---

#### **THE WITNESS OF THE STARS**

---

**Library of Alexandria** Some years ago it was my privilege to enjoy the acquaintance of Miss Frances Rolleston, of Keswick, and to carry on a correspondence with her with respect to her work, **Mazzaroth: or, the Constellations**. She was the first to create an interest in this important subject. Since then Dr. Seiss, of Philadelphia, has endeavoured to popularize her work on the other side of the Atlantic; and brief references have been made to the subject in such books as **Moses and Geology**, by Dr. Kinns, and **in Primeval Man**; but it was felt, for many reasons, that it was desirable to make another effort to set forth, in a more complete form, the witness of the stars to prophetic truth, so necessary in these last days. To the late Miss Rolleston, however, belongs the honour of collecting a mass of information bearing on this subject; but, published as it was, chiefly in the form of notes, unarranged and unindexed, it was suited only for, but was most valuable to, the student. She it was who performed the drudgery of collecting the facts presented by Albumazer, the Arab astronomer to the Caliphs of Grenada, 850 a.d.; and the Tables drawn up by Ulugh Beigh, the Tartar prince and astronomer, about 1650 a.d., who gives the Arabian Astronomy as it had come down from the earliest times. Modern astronomers have preserved, and still have in common use, the ancient names of over a hundred of the principal stars which have been handed down; but now these names are used merely as a convenience, and without any reference to their significance. This work is an attempt to popularize this ancient information, and to use it in the interests of truth. For the ancient astronomical facts and the names, with their signification, I am, from the very nature of the case, indebted, of course, to all who have preserved, collected, and handed them down; but for their interpretation I am alone responsible. It is for the readers to judge how far my conclusions are borne out by the evidence; and how far the foundation of our hopes of coming glory are strengthened by the prophecies which have been written in the stars of heaven, as well as in the Scriptures of truth.

---

#### **BIBLICAL ESCHATOLOGY:**

---

---

#### **A STUDY ON THE END TIMES AND THE EXCLUSIVENESS OF ISRAEL IN THE BIBLE.**

---

**Trafford Publishing** In recent history, men from a variety of backgrounds have come to the same conclusion: that the Bible is about Israel only. For example: In 1861, John Mason Neale translated an ancient twelfth century Latin hymn and its title was **O Come, O Come Emmanuel**. Ever since 1861, Christians have sung that hymn at Christmas time, especially at Advent. Do you know what the words really mean that you are singing? In 1878, Edward Hine wrote an article titled, **Seven-Eighths of the Bible Misunderstood**, wherein he explains that seven-eighths of the Bible is about national salvation, i.e. the national salvation of True Israel; whereas, only one-eighth of the Bible is about personal salvation. Did you know that? In the 1960's, Pastor Sheldon Emry wrote an article title, **An Open Letter to Any Minister Who Teaches the Jews Are Israel**, wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible. In 1998, Arnold E. Kennedy wrote a book titled, **The Exclusiveness of Israel**, wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel. So, here we are in the Twenty-First Century, and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A.D. by Yahshuah and His disciples, i.e. the Gospel of the Kingdom. So, where did the so-called churches and pastors go wrong? By the way, is there really a hierarchy in the Bible? In order to find out what the truth really is, we have to look at the original languages in which the Bible was written and then translated. For example, the Old Testament was written in Hebrew and Aramaic, then translated into Greek. The New Testament was written in Hebrew and Greek. Both Testaments

were put together and translated into Latin, then German, and finally into English, from which the entire world received their own translation of the Bible. So, what was the original meaning of the words used in the original languages, i.e. the etymology of the words. Once that is determined, then we can go onto the next phase and discuss types in the Bible. From there, what is the Law of First Mention? How should Bible prophecy be interpreted? Who are the keys to Bible prophecy? Where are we in the Bible prophecy timeline? During these discussions, we will find out who Yahweh chose of all the families of the earth to make His own. The churches teach universalism. The question then becomes, Who was Yahweh's Law given to? What are the Laws of Yahweh? And then the even bigger question becomes, Who was Yahshuah sent to? All of these questions and more will be answered as you read this book...

