## KEY=MARKETING - HUGHES AUGUST

---

### Principles of Marketing

**An introduction to marketing concepts, strategies and practices with a balance of depth of coverage and ease of learning. Principles of Marketing keeps pace with a rapidly changing field, focussing on the ways brands create and capture consumer value. Practical content and linkage are at the heart of this edition. Real local and international examples bring ideas to life and new feature 'linking the concepts' helps students test and consolidate understanding as they go. The latest edition enhances understanding with a unique learning design including revised, integrative concept maps at the start of each chapter, end-of-chapter features summarising ideas and themes, a mix of mini and major case studies to illuminate concepts, and critical thinking exercises for applying skills.**

### Marketing Management, Global Edition

**Pearson This title is a Pearson Global Edition. The Editorial team at Pearson has worked closely with educators around the world to include content which is especially relevant to students outside the United States. For undergraduate and graduate courses in marketing management The gold standard for today's marketing management student The world of marketing is changing every day -- and in order for students to have a competitive edge, they need a text that reflects the best and most recent marketing theory and practices. Marketing Management collectively uses a managerial orientation, an analytical approach, a multidisciplinary perspective, universal applications, and balanced coverage to distinguish it from all other marketing management texts out there. Unsurpassed in its breadth, depth, and relevance, the 16th Edition features a streamlined organization of the content, updated material, and new examples that reflect the very latest market developments. After reading this landmark text, students will be armed with the knowledge and tools to succeed in the new market environment around them. MyLab® Marketing is not included. Students, if Pearson MyLab Marketing is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN. Pearson MyLab Marketing should only be purchased when required by an instructor. Instructors, contact your Pearson representative for more information.**

### Marketing Management 3rd edn PDF eBook

**Pearson Higher Ed The classic Marketing Management is an undisputed global best-seller - an encyclopaedia of marketing considered by many as the authoritative book on the subject. This third European edition keeps the accessibility, theoretical rigour and managerial relevance - the heart of the book - and adds: A structure designed specifically to fit the way the course is taught in Europe. Fresh European examples which make students feel at home. The inclusion of the work of prominent European academics. A focus on the digital challenges for marketers. An emphasis on the importance of creative thinking and its contribution to marketing practice. New in-depth case studies, each of which integrates**

one of the major parts in the book. This textbook covers admirably the wide range of concepts and issues and accurately reflects the fast-moving pace of marketing in the modern world, examining traditional aspects of marketing and blending them with modern and future concepts. A key text for both undergraduate and postgraduate marketing programmes.

## Marketing Management

**Pearson UK** The classic Marketing Management is an undisputed global best-seller - an encyclopedia of marketing considered by many as the authoritative book on the subject. A key text for both undergraduate and postgraduate marketing programmes.

## Marketing Management

This is the 14th edition of 'Marketing Management' which preserves the strengths of previous editions while introducing new material and structure to further enhance learning.

## Principles of Marketing 7th edn PDF eBook

**Pearson Higher Ed Principles of Marketing Seventh European Edition Philip Kotler, Gary Armstrong, Lloyd C. Harris and Nigel Piercy** The goal of every marketer is to create more value for customers. The authors of this new European Edition have aimed to create more value for the reader by building on a classic marketing text with its well-established customer-value framework and complimenting it with an emphasis throughout the book on sustainable marketing, measuring and managing return on marketing, marketing technologies and marketing around the world. To help bring marketing to life this book is filled with interesting examples and stories about real companies, such as Amazon, Google, Uber, ASOS and Lego and their marketing practices. This is the place to go for the freshest and most authoritative insights into the increasingly fascinating world of marketing. Philip Kotler is S. C. Johnson & Son Distinguished Professor of International Marketing at the Kellogg Graduate School of Management, Northwestern University. Gary Armstrong is Crist W. Blackwell Distinguished Professor Emeritus of Undergraduate Education in the Kenan-Flagler Business School at the University of North Carolina at Chapel Hill. Lloyd C. Harris is Head of Department and Professor of Marketing at Birmingham Business School, University of Birmingham. His research has been widely disseminated via a range of marketing, strategy, retailing and general management journals. Nigel Piercy, was formerly Professor of Marketing & Strategy, and Associate Dean, at Warwick Business School. He is now a consultant and management writer. Recent publications include Marketing Strategy and Competitive Positioning, 6th ed. (with Graham Hooley, Brigitte Nicoulaud and John Rudd) published by Pearson in 2016.

