Native American Testimony

A Chronicle of Indian-white Relations from Prophecy to the Present, 1492-1992

Viking Adult In a record spanning five centuries of interchange, this history of native American and white relations moves from encounters with early explorers and settlers to the present-day growth of Indian power and concerns.

The Old Testament Prophets

This book has been written in the conviction that the prophetic tradition is the most vital part of Christianity's debt to Judaism and an indispensable witness to the nature of religious truth. Guides the reader through the prophetic writings, sketching the historical situation in which their message was delivered and explaining the manner of their composition. After considering the unparalleled phenomenon of Old Testament prophecy and the individual contributions of its greatest representatives, the author discusses the bearing of their outlook on a problem which is at present again the subject of active debate -- the relationship between religion and morality. The final chapter traces the stages by which the faith of the prophets was shaped to become the preparation for the coming of Christ.

The Revived Roman Empire

Europe In Bible Prophecy

Pedante Press In Bible Prophecy the book of Daniel predicts a revived roman empire that will rule the world during the Tribulation and launch the Antichrist. The Revived Roman Empire: Europe In Bible Prophecy provides a historical overview of the Roman Empire to the present European Union. The European Union is the Revived Roman Empire foretold by the prophet Daniel and John in the Revelation that would reemerge in the latter days and launch the Antichrist. The Revived Roman Empire: Europe in Bible Prophecy shows the reader the institutions and structures of the European Union that are described in the prophetic books written two to three thousand years ago. It also reveals the Catholic Church's influence of the evolving European Union and how the evidence proves that it fits the biblical description for the revived Roman Empire. In addition, the reader discovers the relationship between the ancient prophetic writings, the European Union and today's current affairs.

Basic Training for the Prophetic Ministry

Destiny Image Publishers **BOOT CAMP FOR PROPHETS! HAVE YOU BEEN CALLED BY GOD TO BE A PROPHET?** Learn how to develop your calling and increase the strength of your gifts from someone who has given hundreds of prophetic words worldwide. This book includes practical tools and the information you need to develop a plan for the next stage of growth in your spiritual gift. (124 pages. Available for download in PDF)

Prophecy - Phenomena - Hope

SteinerBooks **Prophecy Phenomena Hope: The Real Meaning of 2012** by Robert Powell, explores what 2012 really means, updating the research presented in his timely and groundbreaking book *Christ and the Maya Calendar: 2012 and the Coming of the Antichrist* (coauthored with Kevin Dann). In this new book, Powell focuses on two important and significant prophecies by Rudolf Steiner. The first (from 1909) concerns the Second Coming of Christ, his appearance to humanity as the Etheric Christ. The second prophecy (from 1919) represents the shadow side of Christ's Second Coming. It concerns the incarnation in human form of the being known as Ahriman (ancient Persian tradition) or Satan (Judeo-Christian tradition). In this connection, the Christian tradition also speaks of the coming of the Antichrist (as clarified in the book, the term Antichrist, as used by Steiner, has a specific meaning and does not signify the incarnation of Ahriman). Powell points to the steady, multifaceted encroachment of ahrimanic forces today, especially through modern technology, which is harmful to the etheric body, causing illness and other serious problems. After looking into Steiner's prophetic remarks in relation to the Book of Revelation, Powell looks into the prophecies of the Russian poet/mystic Daniel Andreev (1906-1959) and examines the prophecy of the American clairvoyant Jeane Dixon (1904-1997) concerning the human birth of the Antichrist. He also includes spiritual research by Judith von Halle (b.1972) regarding an earlier incarnation of Joseph Stalin, as well as Andreev's indications relating to Stalin's earlier incarnations, which may be seen as preparation of this individuality for his role as "Mr. X," the human vessel for the incarnation of Ahriman. Powell's research--applying the astrological rules of reincarnation--supports Jeane Dixon's prophecy, that Mr. X was born in 1962, a finding whose accuracy was also confirmed by Willi Sucher, Powell's mentor in Astrosophy, or star wisdom. This finding, seen in relation to various contemporary phenomena, speaks an unmistakable language that confirms the accuracy of Rudolf Steiner's prophetic statement that the incarnation of Ahriman into his human vessel would take place shortly after the year 2000. Simultaneously, great hope for humankind is offered by the return of Christ in the etheric realm, an event to which human beings can connect, finding inner strength, support, and guidance as humanity and the Earth pass through the great trials associated with 2012. Download and read "Willi Sucher and Jeane Dixon's Prophecy" (PDF). Download and read "The Arising of a Revolutionary Mood in 2010/2011" (PDF).

