Why Angels Fall

A Journey Through Orthodox Europe from Byzantium to Kosovo

Pan Macmillan Compelling, powerful, magnificent' **THE TIMES** In revealing encounters with monks, nuns, bishops and archbishops, in monasteries ancient and modern Victoria Clark measures the depth and width of the gulf now separating Europe's Orthodox East from the Catholic and Protestant West. Many of the differences in outlook, priorities and even values can be traced back to the 1054 schism between the churches of Rome and Constantinople which created Europe's most durable fault-line. Travelling from Mount Athos to Istanbul and unravelling the tangled history, Victoria Clark demonstrates a rare sympathy with Eastern Orthodox Europe. 'I finished the book wanting to meet this intelligent, warm-hearted writer, and to follow her to some of the places she visited' **LITERARY REVIEW** 'A masterful synthesis of vivid and often humorous travel writing, a series of probing interviews and a pertinent historical context' **THE TIMES** 'Exhilarating . . . her book will be immensely helpful to anyone occasionally puzzled by events, especially politics, in Eastern Europe' **FINANCIAL TIMES**

Science and Eastern Orthodoxy

From the Greek Fathers to the Age of Globalization

JHU Press Science and Eastern Orthodoxy provides a wealth of new information concerning Orthodoxy and secular knowledge—and the reactions of the Orthodox Church to modern sciences.

World History, Volume I: To 1800

Cengage Learning Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, compelling overview of world history that explores common challenges and experiences of the human past, and identifies key patterns over time. Political, economic, social, religious, intellectual, cultural, and military history -- presented in a chronological framework -- help students appreciate and understand the distinctive character and development of individual cultures in society. Themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), assist students in placing historical events and the contemporary world in a meaningful context. Available options: **WORLD HISTORY, 9th Edition (Chapters 1-30); Volume I: To 1800 (Chapters 1-18); Volume II: Since 1500 (Chapters 14-30).** Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

World History

Cengage Learning Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach, with organization around seven major themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical context. Available in the following options: **WORLD HISTORY, Eighth Edition (Chapters 1–30); Volume I: To 1800 (Chapters 1–18); Volume II: Since 1500 (Chapters 14–30).** Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Byzantium

From Antiquity to the Renaissance

Prentice Hall For more than a thousand years, from the time of early Christian Rome until the Renaissance, the Byzantine emperors reigned over a society famed for its high refinement, deep learning, and marvelous variety. Byzantine civilization was both Greek and Oriental, Christian and Roman, European and Asiatic. From the metropolis of Constantinople its art and culture spread outward to Russia, Syria, and Italy. Indeed, Byzantium preserved the artistic heritage of classical antiquity and conveyed it to Europe, transforming it along the way with infusions of Eastern Orthodox religion and Islamic aesthetics. Thomas Mathews surveys Byzantine art within a broad cultural and historical context. Themes emerge: the role of the imperial city within the empire; the place and representation of women; urban and country life; the domestic and secular spheres and the religious and public realms of church, palace, and street. Examining art styles and motifs, Mathews gives fresh readings to icons and iconoclasm, architecture, and the decorative arts.

Christianity, Democracy, and the Shadow of Constantine

Fordham Univ Press Winner of the 2017 Alpha Sigma Nu Award The collapse of communism in eastern Europe has forced traditionally Eastern Orthodox countries to consider the relationship between Christianity and liberal democracy. Contributors examine the influence of Constantinianism in both the post-communist Orthodox world and in Western political theology. Constructive theological essays feature Catholic and Protestant theologians reflecting on the relationship between Christianity and democracy, as well as Orthodox theologians reflecting on their tradition's relationship to liberal democracy. The essays explore prospects of a distinctively Christian politics in a post-communist, post-Constantinian age.