## International Marketing Compact

**Linde Verlag GmbH International Marketing Compact** offers a new perspective in teaching international marketing. The authors address issues in a novel way by bringing in cases from advanced and emerging markets. In this connection they also discuss technological requirements of the 21st century and how these developments necessitate a change in looking at international marketing issues. The individual chapters follow the necessary steps to develop and implement projects successfully in the international market place. The knowledge, which is provided for both students and practitioners, is well balanced in terms of theoretical input and managerial application. This is the result of numerous examples presented in this book not only from Europe, but also from other markets throughout the world. The book is addressed to various student groups: those in a bachelor's program studying business, economics and international trade can well use the book to gain a broad and current perspective on trends in international marketing theory and practice. Those in a master's program for business, economics and international trade can use the book as a guide for building a theoretical background for their term projects and the case studies they analyze. Those at the PhD level in the same or similar disciplines can take a compact look at 21st century international marketing. It is also beneficial for international

students, for example, for Erasmus students at European universities, who are building a common international marketing background and perspective that they can take back to their studies at their home universities.

## Framework for Marketing Management

Pearson Education India "Using the most current concepts, up-to-date data, and a wide range of examples, this authoritative text illustrates how excellent management strategies lead to unsurpassed marketing success."--Page 4 of cover.

## Branding the Nation

### The Global Business of National Identity

Oxford University Press What happens to the nation when it is reconceived as a brand? How does nation branding change the terms of politics and culture in a globalized world? Branding the Nation offers a unique critical perspective on the power of brands to affect how we think about space, value and identity.

## Global Marketing Management

Wiley Global Education The 7th Edition of Global Marketing Management prepares students to become effective managers overseeing global marketing activities in an increasingly competitive environment. The text's guiding principle, as laid out concisely and methodically by authors Kotabe and Helsen, is that the realities of international marketing are more "multilateral." Suitable for all business majors, the text encourages students to learn how marketing managers work across business functions for effective corporate performance on a global basis and achievement of overall corporate goals. Global Marketing Management brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

## Food Economics

### Industry and Markets

Routledge Food and food markets still enjoy a pivotal role in the world economy and the international food industry is moving towards greater consolidation and globalization, with increased vertical integration and changes to market structure. Companies grow bigger in order to obtain economies of scale and issues and such as food security, quality, obesity and health are ever important factors. This book describes the link between food markets and food companies from a theoretical and a business economics perspective. The relationships, trends and impacts on the international food market are presented, and the topic is related to actual business conditions. Each chapter is accompanied by questions and assignments designed to help students in their learning. .

## Marketing & Economics

Vernon Press This book bridges the disciplines of economics and marketing and brings them to bear on the analysis of contemporary business problems. The world has changed dramatically over the last four decades. Sociologically, technologically, economically and politically speaking the world is changing at an increasing pace. The spread of ideas and values are reinforcing the impact of globalization on various business operations and activities. As the late Peter Drucker once remarked: "while you were out the world changed." To make sense of to the world we live in, we are compelled to draw from diverse disciplines and subjects. This book focuses on the contributions of economics and marketing. The basic principles, theories and issues of economics are selected and are integrated with key elements and principles of marketing. Marketers, in conventional as well as in digital markets, are encouraged to integrate marketing with economics in order to make successful and effective business decisions. Marketing and Economics are subjects dealing with business - business of private firms, not-for-profit organisations and that of government. Economics involves allocation of scarce resources. Scarcity in economics is relative scarcity, scarcity in relation to demand. Written in a casual, accessible language and taking very little for granted, this book is for anyone who is curious about economics and marketing. It provides the essential analytical framework necessary for thriving in today's business. In its diverse chapters it covers topics such as offshoring, the circular economy,

benchmarking, mergers and acquisitions, knowledge and innovation, services industries, customer relationships, advertising and communication, among others. It is particularly well suited to undergraduates in business or economics and its fresh perspectives on today's challenges would be of interest to business managers and marketing professionals.