Christian Prophecy

The Post-Biblical Tradition

Oxford University Press Throughout the Hebrew Bible, God guides and saves his people through the words of his prophets. When the prophets are silenced, the people easily lose their way. What happened after the incarnation, death and resurrection of Christ? Did God fall silent? The dominant position in Christian theology is that prophecy did indeed cease at some point in the past -if not with the Old Testament prophets, then with John the Baptist, with Jesus, with the last apostle, or with the closure of the canon of the New Testament. Nevertheless, throughout the history of Christianity there have always been acclaimed saints and mystics -most of them women-who displayed prophetic traits. In recent years, the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity. Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt. Mainstream systematic theology, both Protestant and Catholic, has mostly marginalized or ignored the gift

of prophecy. In this book, however, Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church. Prophecy never died, he argues, but rather proved its dynamism by mutating to meet new historical conditions. He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it. Throughout, though, there is always an awareness of the critical discernment required when evaluating the charism of prophecy. The debate about prophecy, Hvidt shows, leads to some profound insights about the very nature of Christianity and the church. For example, some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines. Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away. This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work.

Releasing the Spirit of Prophecy

The Supernatural Power of Testimony

Destiny Image Publishers Bill Johnson's "Releasing the Spirit of Prophecy: The Supernatural Power of Testimony" encourages spiritual growth by helping readers discover how to build a supernatural heritage, live under the influence of the Holy Spirit's presence and release God's power anywhere by simply talking about His miracles.

Native American Testimony

Chronicle Indian White Relations from Prophecy Present 19422000 (rev Edition)

Penguin Books Presents a history of native American and white relations from the earliest encounters to the present day.

Beyond These Walls

Rethinking Crime and Punishment in the United States

St. Martin's Press A groundbreaking investigation into the roots of the American criminal justice system reveals how the past bleeds into the present. *Beyond These Walls* is an ambitious and far-ranging exploration that tracks the legacy of crime and imprisonment in the United States, from the historical roots of the American criminal justice system to our modern state of over-incarceration, and offers a bold vision for a new future. Author Tony Platt, a recognized authority in the field of criminal justice, challenges the way we think about how and why millions of people are tracked, arrested, incarcerated, catalogued, and regulated in the United States. *Beyond These Walls* traces the disturbing history of punishment and social control, revealing how the criminal justice system attempts to enforce and justify inequalities associated with class, race, gender, and sexuality. Prisons and police departments are central to this process, but other institutions - from immigration and welfare to educational and public health agencies - are equally complicit. Platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies, while private policing and global corporations are deeply and undemocratically involved in the business of homeland security. Finally, *Beyond These Walls* demonstrates why efforts to reform criminal justice agencies have often expanded rather than contracted the net of social control. Drawing upon a long tradition of popular resistance, Platt concludes with a strategic vision of what it will take to achieve justice for all in this era of authoritarian disorder.