---

### **WHY DID YAHWEH AND HIS SON YAHSHUAH SAY WHAT THEY SAID?**

---

### **A WHO'S WHO THAT MAY CHANGE THE WAY WE LOOK AT ESCHATOLOGY**

---

Trafford Publishing YAHWEH (The LORD God) and His Son YAHSHUAH (Jesus Christ) made statements with regard to Eschatology that have been "Spiritualized" for over a Millennium, which has led to the belief in Universalism, the belief that YAHSHUAH died for EVERYONE. Well, after one studies the original languages of the Hebrew, Aramaic, and Greek, the message of the Kingdom of God was preached to and accepted by a certain House in the Bible. The other House rejected this message, and YAHSHUAH punished that House by taking the Kingdom away from them and giving it to another nation bringing forth fruit. There are only the House of Israel, the House of Judah, and the House of David, mentioned in the Bible. All three existed then, as they do today. However, most of today's Babylonian Priesthood/Churchianity refuses to accept the secular historical position with regard to the House of Israel, and who they are today. The people groups, which YAHWEH and YAHSHUAH addressed, still exist today. However, these people are all mixed-up, and known by different names, but they DO exist. This book goes back to the origin of these people groups in the Bible, and brings them forward to the present using their old names, in order to understand Eschatology. This brings us to the major question of, "Is the Bible only about Israel?" And, if so, how does it affect our Eschatology today? This book answers these hard questions...

### **A STAR WITNESS**

---

Simon and Schuster When a famous telescope goes missing at the planetarium, Nancy and her friends must zoom in on the culprit in the third book in an all-new, interactive Nancy Drew chapter book mystery series. Includes space for readers to jot down their own ideas and solutions to the case! As the newest member of the River Heights Astronomy Club, George brings Nancy and Bess on a special field trip to the city's high-tech planetarium. There they meet famous astronomer Dr. Winston Arnot, learn about the planets and the stars, and even get to see an awesome planetarium show. After dinner, they're supposed to meet on the museum's roof to gaze at the night sky using the Starship 5000, one of the world's most powerful telescopes. But when they arrive they discover the famous telescope has been stolen! Can Nancy and her friends solve the case before Dr. Arnot becomes the main suspect?

---

### **A STAR WITNESS**

---

Simon and Schuster Famous astronomer Dr. Arnot gives Nancy, Bess, and George a star-studded planetarium show and promises to let them gaze at the night sky with his famous telescope, the Starship 5000, but the telescope goes missing. It's up to the Clue Crew to investigate the suspects and track down the telescope snatcher.

### **STRENGTHENING FORENSIC SCIENCE IN THE UNITED STATES**

---

### **A PATH FORWARD**

---

National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full

account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

## WITNESS TO HOPE

---

---

---

### THE BIOGRAPHY OF POPE JOHN PAUL II

---

Zondervan “Fascinating...sheds light on the history of the twentieth century for everyone.”—New York Times Book Review Now, with an updated preface, the latest edition of the definitive biography of Pope John Paul II that explores how influential he was on the world stage and in some of the most historic events of the twentieth century that can still be felt today. Witness to Hope is the authoritative biography of one of the singular figures—some might argue the singular figure—of our time. With unprecedented cooperation from John Paul II and the people who knew and worked with him throughout his life, George Weigel offers a groundbreaking portrait of the Pope as a man, a thinker, and a leader whose religious convictions defined a new approach to world politics—and changed the course of history. As even his critics concede, John Paul II occupied a unique place on the world stage and put down intellectual markers that no one could ignore or avoid as humanity entered a new millennium fraught with possibility and danger. The Pope was a man of prodigious energy who played a crucial, yet insufficiently explored, role in some of the most momentous events of our time, including the collapse of European communism, the quest for peace in the Middle East, and the democratic transformation of Latin America. With an updated preface, this edition of Witness to Hope explains how this “man from a far country” did all of that, and much more—and what both his accomplishments and the unfinished business of his pontificate mean for the future of the Church and the world.