## Distribution Planning and Control

### Managing in the Era of Supply Chain Management

**Springer** This third edition provides operations management students, academics and professionals with a fully up-to-date, practical and comprehensive sourcebook in the science of distribution and Supply Chain Management (SCM). Its objective is not only to discover the roots and detail the techniques of supply and delivery channel networks, but also to explore the impact of the merger of SCM concepts and information technologies on all aspects of internal business and supply channel management. This textbook provides a thorough and sometimes analytical view of the topic, while remaining approachable from the standpoint of the reader. Although the text is broad enough to encompass all the management activities found in today's logistics and distribution channel organizations, it is detailed enough to provide the reader with a thorough understanding of essential strategic and tactical planning and control processes, as well as problem-solving techniques that can be applied to everyday operations. *Distribution Planning and Control: Managing in the Era of Supply Chain Management, 3rd Ed.* is comprised of fifteen chapters, divided into five units. Unit 1 of the text, *The SCM and Distribution Management Environment*, sets the background necessary to understand today's supply chain environment. Unit 2, *SCM Strategies, Channel Structures and Demand Management*, reviews the activities involved in performing strategic planning, designing channel networks, forecasting and managing channel demand. Unit 3, *Inventory Management in the Supply Chain Environment*, provides an in-depth review of managing supply chain inventories, statistical inventory management, and inventory management in a multiechelon channel environment. Unit 4, *Supply Chain Execution*, traces the translation of the strategic supply chain plans into detailed customer and supplier management, warehousing and transportation operations activities. Finally Unit 5, *International Distribution and Supply Chain Technologies*, concludes the text by exploring the role of two integral elements of SCM: international distribution management and the deployment of information technologies in the supply chain environment. Each chapter includes summary questions and problems to challenge readers to their knowledge of concepts and topics covered. Additionally supplementary materials for instructors are also available as tools for learning reinforcement.

## The Quintessence of Strategic Management

### What You Really Need to Know to Survive in Business

**Springer Science & Business Media** Having read this book: You will have a basic understanding of strategy and the process of strategic management. You will know the most important strategy tools (incl. the respective original literature) and how they interact. You will be aware of the focal areas and considerations of strategy in practice. You will be able to analyze and interpret business information with regard to the underlying strategic notions.

## Marketing Management

**Pearson** This print textbook is available for students to rent for their classes. The Pearson print rental program provides students with affordable access to learning materials, so they come to class ready to succeed. For undergraduate and graduate courses in marketing management. The gold standard for today's marketing management student The world of marketing is changing every day -- and in order for students to have a competitive edge, they need a text that reflects the best and most recent marketing theory and practices. *Marketing Management* collectively uses a managerial orientation, an analytical approach, a multidisciplinary perspective, universal applications, and balanced coverage to distinguish it from all other marketing management texts out there. Unsurpassed in its breadth, depth, and relevance, the 16th Edition features a streamlined organization of the content, updated material, and new examples that reflect the very latest market developments. After reading this landmark text, students will be armed with the knowledge and tools to succeed in the new market environment around them.

# Market Your Way to Growth

## 8 Ways to Win

John Wiley & Sons Marketing guru Philip Kotler and global marketing strategist Milton Kotler show you how to survive rough economic waters. With the developed world facing slow economic growth, successfully competing for a limited customer base means using creative and strategic marketing strategies. *Market Your Way to Growth* presents eight effective ways to grow in even the slowest economy. They include how to increase your market share, develop enthusiastic customers, build your brand, innovate, expand internationally, acquire other businesses, build a great reputation for social responsibility, and more. By engaging any of these pathways to growth, you can achieve growth rates that your competitors will envy. Proven business and marketing advice from leading names in the industry. Written by Philip Kotler, the major exponent of planning through segmentation, targeting, and position followed by "the 4 Ps of marketing" and author of the books *Marketing 3.0*, *Ten Deadly Marketing Sins*, and *Corporate Social Responsibility*, among others. Milton Kotler is Chairman and CEO of Kotler Marketing Group, headquartered in Washington, DC, author of *A Clear-sighted View of Chinese Marketing*, and a frequent contributor to the China business press.

## Marketing Management

### Analysis, Planning, Implementation, and Control

Pearson The ninth edition of this best-selling classic marketing management text reflects the recent trends and developments in global marketing. The new edition emphasises the importance of teamwork between marketing and all other functions of the business, introduces new perspectives in successful strategic market planning, and presents additional, company examples of creative, market-focused and customer-driven action. new technologies in improving marketing planning and performance.