Biblical Commentary on the Prophecies of Isaiah

Prophecy

The History of an Idea in Medieval Jewish Philosophy

Springer Science & Business Media More than any other topic, prophecy represents the point at which the Divine meets the human, the Absolute meets the relative. How can a human being attain the Word of God? In what manner does God, when conceived as eternal and transcendent, address corporeal, transitory creatures? What happens to God's divine Truth when it is beheld by minds limited in their power to apprehend, and influenced by the intellectual currents of their time and place? How were these issues viewed by the great Jewish philosophers of the past, who took the divine communication and all it entails seriously, while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention? This book offers an in-depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers: R. Saadiah Gaon, R. Judah Halevi, Maimonides, Gersonides, R. Hasdai Crescas, R. Joseph Albo and Baruch Spinoza. It attempts to capture the 'original voice' of these thinkers by looking at the intellectual milieus in which they developed their philosophies, and by carefully analyzing their views in their textual contexts. It also deals with the relation between the earlier approaches and the later ones. Overall, this book presents a significant model for narrating the history of an idea.

The Story of Patriarchs and Prophets

The Conflict of the Ages Illustrated in the Lives of Holy Men of Old

The Nature Of The Prophetic

Empowering Your Spiritual Gift through Divine Revelation, Godly Character, and Holy Spirit Wisdom

David McCracken Ministries Is living a prophetic life only for those who are on some higher spiritual plane? Or have we unnecessarily complicated the gifts of the Spirit? If you want to sharpen your focus in the prophetic, then this book will help you to experience fresh Holy Spirit revelation. From the foundation of godly character development, *The Nature of the Prophetic* will show you how to express your gift with clarity and humility, and how to grow in intimacy with God. As you read this book, you will: · Learn to cultivate spiritual awareness · Discover keys to the delivery and timing of the prophetic · Understand the importance of spiritual gifts in the Church and the wider community · Develop your prophetic gift in alignment with the mind, will and intention of God *The Nature of the Prophetic* is a practical, easy to read guide which will help you develop your spiritual gifts. Based on James 3:17, the book teaches on the essential qualities needed to live a prophetic life. While this book is focused on the prophetic, the principles and outworking of the nature of the prophetic are relevant for each and every spiritual gift, not just the gift of prophecy. In particular, those gifts that involve giving a 'word' (words of wisdom, knowledge, prophecy, encouragement, or discernment) will benefit from the content. The examples and scriptural applications will give you a solid framework for your life and ministry, and the book also makes a great resource for a small group study.

Hearing Voices, Demonic and Divine

Scientific and Theological Perspectives

Routledge The Open Access version of this book, available at www.taylorfrancis.com/books/9781472453983, has been made available under a Creative Commons Attribution-Non Commercial-No Derivative 4.0 license. Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between human beings and God.

Education for Tomorrow

A Biocentric, Student-Focused Model for Reconstructing Education

Springer Science & Business Media **Education for Tomorrow A Biocentric, Student-Focused Approach to Education Reform** Michael Risku University of the Incarnate Word, USA and Letitia Harding University of the Incarnate Word, USA There are many books on the market which discuss indigenous ways of knowing, and bemoan western society's seeming lack of interest in anything other than scientific fact-based knowledge. Equally plentiful are the writings of critical theorists who consider today's public education system to be divisive, and manipulated by those in power to ensure that their children have the educational advantages needed to maintain the elite hierarchical status quo. Education for Tomorrow is unique in that it brings both of these approaches together first by examining the ways that indigenous people and women of all cultures acquire and pass on knowledge, and the deleterious effects that enforced Eurocentric systems have had on that process. The authors then turn to public schools to explore the influences, both good and bad, that today's programs have on the distribution of opportunities afforded to all children in the United States. Finally, they offer suggestions for a revolutionary education system which highlights the need for all students to have the encouragement and freedom to look critically and rationally at their lives and at their relationship with the natural world. This can be achieved by looking back to the pedagogical methods of our indigenous ancestors, and forward to a time when all children, regardless of ethnic or socio-economic heritage, are taught in such a way that every aspect of their lives is addressed, nurtured, valued, and enhanced.