Cengage Advantage Books: Western Civilization: Beyond Boundaries

Cengage Learning Developed to meet the demand for a low-cost, high-quality history book, this text is an economically priced version of **WESTERN CIVILIZATION: BEYOND BOUNDARIES, 7e.** The Advantage Edition offers the high level of scholarship and engaging narrative of the full text, while limiting the number of features, images, and maps. Each

volume is packaged in a paperback, two-color format that appeals to those seeking a comprehensive, trade-sized history text. Like its full-length counterpart, the Advantage Edition of WESTERN CIVILIZATION encompasses the full social and political story of Western Civilization within a wider definition of Europe that includes Eastern Europe, Scandinavia, and European frontiers. The text emphasizes Europe's interaction with the world and encourages readers to question why and how history unfolded as it did. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Updated with more recent scholarship, the eleventh edition retains many popular features, including comparative timelines, full-color art essays, and profile and primary source excerpts in each chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Orthodox Constructions of the West

Fordham Univ Press The category of the “West” has played a particularly significant role in the modern Eastern Orthodox imagination. It has functioned as an absolute marker of difference from what is considered to be the essence of Orthodoxy and, thus, ironically has become a constitutive aspect of the modern Orthodox self. The essays collected in this volume examine the many factors that contributed to the “Eastern” construction of the “West” in order to understand why the “West” is so important to the Eastern Christian’s sense of self.

Russia's Place in the World

Algora Publishing Prof. Kreutz presents a concise geopolitical and historical background of Russia and the major predicaments that currently hamper its full international integration and acceptance. He outlines the negative and potentially dangerous aspects of the existing situation. In the author's view the Russian Federation, which is a successor state of the Soviet Union and the previous Russian Empire, should not now be treated as a defeated nation on probation. Rather, alongside China, it should be acknowledged as a great independent power with its own political traditions and interests. Only such an approach can secure international peace and cooperation in Europe and Asia, which are needed by all countries of the region and even the world at large. The book's approach is mainly historical; nevertheless it focuses on some of the most important and controversial present day international challenges both in Europe and Asia. Its aims to address academics, journalists and other specialists, but also is written for the general public. Its goal is to provide an alternative and unprejudiced view of the “Russian Problem,” starting with the recognition that the struggle for survival has been a major challenge in Russia's past and present - a fact that is often seemingly overlooked by those analysts who misconstrue defensive moves as potential aggression. An expert on Eastern Europe and political history, Prof. Kreutz is neither a Russia-sympathizer nor a Russia-basher, but he presents a neutral account of Russia's place in the world. This book fills a gap left by other recent works including the historical monograph by Marshall J. Poe, *The Russian Moment in World History*, which provides only the introduction and background to the present situations, and Professor Tsygankov's *Russia's Foreign Policy: Change and Continuity in National Identity*, which is more about various Russian political theories than on the actual socio-political and geopolitical situation of the country. Mankoff's *Russian Foreign Policy. The Return of Great Power Politics* and Treisman's *The Return: Journey from Gorbachev to Medvedev* are focused on the current political issues and make some interesting points; however, they do not seem to perceive the challenges coming to Russia from the neo-capitalist transformations and US imperial expansion in its neighborhood. Dmitri Trenin did not mention much about them either, in *Post-Imperium-Eurasian Story*. While presenting a rather bleak picture of present-day Russia, he suggests that Moscow should open itself fully to the capitalist modernization and accept US hegemony. His comparisons of the Soviet Union with the former Western colonial empires are not always convincing. Trenin, a former Soviet Colonel and diplomat is apparently influenced by his present employment with the Carnegie Endowment, but his book is nevertheless informative and makes an interesting contribution to the existing literature on the subject.

World Civilizations

The Global Experience

Longman Publishing Group With 83 additional outline and four-color maps, *World Civilizations: The Global Experience, Fifth Edition, Atlas Edition*, helps students with geography, one of the most difficult aspects of World history courses for many. The maps are accompanied by review questions that call on students to identify important geographical areas and think critically about the connection between geography and historical events. The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected. The primary goal of *World Civilizations* is to present a truly global history—since the development of agriculture and herding to the present. Using a unique periodization, this book divides the main periods of human history according to changes in the nature and extent of global contacts. This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting social and cultural as well as political and economic aspects, the book examines key civilizations in world history. *World Civilizations* balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.