## Pricing

### The New Frontier

Transnational Press London Pricing: *The New Frontier* by Gábor REKETY and Jonathan LIU Published: May 2018 The importance of pricing and price management is growing all over the world, primarily due to the turbulent economic situation, accelerating technological development, the saturation of markets and the globalization of competition. All these trends affect the achievement of company objectives, place prices, pricing and price management in a context that differs greatly from what has been known before. In developing and fast moving economies like India, getting the pricing strategy right is a necessity for the short and long term future of the firm. The pricing decision will impact on the profitability and ultimately on the performance of the firm. Executives and managers responsible making pricing decisions will find this book useful and informative in shedding light on an area that is complicate and complex. - Dr M.K. Nandakumar, Associate Professor of Strategic Management, Indian Institute of Management, Kozhikode, India. Leading technological development across the world requires an in-depth understanding of the impact of the pricing decision and business strategy. This book will give its readers a clear understanding of impact of the pricing decision on the industry, the customer and its competitors. I fully recommend and endorse this book. - Jeff C.K. Lim, BU Deputy CEO at ASM Pacific Technology Ltd. Singapore. Pricing of goods and services is a critical decision that creates immediate competitive advantage. This book explains the principles of pricing clearly and concisely. It seamlessly knits concept and practice. It is a useful text book but also useful to practicing managers charged with challenging task of pricing goods and services. I strongly recommend the book to practitioners and students. - Professor Abby Ghobadian FBAM, FAcSS, CCMI, Professor of Management, Henley Business School, United Kingdom. At a time when almost continuous change is disrupting nearly all industries and the internet is putting ever more power in the hands of the customer, a book that treats pricing with substance and foresight is a welcome addition to the market. - Professor John R. Schermerhorn, Jr., O'Bleness Professor Emeritus, Ohio University, United States In

contemporary business pricing is much more than just the money equivalent of the product value. This book provides a high-quality review of different concepts and issues regarding pricing from different stakeholders' perspectives. It can be recommended both as students' textbook as well as a managers' toolkit for making strategic and tactical pricing decisions. - Professor Mirna Leko Šimić, Professor of Marketing at Faculty of Economics at J.J. Strossmayer University of Osijek, Croatia Price is the value that is attached to a product or service and is usually the result of complex set of calculations, research and risk analysis. This book provides comprehensive and understandable strategies and tactics that one may use to price a product or service in our current the multi-faceted operating environment. It is a great resource for both practitioners and academics. - Dr Dolores Rinke, CPA, Professor Emerita, Purdue University, United States In a fast-changing world with fierce competition, pricing has been increasingly the new frontier and battle field for business operations. Dynamic pricing needs to be deployed as the brand new strategy for global organizations to gain competitive advantages and sustainable profit growth. This book provides insightful knowledge of the dynamics of setting price in a networked global context, and enables academics and professionals to have a clear understanding of the principle and practice. - Dr Xinping Shi, Associate Professor of Information and Operations Management, Hong Kong Baptist University, Hong Kong SAR China. Getting the pricing of products and services right is challenging and difficult. It is more complicated in a globalized world and further challenging when it is across different types of economies. This book will offer guidance in setting and negotiating prices for trading across borders and on the digital platform, and will prove useful for practitioners and students. I highly recommend the book. - Professor Vincent XG Qi, PhD, FRAI, Wolfson College, University of Cambridge; Marcel Mauss Chair Distinguished Professor of Global Supply Chain Management and Business Anthropology, Anshan Normal University in China. Contents PART 1. PRICING BASICS Chapter 1. PRICING IN FOCUS Chapter 2. THE ECONOMICS OF PRICING Chapter 3. CUSTOMERS' PRICE PERCEPTION Chapter 4. PRICES, COSTS AND PROFIT Chapter 5. ## INTERNATIONAL CONFERENCE ON Management of Globalized Business: Emerging Perspectives

Lulu.com

## International Management: Managing Cultural Diversity

Pearson Higher Education AU International Management: Managing Cultural Diversity International Management explores the dynamic global environment of business management by examining the political, legal, technological, competitive, and cultural factors that shape corporations worldwide. With its hallmark clear and concise approach, International Management places fundamental management theories in an international context. Students will gain a comprehensive understanding of the practices, cultural skills and sensitivities needed to operate successfully in a wide range of cross-national situations. The second Australian edition of International Management focuses on the expanding economics of Australasia, China, India and their increasing trade amongst themselves, the European Union and the Americas. International Management 2nd edition incorporates up-to-date research, increased coverage of ethics, a wide range of case studies and examines recent trends affecting international business managers in today's hypercompetitive global environment. International Management is suitable for undergraduate and post graduate students majoring in international business, general management or cross cultural studies.

## Social Marketing

## Influencing Behaviors for Good

**SAGE Publications** This is the definitive textbook for the planning and implementation of programs designed to bring about social change. The authors take key marketing principles and show readers how to apply them to campaigns and efforts to improve health, decrease injuries, protect the environment, build communities, and enhance financial well-being. Social marketing has grown in its sophistication and application to a wider array of social problems, and the Fourth Edition captures the momentum and excitement of this burgeoning field.