### TRANSPARENCY OF STOCK CORPORATIONS IN EUROPE

---

---

---

#### RATIONALES, LIMITATIONS AND PERSPECTIVES

---

Bloomsbury Publishing This edited collection explores transparency as a key regulatory strategy in European business law. It examines the rationales, limitations and further perspectives on transparency that have emerged in various areas of European law including corporate law, capital markets law and accounting law, as well as other areas of law relevant for European (listed) stock corporations. This book presents a clear and accurate picture of the recent reforms in the European transparency regime. In doing so it endorses a multi-dimensional notion of transparency, highlighting the need for careful consideration and contextualisation of the transparency phenomenon. In addition, the book considers relevant enforcement mechanisms and discusses the implications of disparate enforcement concepts in European law from both the private and public law perspectives. Written by a team of distinguished contributors, the collection offers a comprehensive analysis of the European transparency regime by discussing the fundamentals of transparency, the role of disclosure in European business law, and related enforcement questions.

### THE JOY OF THE GOSPEL

---

---

---

#### EVANGELII GAUDIUM

---

Image The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. “The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church’s journey in years to come.” - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes

the importance of service to God and all his creation. Advocating for “the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned,” the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

---

## **WITNESS TO THE REVOLUTION**

---

---

### **RADICALS, RESISTERS, VETS, HIPPIES, AND THE YEAR AMERICA LOST ITS MIND AND FOUND ITS SOUL**

---

Random House The electrifying story of the turbulent year when the sixties ended and America teetered on the edge of revolution **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ST. LOUIS POST-DISPATCH** As the 1960s drew to a close, the United States was coming apart at the seams. From August 1969 to August 1970, the nation witnessed nine thousand protests and eighty-four acts of arson or bombings at schools across the country. It was the year of the My Lai massacre investigation, the Cambodia invasion, Woodstock, and the Moratorium to End the War. The American death toll in Vietnam was approaching fifty thousand, and the ascendant counterculture was challenging nearly every aspect of American society. *Witness to the Revolution*, Clara Bingham’s unique oral history of that tumultuous time, unveils anew that moment when America careened to the brink of a civil war at home, as it fought a long, futile war abroad. Woven together from one hundred original interviews, *Witness to the Revolution* provides a firsthand narrative of that period of upheaval in the words of those closest to the action—the activists, organizers, radicals, and resisters who manned the barricades of what Students for a Democratic Society leader Tom Hayden called “the Great Refusal.” We meet Bill Ayers and Bernardine Dohrn of the Weather Underground; Daniel Ellsberg, the former Defense Department employee who released the Pentagon Papers; feminist theorist Robin Morgan; actor and activist Jane Fonda; and many others whose powerful personal stories capture the essence of an era. We witness how the killing of four students at Kent State turned a straitlaced social worker into a hippie, how the civil rights movement gave birth to the women’s movement, and how opposition to the war in Vietnam turned college students into prisoners, veterans into peace marchers, and intellectuals into bombers. With lessons that can be applied to our time, *Witness to the Revolution* is more than just a record of the death throes of the Age of Aquarius. Today, when America is once again enmeshed in racial turmoil, extended wars overseas, and distrust of the government, the insights contained in this book are more relevant than ever. Praise for *Witness to the Revolution* “Especially for younger generations who didn’t live through it, *Witness to the Revolution* is a valuable and entertaining primer on a moment in American history the likes of which we may never see again.”—Bryan Burrough, *The Wall Street Journal* “A rich tapestry of a volatile period in American history.”—*Time* “A gripping oral history of the centrifugal social forces tearing America apart at the end of the ’60s . . . This is rousing reportage from the front lines of US history.”—*O: The Oprah Magazine* “The familiar voices and the unfamiliar ones are woven together with documents to make this a surprisingly powerful and moving book.”—*New York Times Book Review* “[An] Enthralling and brilliant chronology of the period between August 1969 and September 1970.”—*Buffalo News* “[Bingham] captures the essence of these fourteen months through the words of movement organizers, vets, students, draft resisters, journalists, musicians, government agents, writers, and others. . . . This oral history will enable readers to see that era in a new light and with fresh sympathy for the motivations of those involved. While Bingham’s is one of many retrospective looks at that period, it is one of the most immediate and personal.”—*Booklist*

