the existence of Q. He concludes that the Q document was not merely a miscellaneous collection of sayings of Jesus that served as a source for Matthew and Luke. He sees it as a gospel in its own right, with its own history and own quite distinctive theology.**