## Confronting Capitalism

### Real Solutions for a Troubled Economic System

**AMACOM** With one side of the political aisle proposing increasingly more socialistic and anti-capitalistic ideas, the other side has been quick to defend our country's great economic model, with good reason. Capitalism--spanning a spectrum from laissez faire to authoritarian--shapes the market economies of all the wealthiest and fastest-growing nations. But does that mean it is perfect as is, and that we would not all benefit from an honest evaluation and reconstruction of the free market system that has shaped our country's way of economic growth? The truth is, trouble is cracking capitalism's shiny veneer. In the US, Europe, and Japan, economic growth has slowed down. Wealth is concentrated in the hands of a few; natural resources are exploited for short-term profit; and good jobs are hard to find. In *Confronting Capitalism*, business expert Philip Kotler explains 14 major problems undermining capitalism, including:

- Persistent and increasing poverty
- Automation's effects on job creation
- High debt burdens
- Steep environmental costs
- Boom-bust economic cycles
- And more

But this landmark book does not stop with merely revealing the problems. It also delivers a heartening message: We can turn things around! Movements toward shared prosperity and a higher purpose are reinvigorating companies large and small, while proposals abound on government policies that offer protections without stagnation. Kotler identifies the best ideas, linking private and public initiatives into a force for positive change, and offers suggestions for returning to a healthier, more sustainable capitalism that works for all.

## Marketing Management

### Analysis, Planning, Implementation, and Control

## Marketing Management

Revised edition of Marketing management, 2012.

## International Entrepreneurship in the Arts

**Routledge** *International Entrepreneurship in the Arts* focuses on teaching students, artists, and arts managers specific strategies for expanding creative ventures that are already successful domestically to an international audience. Varbanova's accessible writing outlines a systematic theoretical framework that guides the reader from generating an innovative idea and starting up an international arts enterprise to its sustainable international growth. Applying concepts, models, and tools from international entrepreneurship theory and practice, Varbanova analyzes how these function within the unique setting of the arts and culture sector. The book covers: Domestic inception of an arts enterprise, followed by international expansion Starting up an international arts venture in the early stages of its inception Presenting an arts activity or project in a foreign country or region Financing a startup venture with international resources Implementing diverse models of international partnership Starting up an arts venture that is run by a multinational team

**Creating an art product with international dimension** The book's 23 case studies and 54 short examples feature disciplines from fine arts and photography to music, theatre, and contemporary dance, and cover ventures in over 20 countries to provide students with practical insight into the issues and challenges facing real arts organizations. Aimed at students interested in the business aspects of arts and cultural ventures, it will also be of use to practitioners looking at ways to internationalize their own enterprises.

## Marketing and Globalization

**Routledge** This concise text focuses squarely on the issues facing marketers in an increasingly global world. It identifies several trends, linking them together, and positioning them as marketing practices that companies implement as a way of responding to the major consequences of globalization. The book also includes case studies to illustrate new practices and allow students to discuss issues of market selection, entry modes, segmentation, targeting, and positioning, as well as product, price, distribution, promotion, and corporate communication policies in a globalized world. Durand's unique approach moves beyond marketing management and strategy issues and provides students with the broader context to understand the marketing practices they'll use in the real world. This book will prove to be an essential resource for any student of marketing and international business working to stay ahead in an increasingly competitive and global industry.

## Framework for Marketing Management

**Prentice Hall** For graduate and undergraduate courses in marketing management. A Succinct Guide to 21st Century Marketing Management Framework for Marketing Management is a concise, streamlined version of Kotler and Keller's fifteenth edition of Marketing Management, a comprehensive look at marketing strategy. The book's efficient coverage of current marketing management practices makes for a short yet thorough text that provides the perfect supplement for incorporated simulations, projects, and cases. The Sixth Edition approaches the topic of marketing from a current standpoint, focusing its information and strategy on the realities of 21st century marketing. Individuals, groups, and companies alike can modernize their marketing strategies to comply with 21st century standards by engaging in this succinct yet comprehensive text.