Revealing Prophets

Prophecy in Eastern African History

James Currey Publishers **The purpose of this book is to move towards a clearer understanding of the history of prophets within the region of East Africa, and to give an analytical account of the different forms prophecy has taken in different places.**

Being an Exposition of Prophecy, Showing the Inevitable Fall of the French and Ottoman Empires

Contemporary Yucatec Maya Apocalyptic Prophecy

The Ethnographic and Historical Context

Prophecy in the New Millennium

When Prophecies Persist

Routledge **Secular and spiritual prophets of doom abound in the information-rich twenty-first century - as they have for millennia. But there has yet to be worldwide floods, meteor impact, global computer failure, obvious alien contact, or direct intervention from God to end the world as we know it. Considering the frequency with which prophecy apparently fails, why do prophecies continue to be made, and what social functions do they serve? This volume gives a concise, but comprehensive, overview of the rich diversity of prophecy, its role in major world religions as well as in new religions and alternative spiritualities, its social dynamics and its impact on individuals' lives. Academic analyses are complimented with contextualized primary source testimonies of those who live and have lived within a prophetic framework. The book argues that the key to understanding the more dramatic, apocalyptic and millenarian aspects of prophecy is in appreciating prophecy's more mundane manifestations and its role in providing meaning and motivation in everyday life.**

Thus Says the Lord

The Message of the Prophets

Interpretive study of the prophetic tradition of ancient Israel.

Challenging Prophetic Metaphor

Theology and Ideology in the Prophets

Westminster John Knox Press **The prophets of the Old Testament use a wide variety of metaphors to describe God and to portray how to understand people in relation to God. This text searches the prophetic books for these metaphors, looking for ways in which the different images intersect and build off each other.**

Ethical Dimensions of the Prophets

Liturgical Press **Do the Old Testament prophets have a stake in modern ethics? They had a great impact in shaping Israel's ethics, and they should also have an impact on ours, writes biblical scholar Joseph Jensen. In Ethical Dimensions of the Prophets, Jensen shows us how the prophets never soft-peddled God's message. Jeremiah lashed out against a tyrannical king. Hosea accused Israel of harlotry for worshiping false gods. And Amos railed about the God's wrath because Israel failed to behave compassionately toward the weak and the poor. Jensen wants readers to hear the prophets in their own terms as they addressed their biblical contemporaries. Yet he asserts that the teachings of the prophets contain valuable lessons for us to ponder and apply today, particularly when it comes to social justice. This book is designed for readers eager to move beyond an introductory understanding of the Bible.**

Forced Federalism

Contemporary Challenges to Indigenous Nationhood

University of Oklahoma Press **Over the past twenty years, American Indian policy has shifted from self-determination to "Forced Federalism" as indigenous nations in the United States have encountered new threats from state and local tribes over such issues as taxation, gaming, and homeland security. This book demonstrates how today's indigenous nations have taken unprecedented steps to reorient themselves politically in response to such challenges to their sovereignty.**

A Self-Fulfilling Prophecy

The Saudi Struggle for Iraq

Oxford University Press In recent years, the geopolitical rivalry between Saudi Arabia and Iran has dominated the headlines. Many have charted the polarization between a Saudi-led Sunni camp and an Iranian-led Shia one, assuming that a predominantly Shia state like Iraq would automatically ally with Iran. In this compelling account, Katherine Harvey tells a different story: Iraq's alignment with Iran was not a foregone conclusion. Rather, Saudi efforts to undermine Iran have paradoxically empowered it. Harvey investigates why the Saudis refused to engage with Iraq's post-2003 Shia-led government, despite continual outreach by Iraq's new leaders and considerable pressure from the United States. She finds that certain deeply ingrained assumptions predisposed Saudi leaders to see a Shia-led Iraq as naturally beholden to Iran: the view that Iran is inherently expansionist, and the belief that Arab Shia tend to be loyal to it. This outlook was simplistic, even downright inaccurate; and, in refusing to engage, the Saudis created a self-fulfilling prophecy. As Harvey demonstrates, members of Iraq's new government initially sought to establish a positive relationship with Saudi Arabia, and to pursue a course independent from Iran. But, isolated and rejected by Saudi King Abdullah, Iraq ultimately had nowhere else to turn.