### CRUDE INTENTIONS

---

#### HOW OIL CORRUPTION CONTAMINATES THE WORLD

---

Oxford University Press Billions of dollars stolen from citizens are circling the globe, enriching powerful individuals, altering political outcomes, and disadvantaging everyday people. News headlines provide glimpses of how this corruption works and why it matters: President Trump's businesses struck deals with oligarchs and sold property to secretive shell companies; the Panama Papers leak triggered investigations in 79 countries; and, corruption scandals toppled heads of state in Brazil, South Africa, and South Korea. But how do these pieces fit together? And if the corruption is so vast and so tied up with powerful interests, how do we begin to fight back? To find answers, Crude Intentions examines the corruption crisis that erupted during the recent oil boom. From 2008 to 2014, oil prices shot through the roof. Motivated by more than nine trillion dollars in new oil money, corruption followed apace. Examining the oil boom is like placing a drop of dye in the circulatory system of global corruption, and watching as it reveals the system's channels and pathways. Company bosses signed off on risky schemes to snap up choice oil blocks. Politicians in Brazil and Nigeria stole billions to build up their election war chests. Kleptocrats in Angola, Azerbaijan, and Russia seized upon the oil wealth to cement their hold on power. And an army of bankers, accountants, and lawyers lined up to help these corrupt actors stash their loot in the global system of shell companies and tax havens that serves today's super-rich. The money then bought yachts, mansions, and even a few foreign politicians. Drawing on information exposed by intrepid journalists, prosecutors, and whistle blowers, Crude Intentions tells jaw-dropping stories of corruption and asks what we can learn from them. The cases reveal common tactics, but also vulnerabilities in this web of fraud. These are the starting points for building a smarter fight against corruption, in the oil sector and well beyond.

---

### MATERIAL WITNESS

---

#### MEDIA, FORENSICS, EVIDENCE

---

MIT Press The evidential role of matter—when media records trace evidence of violence—explored through a series of cases drawn from Kosovo, Japan, Vietnam, and elsewhere. In this book, Susan Schuppli introduces a new operative concept: material witness, an exploration of the evidential role of matter as both registering external events and exposing the practices and procedures that enable matter to bear witness. Organized in the format of a trial, Material Witness moves through a series of cases that provide insight into the ways in which materials become contested agents of dispute around which stake holders gather. These cases include an extraordinary videotape documenting the massacre at Izbica, Kosovo, used as war crimes evidence against Slobodan Milošević; the telephonic transmission of an iconic photograph of a South Vietnamese girl fleeing an accidental napalm attack; radioactive contamination discovered in Canada's coastal waters five years after the accident at Fukushima Daiichi; and the ecological media or “disaster film” produced by the Deep Water Horizon oil spill in the Gulf of Mexico. Each highlights the degree to which a rearrangement of matter exposes the contingency of witnessing, raising questions about what can be known in relationship to that which is seen or sensed, about who or what is able to bestow meaning onto things, and about whose stories will be heeded or dismissed. An artist-researcher, Schuppli offers an analysis that merges her creative sensibility with a forensic imagination rich in technical detail. Her goal is to relink the material world and its affordances with the aesthetic, the juridical, and the political.