The Human Record: Sources of Global History, Volume I: To 1500

Cengage Learning *THE HUMAN RECORD* is the leading primary source reader for the World History course, providing balanced coverage of the global past. Each volume contains a blend of visual and textual sources that are often paired or grouped together for comparison, as in the *Multiple Voices* feature. A prologue entitled “Primary Sources and How to Read Them” appears in each volume and serves as a valuable pedagogical tool. Approximately one-third of the sources in the Eighth Edition are new, and these documents continue to reflect the myriad experiences of the peoples of the world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Sailing from Byzantium

Bantam A gripping intellectual adventure story, *Sailing from Byzantium* sweeps you from the deserts of Arabia to the dark forests of northern Russia, from the colorful towns of Renaissance Italy to the final moments of a millennial city under siege.... Byzantium: the successor of Greece and Rome, this magnificent empire bridged the ancient and modern worlds for more than a thousand years. Without Byzantium, the works of Homer and Herodotus, Plato and Aristotle, Sophocles and Aeschylus, would never have survived. Yet very few of us have any idea of the enormous debt we owe them. The story of Byzantium is a real-life adventure of electrifying ideas, high drama, colorful characters, and inspiring feats of daring. In *Sailing from Byzantium*, Colin Wells tells of the missionaries, mystics, philosophers, and artists who against great odds and often at peril of their own lives spread Greek ideas to the Italians, the Arabs, and the Slavs. Their heroic efforts inspired the Renaissance, the golden age of Islamic learning, and Russian Orthodox Christianity, which came complete with a new alphabet, architecture, and one of the world's greatest artistic traditions. The story's central reference point is an arcane squabble called the Hesychast controversy that pitted humanist scholars led by the brilliant, acerbic intellectual Barlaam against the powerful monks of Mount Athos led by the stern Gregory Palamas, who denounced “pagan” rationalism in favor of Christian mysticism. Within a few decades, the light of Byzantium would be extinguished forever by the invading Turks, but not before the humanists found a safe haven for Greek literature. The controversy of rationalism versus faith would continue to be argued by some of history's greatest minds. Fast-paced, compulsively readable, and filled with fascinating insights, *Sailing from Byzantium* is one of the great historical dramas—the gripping story of how the flame of civilization was saved and passed on.

Byzantium and the Rise of Russia

A Study of Byzantino-Russian Relations in the Fourteenth Century

Cambridge University Press This book describes the role of Byzantine diplomacy in the emergence of Moscow in the fourteenth century.

World Music

A Global Journey - eBook & mp3 Value Pack

Routledge Authors Terry E. Miller and Andrew Shahriari take students around the world to experience the diversity of musical expression. *World Music: A Global Journey*, now in its third edition, is known for its breadth in surveying the world's major cultures in a systematic study of world music within a strong pedagogical framework. As one prepares for any travel, each chapter starts with background preparation, reviewing the historical, cultural, and musical overview of the region. Visits to multiple 'sites' within a region provide in-depth studies of varied musical traditions. Music analysis begins with an experimental "first impression" of the music, followed by an "aural analysis" of the sound and prominent musical elements. Finally, students are invited to consider the cultural connections that give the music its meaning and life. Features of the Third Edition Over 3 hours of diverse musical examples. with a third audio CD of new musical examples Listening Guides analyze the various pieces of music with some presented in an interactive format online Biographical highlights of performers and ethnomusicologists updated and new ones added Numerous pedagogical aids, including "On Your Own Time" and "Explore More" sidebars, and "Questions to Consider" Popular music incorporated with the traditional Dynamic companion web site hosts new Interactive Listening Guides, plus many resources for student and instructor. Built to serve online courses. The CD set is available separately (ISBN 978-0-415-89402-9) or with its Value Pack and book (ISBN 978 0415- 80823-1). For eBook users, MP3 files for the accompanying audio files are available only with the Value Pack of eBook & MP3 files (ISBN 978-0-203-15298-0). Please find instructions on how to obtain the audio files in the contents section of the eBook.