A Third Great Disappointment for the Remnant

TEACH Services, Inc. Do you remember singing "Jesus Loves the Little Children" in Sabbath School as a young child? "... Red and yellow, black and white, all are precious in His sight. Jesus loves the little children of the world." Jesus loves everyone, but as His followers, we often struggle to follow His example. In *A Third Great Disappointment for the Remnant?* Pastor Birch presents his research findings on race relations, the Millerite movement, slavery, the Civil War, segregation, the evangelical movement, and much more, addressing how these events have impacted and shaped the Seventh-day Adventist Church. He goes on to examine current race relations in the Adventist Church and the creation of ethnic conferences, and warns against a final great disappointment of lost souls at Christ's second coming if we do not reconcile ourselves with each other and finish the work as one unified body. With a passion for racial and ethnic reconciliation, Birch offers recommendations on how to strengthen the Adventist Church through understanding and healing. We are precious in God's sight, but we should also be precious in each other's sight.

The Fruits of Madness

Perspectives on the Prophetic Movements in Three Traditions

Cambridge Scholars Publishing *The Fruits of Madness: Perspectives on the Prophetic Movements in Judaism, Christianity, Islam, and in Literature* brings together selected oral presentations given at the Seminar in Biblical Characters in Three Traditions (Judaism, Christianity, and Islam) and in Literature held at the University of Vienna, Austria, in July 2014 as part of the Annual International Meeting of the Society of Biblical Literature. The contributions include work on life on the fringes between two types of lifestyles; the Hebrew Bible/Old Testament prophetic movement phenomenon from the point of view of ancient concerns about the effectiveness of communication between the human and godly realms; resistance led by prophets in ancient Israelite society; the distinction between priests and prophets in ancient Israelite and early Jewish societies; the Prophet Hosea (and his vicissitudes) in the light of the lyrics of the famous Canadian poet and musician, Leonard Cohen; the apocalyptic movements of the exilic and post-exilic eras within Judaism; the biblical Daniel as located at the point of confluence and an agent of prophecy, wisdom, and apocalyptic; and the reliability of God's/YHWH's word as mediated to three persons reputed to have received that word. The reader will intuit the theme of liminality in several of the contributors: it dogs the study of prophecy like a great hound its prey. With these writings, the reader is challenged to view the ancient Israelite and early Jewish concern with prophet and prophecy in a fresh and enjoyable, though thought-provoking way, making this volume a worthwhile read.

Revelation

Canongate Books The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Wovoka and the Ghost Dance

U of Nebraska Press The religious fervor known as the Ghost Dance movement was precipitated by the prophecies and teachings of a northern Paiute Indian named Wovoka (Jack Wilson). During a solar eclipse on New Year's Day, 1889, Wovoka experienced a revelation that promised harmony, rebirth, and freedom for Native Americans through the repeated performance of the traditional Ghost Dance. In 1890 his message spread rapidly among tribes, developing an intensity that alarmed the federal government and ended in tragedy at Wounded Knee. While the Ghost Dance phenomenon is well known, never before has its founder received such full and authoritative treatment. Indispensable for understanding the prophet behind the messianic movement, *Wovoka and the Ghost Dance* addresses for the first time basic questions about his message and This expanded edition includes a new chapter and appendices covering sources on Wovoka discovered since the first edition, as well as a supplemental bibliography.

Prophecy without Contempt

Harvard University Press The culture wars have as much to do with rhetorical style as moral substance. Cathleen Kaveny focuses on a powerful stream of religious discourse in American political speech: the Biblical rhetoric of prophetic indictment. It can be strong medicine against threats to the body politic, she shows, but used injudiciously it does more harm than good.

The Prophets

Harper Collins Abraham Heschel is a seminal name in religious studies and the author of *Man Is Not Alone* and *God in Search of Man*. When *The Prophets* was first published in 1962, it was immediately recognized as a masterpiece of biblical scholarship. *The Prophets* provides a unique opportunity for readers of the Old Testament, both Christian and Jewish, to gain fresh and deep knowledge of Israel's prophetic movement. The author's profound understanding of the prophets also opens the door to new insight into the philosophy of religion.