### ESSAYS ON PSYCHOLOGY AND CRIME

---

Library of Alexandria

---

## **WITNESS OF THE SAINTS**

---

---

### **PATRISTIC READINGS IN THE LITURGY OF THE HOURS**

---

Ignatius Press "In the four volumes of the Liturgy of the Hours ... there are nearly 600 selections from the writings of the Fathers and saints. Seeing the potential of this vast collection as a theological resource, Milton Walsh has organized these selection by topics according to the four pillars of the Catechism of the Catholic Church. This topical concordance allows the reader to compare what the various authors have written on the same themes, while a chronological timeline of the readings shows their relationship to each other in time. Walsh has also provided background on the liturgical celebrations of the Church, as well as historical information on each author." --Book jacket.

---

### **THE CLOUD OF WITNESSES IN THE COURTS OF HEAVEN**

---

---

### **PARTNERING WITH THE COUNCIL OF HEAVEN FOR PERSONAL AND KINGDOM BREAKTHROUGH**

---

Destiny Image Incorporated The supernatural intersection between your life and the heavenly cloud of witnesses! In the Book of Hebrews, Scripture introduces us to the "great cloud of witnesses"--believers who have gone before us, joining the ranks of those gathered before the throne of God. Though they are in Heaven, these witnesses remain participating members of Jesus' church, playing an active part in the unfolding purposes of God on Earth. Through supernatural stories and Bible-based revelation, bestselling author Robert Henderson offers groundbreaking teaching on the cloud of witnesses' role in the Courts of Heaven. Discover how these departed believers help you to fulfill what's written in your book of destiny! Uncover God's plan to unify Heaven and earth, evidenced by an increase of supernatural encounters. Operate in the courts of Heaven with fresh revelation, insight, and boldness. Avoid demonic deception and occultic practice involving the spirit-realm. Walk in powerful dimensions of the Spirit opened by Jesus' blood. Intercede in agreement with prayers in Heaven, as the cloud of witnesses has a powerful voice in the heavenly courts. Recognize encounters with the cloud of witnesses in a Biblical, Jesus-exalting way. Step into your destiny by joining the unfolding story of God's Kingdom advancing on Earth. "Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us, fixing our eyes on Jesus, the pioneer and perfecter of faith." Hebrews 12:1-2

---

### **OWNERSHIP, FINANCIAL ACCOUNTABILITY AND THE LAW**

---

---

### **TRANSPARENCY STRATEGIES AND COUNTER-INITIATIVES**

---

Routledge There is something visceral about ownership. This is mine; you can't have it. This is mine; you can share it. This is ours. Try to find it. Contemporary literature and investigative journalism are showing that the scale of the problem of tax evasion, money laundering, organised crime, terrorism, bribery, corruption and gross human rights abuses is vast. Ownership - specifically, the quest to identify beneficial owners - has been chosen by national and international regulators as the touchstone, the litmus test in the fight back. An owner by definition must possess something for which they are financially accountable. But what is meant by "ownership"? This book explains why ownership is pivotal to accountability, and what ownership means in common law, civil law and Shariah law terms. It looks in detail at State, regional and international transparency strategies and at an equally powerful global private counter-initiative to promote beneficial ownership avoidance through the use of so-called "orphan structures". Where there is no owner, there is no accountability. The distinction between privacy and legitimate confidentiality on the one hand, and concealment on the other is explained with reference to commercial and trade law and practice, principles of corporate governance and applicable business human rights. This book introduces one further counter initiative: the phenomenon of transient ownership made possible through the use of cryptocurrency and the blockchain. The study concludes with a blueprint for action with recommendations addressed to states, international organisations, practitioners and other stakeholders.