The Ascent of Christian Law

Patristic and Byzantine Formulations of a New

Civilization

St Vladimirs Seminary Press

Europe and the Historical Legacies in the Balkans

Peter Lang The enlargement of the EU with the Balkan countries has aroused the skepticism of many. Although EU admission is primarily a matter of economic and political concerns, questions of cultural import are readily brought into play: Does the country in question conform sufficiently to «our» standards of a «European identity»? The problematic status of the Balkans in this respect largely consists in their common Byzantine and Ottoman legacies. By focusing on Bulgaria and its neighbours Romania, Greece and Turkey, the authors of this collection attempt to elucidate how mutually incompatible the «cultural identity» of the Ottoman «successor states» and that of Europe are. Ample attention is devoted not only to the perception of the Balkans in the West, but also to the self-image of people in the Balkans and perceptions they hold of the West. If anything like a Balkan identity can be said to exist, what is its relation to the various ethnic, national, religious and linguistic communities? Notably, what was and is the role played by religion in nation state formation? The relationship with Europe forms the thread that runs through the discussion of these issues.

The Glory of Byzantium

Art and Culture of the Middle Byzantine Era, A.D. 843-1261

Metropolitan Museum of Art Serves as both visual and textual record of the exhibition of the same name, surveying the art of the Middle Byzantine period from the restoration of the use of icons by the Orthodox Church in 843 to the occupation of Constantinople by the Crusader forces from the West from 1204 to 1261. Conceived as a sequel to the 1976 exhibition "Age of Spirituality," which focused on the first centuries of Byzantium. Preceding the catalogue, 17 essays treat the historical context, religious sphere, and secular courtly realm of the empire, and the interactions between Byzantium and other medieval cultures. Abundantly illustrated. Annotation copyrighted by Book News, Inc., Portland, OR

Byzantium

An Illustrated History

Hippocrene Books Long after Rome fell to the Germanic tribes, its culture lived on in Constantinople, the glittering capital of the Byzantine Empire. For more than 1000 years (AD 330-1453) Byzantium was one of the most advanced and complex civilisations the world had ever seen. As the Mediterranean outlet for the silk route, its trade networks stretched from Scandinavia to Sri Lanka; its artists created sombre icons and brilliant gold mosaics; its scholarship served as a vital cultural bridge between the Muslim East and the Catholic West; and it fostered the Orthodox Christianity that is the faith of millions today. This book shows the innovative art that inspired French kings and Arab emirs. It includes a gazetteer of historic Byzantine sites and monuments that travellers can visit today in Greece, Italy, Turkey and the Middle East. A chronology of Byzantine history and a list of emperors complete this ideal resource for the student, traveller or generally curious reader.

Byzantium After Byzantium

Center For Romanian Studies Although Constantinople fell to the Turks in 1453, bringing an end to the Eastern Roman Empire which had survived its predecessor in the West by nearly one thousand years, this important book argues that Byzantium did not die, but continued to influence European history all the way up to the beginning of the nineteenth century. Originally published in French in 1935, the author's Byzantium after Byzantium defines several centuries of world history. Iorga points out the great contributions of Byzantine civilization to the Western world, especially during the Renaissance. He demonstrates that Byzantium survived through its people and local autonomies, as well as through its exiles -- clerics, scholars, merchants, and political officials. One of the most important expressions of this was found in the Romanian principalities where Greeks from the Phanar district of Istanbul played a major role in Romanian political life, defining an entire period of Romanian history -- the Phanariot Period. They continued the Byzantine ideas, aspirations, education, and way of life. All of this allows us to speak of a Byzantium after Byzantium. The author, Nicolae Iorga (1871-1940), was one of Romania's greatest historians. He studied at the universities of Iași, Paris, Berlin, and Leipzig where he completed his doctorate in 1893. He went on to become professor of history at the University of Bucharest, achieving international renown as a historian. During his long and distinguished academic career, Iorga authored more than 1,000 books and 12,000 articles. The book is enriched with a preface by one of Romania's leading historians of Southeastern Europe, Academician Virgil Cândea.

The Rough Guide to Romania (Travel Guide eBook)

Rough Guides UK Whether you're tracking wild bears, dancing with Gypsies or braving Dracula's lair, you won't set a foot wrong with **The Rough Guide to Romania**.