## Chaotics

## The Business of Managing and Marketing in the Age of Turbulence

**AMACOM** We have entered into an entirely new era, an age of increasingly frequent and intense periods of turbulence in the global economy. Unlike past recessions, today's crises have precipitated a need for businesses to develop a new mindset, one that takes into account intermittent periods of disturbance, allowing them to thrive while under the constant threat of chaos. Chaotics presents a revolutionary set of guidelines designed to help businesses: • detect sources of turbulence • prepare scenarios • predict resulting vulnerabilities and opportunities • develop responses to ensure long-term resilience and success • avoid risk while advancing the interests of the company • build flexibility into the balance sheet • price strategically • adjust products to meet new customer values • and more. Complete with metrics and measurements, Chaotics outlines a powerful new system for managing waves of uncertainty affecting customers, employees, and other stakeholders. In this climate of increased turbulence, no organization can survive with less.

## Marketing Insights from A to Z

## 80 Concepts Every Manager Needs to Know

**John Wiley & Sons** The most renowned figure in the world of marketing offers the new rules to the game for marketing professionals and business leaders alike In Marketing Insights from A to Z, Philip Kotler, one of the undisputed fathers of modern marketing, redefines marketing's fundamental concepts from A to Z, highlighting how business has changed and how marketing must change with it. He predicts that over the next decade marketing techniques will require a complete overhaul. Furthermore, the future of marketing is in company-wide marketing initiatives, not in a reliance on a single marketing department. This concise, stimulating book relays fundamental ideas fast for busy executives and

marketing professionals. **Marketing Insights from A to Z** presents the enlightened and well-informed musings of a true master of the art of marketing based on his distinguished forty-year career in the business. Other topics include branding, experiential advertising, customer relationship management, leadership, marketing ethics, positioning, recession marketing, technology, overall strategy, and much more. Philip Kotler (Chicago, IL) is the father of modern marketing and the S. C. Johnson and Son Distinguished Professor of International Marketing at Northwestern University's Kellogg Graduate School of Management, one of the definitive marketing programs in the world. Kotler is the author of twenty books and a consultant to nonprofit organizations and leading corporations such as IBM, General Electric, Bank of America, and AT&T.

## Business to Business Marketing Management

### A Global Perspective

Routledge **Business to business** markets are considerably more challenging than consumer markets and demand specific skills from marketers. Buyers, with a responsibility to their company and specialist product knowledge, are more demanding than the average consumer. The products themselves may be highly complex, often requiring a sophisticated buyer to understand them. Increasingly, B2B relationships are conducted in a global context. However all textbooks are region-specific—except this one. This textbook takes a global viewpoint, with an international author team and cases from across the globe. Other unique features of this excellent textbook include: placement of B2B in a strategic marketing setting; full discussion of strategy in a global setting including hypercompetition; full chapter on ethics early in the text; detailed review of global B2B services marketing, trade shows and market research; This new edition has been completely rewritten, and features expanded sections on globalisation and purchasing, plus brand new sections on social media marketing and intellectual property. More selective, shorter, and easier to read than other B2B textbooks, this is ideal for introduction to B2B and shorter courses. At the same time, it's comprehensive enough to cover all the aspects of B2B marketing any marketer needs, be they students or practitioners looking to improve their knowledge.

### Kotler on Marketing

### How to Create, Win, and Dominate Markets

Free Press Philip Kotler's name is synonymous with marketing. His textbooks have sold more than 3 million copies in 20 languages and are read as the marketing gospel in 58 countries. Now **Kotler on Marketing** offers his long-awaited, essential guide to marketing for managers, freshly written based on his phenomenally successful worldwide lectures on marketing for the new millennium. Through Kotler's profound insights you will quickly update your skills and knowledge of the new challenges and opportunities posed by hypercompetition, globalization, and the Internet. Here you will discover the latest thinking, concisely captured in eminently readable prose, on such hot new fields as database marketing, relationship marketing, high-tech marketing, global marketing, and marketing on the Internet. Here, too, you will find Kotler's savvy advice, which has so well served such corporate clients as AT&T, General Electric, Ford, IBM, Michelin, Merck, DuPont, and Bank of America. Perhaps most important, **Kotler on Marketing** can be read as a penetrating book-length discourse on the 14 questions asked most frequently by managers during the 20-year history of Kotler's worldwide lectures. You will gain a new understanding of such age-old conundrums as how to select the right market segments or how to compete against lower-price competitors. You will find a wealth of cutting-edge strategies and tactics that can be applied immediately to such 21st-century challenges as reducing the enormous cost of customer acquisition and keeping current customers loyal. If your marketing strategy isn't working, Kotler's treasury of revelations offers hundreds of ideas for revitalizing it. Spend a few hours today with the world's bestknown marketer and improve your marketing performance tomorrow.