---

### **CHILD WITNESSES IN TWENTIETH CENTURY AUSTRALIAN COURTROOMS**

---

Springer Nature This book considers the law, policy and procedure for child witnesses in Australian criminal courts across the twentieth century. It uses the stories and experiences of over 200 children, in many cases using their own words from press reports, to highlight how the relevant law was - or was not - applied throughout this period. The law was sympathetic to the plight of child witnesses and exhibited a significant degree of pragmatism to receive the evidence of children but was equally fearful of innocent men being

wrongly convicted. The book highlights the impact 'safeguards' like corroboration and closed court rules had on the outcome of many cases and the extent to which fear - of children, of lies (or the truth) and of reform - influenced the criminal justice process. Over a century of children giving evidence in court it is `clear that the more things changed, the more they stayed the same'.

### **CALLED TO WITNESS**

---

---

### **DOING MISSIONAL THEOLOGY**

---

Wm. B. Eerdmans Publishing Since the publication of the groundbreaking volume Missional Church in 1998, there has been wide-ranging engagement with the missional church theme. In this book Darrell Guder builds on that ongoing discussion by considering basic theological issues that must be addressed if the church is to be faithful to its calling to serve God as Christ's witnessing people. Guder argues that there are major consequences for every classical theological locus if the fundamental claims of the missional church discussion are acknowledged. In *Called to Witness* Guder delves into these consequences, saying that we need to keep doing missional theology until it is possible to leave off the missional scaffolding because, after all, mission defines the very essence and calling of the church.

---

### **TO RISK IT ALL**

---

---

### **NINE CONFLICTS AND THE CRUCIBLE OF DECISION**

---

Penguin From one of the great naval leaders of our time, a master class in decision-making under pressure through the stories of nine famous acts of leadership in battle, drawn from the history of the United States Navy, with outcomes both glorious and notorious At the heart of Admiral James Stavridis's training as a naval officer was the preparation to lead sailors in combat, to face the decisive moment in battle whenever it might arise. In *To Risk it All*, he offers up nine of the most useful and enthralling stories from the US Navy's nearly 250-year history, and draws from them a set of insights that we can all put to use when confronted with fateful choices. Conflict. Crisis. Risk. These words have a distinct meaning in a military context that we hope will never apply identically in our own lives. But at the same time, as Admiral Stavridis shows with great clarity, many lessons are universal. *To Risk it All* is filled with thrilling and heroic exploits, but it is anything but a shallow exercise in myth burnishing. Every leader in this book has real flaws, as all humans do, and the stories of failure, or at least the decisions that have been defined as such, are as crucial as the stories of success. In the end, when this master class is concluded, we will be better armed for hard decisions both expected and not.

---

### **WITNESS TREE**

---

---

### **SEASONS OF CHANGE WITH A CENTURY-OLD OAK**

---

Bloomsbury Publishing USA An intimate look at one majestic hundred-year-old oak tree through four seasons--and the reality of global climate change it reveals. In the life of this one grand oak, we can see for ourselves the results of one hundred years of rapid environmental change. It's leafing out earlier, and dropping its leaves later as the climate warms. Even the inner workings of individual leaves have changed to accommodate more CO2 in our atmosphere. Climate science can seem dense, remote, and abstract. But through the lens of this one tree, it becomes immediate and intimate. In *Witness Tree*, environmental reporter Lynda V. Mapes takes us through her year living with one red oak at the Harvard Forest. We learn about carbon cycles and leaf physiology, but also experience the seasons as people have for centuries, watching for each new bud, and listening for each new bird and frog call in spring. We savor the cadence of falling autumn leaves, and glory of snow and starry winter nights. Lynda takes us along as she climbs high into the oak's swaying

boughs, and scientists core deep into the oak's heartwood, dig into its roots and probe the teeming life of the soil. She brings us eye-level with garter snakes and newts, and alongside the squirrels and jays devouring the oak's acorns. Season by season she reveals the secrets of trees, how they work, and sustain a vast community of lives, including our own. The oak is a living timeline and witness to climate change. While stark in its implications, Witness Tree is a beautiful and lyrical read, rich in detail, sweeps of weather, history, people, and animals. It is a story rooted in hope, beauty, wonder, and the possibility of renewal in people's connection to nature.