Justin Martyr

His Life, Writings, and Opinions

Interpreting the Prophetic Word

An Introduction to the Prophetic Literature of the Old Testament

Zondervan Academic The diversity of prophetic voices in the Bible provides a message that is rich and variegated. But the variety of the testimony can be lost by limiting one's interpretations or application of the prophetic word. *Interpreting the Prophetic Word* helps readers understand the harmony of the voices that reveal God's purposes in redemptive history. Dr. Willem VanGemeren explains clearly and fully the background of the prophetic tradition. He then interprets the message of the major and minor prophets, using historical context and literary form and structure as tools in his analysis. He concludes with an explanation of the relevance of the prophetic word today. Dr. VanGemeren's extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers. He helps them to interpret prophecy and invites them to listen to the prophets and to lives the prophetic word.

Outside Looking in

Viewing First Nations Peoples in Canadian Dramatic Television Series

McGill-Queen's Press - MQUP Using recent scholarship in ethnography and popular culture, Miller throws light on both what these series present and what is missing, how various long-standing issues are raised and framed differently over time, and what new issues appear. She looks at narrative arc, characterization, dialogue, and theme as well as how inflections of familiar genres like family adventure, soap opera, situation comedy, and legal drama shape both the series and viewers' expectations. Miller discusses Radisson, *Forest Rangers* and other children's series in the 1960s and early 1970s, as well as *Beachcombers*, *Spirit Bay*, *The Rez*, and *North of 60* - series whose complex characters created rewarding relationships while dealing with issues ranging from addiction to unemployment to the aftermath of the residential school system.

Prophetic Secrets

In this book *Prophetic secrets*, it clarifies how the prophetic gift works and how ordinary people can become prophets, how prophets are like spiritual decoders that take things in the spirit realm and translate them to this world to help people understand what God is saying about their lives. Learn how you can respond to any prophecy of any kind, what do and what not to do when a prophecy has been directed to you. It also talks about the relationship between the Old Testament prophets and the New Testament prophets

BRILL

American Indians and the Mass Media

University of Oklahoma Press Mention "American Indian," and the first image that comes to most people's minds is likely to be a figment of the American mass media: A war-bonneted chief. The Land O' Lakes maiden. Most American Indians in the twenty-first century live in urban areas, so why do the mass media still rely on Indian imagery stuck in the eighteenth and nineteenth centuries? How can more accurate views of contemporary Indian cultures replace such stereotypes? These and similar questions ground the essays collected in *American Indians and the Mass Media*, which explores Native experience and the mainstream media's impact on American Indian histories, cultures, and communities. Chronicling milestones in the relationship between Indians and the media, some of the chapters employ a historical perspective, and others focus on contemporary practices and new technologies. All foreground American Indian perspectives missing in other books on mass communication. The historical studies examine treatment of Indians in America's first newspaper, published in seventeenth-century Boston, and in early Cherokee newspapers; *Life* magazine's depictions of Indians, including the famous photograph of Ira Hayes raising the flag at Iwo Jima; and the syndicated feature stories of Elmo Scott Watson. Among the chapters on more contemporary issues, one discusses campaigns to change offensive place-names and sports team mascots, and another looks at recent movies such as *Smoke Signals* and television programs that are gradually overturning the "movie Indian" stereotypes of the twentieth century. Particularly valuable are the essays highlighting authentic tribal voices in current and future media. Mark Trahan chronicles the formation of the Native American Journalists Association, perhaps the most important early Indian advocacy organization, which he helped found. As the contributions on new media point out, American Indians with access to a computer can tell their own stories—instantly to millions of people—making social networking and other Internet tools effective means for combating stereotypes. Including discussion questions for each essay and an extensive bibliography, *American Indians and the Mass Media* is a unique educational resource.

The Modern Message of the Minor Prophets