## **FLIGHT AND CONCEALMENT**

---

### **SURVIVING THE HOLOCAUST UNDERGROUND IN MUNICH AND BEYOND**

---

Indiana University Press Between ten thousand and twelve thousand Jews tried to escape Nazi genocide by going into hiding. With the help of Jewish and non-Jewish relatives, friends, or people completely unknown to them, these "U-boats," as they came to be known, dared to lead a life underground. Flight and Concealment brings to light their hidden stories. Deftly weaving together personal accounts with a broader comparative look at the experiences of Jews throughout Germany, historian Susanna Schrafstetter tells the story of the Jews in Munich and Upper Bavaria who fled deportation by going underground. Archival sources and interviews with survivors and with the Germans who aided or exploited them reveal a complex, often intimate story of hope, greed, and sometimes betrayal. Flight and Concealment shows the options and strategies for survival of those in hiding and their helpers, and discusses the ways in which some Germans enriched themselves at the expense of the refugees.

## **THE BACKYARD ASTRONOMER'S FIELD GUIDE**

---

### **HOW TO FIND THE BEST OBJECTS THE NIGHT SKY HAS TO OFFER**

---

Page Street Publishing Discover Beautiful Nebulas, Constellations, Deep Sky Objects and More with Your Telescope David Dickinson, co-author of The Universe Today Ultimate Guide to Viewing the Cosmos, has created the ultimate field guide for backyard astronomers. Whether you want to impress viewers at a star party, or learn what you can see with your new telescope, David shows you how to find the most impressive views the night sky has to offer. Broken down by month and by hemisphere to ensure you get the best possible view, David shows you how to find objects like spiral galaxies, stunning sights in the Milky Way and stars that bring the "wow factor" to astronomy. With 44 sky charts and David's expertise, it's like having a pro-astronomer out in the field with you.

## **THE ROUTLEDGE INTERNATIONAL HANDBOOK OF ETHNOGRAPHIC FILM AND VIDEO**

---

Routledge The Routledge International Handbook of Ethnographic Film and Video is a state-of-the-art book which encompasses the breadth and depth of the field of ethnographic film and video-based research. With more and more researchers turning to film and video as a key element of their projects, and as research video production becomes more practical due to technological advances as well as the growing acceptance of video in everyday life, this critical book supports young researchers looking to develop the skills necessary to produce meaningful ethnographic films and videos, and serves as a comprehensive resource for social scientists looking to better understand and appreciate the unique ways in which film and video can serve as ways of knowing and as tools of knowledge mobilization. Comprised of 31 chapters authored by some of the world's leading experts in their respective fields, the book's contributors synthesize existing literature, introduce the historical and conceptual dimensions of the field, illustrate innovative methodologies and techniques, survey traditional and new technologies, reflect on ethics and moral imperatives, outline ways to work with people, objects, and tools, and shape the future agenda of the field. With a particular focus on making ethnographic film and video, as opposed to analyzing or critiquing it, from a variety of methodological approaches and styles, the Handbook provides both a comprehensive introduction and up-to-date survey of the field for a vast variety of audiovisual researchers, such as scholars and students in sociology, anthropology, geography, communication and media studies, education, cultural studies, film studies, visual arts, and related social science and humanities. As such, it will appeal to a multidisciplinary and international audience, and features a dynamic, forward-thinking, innovative, and contemporary focus oriented toward the very latest developments in the field, as well as future possibilities.

## **MONSTER**

---

Harper Collins This New York Times bestselling novel from acclaimed author Walter Dean Myers tells the story of Steve Harmon, a teenage boy in juvenile detention and on trial. Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. Monster is a multi-

award-winning, provocative coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a National Book Award finalist. *Monster* is now a major motion picture called *All Rise* and starring Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The late Walter Dean Myers was a National Ambassador for Young People's Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.
